INDEPENDENT AUDITOR'S REPORT

October 10, 2025

Radiology Associates, L.L.P. 401(k) Profit Sharing Plan
Corpus Christi, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements

We have performed an audit of the accompanying financial statements of Radiology Associates, L.L.P. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2024 financial statements performed Radiology Associates, L.L.P. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate. The certification obtained by management does not cover all plan investments; accordingly, the portion not certified, as described in Note 3, was subject to audit procedures performed in accordance with generally accepted auditing standards.

Qualified Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements Section, except for the possible effects of the matter described in the Basis for Qualified Opinion section of this report-

- The amounts and disclosures in the 2024 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America; and

- The information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Qualified Opinion on the 2024 Financial Statements

As described in Note 3 to the financial statements, investments with a fair value of approximately \$1,109,560 as of December 31, 2024, held in a self-directed account of one participant, were not included in the investment information certified by the Plan's trustee. We were unable to obtain sufficient appropriate audit evidence regarding these investments by other auditing procedures. Accordingly, we were unable to determine whether any adjustments might be necessary to the financial statements related to these investments, the related investment income or the changes in net assets available for benefits.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of Radiology Associates, L.L.P. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Radiology Associates, L.L.P. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Radiology Associates, L.L.P. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Radiology Associates, L.L.P. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2024 Supplemental Schedules Required by ERISA

The supplemental schedules as listed in the accompanying index as of or for the years ended December 31, 2024 and 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2023 Financial Statements

The financial statements of Radiology Associates, L.L.P. 401(k) Profit Sharing Plan as of December 31, 2023, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 11, 2024 indicated that in their opinion (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that managements determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedules, other than the information in the 2023 supplemental schedules that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2023 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

Note 1 – DESCRIPTION OF PLAN

The following description of the Radiology Associates, L.L.P. 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a contributory defined contribution plan covering all employees of Radiology Associates, L.L.P. (the “Company”), who have attained the age of 19 and completed one year of service. The Plan became effective April 1, 1982. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Company contributes on behalf of each participant an amount elected by the participant in his or her salary modification agreement. The Plan provides for discretionary employer matching contributions. Additionally, the Plan provides for discretionary employer contributions. The Company matches employees' contributions up to 4% of total compensation; 100% match of elective deferrals up to 3% of compensation, and 50% of applicable contributions from 3% to 5% of compensation. Amounts forfeited during the plan year shall be used to reduce matching contributions.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate ("opt out") in the Plan. The default automatic contribution for new employees who do not make a timely election when they first become eligible (either to contribute or to opt out) is 3% of eligible compensation. Each year thereafter, the contribution level is increased (unless the participant chooses a different contribution level) by 1%, until it reaches the maximum automatic rate of 6%. The amount is automatically withheld each pay period and contributed to the participant's plan account. Participants can change their contributions election at any time up to 100% of compensation. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (“rollover”). Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with an allocation of participant contributions, the employer contribution, and plan earnings. Allocations of discretionary employer contributions, if any, will be allocated to participants based on the ratio of each participant's compensation to total compensation of all eligible participants. Allocations of plan earnings are based upon the ratio of each participant's average account balance to the total of all participants' average account balances, except for self-directed accounts. Each self-directed account is allocated its earnings on its separately maintained brokerage account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Note 1 – DESCRIPTION OF PLAN – (Continuation)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 3.25 percent to 8.50 percent, which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through monthly payroll deductions.

Vesting

Participants are immediately vested in elective contributions, rollover contributions, and transfer contributions, plus or minus any earnings or losses. Any contribution not listed in the previous sentence will vest as follows:

<u>YEARS OF SERVICE</u>	<u>VESTING PERCENTAGE</u>
1	0%
2	40%
3	60%
4	80%
5	100%

Payment of Benefits

Benefits are paid upon termination or retirement. Normal retirement age under the Plan is sixty-five. Benefits are normally paid in a lump sum. The participant may elect an alternative form of payment.

Forfeited Accounts

Forfeitures are used to reduce future employer contributions. There were no forfeitures in 2024 or 2023.

Note 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Date of Management's Review

Subsequent events have been evaluated by management through the date of the independent auditor's report. Material subsequent events, if any, are disclosed in a separate footnote to these financial statements.

Note 2 – SUMMARY OF ACCOUNTING POLICIES – (Continuation)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes realized gains or losses and unrealized appreciation or depreciation on investments bought and sold as well as held during the year.

Gains and losses on the sale of investments in registered investment company funds are computed using the weighted average cost method.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Administrative Expenses

Administrative expenses are paid by the Plan unless paid by the Company. All asset-based fees and fee sharing arrangements are required to be disclosed to the plan sponsor. Plan investment fund management and advisory fees are asset-based fees charged to fund investors. These fees and expenses are not separately reflected in the financial statements because they are deducted directly from income earned by the fund investments before being allocated to participant accounts. These fees are reflected as a reduction of investment return for such fund investments.

Note 3 – INFORMATION CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the trustee, Charles Schwab Trust Company:

	DECEMBER 31,	
	2024	2023
Investments, at Fair Value:		
Money Market Fund	36,853	193,650

 INVESTMENT INCOME	 <u>3,379,811</u>	 <u>3,602,743</u>

Investments in limited partnerships amounting to \$1,135,565 and \$1,157,474 at December 31, 2024 and 2023, respectively, are not held or certified by the trustee. Investment income (loss) from these partnerships amounted to (\$21,909) and \$93,866 for the years ended December 31, 2024 and 2023, respectively.

Note 4 – FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are inputs that are unobservable and significant to the fair value measurement.

Note 4 – FAIR VALUE MEASUREMENTS – (Continuation)

Valuation Methodology

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Level 1 Fair Value Measurements

The fair value of money market funds and exchange-traded funds (ETFs) are based on quoted net asset values of the shares held by the Plan at the end of the year. The fair value of the common stocks and the Unit Investment Trust Funds in the Self-Directed Brokerage Accounts are based on available quoted market prices. The Unit Investment Trust Funds are comprised of various ETFs which trade on stock exchanges much like stocks.

Level 3 Fair Value Measurement

The shares of the limited liability partnership included in the Self-Directed assets Held Outside of Schwab are not actively traded and significant other observable inputs are not available. The fair value of the limited liability partnership represents the related party issuer's estimate of the net cash that would be distributed if the partnership was liquidated. It is calculated by deducting the total debt from the estimated sale price net of selling costs estimated at 7% of the estimated sale price.

The preceding valuation methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 – FAIR VALUE MEASUREMENTS – (Continuation)

The following presents the Plan’s fair value measurements at December 31, 2024 and 2023, reported by level, within the fair value hierarchy.

Total Gains (Losses) for the Year included in Changes in Net Assets Attributable to the Changes in Unrealized Gains (Losses) Relating to Investments Still Held at Year End	(21,909)	93,866

Level 3 Gains and Losses

Level 3 gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2024 and 2023, are reported in the Net Appreciation in Fair Value of Investments in the Statements of Changes in Net Assets Available for Benefits.

Note 5 – INVESTMENT PROGRAMS

All investments of the Plan are participant-directed. The Plan currently sponsors over fifteen investment options for participants. Participants are allowed to change their investment election at any time. Undirected participant and employer contributions will be automatically allocated through Schwab Retirement Planner provided by Morningstar Associates, LLC, an independent, registered investment advisor and wholly owned subsidiary of Morningstar, Inc. Every three months, each fund’s investment mix, which is comprised from the core fund lineup selected for the Plan by the plan sponsor, is reviewed and fine-tuned, if needed, to stay on course with the fund’s strategy. At least annually, as part of the managed account services, the savings and investment plan of each fund is analyzed to determine if it is on track to reach the specified retirement income goals and updated if needed.

Note 6 – RELATED-PARTY TRANSACTIONS

Certain plan investments are shares of exchange traded funds managed by Charles Schwab Investment Management, Inc. and Charles Schwab Trust Company. Charles Schwab Trust Company is the trustee for the Plan and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in Administrative Fees on the Statement of Changes in Net Assets Available for Benefits. Fees paid by the Plan for the investment management services amount to \$75,573 and \$70,659 for 2024 and 2023, respectively.

Certain plan investments held outside of Schwab are limited partnership investments brokered and managed by CES Properties, Inc. on behalf of a Self-Directed Account participant. This investment relationship qualifies CES Properties, Inc. as a party-in-interest.

Note 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination or complete discontinuance of contributions, participants will become 100% vested in their accounts.

Note 8 – TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities.

The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Company's evaluation was performed for the tax periods ended December 31, 2022 through December 31, 2024, the tax years which principally remain subject to examination by major tax jurisdictions as of December 31, 2024.

Note 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
