INDEPENDENT AUDITORS' REPORT

To the Trustee and Administrator of
Aldi Inc. Retirement Savings Plan
1200 North Kirk Road
Batavia, Illinois 60510

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Aldi Inc. Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Aldi Inc. Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note G to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report.

We are required to be independent of Aldi Inc. Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Aldi Inc. Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Aldi Inc. Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Aldi Inc. Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) for the year then ended December 31, 2024 is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ALDI INC. RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE A – DESCRIPTION OF PLAN

The following description of the Aldi Inc. Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

1. General

The Plan was adopted effective October 1, 1999 and was restated effective January 1, 2024. The Plan is a defined contribution plan covering all employees of Aldi Inc. and Subsidiaries (the Company) who meet the minimum eligibility requirements. Additionally, the Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Employer Contributions

The Company shall make matching contributions equal to 100% of a participant’s contributions for the Plan year, up to 5% of the participant’s 401(k) eligible compensation.

3. Participant Contributions

Participants may elect to contribute from 1% to 75% of their annual compensation for the year, up to \$23,000 and \$22,500 in 2024 and 2023, respectively. Minimum contribution rate is 1%. Participants can elect to contribute Roth contributions as well as pre-tax contributions.

4. Participant Accounts

Separate accounts are maintained for all participants to reflect their interest in each investment fund. For each investment fund, a participant’s account is credited by a percentage of the participant’s total contribution per the participant’s request. An allocation of fund earnings and realized and unrealized gains and losses is also credited based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

5. Notes receivable from participants

Participants may borrow from their fund accounts. The maximum amount that a participant may borrow is limited to the lesser of \$50,000 reduced by the highest outstanding balance of the loans during the preceding twelve month period, or 50% of the nonforfeitable value of the sum of the employee deferral contribution, employee Roth contribution, rollover contribution and Roth rollover contribution accounts as of the date that the loan is approved. The maximum loan term is five years, except when the loan is used to purchase a primary residence; then, the loan may be repaid over a maximum term of fifteen years. The loans are secured by the balance in the participant’s account and bear interest at prime plus 1%. Rates currently range between 4.25% and 9.50%.

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE A – DESCRIPTION OF PLAN – Continued

6. Vesting

Participants are immediately 100% vested in their pre-tax and Roth contributions, nonqualified elective contributions, and all gains and losses thereon. Employer contributions vest based upon the following schedule:

<u>Years of service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

7. Payment of Benefits

Upon termination of service, a participant is entitled to receive a lump-sum distribution equal to the vested portion of the net value of all the participant's investments and account balances. Participants also have the option to rollover the account balance into an individual retirement account (IRA) or another eligible employer plan.

8. Forfeited accounts

At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$14,880,429 and \$14,413,588, respectively. Forfeitures may be used to reduce future employer contributions described in A2 above.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies is presented to assist in understanding the Plan's financial statements. The financial statements and notes are representations of the Plan's management, which is responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

1. Basis of Accounting

The financial statements have been prepared using the accrual method of accounting.

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

2. Estimates

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Due to the uncertainty involved in making estimates, actual results could differ from those estimates.

3. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for the fully benefit-responsive investment contract which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's Valuation policies utilizing information provided by the investment advisers and custodians. See note D for discussion of fair value measurements.

Purchases and sales of investments are recorded on a settlement-date basis. Interest income is accrued when earned. Dividend income is recorded as received. Capital gain distributions are included in dividend income. Net earnings on investments are allocated to participants on a daily basis.

4. Notes Receivable from Participants

In accordance with *FASB ASU 2010-25, Plan Accounting-Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans*, the Company has classified participant loans as notes receivable from participants. These notes are measured at their unpaid principal balance plus any accrued and unpaid interest. Interest income from notes receivable from participants is recognized when accrued based on individual agreements.

5. Payment of Benefits

Benefits are recorded when paid.

6. Administrative Costs

Accounting and administrative costs relating to the maintenance of participant eligibility records and management of Plan asset records are absorbed by both the Company and the Plan. Beginning with the third quarter of 2016, participants are charged a quarterly administration fee. Beginning June 2017, a QDRO fee was implemented. Participant loan fees are paid by the participants and recorded as plan expenses in both 2024 and 2023.

7. Plan Termination

Although management has not expressed any intent to do so, it has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants' accounts shall become 100% vested and nonforfeitable.

8. Subsequent Events

Management has evaluated subsequent events through October 7, 2025. This date represents the date the financial statements are available to be issued.

NOTE C – RELATED PARTY TRANSACTIONS

The Plan invests in shares of common collective trust funds and mutual funds managed by an affiliate of T. Rowe Price Trust Company. T. Rowe Price Trust Company acts as trustee for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transactions.

NOTE D – INVESTMENTS

The Plan entered into an agreement with T. Rowe Price Trust Company under which contributions are deposited, at the direction of the participants, into any combination of twenty-five investment accounts managed by T. Rowe Price Trust Company.

The Plan provides for various investment options of mutual funds and common collective trust funds. Such investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

FASB ASC Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

ALDI INC. RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE D – INVESTMENTS – Continued

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan as of the end of the plan year.

Common collective trust funds: Valued at the NAV of units held by the Plan as of the end of the year.

The following table sets forth the level, within the fair value hierarchy, of the Plan's assets at fair value as of December 31, 2024 and 2023:

Description	2024			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 267,208,117	\$ -	\$ -	\$ 267,208,117
Investments measured at NAV- Common Collective Trusts funds				\$ 1,628,851,351
				<u>\$ 1,896,059,468</u>

				<u>\$ 1,567,667,145</u>

ALDI INC. RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

NOTE E – INVESTMENT CONTRACT

The Plan entered into an investment contract that comprises a traditional investment contract and a portfolio of synthetic investment contracts. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value in the statements of net assets available for benefits. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. The following represents the disaggregation of contract value between types of investment contracts held by the Plan.

	<u>2024</u>	<u>2023</u>
Investments at contract value:		
Synthetic investment contracts	\$ 49,009,926	\$ 57,507,528
Traditional contracts	<u>1,102,473</u>	<u>1,595,790</u>
	<u>\$ 50,112,399</u>	<u>\$ 59,103,318</u>

The key difference between a synthetic investment contract and a traditional investment contract is that the Plan owns the underlying assets of the synthetic investment contract. A synthetic investment contract includes a wrapper contract, which is an agreement for that wrap issuer, such as a bank or insurance company, to make payments to the Plan in certain circumstances. The wrapper contract typically includes certain conditions and limitations on the underlying assets owned by the Plan. With traditional investment contracts, the Plan owns only the contract itself. Synthetic and traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers.

The synthetic investment contracts held by the Plan include wrapper contracts that provide a guarantee that the credit rate will not fall below zero percent. Formulas are provided in each contract that adjust renewal (quarterly) crediting rates to recognize the difference between the fair value and the book value of the underlying assets. The traditional investment contract held by the Plan is a guaranteed investment contract and separate account contracts. The crediting rate is based on a formula established by the contract issuer and reviewed quarterly. The average yield and crediting interest rate were approximately 4.29% and 1.15% for 2024, respectively, and 4.03% and 3.12% for 2023, respectively.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with the contract issuer. The plan administrator believes the occurrence of such events that would limit the Plan's ability to transact at contract value with plan participants is not probable.

NOTE F – TAX STATUS

The Plan obtained its latest determination letter dated May 2016, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.
