INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Partners Bank 401(k) Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Partners Bank 401(k) Savings Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

To the Plan Administrator
Partners Bank 401(k) Savings Plan

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

To the Plan Administrator
Partners Bank 401(k) Savings Plan

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PARTNERS BANK 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

1. Description of Plan

The following description of the Partners Bank 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document and summary Plan description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Partners Bank (the Bank). The Plan was amended as of January 24, 2024 and there were no significant changes to the Plan's provisions. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). The Plan has adopted the Pentegra Services, Inc. (Pentegra) non-standardized defined contribution pre-approved plan.

Eligibility and Participation

The Plan covers substantially all full-time employees of the Bank. All employees are eligible to participate in the Plan except employees who 1) are union employees, leased employees or employees compensated on an hourly basis who are not eligible for full- or partially-funded employer medical benefits, 2) are not at least twenty-one years of age and 3) have not yet completed 3 consecutive months of employment during which at least 500 hours of service need to be completed. The Plan was amended effective January 1, 2025, allowing employees compensated on an hourly basis who are not eligible for full- or partially-funded employer medical benefits to participate in the Plan.

On December 29, 2022, the *Setting Every Community Up for Retirement Enhancement Act of 2022* (SECURE 2.0 Act) was signed into law. It includes mandatory and optional provisions impacting defined contribution plans. Applicable provisions outlined in the SECURE 2.0 Act will be adopted if elected and/or required. Plan amendments for these changes are not yet required. The SECURE 2.0 Act expanded eligibility for certain long-term part-time (LTPT) employees. Effective January 1, 2024, part-time employees who have completed between 500 and 999 hours of service in the three most consecutive years (2021-2023) are eligible to participate in the Plan. Effective January 1, 2025, the requirement is being reduced from three to two of the most recent consecutive years (2023-2024).

Contributions

Participants may elect to contribute pre- and post-tax amounts, up to the maximum allowable under federal income tax regulations.

The Bank makes a safe harbor contribution in the amount of 3% of participants' eligible compensation.

The Plan has an automatic deferral provision of 5%. Participants may elect a different deferral percentage, including 0%, in accordance with the Plan's provisions. Employees must be participating in the Plan to be eligible for the automatic deferral and corresponding match.

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

1. Description of Plan (Continued)

The Plan provides for matching contributions by the Bank. In 2024 and 2023, the discretionary matching contribution was 100% of each participant's elective deferral, up to 5% of eligible compensation. In addition, in 2024 and 2023, the Bank made a Bank contribution in the amount of 2% of participants' eligible compensation. The Bank may also elect to make a discretionary profit sharing contribution on behalf of eligible participants. A participant must be employed on the last day of the Plan year to be eligible for employer discretionary profit sharing contributions. A 2% discretionary employer profit sharing contribution was made in 2024 and 2023.

Employees need to opt out in writing if they do not want to participate in the Plan. At the participants' option, contributions may be invested in any of the investment options offered by the Plan. Contributions are invested in a default age-appropriate lifecycle investment option if no selection is made. Participants should refer to the respective prospectus for further information.

Participant Accounts

A participant's pre-tax elective deferrals and post-tax (Roth) elective deferrals are accounted for separately. Each participant's account(s) is credited with the participant's contribution, employer matching, safe harbor, Bank contributions and discretionary profit sharing contributions and an allocation of Plan earnings and expenses. Allocations are based on participant earnings or account balances, as defined. Forfeitures of terminated participant's nonvested accounts are used to reduce future employer contributions to the Plan. During 2024 and 2023, \$5,905 and \$39,962 was used to reduce employer contributions, respectively. As of December 31, 2024 and 2023, the balance remaining in the forfeitures account was \$76,847 and \$1,124, respectively. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in their contribution accounts and the Bank's safe harbor contributions at all times. Participants vest in the Bank's matching contributions, Bank contributions and discretionary profit sharing contributions as follows:

<u>Years of Service</u>	<u>Vesting</u>
Less than 1	0%
1 but less than 2	20
2 but less than 3	40
3 but less than 4	60
4 but less than 5	80
5 or more	100

Distributions

Upon death, disability or attainment of the normal retirement date, as defined, the full amount credited to a participant's account shall become fully vested. In the event of termination of employment for any reason other than death, disability or attainment of the normal retirement age, the participant will receive the vested portion of their account. Participants may receive their distributions in a lump sum.

1. **Description of Plan (Continued)**

Notes Receivable From Participants

Participants may borrow from their account a minimum of \$750 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The participant may have no more than two notes outstanding at one time. Loan terms generally range from 1 to 5 years, with longer terms allowed for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest by adding 1% to the Prime Rate at the time the note is disbursed. Principal and interest are paid ratably through payroll deductions, automatic clearing house (ACH) or checks. As of December 31, 2024, the interest rates on outstanding notes receivable range from 4.25% to 9.50% with various maturities through 2029. If any scheduled note repayment is not made by the end of the calendar quarter following the calendar quarter that the missed payment was due, the note is considered to be in default. During the years ended December 31, 2024 and 2023, there were no outstanding notes considered to be in default.

Administrative Costs

Administrative costs are paid by the Plan to the extent they are not paid by the Bank. Certain fees incurred by the Plan for investment management and certain administrative services are included in the net appreciation in fair value of investments on the statements of changes in net assets available for benefits, as they are paid through revenue sharing rather than direct payment.

2. **Summary of Significant Accounting Policies**

Basis of Accounting

The accompanying financial statements are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options which are exposed to risks such as interest rate, market, volatility, liquidity and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies (Continued)

Investments and Investment Income

The Plan's investments in mutual funds are stated at fair value based upon quoted market prices which represent the net asset value of shares held by the Plan. Investment in the common trust fund is stated at fair value based on net asset value (NAV). NAV has been determined based on the unit value of the trust. Unit value is determined by dividing the fund's net assets based on the fair value of the underlying investments by its units outstanding at each valuation date. Certain employer initiated events may reduce the reported value of the investment in the trust. These events include discontinued operations, layoffs, Plan termination, bankruptcy or reorganization, merger, early retirement incentive programs, tax disqualification of the Plan or other events. Such events are not expected to be probable to occur.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. In instances where there is a distributable event, such as termination, death or disability, notes receivable from participants that are in default are included in benefits paid to participants on the statement of changes in net assets available for benefits.

Contributions

Contributions to the Plan are made by both participants and the employer. Participant contributions are recorded in the period in which payroll deductions are made. Employer contributions, including discretionary contributions, are recorded in the year of related eligible participant service.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Management has considered transactions or events occurring through October 6, 2025, which is the date that the financial statements were available to be issued.

Effective June 2025, the Plan changed its recordkeeper and custodian from Empower Trust Company, LLC to Principal Life Insurance Company. The investment options available to employees prior to June 2025 were replaced with new investment options.

NOTES TO FINANCIAL STATEMENTS

3. **Tax Status**

Effective January 1, 2021, the Plan adopted a standardized pre-approved profit sharing plan sponsored by Pentegra Services, Inc. (Pentegra). The Plan has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, as to the standardized pre-approved plan's qualified status. The standardized plan opinion letter has been relied upon by this Plan. The Plan has been amended since the ruling and management believes the Plan continues to meet IRS requirements. The Plan Administrator believes that the Plan is being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

4. **Information Certified by the Custodian**

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted by such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by Empower Trust Company, LLC, the Plan's custodian for the period November 17, 2023 through December 31, 2024, or Reliance Trust Company, the Plan's custodian for the period January 1, 2023 through November 17, 2023, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule. The Plan Administrator has determined that the custodians meet the requirements of a qualified institution as defined by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

The custodians have certified the Plan's cash, investments, notes receivable from participants, investment and note receivable transactions, and related interest and dividend income, and net appreciation in fair value of investments as complete and accurate.

5. **Corrective Contributions**

During the year ended December 31, 2024, \$140,028 of corrective contributions were deposited into the Plan. These amounts are classified as Other Contributions on the 2024 Statements of Changes in Net Assets Available for Benefits. Of this amount, \$30,114 was paid by the Bank and \$109,914 was paid by Pentegra. The corrective contributions were made to adjust employer contributions related to prior periods to align with definitions laid out in the Plan documents.

6. **Party-in-Interest Transactions**

Administrative expense charged to the Plan and paid to Pentegra was \$38,585 and \$38,277 for the years ended December 31, 2024 and 2023, respectively. These transactions qualify as party-in-interest. As further described in Note 5, \$109,914 contributed to the Plan by Pentegra in 2024 qualify as party-in-interest transactions. In addition, notes receivable from participants qualify as party-in-interest.

7. **Plan Termination**

Although it has not expressed any intent to do so, the Bank has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants will become 100% vested in their account balances.

8. **Reconciliation of Financial Statements to Form 5500**

On the 2024 financial statements, \$140,024 of corrective contributions are classified as other contributions on the statement of changes in net assets available for benefits. On the 2024 Form 5500, they are classified as employer contributions.

At December 31, 2024 and 2023, notes receivable from participants are reflected as a receivable on the financial statements which is different from the Form 5500 presentation. On the Form 5500, notes receivable are classified as investments under the caption “participant loans.”

9. **Fair Value Measurements**

The Financial Accounting Standards Board’s Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation method include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTES TO FINANCIAL STATEMENTS

9. Fair Value Measurements (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as December 31, 2024 and 2023.

Mutual fund accounts are valued at the closing price reported in the active market in which the security is traded.

The common trust fund's objective is to provide a moderate level of stable income without principal volatility. The fund has no unfunded commitments and can be redeemed daily at NAV.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2024 and 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
