(11) Other expenses	2i(11)	0	
(12) Total administrative expenses. Add lines 2i(1) through (11)	2i(12)		105843
j Total expenses. Add all expense amounts in column (b) and enter total	2j		16079451

Net Income and Reconciliation

k Net income (loss). Subtract line 2j from line 2d	2k		16287486
l Transfers of assets:			
(1) To this plan	2l(1)		0
(2) From this plan	2l(2)		0

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **BROCK AND COMPANY CPAS P.C.**

(2) EIN: **84-0930288**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	387855
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
e Was this plan covered by a fidelity bond?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	1000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
l Has the plan failed to provide any benefit when due under the plan?	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.	<input type="checkbox"/>	<input type="checkbox"/>	

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? Yes No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

5b(1) Name of plan(s)	5b(2) EIN(s)	5b(3) PN(s)

5c Was the plan a defined benefit plan covered under the PBGC insurance program at any time during this plan year? (See ERISA section 4021 and instructions.) Yes No Not determined

If "Yes" is checked, enter the My PAA confirmation number from the PBGC premium filing for this plan year _____.

a Name of contributing employer _____

b EIN _____ **c** Dollar amount contributed by employer _____

d Date collective bargaining agreement expires (If employer contributes under more than one collective bargaining agreement, check box and see instructions regarding required attachment. Otherwise, enter the applicable date.) Month _____ Day _____ Year _____

e Contribution rate information (If more than one rate applies, check this box and see instructions regarding required attachment. Otherwise, complete lines 13e(1) and 13e(2).)

(1) Contribution rate (in dollars and cents) _____

(2) Base unit measure: Hourly Weekly Unit of production Other (specify): _____

a Name of contributing employer _____

b EIN _____ **c** Dollar amount contributed by employer _____

d Date collective bargaining agreement expires (If employer contributes under more than one collective bargaining agreement, check box and see instructions regarding required attachment. Otherwise, enter the applicable date.) Month _____ Day _____ Year _____

e Contribution rate information (If more than one rate applies, check this box and see instructions regarding required attachment. Otherwise, complete lines 13e(1) and 13e(2).)

(1) Contribution rate (in dollars and cents) _____

(2) Base unit measure: Hourly Weekly Unit of production Other (specify): _____

14 Enter the number of deferred vested and retired participants (inactive participants), as of the beginning of the plan year, whose contributing employer is no longer making contributions to the plan for:

a The current plan year. Check the box to indicate the counting method used to determine the number of inactive participants: <input type="checkbox"/> last contributing employer <input type="checkbox"/> alternative <input type="checkbox"/> reasonable approximation (see instructions for required attachment).....	14a	
b The plan year immediately preceding the current plan year. <input type="checkbox"/> Check the box if the number reported is a change from what was previously reported (see instructions for required attachment).....	14b	
c The second preceding plan year. <input type="checkbox"/> Check the box if the number reported is a change from what was previously reported (see instructions for required attachment).....	14c	

15 Enter the ratio of the number of participants under the plan on whose behalf no employer had an obligation to make an employer contribution during the current plan year to:

a The corresponding number for the plan year immediately preceding the current plan year	15a	
b The corresponding number for the second preceding plan year	15b	

16 Information with respect to any employers who withdrew from the plan during the preceding plan year:

a Enter the number of employers who withdrew during the preceding plan year	16a	
b If line 16a is greater than 0, enter the aggregate amount of withdrawal liability assessed or estimated to be assessed against such withdrawn employers.....	16b	

17 If assets and liabilities from another plan have been transferred to or merged with this plan during the plan year, check box and see instructions regarding supplemental information to be included as an attachment

Part VI Additional Information for Single-Employer and Multiemployer Defined Benefit Pension Plans

18 If any liabilities to participants or their beneficiaries under the plan as of the end of the plan year consist (in whole or in part) of liabilities to such participants and beneficiaries under two or more pension plans as of immediately before such plan year, check box and see instructions regarding supplemental information to be included as an attachment

19 If the total number of participants is 1,000 or more, complete lines (a) and (b):

a Enter the percentage of plan assets held as:
 Public Equity: _____% Private Equity: _____% Investment-Grade Debt and Interest Rate Hedging Assets: _____%
 High-Yield Debt: _____% Real Assets: _____% Cash or Cash Equivalents: _____% Other: _____%

b Provide the average duration of the Investment-Grade Debt and Interest Rate Hedging Assets:
 0-5 years 5-10 years 10-15 years 15 years or more

20 PBGC missed contribution reporting requirements. If this is a multiemployer plan or a single-employer plan that is not covered by PBGC, skip line 20.

a Is the amount of unpaid minimum required contributions for all years from Schedule SB (Form 5500) line 40 greater than zero? Yes No

b If line 20a is "Yes," has PBGC been notified as required by ERISA sections 4043(c)(5) and/or 303(k)(4)? Check the applicable box:
 Yes.
 No. Reporting was waived under 29 CFR 4043.25(c)(2) because contributions equal to or exceeding the unpaid minimum required contribution were made by the 30th day after the due date.
 No. The 30-day period referenced in 29 CFR 4043.25(c)(2) has not yet ended, and the sponsor intends to make a contribution equal to or exceeding the unpaid minimum required contribution by the 30th day after the due date.
 No. Other. Provide explanation: _____

Part VII IRS Compliance Questions

21a Does the plan satisfy the coverage and nondiscrimination tests of Code sections 410(b) and 401(a)(4) by combining this plan with any other plans under the permissive aggregation rules? Yes No

21b If this is a Code section 401(k) plan, check all boxes that apply to indicate how the plan is intended to satisfy the nondiscrimination requirements for employee deferrals and employer matching contributions (as applicable) under Code sections 401(k)(3) and 401(m)(2).
 Design-based safe harbor method
 "Prior year" ADP test
 "Current year" ADP test
 N/A

22 If the plan sponsor is an adopter of a pre-approved plan that received a favorable IRS Opinion Letter, enter the date of the Opinion Letter 06 / 30 / 2020 (MM/DD/YYYY) and the Opinion Letter serial number Q702438A.

Independent Auditor's Report

To the Plan Administrator of the
Coalfire Systems, Inc 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Coalfire Systems, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a: Schedule of Delinquent Participant Contributions and Schedule H, Line 4i: Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Coalfire Systems, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

Note 1 – Description of the Plan

The following description of the Coalfire Systems, Inc. 401(k) Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan Document for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all employees of Coalfire Systems, Inc. (the "Company") and Participating Employers (collectively, the "Employer") who are age 21 or older. The Plan excludes employees covered by a collective bargaining agreement; leased employees; non-resident aliens; and part-time, temporary, seasonal, and intern employees (unless such part-time, temporary, seasonal, and intern employees complete 1,000 hours of service and attain age 21). Eligible employees can enter the Plan on the first of the month coincident with or following the date they meet the Plan's eligibility requirements. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The 401(k) Investment Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

SECURE Act of 2019. Under the SECURE Act of 2019, certain long-term part-time ("LTPT") employees became eligible for participant contributions on January 1, 2024, after completing 500 hours of service for three consecutive years and meeting the Plan's age requirement.

Contributions. Each year, participants may contribute up to 90 percent of pretax annual compensation, as defined in the Plan. Participants may also elect to contribute a percentage of their after-tax compensation and designate it as a Roth elective deferral contribution. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollover"). During 2024, the Company made a discretionary Employer matching contribution equal to 100 percent of the first 4 percent of base compensation that a participant contributes to the Plan. Employer matching contributions are made on a per pay period basis. The Plan also provides for a discretionary nonelective Employer contribution based on a non-integrated allocation formula to eligible employees that have 1,000 hours of service and are employed on the last day of the Plan year. No such contribution was made during 2024. Participants direct the investment of their contributions and their share of Employer contributions into various investment options offered by the Plan. Investment options for participants include mutual funds and a money market fund. Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

Participant Accounts. Each participant's account is credited with the participant's contribution, discretionary Employer contributions, and investment earnings. Participant accounts are charged with an allocation of administrative expenses and investment losses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are vested immediately in their contributions plus actual earnings thereon. With certain exceptions, vesting in Employer contributions is based on years of continuous service. A participant is 100 percent vested after three years of credited service based on a 3 year graduated vesting schedule.

Coalfire Systems, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

Note 1 – Description of the Plan (continued)

Forfeited Accounts. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$18,113 and \$20,078, respectively. Forfeitures are used to reduce Employer contributions and pay certain administrative expenses of the Plan. During 2024, Employer contributions were reduced by \$633,519 and administrative expenses of \$27,106 were paid from forfeitures.

Revenue Credits Account. The Plan maintains a revenue credits account ("RCP Account") that is funded by revenue credits and used to offset administrative expenses of the Plan or reallocated to eligible participants' accounts. The balance in the RCP account as of December 31, 2024 and 2023 was \$5,904 and \$5,320, respectively.

Payment of Benefits. On termination of service due to death, disability, retirement, or other reasons a participant may elect to receive a lump-sum amount or a direct rollover to another qualified retirement plan equal to the value of the participant's vested interest in their account. A terminated employee with a balance of less than a certain dollar threshold, as defined by the Plan document, may be automatically paid out by the Plan upon termination. In addition, participants may request in-service withdrawals of their rollover contributions account, upon attainment of age 59 ½, while performing active military service, or upon incurring a financial hardship if certain

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of (i) \$50,000 or (ii) 50% of their vested account balance. Loan terms range from 1 month up to a maximum of 5 years (a longer term is available if used for the purchase of a principal residence). The loans are secured by the balance in the participant's account and bear a reasonable rate of interest commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest payments are paid ratably through payroll deductions.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting. The financial statements of the Plan were prepared using the accrual method of accounting.

Use of Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Coalfire Systems, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

Note 2 – Summary of Significant Accounting Policies (continued)

Contributions. Participant contributions and the related Employer matching contribution are recognized in the period in which participant contributions are withheld from compensation.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits. Benefits are recorded when paid.

Administrative Expenses and Revenue Credits. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Also included in administrative expenses are recordkeeping charges, account maintenance fees, investment advisory, accounting, and other administrative expenses. Certain investment related expenses are included in net appreciation in fair value of investments.

The Plan's service provider calculates quarterly revenue credits for participants based on the Plan's average quarterly balances held by participants invested in eligible funds. Revenue credits are allocated back to participants' accounts on a pro-rata basis. For the year ended December 31, 2024, total administrative expenses and revenue credits netted to \$105,843, which consisted of \$116,678 in administrative fees and \$10,835 in revenue credits.

Note 3 – Fair Value Measurements

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Coalfire Systems, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

Note 3 – Fair Value Measurements (continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2024 and 2023. The following is a description of the valuation methodologies used for assets measured at fair value:

- Mutual funds and money market funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Fair Value Measurements at December 31, 2024

	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
Mutual Funds	\$ 108,977,201	\$ -	\$ -	\$ 108,977,201
Money Market Fund	1,853,451	-	-	1,853,451
Total Assets at Fair Value	\$ 110,830,652	\$ -	\$ -	\$ 110,830,652

Fair Value Measurements at December 31, 2023

	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
Mutual Funds	\$ 91,956,218	\$ -	\$ -	\$ 91,956,218
Money Market Fund	2,480,513	-	-	2,480,513
Total Assets at Fair Value	\$ 94,436,731	\$ -	\$ -	\$ 94,436,731

Coalfire Systems, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

Note 4 – Certified Information

The following information disclosed in the accompanying financial statements and ERISA-required supplemental schedules was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan:

- Investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023, and Note 3;
- Notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023;
- Investment income, as presented in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024;
- Interest income on notes receivable from participants, as presented in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024;
- The investment information in the Schedule of Assets (Held at End of Year) as of December 31, 2024, as shown in the supplemental schedules.

Note 5 – Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2024:

	2024
Net assets available for benefits per the financial statements	<u>\$ 112,170,084</u>
Less: Contributions receivable	<u>(486,429)</u>
Net assets available for benefits per the Form 5500 (unaudited)	<u><u>\$ 111,683,655</u></u>

The following is a reconciliation of Employer and participant contributions per the financial statements to the Form 5500 for the year ended December 31, 2024:

	Employer Contributions	Participant Contributions
Amounts per the financial statements	<u>\$ 3,578,232</u>	<u>\$ 10,257,839</u>
Less: 2024 contributions receivable	<u>(146,997)</u>	<u>(339,432)</u>
Amounts per the Form 5500 (unaudited)	<u><u>\$ 3,431,235</u></u>	<u><u>\$ 9,918,407</u></u>

Note 6 – Tax Status

The Plan Sponsor has adopted an FMR LLC Non-Standardized Pre-Approved Profit Sharing Plan ("pre-approved plan"). The pre-approved plan received an opinion letter from the IRS on June 30, 2020, which stated that the pre-approved plan is qualified under the applicable sections of the IRC. Although the pre-approved plan and the Plan have been amended since receiving the IRS opinion letter, the Plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified under Section 401(a) of the IRC and the related Trust is tax exempt as of December 31, 2024 and 2023. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Coalfire Systems, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

Note 6 – Tax Status (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination or partial termination, affected participants will become 100% vested in their accounts.

Note 8 – Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds offered by Fidelity. As Fidelity Management Trust Company is the Trustee, as defined by the Plan, these transactions qualify as party-in-interest transactions. Additionally, the Plan provides for notes receivable from participants. Fees paid for services rendered by parties-in-interest were based on customary and reasonable rates for such services.

The Company provides to the Plan certain accounting and administrative services for which no fees are charged.

Note 9 – Nonexempt Prohibited Transactions

During 2022 and 2024, the Company had nonexempt prohibited transactions related to participant contributions and loan repayments not remitted to the trust in a timely manner as listed on Schedule H, Line 4a: Schedule of Delinquent Participant Contributions. The principal amount of the late contributions have been remitted to the Plan's trust. The Company intends to correct these transactions by remitting lost earnings into the Plan's trust as soon as administratively

Note 10 – Concentrations, Risks and Uncertainties

The Plan provides for various investment options in mutual funds and a money market fund. Investment securities, in general, are exposed to various risks, such as significant world events, interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts presented in the statements of net assets available for benefits. As of December 31, 2024 and 2023, there were two investments which individually represented more than 10% of net assets available for Plan benefits. See supplemental Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2024.

Coalfire Systems, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

Note 10 – Concentrations, Risks and Uncertainties (continued)

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Note 11 – Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through July 23, 2025, which is the date the financial statements were available to be issued.

Under the SECURE 2.0 Act of 2022, the following:

- Certain LTPT employees become eligible for participant contributions on January 1, 2025, after completing 500 hours of service for two consecutive years and meeting the Plan's age requirement.
- Effective January 1, 2025, the Plan Sponsor elected to adopt an increase in the catch-up contribution limit for participants aged 60-63. The new limit is the greater of \$10,000 or 150% of the regular catch-up contribution limit (\$11,250 for 2025) which is indexed annually.

Independent Auditor's Report

To the Plan Administrator of the
Coalfire Systems, Inc 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Coalfire Systems, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a: Schedule of Delinquent Participant Contributions and Schedule H, Line 4i: Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The accompanying Notes are an integral part of these financial statements.

Coalfire Systems, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

Note 1 – Description of the Plan

The following description of the Coalfire Systems, Inc. 401(k) Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan Document for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all employees of Coalfire Systems, Inc. (the "Company") and Participating Employers (collectively, the "Employer") who are age 21 or older. The Plan excludes employees covered by a collective bargaining agreement; leased employees; non-resident aliens; and part-time, temporary, seasonal, and intern employees (unless such part-time, temporary, seasonal, and intern employees complete 1,000 hours of service and attain age 21). Eligible employees can enter the Plan on the first of the month coincident with or following the date they meet the Plan's eligibility requirements. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The 401(k) Investment Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

SECURE Act of 2019. Under the SECURE Act of 2019, certain long-term part-time ("LTPT") employees became eligible for participant contributions on January 1, 2024, after completing 500 hours of service for three consecutive years and meeting the Plan's age requirement.

Contributions. Each year, participants may contribute up to 90 percent of pretax annual compensation, as defined in the Plan. Participants may also elect to contribute a percentage of their after-tax compensation and designate it as a Roth elective deferral contribution. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollover"). During 2024, the Company made a discretionary Employer matching contribution equal to 100 percent of the first 4 percent of base compensation that a participant contributes to the Plan. Employer matching contributions are made on a per pay period basis. The Plan also provides for a discretionary nonelective Employer contribution based on a non-integrated allocation formula to eligible employees that have 1,000 hours of service and are employed on the last day of the Plan year. No such contribution was made during 2024. Participants direct the investment of their contributions and their share of Employer contributions into various investment options offered by the Plan. Investment options for participants include mutual funds and a money market fund. Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

Participant Accounts. Each participant's account is credited with the participant's contribution, discretionary Employer contributions, and investment earnings. Participant accounts are charged with an allocation of administrative expenses and investment losses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are vested immediately in their contributions plus actual earnings thereon. With certain exceptions, vesting in Employer contributions is based on years of continuous service. A participant is 100 percent vested after three years of credited service based on a 3 year graduated vesting schedule.

Coalfire Systems, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

Note 1 – Description of the Plan (continued)

Forfeited Accounts. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$18,113 and \$20,078, respectively. Forfeitures are used to reduce Employer contributions and pay certain administrative expenses of the Plan. During 2024, Employer contributions were reduced by \$633,519 and administrative expenses of \$27,106 were paid from forfeitures.

Revenue Credits Account. The Plan maintains a revenue credits account ("RCP Account") that is funded by revenue credits and used to offset administrative expenses of the Plan or reallocated to eligible participants' accounts. The balance in the RCP account as of December 31, 2024 and 2023 was \$5,904 and \$5,320, respectively.

Payment of Benefits. On termination of service due to death, disability, retirement, or other reasons a participant may elect to receive a lump-sum amount or a direct rollover to another qualified retirement plan equal to the value of the participant's vested interest in their account. A terminated employee with a balance of less than a certain dollar threshold, as defined by the Plan document, may be automatically paid out by the Plan upon termination. In addition, participants may request in-service withdrawals of their rollover contributions account, upon attainment of age 59 ½, while performing active military service, or upon incurring a financial hardship if certain

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of (i) \$50,000 or (ii) 50% of their vested account balance. Loan terms range from 1 month up to a maximum of 5 years (a longer term is available if used for the purchase of a principal residence). The loans are secured by the balance in the participant's account and bear a reasonable rate of interest commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest payments are paid ratably through payroll deductions.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting. The financial statements of the Plan were prepared using the accrual method of accounting.

Use of Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Coalfire Systems, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

Note 2 – Summary of Significant Accounting Policies (continued)

Contributions. Participant contributions and the related Employer matching contribution are recognized in the period in which participant contributions are withheld from compensation.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits. Benefits are recorded when paid.

Administrative Expenses and Revenue Credits. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Also included in administrative expenses are recordkeeping charges, account maintenance fees, investment advisory, accounting, and other administrative expenses. Certain investment related expenses are included in net appreciation in fair value of investments.

The Plan's service provider calculates quarterly revenue credits for participants based on the Plan's average quarterly balances held by participants invested in eligible funds. Revenue credits are allocated back to participants' accounts on a pro-rata basis. For the year ended December 31, 2024, total administrative expenses and revenue credits netted to \$105,843, which consisted of \$116,678 in administrative fees and \$10,835 in revenue credits.

Note 3 – Fair Value Measurements

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Coalfire Systems, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

Note 3 – Fair Value Measurements (continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2024 and 2023. The following is a description of the valuation methodologies used for assets measured at fair value:

- Mutual funds and money market funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Fair Value Measurements at December 31, 2024

	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
Mutual Funds	\$ 108,977,201	\$ -	\$ -	\$ 108,977,201
Money Market Fund	1,853,451	-	-	1,853,451
Total Assets at Fair Value	\$ 110,830,652	\$ -	\$ -	\$ 110,830,652

Fair Value Measurements at December 31, 2023

	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
Mutual Funds	\$ 91,956,218	\$ -	\$ -	\$ 91,956,218
Money Market Fund	2,480,513	-	-	2,480,513
Total Assets at Fair Value	\$ 94,436,731	\$ -	\$ -	\$ 94,436,731

Coalfire Systems, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

Note 4 – Certified Information

The following information disclosed in the accompanying financial statements and ERISA-required supplemental schedules was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan:

- Investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023, and Note 3;
- Notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023;
- Investment income, as presented in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024;
- Interest income on notes receivable from participants, as presented in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024;
- The investment information in the Schedule of Assets (Held at End of Year) as of December 31, 2024, as shown in the supplemental schedules.

Note 5 – Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2024:

	2024
Net assets available for benefits per the financial statements	<u>\$ 112,170,084</u>
Less: Contributions receivable	<u>(486,429)</u>
Net assets available for benefits per the Form 5500 (unaudited)	<u><u>\$ 111,683,655</u></u>

The following is a reconciliation of Employer and participant contributions per the financial statements to the Form 5500 for the year ended December 31, 2024:

	Employer Contributions	Participant Contributions
Amounts per the financial statements	<u>\$ 3,578,232</u>	<u>\$ 10,257,839</u>
Less: 2024 contributions receivable	<u>(146,997)</u>	<u>(339,432)</u>
Amounts per the Form 5500 (unaudited)	<u><u>\$ 3,431,235</u></u>	<u><u>\$ 9,918,407</u></u>

Note 6 – Tax Status

The Plan Sponsor has adopted an FMR LLC Non-Standardized Pre-Approved Profit Sharing Plan ("pre-approved plan"). The pre-approved plan received an opinion letter from the IRS on June 30, 2020, which stated that the pre-approved plan is qualified under the applicable sections of the IRC. Although the pre-approved plan and the Plan have been amended since receiving the IRS opinion letter, the Plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified under Section 401(a) of the IRC and the related Trust is tax exempt as of December 31, 2024 and 2023. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Coalfire Systems, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

Note 6 – Tax Status (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination or partial termination, affected participants will become 100% vested in their accounts.

Note 8 – Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds offered by Fidelity. As Fidelity Management Trust Company is the Trustee, as defined by the Plan, these transactions qualify as party-in-interest transactions. Additionally, the Plan provides for notes receivable from participants. Fees paid for services rendered by parties-in-interest were based on customary and reasonable rates for such services.

The Company provides to the Plan certain accounting and administrative services for which no fees are charged.

Note 9 – Nonexempt Prohibited Transactions

During 2022 and 2024, the Company had nonexempt prohibited transactions related to participant contributions and loan repayments not remitted to the trust in a timely manner as listed on Schedule H, Line 4a: Schedule of Delinquent Participant Contributions. The principal amount of the late contributions have been remitted to the Plan's trust. The Company intends to correct these transactions by remitting lost earnings into the Plan's trust as soon as administratively

Note 10 – Concentrations, Risks and Uncertainties

The Plan provides for various investment options in mutual funds and a money market fund. Investment securities, in general, are exposed to various risks, such as significant world events, interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts presented in the statements of net assets available for benefits. As of December 31, 2024 and 2023, there were two investments which individually represented more than 10% of net assets available for Plan benefits. See supplemental Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2024.

Coalfire Systems, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

Note 10 – Concentrations, Risks and Uncertainties (continued)

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Note 11 – Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through July 23, 2025, which is the date the financial statements were available to be issued.

Under the SECURE 2.0 Act of 2022, the following:

- Certain LTPT employees become eligible for participant contributions on January 1, 2025, after completing 500 hours of service for two consecutive years and meeting the Plan's age requirement.
- Effective January 1, 2025, the Plan Sponsor elected to adopt an increase in the catch-up contribution limit for participants aged 60-63. The new limit is the greater of \$10,000 or 150% of the regular catch-up contribution limit (\$11,250 for 2025) which is indexed annually.

Independent Auditor's Report

To the Plan Administrator of the
Coalfire Systems, Inc 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Coalfire Systems, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a: Schedule of Delinquent Participant Contributions and Schedule H, Line 4i: Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

-------------------------------------------------------	------------------------------------

The accompanying Notes are an integral part of these financial statements.

Coalfire Systems, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

Note 1 – Description of the Plan

The following description of the Coalfire Systems, Inc. 401(k) Plan (the "Plan") provides only general information. Participants and all others should refer to the Plan Document for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering all employees of Coalfire Systems, Inc. (the "Company") and Participating Employers (collectively, the "Employer") who are age 21 or older. The Plan excludes employees covered by a collective bargaining agreement; leased employees; non-resident aliens; and part-time, temporary, seasonal, and intern employees (unless such part-time, temporary, seasonal, and intern employees complete 1,000 hours of service and attain age 21). Eligible employees can enter the Plan on the first of the month coincident with or following the date they meet the Plan's eligibility requirements. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The 401(k) Investment Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

SECURE Act of 2019. Under the SECURE Act of 2019, certain long-term part-time ("LTPT") employees became eligible for participant contributions on January 1, 2024, after completing 500 hours of service for three consecutive years and meeting the Plan's age requirement.

Contributions. Each year, participants may contribute up to 90 percent of pretax annual compensation, as defined in the Plan. Participants may also elect to contribute a percentage of their after-tax compensation and designate it as a Roth elective deferral contribution. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans ("rollover"). During 2024, the Company made a discretionary Employer matching contribution equal to 100 percent of the first 4 percent of base compensation that a participant contributes to the Plan. Employer matching contributions are made on a per pay period basis. The Plan also provides for a discretionary nonelective Employer contribution based on a non-integrated allocation formula to eligible employees that have 1,000 hours of service and are employed on the last day of the Plan year. No such contribution was made during 2024. Participants direct the investment of their contributions and their share of Employer contributions into various investment options offered by the Plan. Investment options for participants include mutual funds and a money market fund. Contributions are subject to certain Internal Revenue Code ("IRC") limitations.

Participant Accounts. Each participant's account is credited with the participant's contribution, discretionary Employer contributions, and investment earnings. Participant accounts are charged with an allocation of administrative expenses and investment losses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are vested immediately in their contributions plus actual earnings thereon. With certain exceptions, vesting in Employer contributions is based on years of continuous service. A participant is 100 percent vested after three years of credited service based on a 3 year graduated vesting schedule.

Coalfire Systems, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

Note 1 – Description of the Plan (continued)

Forfeited Accounts. At December 31, 2024 and 2023, forfeited non-vested accounts totaled \$18,113 and \$20,078, respectively. Forfeitures are used to reduce Employer contributions and pay certain administrative expenses of the Plan. During 2024, Employer contributions were reduced by \$633,519 and administrative expenses of \$27,106 were paid from forfeitures.

Revenue Credits Account. The Plan maintains a revenue credits account ("RCP Account") that is funded by revenue credits and used to offset administrative expenses of the Plan or reallocated to eligible participants' accounts. The balance in the RCP account as of December 31, 2024 and 2023 was \$5,904 and \$5,320, respectively.

Payment of Benefits. On termination of service due to death, disability, retirement, or other reasons a participant may elect to receive a lump-sum amount or a direct rollover to another qualified retirement plan equal to the value of the participant's vested interest in their account. A terminated employee with a balance of less than a certain dollar threshold, as defined by the Plan document, may be automatically paid out by the Plan upon termination. In addition, participants may request in-service withdrawals of their rollover contributions account, upon attainment of age 59 ½, while performing active military service, or upon incurring a financial hardship if certain

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of (i) \$50,000 or (ii) 50% of their vested account balance. Loan terms range from 1 month up to a maximum of 5 years (a longer term is available if used for the purchase of a principal residence). The loans are secured by the balance in the participant's account and bear a reasonable rate of interest commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest payments are paid ratably through payroll deductions.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting. The financial statements of the Plan were prepared using the accrual method of accounting.

Use of Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's 401(k) Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Coalfire Systems, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

Note 2 – Summary of Significant Accounting Policies (continued)

Contributions. Participant contributions and the related Employer matching contribution are recognized in the period in which participant contributions are withheld from compensation.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits. Benefits are recorded when paid.

Administrative Expenses and Revenue Credits. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Also included in administrative expenses are recordkeeping charges, account maintenance fees, investment advisory, accounting, and other administrative expenses. Certain investment related expenses are included in net appreciation in fair value of investments.

The Plan's service provider calculates quarterly revenue credits for participants based on the Plan's average quarterly balances held by participants invested in eligible funds. Revenue credits are allocated back to participants' accounts on a pro-rata basis. For the year ended December 31, 2024, total administrative expenses and revenue credits netted to \$105,843, which consisted of \$116,678 in administrative fees and \$10,835 in revenue credits.

Note 3 – Fair Value Measurements

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Coalfire Systems, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

Note 3 – Fair Value Measurements (continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2024 and 2023. The following is a description of the valuation methodologies used for assets measured at fair value:

- Mutual funds and money market funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Fair Value Measurements at December 31, 2024

	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
Mutual Funds	\$ 108,977,201	\$ -	\$ -	\$ 108,977,201
Money Market Fund	1,853,451	-	-	1,853,451
Total Assets at Fair Value	\$ 110,830,652	\$ -	\$ -	\$ 110,830,652

Fair Value Measurements at December 31, 2023

	Quoted Prices in Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
Mutual Funds	\$ 91,956,218	\$ -	\$ -	\$ 91,956,218
Money Market Fund	2,480,513	-	-	2,480,513
Total Assets at Fair Value	\$ 94,436,731	\$ -	\$ -	\$ 94,436,731

Coalfire Systems, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

Note 4 – Certified Information

The following information disclosed in the accompanying financial statements and ERISA-required supplemental schedules was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan:

- Investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023, and Note 3;
- Notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023;
- Investment income, as presented in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024;
- Interest income on notes receivable from participants, as presented in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024;
- The investment information in the Schedule of Assets (Held at End of Year) as of December 31, 2024, as shown in the supplemental schedules.

Note 5 – Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2024:

	<u>2024</u>
Net assets available for benefits per the financial statements	<u>\$ 112,170,084</u>
Less: Contributions receivable	<u>(486,429)</u>
Net assets available for benefits per the Form 5500 (unaudited)	<u>\$ 111,683,655</u>

The following is a reconciliation of Employer and participant contributions per the financial statements to the Form 5500 for the year ended December 31, 2024:

	<u>Employer Contributions</u>	<u>Participant Contributions</u>
Amounts per the financial statements	\$ 3,578,232	\$ 10,257,839
Less: 2024 contributions receivable	<u>(146,997)</u>	<u>(339,432)</u>
Amounts per the Form 5500 (unaudited)	<u>\$ 3,431,235</u>	<u>\$ 9,918,407</u>

Note 6 – Tax Status

The Plan Sponsor has adopted an FMR LLC Non-Standardized Pre-Approved Profit Sharing Plan ("pre-approved plan"). The pre-approved plan received an opinion letter from the IRS on June 30, 2020, which stated that the pre-approved plan is qualified under the applicable sections of the IRC. Although the pre-approved plan and the Plan have been amended since receiving the IRS opinion letter, the Plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified under Section 401(a) of the IRC and the related Trust is tax exempt as of December 31, 2024 and 2023. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Coalfire Systems, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

Note 6 – Tax Status (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination or partial termination, affected participants will become 100% vested in their accounts.

Note 8 – Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds offered by Fidelity. As Fidelity Management Trust Company is the Trustee, as defined by the Plan, these transactions qualify as party-in-interest transactions. Additionally, the Plan provides for notes receivable from participants. Fees paid for services rendered by parties-in-interest were based on customary and reasonable rates for such services.

The Company provides to the Plan certain accounting and administrative services for which no fees are charged.

Note 9 – Nonexempt Prohibited Transactions

During 2022 and 2024, the Company had nonexempt prohibited transactions related to participant contributions and loan repayments not remitted to the trust in a timely manner as listed on Schedule H, Line 4a: Schedule of Delinquent Participant Contributions. The principal amount of the late contributions have been remitted to the Plan's trust. The Company intends to correct these transactions by remitting lost earnings into the Plan's trust as soon as administratively

Note 10 – Concentrations, Risks and Uncertainties

The Plan provides for various investment options in mutual funds and a money market fund. Investment securities, in general, are exposed to various risks, such as significant world events, interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts presented in the statements of net assets available for benefits. As of December 31, 2024 and 2023, there were two investments which individually represented more than 10% of net assets available for Plan benefits. See supplemental Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2024.

Coalfire Systems, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2024 and 2023

Note 10 – Concentrations, Risks and Uncertainties (continued)

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Note 11 – Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through July 23, 2025, which is the date the financial statements were available to be issued.

Under the SECURE 2.0 Act of 2022, the following:

- Certain LTPT employees become eligible for participant contributions on January 1, 2025, after completing 500 hours of service for two consecutive years and meeting the Plan's age requirement.
- Effective January 1, 2025, the Plan Sponsor elected to adopt an increase in the catch-up contribution limit for participants aged 60-63. The new limit is the greater of \$10,000 or 150% of the regular catch-up contribution limit (\$11,250 for 2025) which is indexed annually.
