INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
International Union of Operating Engineers
Staff Retirement Plan

Opinion

We have audited the accompanying financial statements of International Union of Operating Engineers Staff Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

INTERNATIONAL UNION OF OPERATING ENGINEERS STAFF RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE 1. DESCRIPTION OF THE PLAN

The following description of International Union of Operating Engineers (IUOE) Staff Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan was established on October 1, 2015 and is a defined contribution plan. The Plan covers substantially all employees of IUOE (the Company and Plan Sponsor) and is intended to allow employees to share in the profits of the Company and to provide retirement savings. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions - Participants may contribute up to 50% of after-tax annual compensation, however, for certain highly compensated employees, their after-tax contributions may not exceed 7% of the annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Prior to September 2021, the participant's after-tax contribution was limited to 3%.

The Plan Sponsor may also make a discretionary profit-sharing contribution to the Plan. The Sponsor has the authority to determine whether employer profit-sharing contributions will be made and the amount of those contributions. For the years ended December 31, 2024 and 2023, the Plan Sponsor made contributions in the amount equal to 3% of participant's compensation.

Participant Accounts - The Plan establishes and maintains an account in the name of each participant to which employer and employee contributions, net earnings, and distributions are credited. Investment are participant directed. Participants may change their investment elections at any time.

Vesting - Participants are immediately 100% vested in their own contributions, any rollover contributions from other qualified plans as well as any profit-sharing contributions made on their behalf.

Payment of Benefits - Distributions to a participant or beneficiary are made after the occurrence of termination of employment, disability, death, normal retirement, or early retirement at age 55 with five years of service. The Plan provides that participants are required to start receiving distributions beginning at age 70 ½. Upon termination of service, participants who are entitled to a distribution receive either a lump-sum payment equal to the vested balance of their accounts, or installments under a systematic withdrawal plan as provided by the Plan agreement.

NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

Participant Loans - Participant loans are valued at their outstanding balances, plus any accrued and unpaid interest. Interest rates for the years ended December 31, 2024 and 2023 varied from 9.25% to 9.50%. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Investment Options - The investments are maintained and held by the Plan custodian, the John Hancock Trust Company (the Custodian). Participants may choose from any of the available mutual funds, all managed by the Custodian.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation - The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America. Under this basis, revenue is recognized when earned and expenses are recognized when incurred.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are reported on a trade-date basis. Interest income is reported on the accrual basis. Dividends are reported on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan's investments are stated at quoted market values. Mutual fund shares of registered investment companies are valued at the last reported sales price on the last business day of the fiscal year.

Administrative Expenses - Administrative expenses of the Plan are charged to the participant accounts on a per capita basis quarterly.

Use of Estimates - The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Benefit Payments - Benefits are recorded when paid.

NOTE 3. TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company that the Plan and related trust are designed in accordance with applicable Section 401(a) and 501(a) of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan's management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The Plan's income tax returns for the years ended December 31, 2021 through 2023 remain subject to examination, based on the normal statutory periods subject to audit, notwithstanding any events or circumstances that may exist which could expand the open period.

NOTE 4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will remain 100 percent vested in their account balances.

NOTE 5. PARTY-IN-INTEREST TRANSACTIONS

All Plan investments in mutual funds are shares of funds by John Hancock Trust Company. These transactions are considered party-in-interest transactions.

As disclosed in Note 2, the Plan pays certain administrative expenses. In addition, John Hancock Trust Company is the investment custodian and recordkeeper for the Plan. These transactions are party-in-interest transactions under ERISA.

NOTE 6. INVESTMENTS AND FAIR VALUE MEASUREMENTS

Accounting standards provide the framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows on the next page:

NOTE 6. INVESTMENTS AND FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include other significant observable inputs including:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

Description	2024			
	Total	Quoted Market Price for Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 11,188,181	\$ 11,188,181	\$ -	\$ -

NOTE 6. INVESTMENTS AND FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

Description	2023			
	Total	Quoted Market Price for Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	<u>\$ 9,785,646</u>	<u>\$ 9,785,646</u>	<u>\$ -</u>	<u>\$ -</u>

NOTE 7. INVESTMENT RISK

The Plan provides for various investment options in mutual funds and similar investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near-term would materially affect participant account balances and the amounts reported in the financial statements.

NOTE 8. SUBSEQUENT EVENTS REVIEW

Subsequent events have been evaluated through October 13, 2025, which is the date the financial statements were available to be issued. This review and evaluation revealed no material events or transactions which would require an adjustment to or disclosure in the accompanying financial statements.
