Independent Auditor's Report

Plan Investment Committee
Brusco Tug and Barge, Inc. Employees Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Brusco Tug and Barge, Inc. Employees Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023, and the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, line 4i – Schedule of Assets (Held at End of Year) and Schedule H, line 4a – Schedule of Delinquent Participant Contributions, as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplemental information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Notes to Financial Statements
December 31, 2024 and 2023

1. DESCRIPTION OF PLAN

The following description of the Brusco Tug and Barge, Inc. Employees Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

a. General

The Plan is a qualified defined contribution plan established on January 1, 1993. The Plan covers all employees of Brusco Tug and Barge, Inc. (the Company) that are not in an ineligible class of employees as defined by the Plan Agreement. The Company is the plan sponsor and plan administrator.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b. Eligibility

Employees are eligible to contribute elective deferrals in the Plan immediately upon hire.

Employees are eligible for matching and nonelective contributions upon completion of one year of service. Eligible entry for matching and nonelective contributions begins on the first day of the Plan year or the first day of the seventh month of the Plan year, coinciding with or next following, the completion of the service requirement.

c. Contributions

Participants may elect to defer and contribute a portion of their compensation, as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Plan has a matching contribution feature. Under the terms of the matching provisions, the plan sponsor may make a discretionary matching contribution. For the year ended December 31, 2024, the Company elected a discretionary matching contribution of up to 3% of eligible compensation, capped at \$5,000.

The Company may also make discretionary qualified nonelective contributions. There were no such contributions made for the year ended December 31, 2024.

Participants direct the investment of their contributions and employer contributions into various investment options offered by the Plan. Participants may change their investment elections as often as permitted under the Plan and the investment vehicle they choose.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

1. DESCRIPTION OF PLAN, (Continued)

d. Participant accounts

Each participant's account is credited with the participant's contributions, the employer's matching contributions, and an allocation of plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

e. Vesting

The participants are fully vested at all times in their salary deferral contributions plus actual earnings or losses thereon.

The vesting schedule for employer matching and qualified nonelective contributions, and earnings or losses thereon is as follows:

<u>Years of service</u>	<u>Vesting %</u>
1	20%
2	40%
3	60%
4	80%
5	100%

Upon death, disability or reaching normal retirement age (62 years old), participants become fully vested in all account balances.

f. Payment of benefits

Benefits will be paid to the participants or participant's beneficiary upon termination of service, death, disability or retirement.

Benefits will be paid either as a lump-sum or in installment payments, at the participant's discretion.

If the participant's vested benefit under the Plan exceeds \$1,000, then the participant or participant's beneficiary must give consent before the distribution may be made.

Brusco Tug and Barge, Inc. Employees Retirement Plan
Notes to Financial Statements, Continued

1. DESCRIPTION OF PLAN, (Continued)

f. Payment of benefits, (Continued)

If the participant's vested benefit under the Plan does not exceed \$1,000, then the benefit may be distributed in a single lump-sum payment as soon as possible following the event that entitles the participant to a distribution, at the discretion of the plan administrator.

The Plan allows in-service distributions to participants who have reached age 55.

Participants may also withdraw funds from their vested account in the event of financial hardship as defined by the Plan.

g. Forfeitures

Forfeited account balances will be used first to offset employer contributions and then used to reduce plan administrative expenses under the Plan and finally, any remaining forfeitures will be allocated to participants.

At December 31, 2024 and 2023, there were forfeited, non-vested accounts of \$24,910 and \$17,767, respectively. Administrative expenses were reduced by \$1,990 from forfeited nonvested accounts for the year ended December 31, 2024.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a. Basis of accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

b. Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

c. Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment adviser and trustee. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes to Financial Statements, Continued

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (Continued)

d. Payment of benefits

Benefits are recorded when paid.

e. Administrative expenses

Transaction based fees are charged directly to participants' accounts. Certain administrative expenses are paid directly by the Company and are not reflected in these financial statements. Administrative expenses paid by the Plan are charged to participants' accounts and apportioned based upon their relative account values. Investment related expenses are included in net appreciation in fair value of investments.

f. Date of the Plan's review

The Plan has evaluated subsequent events through October 13, 2025, the date the financial statements were available to be issued.

3. TRUSTEE CERTIFICATIONS UNDER ERISA SECTION 103(a)(3)(C)

The plan sponsor has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the auditors' examination did not extend to the following investment information certified by Benefit Trust Company, the trustee, as complete and accurate:

- Cash, non-interest bearing
- Investments
- Net appreciation in fair value of investments
- Interest and dividends
- Schedule of assets (held at end of year)

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Brusco Tug and Barge, Inc. Employees Retirement Plan
Notes to Financial Statements, Continued

4. FAIR VALUE MEASUREMENTS, (Continued)

Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs that are unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value collective trust fund: Valued at the NAV of units of the stable value collective trust fund. The NAV, as provided by the fund's trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell an investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective investment fund, the investment trustee reserves the right to temporarily delay withdrawal from the trust for twelve months.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	December 31, 2024			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 8,142,646	-	-	8,142,646
Total assets in the fair value hierarchy	\$ 8,142,646	-	-	8,142,646

Total investments at fair value				\$ 8,610,540

4. FAIR VALUE MEASUREMENTS, (Continued)

	December 31, 2023			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 8,338,084	-	-	8,338,084

Stable value collective trust fund measured at net asset value				464,247
Total investments at fair value				<u>\$ 8,802,331</u>

The following table summarizes the investment for which fair value is measured using the NAV per share practical expedient:

December 31, 2024				
	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Stable value collective trust fund:				
Invesco Stable Value Fund	\$ 467,894	N/A	Daily	12 months

	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Stable value collective trust fund:				
Invesco Stable Value Fund	\$ 464,247	N/A	Daily	12 months

There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

5. PARTY-IN-INTEREST TRANSACTIONS

For the year ended December 31, 2024, the Plan paid \$51,550 for certain expenses related to plan operations and investment activity to various service providers. These expenses are recognized as exempt party-in-interest transactions under ERISA.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their account balances.

Brusco Tug and Barge, Inc. Employees Retirement Plan
Notes to Financial Statements, Continued

7. TAX STATUS

The Plan utilizes a pre-approved profit sharing plan sponsored by FIS Business Systems LLC. The pre-approved profit sharing plan obtained a determination letter dated June 30, 2020 from the IRS, which states that the Plan, as designed, complied with applicable requirements of the Internal Revenue Code (IRC) and accordingly, was exempt from federal income tax. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any taxing periods in progress.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

9. PROHIBITED TRANSACTIONS

During 2024 and 2023, participant contributions totaling \$58,527 and \$53,921, respectively, were not remitted to the Plan's trustee within the period prescribed by DOL regulations constituting late contributions. These late contributions were considered nonexempt party-in-interest transactions, however, they do not affect the tax status of the Plan. The Company is expected to compensate the affected participants for lost interest and earnings resulting from the delay in remittance during 2025.
