## Independent Auditors' Report

To the Trustees of  
Management Support Technology, Inc.  
Employee Stock Ownership Plan  
Washington, DC

### Opinion

We have audited the financial statements of Management Support Technology, Inc. Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Management Support Technology, Inc. Employee Stock Ownership Plan as of December 31, 2024 and 2023, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Management Support Technology, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Management Support Technology, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Management Support Technology, Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Management Support Technology, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Supplemental Schedule Required by ERISA**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**MANAGEMENT SUPPORT TECHNOLOGY, INC.  
EMPLOYEE STOCK OWNERSHIP PLAN**

**NOTES TO FINANCIAL STATEMENTS**

**DECEMBER 31, 2024 AND 2023**

**Note 1. Description of Plan**

The following description of the Management Support Technology, Inc. (the Company or MSTI) Employee Stock Ownership Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

**General Description**

The Plan was formed on January 1, 2006 as an employee stock ownership plan (ESOP) covering all eligible employees of the Company. The Plan is designed to comply with Section 4975(e)(7) of the Internal Revenue Code of 1986 (IRC), as amended and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. All shares owned by the ESOP have been allocated to eligible employees’ accounts in accordance with applicable regulations under the IRC. The Plan is administered by the management of the Company. The Company contracts with a third-party directed trustee to hold all of the assets and consummate transactions. The Plan also utilizes a third-party recordkeeper and ERISA compliance service provider.

The Secure 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, which became or are becoming effective in 2023, 2024 and beyond.

**Eligibility**

All employees of the Company who are at least 21 years of age and who have completed 1,000 hours of service are eligible to participate in the Plan on the earliest entry date. Entry dates are the first day of January, April, July and October of each year. Participants who do not have at least 1,000 hours of service during the plan year or are not employed on the last working day of a plan year are generally not eligible for an allocation of Company contributions for such year.

**Contributions**

The Company may make a cash or stock contribution which is determined annually by the Company. Participants are not permitted to make contributions to the Plan. Contributions are subject to certain limitations. Employer contributions made to the Plan are allocated to the participant’s account based on the participant’s eligible wages relative to the total eligible wages paid for the plan year. For the years ended December 31, 2024 and 2023, the Company contributions totaled \$133,486 and \$129,011, respectively.

EMPLOYEE STOCK OWNERSHIP PLAN**

**NOTES TO FINANCIAL STATEMENTS**

**DECEMBER 31, 2024 AND 2023**

**Note 1. Description of Plan (Continued)**

**Participant Accounts**

Each participant's account reflects their portion of the Company's contributions and allocations of shares of Company stock, income or loss from Plan investments, and forfeitures, and charged with an allocation of administrative expenses. Allocations are based on eligible compensation, account balances or Company stock shares, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting**

Vesting in employer contributions is based on the employee's number of years of service. An employee is credited with one year of service for each plan year during which he or she works 1,000 hours or more. After two years, a participant becomes 20% vested and each year thereafter accrues another 20% vesting. Thus, participants receiving contributions are 100% vested after six years of credited service. Regardless of years of service, participant accounts are 100% vested when the participant reaches normal retirement age, becomes permanently disabled or dies.

**Diversification**

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of ESOP common stock shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants can request the amount as a trust-to-trust transfer to any qualified plan, to include plans of the Company, or receive a cash distribution.

**Put Option**

Under federal income tax regulations, the Company stock that was held by the Plan and its participants and is not readily tradable on an established market, or was subject to trade limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

**Voting Rights**

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. Participants can only vote on those matters required by ERISA, otherwise the Trustee votes in their best interest. The Trustee is not permitted to vote any allocated share for which instructions have not been given by a participant. The Trustee is required, however, to vote any unallocated shares on behalf of the collective best interest of plan participants and beneficiaries.

**Note 1. Description of Plan (Concluded)**

**Payment of Benefits**

At a participant's retirement, disability, or death, distribution of his or her vested account balance begins no later than the end of the plan year following the event. At a participant's termination for any other reason, distribution of his or her vested account balance begins no later than the end of the plan year following the year in which the participant incurs a five-year break in service. If the participant's balance is less than \$1,000, distribution is made by the end of the plan year following the plan year of termination. If a participant's account balance is more than \$1,000 but less than \$5,000 the participant may elect to receive a distribution by the end of the following plan year. Distributions of \$5,000 or more are paid in annual installments over a five-year period. Each installment is the participant's vested balance of cash, noncompany investments, and the current fair market value of Company stock at the end of the plan year prior to the date of payment divided by the remaining number of installments. Distributions are paid in cash or in shares of Company stock.

**Forfeitures**

Forfeited nonvested accounts will be reallocated to eligible participants based on compensation. Nonvested accounts are forfeited to the Plan upon completion of a five-year break in service. During 2024 and 2023, no cash forfeitures were reallocated to participants. During 2024 and 2023, shares of Company stock totaling 143.2791 and 138.6099, respectively, were forfeited and reallocated.

**Note 2. Summary of Significant Accounting Policies**

**Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

**Estimates**

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

**Investment Valuation and Income Recognition**

The common shares of the Company are valued at estimated fair value. See Note 3 for discussion of fair value.

Purchases and sales of the Company's common stock are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is accrued on the ex-dividend date. Realized gains and losses, if any, from security transactions are reported on the average cost basis.

**Payment of Benefits**

Benefits are recorded on the accrual basis of accounting in conformity with GAAP.

**Administrative Expenses**

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan.

**Note 3. Fair Value Measurements**

Fair value as defined under U.S. GAAP is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. U.S. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

- Level 1: Observable inputs such as quoted prices in active markets.
- Level 2: Inputs other than quoted prices in active markets that are either directly or indirectly observable.
- Level 3: Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input that is significant to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

When quoted prices are available in active markets for identical instruments, investment securities are classified within Level 1 of the fair value hierarchy. Level 1 investments include a money market account.

The following tables set forth by level within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2024 and 2023. The non-participant-directed investments in MSTI, Inc. common stock represents 5% or more of the Plan's net assets as of December 31, 2024 and 2023.

**Note 3. Fair Value Measurements (Continued)**

	Fair Value	Level 1	Level 2	Level 3
<b>December 31, 2024:</b>				
Money market account	\$ 93,763	\$ 93,763	\$ -	\$ -
MSTI, Inc. common stock	1,980,000	-	-	1,980,000
Total	\$ 2,073,763	\$ 93,763	\$ -	\$ 1,980,000
	Fair Value	Level 1	Level 2	Level 3
<b>December 31, 2023:</b>				
Money market account	\$ 121,100	\$ 121,100	\$ -	\$ -
MSTI, Inc. common stock	2,196,040	-	-	2,196,040
Total	\$ 2,317,140	\$ 121,100	\$ -	\$ 2,196,040

The fair value of the Company's common stock is determined by an annual independent appraisal. This appraisal was based on a combination of the market and income valuation methods consistent with prior years. The appraiser considered historical and projected cash flow and net income, return on assets, return on equity, market comparables, and estimated fair value of Company assets and liabilities. The appraiser also applied a discount for lack of marketability.

The following table provides further details of this Level 3 fair value measurement for 2024 and 2023:

	MSTI, Inc. Common Stock	
	2024	2023
Fair value at beginning of year	\$ 2,196,040	\$ 2,467,696
Unrealized appreciation (depreciation) relating to investments still held at reporting date	(216,040)	(271,656)
Fair Value at end of year	\$ 1,980,000	\$ 2,196,040

The following table presents the significant qualitative unobservable inputs used to value Level 3 investments as of December 31, 2024:

Investment	Fair Value December 31, 2024	Valuation Technique	Unobservable Inputs	Range (Median)
Common Stock	\$ 1,980,000	Market Approach – Public Company Discounted Cash Flow	Revenue Multiple FTM Weighted Average Cost of Capital	.61x – 2.47x (1.75x)  16.00%

**Note 3. Fair Value Measurements (Concluded)**

The following table presents the significant qualitative unobservable inputs used to value Level 3 investments as of December 31, 2023:

Investment	Fair Value December 31, 2023	Valuation Technique	Unobservable Inputs	Range (Median)
Common Stock	<u>\$ 2,196,040</u>	Market Approach – Public Company Discounted Cash Flow	Revenue Multiple FTM Weighted Average Cost of Capital	.65x – 2.85x (1.46x)  15.50%

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net unrealized appreciation/depreciation in fair value of MSTI, Inc. common stock in the statement of changes in net assets available for benefits. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**Note 4. Investments**

The Plan's investment in MSTI, Inc. common stock is presented in the following table:

	December 31,	
	2024	2023
Number of shares	8,800	8,800
Cost	\$ 880,000	\$ 880,000
Estimated fair value	\$ 1,980,000	\$ 2,196,040

**Note 5. Plan Termination**

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

**Note 6. Tax Status**

On June 9, 2016, the Internal Revenue Service stated that the Plan and related trust, as then designed, qualified under the applicable section of the IRC and is exempt from Federal income taxes. The plan administrators believe that the Plan as currently designed is being operated in compliance with the applicable requirements of the IRC.

**MANAGEMENT SUPPORT TECHNOLOGY, INC.  
EMPLOYEE STOCK OWNERSHIP PLAN**

**NOTES TO FINANCIAL STATEMENTS**

**DECEMBER 31, 2024 AND 2023**

**Note 6. Tax Status (Concluded)**

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there is no audit in progress for any tax period.

**Note 7. Parties-In-Interest Transactions**

The Plan has not considered employer contributions or benefits accrued or paid by the Plan for participants as prohibited transactions. Such transactions qualify as party-in-interest transactions that are exempt from the prohibited transaction rules. Fees paid during the year for professional services rendered by parties in interest were based on customary and reasonable rates for such services.

**Note 8. Terminated Participants**

Vested amounts allocated to terminated participants with balances in the Plan and which were still included in net assets available for plan benefits at December 31, 2024 and 2023 were \$912,571 and \$1,014,913, respectively.

**Note 9. Risks and Uncertainties**

The Plan invests in the Company's common stock. There are certain business risks associated with the industry in which the Company operates; therefore, it is at least reasonably possible that changes in the fair value of the Company's common stock may occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

**Note 10. Subsequent Events**

The Plan has evaluated events through October 13, 2025, the date that the financial statements were available to be issued. The Plan is not aware of any subsequent event which requires recognition or disclosure in the financial statements.
