Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### *Opinion*

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of C.G. Bretting Manufacturing Company, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about C.G. Bretting Manufacturing Company, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of C.G. Bretting Manufacturing Company, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about C.G. Bretting Manufacturing Company, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### ***Other Matter - Supplemental Schedule Required by ERISA***

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Notes to Financial Statements

### Note 1: Description of Plan

The following description of the C.G. Bretting Manufacturing Company, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

#### General

The Plan is a defined contribution plan covering all employees of C.G. Bretting Manufacturing Company, Inc., Absolut Manufacturing, LLC, Bretting Development Corp., Inc., and T & T Manufacturing, LLC, (collectively referred to as the "Company"), except members of Lodge 621 of the International Association of Machinists and Aerospace Workers, AFL-CIO who are union employees. An employee becomes eligible to participate in the Plan immediately following completion of three months of service with the Company provided they attained age 19. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

#### Setting Every Community Up for Retirement Enhancement ("SECURE") Act 2.0

The SECURE 2.0 Act of 2022 ("SECURE 2.0"), signed into law on December 29, 2022, makes significant changes to existing law for retirement plans by building upon provisions in the SECURE Act of 2019. SECURE 2.0 introduces new requirements and considerations for plan sponsors that are intended to expand coverage, increase savings, preserve income, and simplify plan rules and administrative procedures. The effective date of the provisions of SECURE 2.0 vary from becoming effective immediately through 2028. All provisions of SECURE 2.0 have been and will continue to be evaluated and implemented by plan management in accordance with future regulations and guidance, and the Plan will be amended, as needed.

#### Contributions

Each year participants may contribute pretax annual compensation, as defined by the Plan, and Roth contributions up to the annual maximum allowed by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes discretionary matching contributions equal to 90% of the first 4% of base compensation that a participant contributes to the Plan. Rollovers are not matched. The Company made discretionary matching contributions of \$689,644, net of forfeitures, during the year ended December 31, 2024. In addition, the Company has the option to make discretionary profit sharing contributions. Discretionary profit sharing contributions are allocated to all eligible participants based upon a point system determined by a participant's compensation and years of service as defined by the Plan. No discretionary profit sharing contributions were made during the plan year ended December 31, 2024.

### **Note 1: Description of Plan** (Continued)

#### **Contributions** (Continued)

The Company may also contribute qualified matching contributions (QMACs) and qualified nonelective contributions (QNECs) to nonhighly compensated participants under the terms of the Plan. There were no QMAC and QNEC contributions for the year ended December 31, 2024.

Contributions are subject to certain limitations.

#### **Participant Accounts**

Each participant's account is credited with the participant's contributions, Company discretionary matching contributions, Company QMACs, Company QNECs, and allocations of (a) the Company's discretionary profit sharing contribution and (b) plan earnings (losses), and charged with an allocation of investment and administration fees that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

#### **Vesting**

Participants are immediately vested in their voluntary contributions and Company QMAC and QNEC contributions, plus earnings (losses) thereon. Vesting in the Company's discretionary matching and discretionary profit sharing contributions plus actual earnings (losses) thereon is based on years of continuous service. Participants vest at a rate of 20% per year and become fully vested after five years of continuous full-time service.

#### **Notes Receivable From Participants**

The Plan does not allow participants to borrow from their fund accounts.

Effective October 1, 2020, existing notes receivable from participants from the T & T Manufacturing, LLC Plan were merged into this Plan. The loans are secured by the balance in the participant's account. The interest rate on existing loan is 3.25%. Principal and interest are paid ratably through payroll deductions.

#### **Payment of Benefits**

On termination of service due to death, disability, retirement, or severance of employment, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, substantially equal installments, or in partial withdrawals if the withdrawal is a minimum of \$5,000. If the participant's vested account balance does not exceed \$5,000, it can only be distributed in a single lump-sum payment. In addition, hardship distributions out of the participant's voluntary contributions account along with earnings are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59½.

## **Notes to Financial Statements**

---

### **Note 1: Description of Plan (Continued)**

#### **Forfeitures**

Plan forfeitures arise as a result of participants who terminate service with the Company before becoming 100% vested in the Company's discretionary matching and discretionary profit sharing contributions. These forfeitures may be used at the discretion of the Company. The amount of unused forfeitures were \$589 and \$21,231 at December 31, 2024 and 2023, respectively. Forfeitures in the amount of \$29,514 and \$1,709 were used to reduce Company matching contributions and to pay plan expenses, respectively, during the year ended December 31, 2024.

### **Note 2: Summary of Significant Accounting Policies**

#### **Basis of Accounting**

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

#### **Use of Estimates**

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

#### **Investment Valuation and Income Recognition**

The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contract (FBRIC)). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The FBRIC is reported at contract value, which is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan.

#### **Notes Receivable From Participants**

Existing notes receivable from participants from the T & T Manufacturing, LLC Plan are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant notes receivable are recorded as benefit payments on the basis of the terms of the plan document.

### **Note 2: Summary of Significant Accounting Policies (Continued)**

#### **Payment of Benefits**

Benefits are recorded when paid.

#### **Administrative Expenses**

The Company absorbs various plan expenses including audit fees and 75% of the third-party administration fees, which are excluded from these financial statements. The remaining 25% of administration fees are allocated proportionately to plan participants based on their respective account balances. Fees related to the administration of benefits paid to participants are charge directly to the participant's account and included in administrative expenses. All investment management and advisory fees are allocated proportionately to plan participants based on their respective account balance and are included in net investment income.

#### **Subsequent Events**

The Plan has evaluated subsequent events through October 13, 2025 , which is the date the financial statements were available to be issued.

Effective January 1, 2025, the Plan was amended to freeze the Company discretionary matching contribution and include safe harbor provisions whereby the Plan will provide for a safe harbor matching contribution in an amount equal to 100% of employee contributions that are not in excess of 5% of a participants' eligible compensation.

Prior to this amendment, the Plan was not a safe harbor plan and was subject to annual nondiscrimination testing. As a result of this change, the Plan will be exempt from the annual Actual Deferral Percentage and Actual Contribution Percentage nondiscrimination tests.

### **Note 3: Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

# C.G. Bretting Manufacturing Company, Inc. 401(k) Profit Sharing Plan

## Notes to Financial Statements

### Note 3: Fair Value Measurements (Continued)

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

*Mutual funds held in pooled separate accounts:* Fair value of mutual funds held in pooled separate accounts is based on quoted net asset values of underlying investments held by the pooled separate accounts adjusted by an asset charge. The underlying mutual funds held in the pooled separate accounts are open-ended mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2024 and 2023. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds held in pooled separate accounts	\$ -	\$ 59,969,665	\$ -	\$ 59,969,665

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds held in pooled separate accounts	\$ -	\$ 54,622,949	\$ -	\$ 54,622,949

## **Notes to Financial Statements**

---

### **Note 4: Information Prepared and Certified by the Custodian**

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-0 of the Department of Labor's Rules and Regulations for Reporting Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments, FBRIC, and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Nationwide Life Insurance Company and The Nationwide Financial Services, Inc., including its subsidiary Nationwide Trust Company, FSB, a division of Nationwide Bank (collectively "Nationwide"), the Custodian of the Plan.

### **Note 5: Fully Benefit-Responsive Investment Contract**

The Plan invests in a FBRIC with Nationwide in the form of a guaranteed investment contract (GIC) that invests in traditional investment contracts. Nationwide maintains the contributions in a separate account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Nationwide is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The GIC is carried at contract value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate was 2.43% for the year ended December 31, 2024, and is reviewed on an annual basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Nationwide including plan termination and other events as specified in the GIC. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants or the issuer are probable of occurring.

### **Note 6: Excess Contributions Payable**

At December 31, 2023, the Plan had a liability for contributions in excess of IRS limits totaling \$17,078. The Company distributed the 2023 excess contributions to the applicable participants before March 15, 2024, in accordance with regulations.

### **Note 7: Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company discretionary matching and discretionary profit sharing contributions.

# C.G. Bretting Manufacturing Company, Inc. 401(k) Profit Sharing Plan

## Notes to Financial Statements

---

### **Note 8: Tax Status**

The Company adopted a nonstandardized pre-approved profit sharing plan document with an IRS opinion letter, which states the pre-approved plan document is in compliance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter; however, the plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

### **Note 9: Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

### **Note 10: Party-in-Interest Transactions**

Certain plan investments are managed by Nationwide, the Custodian, as defined by the Plan. The Plan pays investment management and advisory fees to Nationwide and LPL Financial LLC. These transactions qualify as party-in-interest transactions.

The Plan also pays third-party administrative fees to Nationwide and Blue Chip Retirement Plans, Inc., which qualify as party-in-interest transactions.

Notes receivables from participants also qualify as party-in-interest transactions, which are exempt from prohibited transaction rules under ERISA.
