Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Associated Administrators, LLC 401(K) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Associated Administrators, LLC 401(K) Profit Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Associated Administrators, LLC 401(K) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Associated Administrators, LLC 401(K) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control - related matters that we identified during the audit.

**Other Matter - Supplemental Schedule Required by ERISA**

The supplemental schedule of assets held for investment purposes at end of year December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Associated Administrators, LLC 401(K) Profit Sharing Plan

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ASSOCIATED ADMINISTRATORS, LLC 401(K) PROFIT SHARING PLAN  
NOTES TO FINANCIAL STATEMENTS

---

December 31, 2024 and 2023

---

**Note 1: Description of the Plan**

The following description of Associated Administrators, LLC 401(K) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

**General**

The Plan is a defined contribution plan covering all eligible employees of Associated Administrators, LLC (the Employer). The Plan became effective January 1, 1973 and is subject to the provisions of ERISA. All employees of the Employer, except as noted in the Plan Agreement, who have reached age 21 shall be eligible to participate in the Plan. Employee deferrals may begin immediately upon meeting the eligibility requirements. Plan management is responsible for oversight of the Plan. They determine the appropriateness of the Plan's investment offerings and monitor investment performance.

**Contributions**

A participant in the Plan may elect to enter into a salary reduction agreement with the Employer, which shall be applicable to such Plan year and subsequent Plan years unless canceled or modified. Under the agreement, the participant agrees to accept a reduction in compensation equal to any whole percentage of compensation up to 92%, that does not exceed the limitations of the Internal Revenue Code (IRC). Participants who are age 50 or older before the end of the Plan year may contribute catch-up contributions. The salary reduction amount shall then be contributed to the Plan by the Employer on behalf of the participant. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Employees are automatically enrolled at a deferral contribution rate of 1% of compensation, increased by 1% on the first day of each Plan year until it reaches a maximum of 4% of compensation, unless otherwise elected by the participant.

The Plan provides for an Employer Profit Sharing contribution which is based on a discretionary formula to be determined by the Employer from year to year. The employee profit sharing is equal to 0.5% of each employee's eligible compensation for each of the years ended December 31, 2024 and 2023. The Employer contribution shall be allocated only to the accounts of active participants who are employed on the last day of the Plan year and complete at least 1,000 hours of service during each such Plan year. A participant does not need to satisfy these requirements in case of death, disability or retirement during the Plan year.

The Plan also provides for Employer discretionary matching contributions. There were no such Employer contributions made for the years ended December 31, 2024 and 2023.

**Participant Accounts**

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution and Employer's contributions, if any, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

---

**Note 1: Description of Plan (Continued)**

**Forfeitures**

At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$3,456 and \$118, respectively. These accounts may first be used to pay administrative expenses. Any remaining amounts will be used to reduce future Employer contributions. During 2024, no forfeitures were used to reduce employer contributions or pay Plan expenses.

**Vesting**

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of their accounts and earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service, in accordance with the following schedule:

| <u>Years of Service</u> | <u>Vesting Percentage</u> |
|-------------------------|---------------------------|
| Less than 2             | -0-                       |
| 2                       | 20                        |
| 3                       | 40                        |
| 4                       | 60                        |
| 5                       | 80                        |
| 6                       | 100                       |

**Payment of Benefits**

Upon termination, retirement, death or disability, a participant or beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. The participant, eligible spouse or beneficiary may also be eligible to elect a direct rollover of the vested account balance to an individual retirement account or another employer's plan.

If the participant's vested account balance is \$5,000 or less, the Plan will make an automatic distribution of the vested balance to an individual retirement account or annuity, unless otherwise requested. If the vested account balance is \$1,000 or less, the Plan will make an automatic distribution of the amount by making a lump sum payment to the participant without their consent, unless otherwise requested.

**Notes Receivable from Participants**

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000, reduced by the highest outstanding loan balance in their account during the prior 12 month period. Participants may only have one loan outstanding at any given time. Loan terms are up to five years unless the proceeds are used for the purchase of a primary residence, in which case the payment term may be extended. The loans are secured by the vested balance in the participant's account and bear interest at a rate commensurate with prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

**Hardship Withdrawals**

Hardship withdrawals are permitted in accordance with the Plan Agreement, subject to a \$500 minimum amount.

**Note 2: Summary of Significant Accounting Policies**

**Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

**Use of Estimates**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment Valuation and Income Recognition**

Investments are reported at fair value except for direct investments in fully benefit-responsive investment contracts (FBRIC), which are reported at contract value. The Plan has no direct investments in FBRIC. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors and trustees. See Note 4 for discussion of fair value measurements.

Indirect investments in FBRIC, i.e. investments in stable value common or collective trusts (CCT's), are not in the scope of the FBRIC guidance. As such, the contract value is presented as fair value and reported on the statements of net assets available for benefits with investments at fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

**Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account, are included in administrative expenses and are expensed when they are incurred.

**Contributions**

Contributions from Plan participants are recorded in the year in which the employee contributions are withheld from compensation.

**Contributions Receivable**

Contributions from the Employer and participants of the Plan are accrued in the period in which they become obligations under provisions of the Plan Agreement. The Employer contributions not received by the Plan as of December 31, 2024 and 2023 amounted to \$97,904 and \$50,232, respectively, and are reported as a receivable on the statements of net assets available for benefits. In the Plan's opinion, the balance of contributions receivable at December 31, 2024 is fully collectible.

**Payment of Benefits**

Benefits are recorded when paid.

**Note 2: Summary of Significant Accounting Policies (Continued)**

**Administrative Expenses**

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of the Plan, including administration of withdrawals, are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

**Date of Management's Review**

The Plan has evaluated events and transactions that occurred during the period from the date of the financial statements through October 9, 2025, the date the Plan's financial statements were available to be issued. There were no events or transactions that occurred during the period that materially impacted the amounts or disclosures in the Plan's financial statements.

**Note 3: Information Prepared and Certified by the Plan's Trustee**

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by Ascensus Trust Company, the trustee of the Plan, except for comparing such information certified by the trustee to information included in the Plan's financial statements as of December 31, 2024 and 2023, and the supplemental schedule of assets held for investment purposes at the end of the year December 31, 2024.

| Investments   | 2024                | 2023                |

| Funds Held in Registered Investment Companies -<br>Mutual Funds - at Fair Value | \$ 9,502,734        | \$ 8,741,499        |
| Funds Held in Collective Trust Fund at Fair Value                               | 289,279             | 419,193             |

The trustee also certified to the completeness and accuracy of \$875,317 of net appreciation (depreciation) in fair value of investments, \$233,255 of dividend income, and \$16,244 of interest on notes receivable related to the aforementioned investments and notes receivable from participants for the year ended December 31, 2024.

**Note 4: Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1), and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

*Level 1 Fair Value Measurements*

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2 Fair Value Measurements*

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3 Fair Value Measurements*

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Mutual Funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

ASSOCIATED ADMINISTRATORS, LLC 401(K) PROFIT SHARING PLAN  
NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

**Note 4: Fair Value Measurements (Continued)**

*Collective Trust Fund:* Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the fund in order to ensure that securities liquidations will be carried out in an orderly business manner. The use of net asset value as fair value is deemed appropriate as the collective trust funds do not have finite lives, unfunded commitments relating to these types of investments, or significant restrictions on redemptions.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

|  | Investments at Fair Value<br>Measurements Using: |                            |

(a) Certain investments that were measured at net asset value per share (or an equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2024, are reported in net appreciation (depreciation) in fair value of investments.

**Note 5: Collective Trust Fund**

The Plan invests in collective trust fund, MetLife GAC-25053 Stable Value CL 25, which invests in fully benefit-responsive investment contracts. A holding in these funds is considered an indirect investment in fully benefit-responsive contracts, which are reflected at fair value in the accompanying statements of net assets available for benefits.

As of December 31, 2024 and 2023, there were no reserves against the wrap contracts' carrying values for credit risk of the contract issuers. Interest rates are reviewed on a quarterly basis for resetting.

Certain events could limit the ability of the Plan to transact at contract value with the issuer of the contracts held by MetLife GAC-25053 Stable Value CL 25. Such events could include, but are not limited to, the following: the establishment of a defined contribution plan that competes with the Plan for contributions; substantive modification to MetLife GAC-25053 Stable Value CL 25 or the administration of MetLife GAC-25053 Stable Value CL 25; change in law, regulation or administrative ruling applicable to the Plan that could have a material adverse effect on cash flow; transfer to a competing investment option; and failure of the Plan to qualify under the applicable sections of the IRC. Withdrawals initiated by the Plan Administrator will normally be provided at contract value as soon as feasible within 15 days following written notice. The Plan does not believe that the occurrence of any of these events, which could limit the Plan's ability to transact at contract value with participants, is probable.

**Note 6: Plan Termination**

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Employer contributions.

**Note 7: Tax Status**

The Plan is a qualified prototype plan under Section 401(a) and 401(k) of the Internal Revenue Code (IRC), and is exempt from federal income taxes under provision of Section 501(a) of the IRC as per the opinion letter dated January 1, 2018. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified and is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The previous three tax years remain subject to examination by the IRS.

**Note 8: Related Party and Party-in-Interest Transactions**

Certain Plan investments include interests in registered investment companies managed by Ascensus Trust Company and The Vanguard Group, Inc. Ascensus Trust Company is the trustee and The Vanguard Group, Inc. is the recordkeeper as defined by the Plan Agreement and therefore, these transactions qualify as party-in-interest transactions. Certain fees incurred by the Plan for investment management services are included in net appreciation (depreciation) in fair value of the investment, as they are paid through revenue sharing rather than a direct payment.

All of these party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.

**Note 9: Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**Note 10: Rollover Contributions**

In accordance with the Plan Agreement, qualified direct rollovers are permitted by the Plan. There were no rollovers into the Plan during 2024.
