## INDEPENDENT AUDITORS' REPORT

October 14, 2025

TO THE PLAN TRUSTEES  
AB Mauri Food, Inc. Savings Plan  
Saint Louis, Missouri

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of **AB Mauri Food Inc. Savings Plan**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of AB Mauri Food Inc. Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to the periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Empower Trust Company, LLC (qualified institution), trustee of the plan, as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating the certified investment information, as described in Note C to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit section of our report. We are required to be independent of AB Mauri Food Inc. Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about AB Mauri Food Inc. Savings Plan's ability to continue as a going concern one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due, or which may become due, to such participants.

### ***Auditors' Responsibilities***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements
- Obtaining an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an

opinion on the effectiveness of AB Mauri Food Inc. Savings Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about AB Mauri Food Inc. Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate to those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matters - Supplemental Schedule Required by ERISA***

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**AB MAURI FOOD INC. SAVINGS PLAN**  
**Notes to Financial Statements**  
**Years Ended December 31, 2024 and 2023**

---

**NOTE A - DESCRIPTION OF PLAN**

The following description of the AB Mauri Food Inc. Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

**General** - The Plan is a defined contribution plan covering all eligible employees of AB Mauri Food Inc. (the "Company") and adopting affiliates. Employees subject to a collective bargaining agreement are eligible to participate in the Plan if agreed to by the Company and representatives of the bargaining unit. Employees covered by a collective bargaining agreement are eligible for participation upon completion of ninety days of service. Employees not covered by a collective bargaining agreement are eligible for participation upon completion of one month of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Contributions** - For employees not covered by a collective bargaining agreement, the Plan provides for voluntary employee contributions to the Plan up to 50% of annual eligible compensation, subject to Internal Revenue Code limitations. The Company contributes an amount equal to 100% of employee deferrals (including any catch-up deferrals) up to 3% of compensation, plus 50% of the next 3% of compensation (including any catch-up deferrals) deferred by the employee. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

A participant who is first hired on or after July 1, 2014 shall be deemed to have elected to make before-tax contributions at the rate of 6%, unless the participant affirmatively elects otherwise. Before the date an eligible employee becomes a participant, the eligible employee shall be given notice of such deemed election and a reasonable opportunity to change the percentage of covered compensation (including 0%) to be contributed to the Plan as before-tax contributions. The before-tax contributions election of a participant who participates in the Plan through the automatic enrollment provision described in this paragraph shall be increased annually by 1%, unless and until such percentage reaches 12%. A participant may opt out of automatic enrollment or automatic increases by making an affirmative election in accordance with procedures adopted by the Plan Administrator.

For employees covered by a collective bargaining agreement, the Plan provides for voluntary employee contributions to the Plan up to 50% of annual eligible compensation, subject to Internal Revenue Code limitations. For employees covered by a collective bargaining agreement with the General Teamsters or AFL-CIO, the Company contributes an amount equal to 100% of employee deferrals up to 6% of compensation.

The Plan provides an additional non-matching employer contribution to those employees covered by the collective bargaining agreement with the General Teamsters of AFL-CIO who meet certain service provisions. This additional non-matching employer contribution provides weekly non-matching contributions of \$40 and \$35 for 2024 and 2023, respectively.

Discretionary profit-sharing contributions are determined annually by the Company's Board of Directors. Profit sharing contributions are allocated to each participant based upon the ratio of the participant's compensation to the total compensation for the Company. There were no profit-sharing contributions for the year ended December 31, 2024.

Contributions are subject to certain limitations. Participants may also transfer funds to the Plan from other qualified retirement plans.

**Participants' Accounts** - Each participant's account is credited with the participant's contributions and allocations of the Company's contribution and net Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**NOTE A - DESCRIPTION OF PLAN (Continued)**

**Vesting** - All participants are immediately vested in their voluntary contributions as well as Company contributions plus actual earnings thereon.

**Notes Receivable from Participants** - Participants who are also employees are allowed to borrow a minimum of \$1,000 up to the lesser of 50% of their vested account balances or \$50,000. The notes are secured by the balance in the participant's account and bear interest at one percentage point above the prevailing prime rate in the month the loan is processed. Notes must be repaid within 60 months, unless the note is used for the purchase of a primary residence. The number of loans a participant may have outstanding at one time is one. Principal and interest are paid ratably through payroll deductions.

**Payment of Benefits and Hardship Withdrawals** - Upon termination of employment, participants may elect to receive an amount equal to the value of the vested interest in their accounts in either a lump-sum amount or in installments, depending on the size of the participant's account balance at the time of the termination. Participants with a vested account balance less than \$1,000 must take a lump-sum distribution.

The Plan provides for normal retirement to begin when the participant reaches the age of 65. Until a participant actually retires from the employment of the participant's employer, the participant shall continue to be treated in all respects as a participant. Upon reaching age 70 the participant's entire interest will be distributed, or will begin to be distributed, to the participant no later than the participant's required beginning date. If a participant dies before distributions begin, the participant's entire interest will be distributed, or begin to be distributed, no later than as follows:

1. If the participant's surviving spouse is the participant's sole designated beneficiary, and if the participant and beneficiary elects the life expectancy rule in accordance with Section 12.2(h) of the Plan Document, then distributions to the surviving spouse will begin by December 31 of the calendar year immediately following the calendar year in which the participant died, or by December 31 of the calendar year in which the participant would have attained age 70½, if later
2. If the participant's surviving spouse is not the participant's sole designated beneficiary, and if the participant or beneficiary elects the life expectancy rule in accordance with Section 12.2(h) of the Plan Document, then distributions to the designated beneficiary will begin by December 31 of the calendar year immediately following the calendar year in which the participant died.
3. If there is no designated beneficiary as of September 30 of the year following the year of the participant's death, or if the participant or beneficiary does not elect the life expectancy rule in accordance with Section 12.2(h) of the Plan Document, the participant's entire interest will be distributed by December 31 of the calendar year containing the fifth anniversary of the participant's death.
4. If the participant's surviving spouse is the participant's sole designated beneficiary and the surviving spouse dies after the participant but before distributions to the surviving spouse begin, this Section 12.2(c), other than Section 12.2(c)(i), will apply as if the surviving spouse were the participant.

The Company may authorize certain withdrawals from a participant's account in the event of proven financial hardship. Hardship withdrawals are subject to specific statutory and regulatory requirements. Hardship withdrawals provisions were amended to conform to the amended requirements issued by the IRS in September 2019. The final regulations eliminate the rules in existing Regulation Section 1.401(k)-1(d)(3)(iv)(B) and provide one general standard for determining whether a distribution is necessary.

---

**NOTE A - DESCRIPTION OF PLAN (Continued)**

**Payment of Benefits and Hardship Withdrawals (continued)** - A participant who has attained the age 59 ½ or who is permanently disabled may withdraw all or any portion of their account.

**Investment Options** - Upon enrollment in the Plan, a participant may direct employee and employer contributions in any of the investments with Empower Trust Company, LLC. The investment options comprise various degrees of risk and return. Participants may change their investment options at any time.

**SECURE 2.0 Act** - On December 29, 2022, Congress passed the SECURE 2.0 Act of 2022 (“Act”) to increase retirement savings, improve retirement rules, and lower employer costs of setting up a retirement plan. Plan Amendments required by the Act generally need not be made until the end of the first plan year beginning on or after January 1, 2026 (by December 31, 2026). However, plans must be operated in accordance with the effective date of each new provision.

**NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting** - The financial statements of the Plan are prepared on the accrual basis of accounting.

**Use of Estimates** - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

**Notes Receivable from Participants** - Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest.

**Investment Valuation and Income Recognition** - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market and participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian, and insurance company. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Current Expected Credit Losses** - In June 2016, the Financial Accounting Standards Board (“FASB”) issued ASU No. 2022-02, *Financial Instruments - Credit Losses (Topic 326)*, which became effective for the Plan on January 1, 2023. The guidance in this ASU significantly changed how entities will measure credit losses for most financial assets and certain other instruments that aren't measured at fair value through net income. The most significant change in this standard is a shift from the incurred loss model to an expected loss model. Under the standard, disclosures are required to provide users of the financial statements with useful information in analyzing an entity's exposure to credit risk and the measurement of credit losses. There are no financial assets held by the Plan that are subject to the guidance in FASB ASC 326.

**Payment of Benefits** - Benefits to participants are recorded in the period they are paid.

**Administrative Expenses** - The Plan Sponsor is the Company. Some administrative and advisory costs of the Plan are paid by the Plan. Expenses paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

**NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Concentrations** - As of December 31, 2024, the Plan had approximately 33% of its net assets available for benefits in three funds: Target Retirement 2035 Inv Fund and Total Bond Market Index Admiral Fund, both sponsored by Vanguard and 500 Index Fund sponsored by Fidelity.

As of December 31, 2023, the Plan had approximately 24% of its net assets available for benefits in two funds: Target Retirement 2035 and Total Bond Market Index Admiral, both sponsored by Vanguard.

**Management's Review of Subsequent Events** - For the year ended December 31, 2024, the Plan evaluated subsequent events for potential recognition and disclosure through October 14, 2025 the date the financial statements were available to be issued.

**NOTE C - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE (UNAUDITED)**

The Plan's Investment Committee has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Investment Committee has obtained certification from Empower Trust Company, LLC that all of the information provided by the trustee and included in the accompanying financial statements and supplemental schedule are complete and accurate. Information as to the investments in the accounts of Empower Trust Company, LLC, investment income, notes receivable from participants and all information appearing in the accompanying financial statements and supplemental schedule are presented in reliance solely upon the certification.

The information and investment income at December 31, 2024 and 2023, as reported by the trustee, is summarized as follows:

	<u>2024</u>	<u>2023</u>
Investments, at fair value:		
Mutual funds	\$ 76,879,279	\$ 69,161,195
Notes receivable from participants	866,794	686,403
	<u>\$ 77,746,073</u>	<u>\$ 69,847,598</u>
Net appreciation	\$ 6,862,318	
Dividend and interest income	\$ 1,903,624	
Other income	\$ 4,694	
Interest from notes receivable from participants	\$ 67,897	

**NOTE D - FAIR VALUE MEASUREMENTS**

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**NOTE D - FAIR VALUE MEASUREMENTS (Continued)**

The fair value measurement and accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs consist of quoted prices for similar assets in active markets, quoted prices for identical or similar assets in inactive markets, or inputs other than quoted prices that are observable. Level 3 inputs are unobservable and are only used when Level 1 or Level 2 inputs are not available. There are no plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Mutual funds:* Valued at the net asset value ("NAV") of shares held by the Plan at year end. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and classified as level 1.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value at the reporting date.

**NOTE D - FAIR VALUE MEASUREMENTS (Continued)**

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
<u>December 31, 2024</u>			
Investments, at fair value			
Mutual Funds	\$ 76,879,279	\$ 76,879,279	\$ -
	<u>\$ 76,879,279</u>	<u>\$ 76,879,279</u>	<u>\$ -</u>
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
<u>December 31, 2023</u>			
Investments, at fair value			
Mutual Funds	\$ 69,161,195	\$ 69,161,195	\$ -
	<u>\$ 69,161,195</u>	<u>\$ 69,161,195</u>	<u>\$ -</u>

**NOTE E - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan investments are managed by Empower Advisory Group, LLC, and therefore, these transactions qualify as party-in-interest transactions. During 2024, \$75,739 was paid for investment management services.

The Plan also receives investment advisory services from Fiduciary Advisors Inc. During 2024, \$30,000 was paid for services rendered.

The Plan also receives recordkeeping services from Empower Annuity Insurance Company of America. During 2024, \$65,121 was paid for services rendered.

Notes receivable from participants are deemed related party transactions. As of December 31, 2024 and 2023, notes receivable from participants totaled \$866,794 and \$686,403, respectively. Note receivable interest rates ranged from 4.00% to 9.50% with maturities through June 2054.

**NOTE F - PLAN TERMINATION**

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

**NOTE G - TAX STATUS**

In the Plan's latest determination letter dated August 8, 2016, the Internal Revenue Service stated that the Plan, as then designed, is in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor and Internal Revenue Service. The Plan Administrator analyzes tax positions taken by the Plan, as applicable, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

**NOTE H - RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

**NOTE I - PLAN OPERATIONAL ERROR AND SELF-CORRECTION**

The Plan inadvertently failed to include certain compensation as eligible compensation affecting certain participants in the plan year 2022, 2023 and 2024, which resulted in missed deferral contributions. To correct this operational error, the Plan Sponsor will make a qualified non-elective contribution of \$22,288, a corrective match of \$23,187 and calculated lost earnings of \$6,614. The qualified non-elective contributions, corrective employer matching contributions, and calculated lost earnings will be remitted to the Plan during 2025 or early 2026 as part of the Plan's intention to correct through the IRS Self-Correction Program.
