**REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS**

To the Pension Committee  
Beebe Medical Center Retirement Plus Plan

**Scope and nature of the ERISA Section 103(a)(3)(C) audit**

We were engaged to perform an audit of the financial statements of Beebe Medical Center Retirement Plus Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

**Disclaimer of opinion**

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

**Basis for disclaimer of opinion**

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements may have been affected by these conditions.

Further, as described in Note I to the financial statements, the Plan has excluded from investments in the accompanying statement of net assets available for benefits, certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the financial statements.

#### **Responsibilities of management for the financial statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

#### **Auditor's responsibilities for the audit of the financial statements**

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits.

#### **Other matter**

##### *Supplemental schedule required by ERISA*

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of

Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

*Auditor's report on the 2023 financial statements*

The financial statement of the Plan as of and for the year ended December 31, 2023 were audited by other auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report, dated October 8, 2024, indicated that (a) the Plan has not maintained sufficient accounting records and supporting documents relating to certain contracts and custodial accounts issued to current and former employees prior to January 1, 2009, (b) the Plan has excluded from investments in the statement of net assets available for benefits certain contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans, and has also excluded the investment income and distributions related to such accounts in the statement of changes in net assets available for benefits, and (c) accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the financial statements. Because of the significance of the information that the other auditors did not audit and because they were unable to apply auditing procedures to satisfy themselves as to the appropriateness and completeness of the Plan's net assets available for benefits and changes in net assets available for benefits, they were unable to, and did not, express an opinion on the 2023 financial statements.

## **Beebe Medical Center Retirement Plus Plan**

### **NOTES TO FINANCIAL STATEMENTS**

**December 31, 2024 and 2023**

#### **NOTE A - DESCRIPTION OF THE PLAN**

The following description of the Beebe Medical Center Retirement Plus Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is a defined contribution 403(b) elective deferral plan, established on January 1, 1991, and covers substantially all employees of Beebe Medical Center, Beebe Medical Group and in prior years the Lewes Convalescent Center. A 403(b) plan may be sponsored by only certain tax-exempt employers, which generally include organizations established under IRC Section 501(c)(3). Beebe Medical Center (the Medical Center) is a 501(c)(3) organization. A 403(b) plan is allowed to invest in only two categories of investment: insurance company annuity contracts and shares of mutual funds.

Eligible employees may make elective deferral contributions. Before September 1, 2001, an employee became eligible to participate in the Plan the first payroll period after 90 days of employment. Executives, physicians, and directors became a participant as of the first payroll period beginning after their employment commencement date. Now all employees are eligible to participate as of the first payroll period after being hired. The Medical Center provides for an employer match contribution after 90 days of service that matches 50% of an employee's elective deferral for benefit eligible employees and non-benefit eligible employees who work 1000 hours. Employee deferrals in excess of 7% of eligible pay are not matched by the employer. The Plan provides for 100% vesting immediately for both elective deferrals and matching contributions. In addition, the Medical Center provides for an employer discretionary contribution for all employees, exclusive of the Beebe Medical Group, who are hired after December 31, 2013, and have one year of service. Employees of Beebe Medical Group became eligible as of January 1, 2022, for an employer discretionary contribution after one year of service. A discretionary employer contribution will be based on eligible salary and years of vested service. The discretionary employer contribution will be 2% of eligible salary for participants with five or less years of vested service, 3% of eligible salary for participants with six to 10 years of vested service and 4% of eligible salary for participants with 11 or more years of vested service.

The Plan provides for 100% vesting of employer discretionary contributions after three years of vested service. Forfeited nonvested amounts are used to reduce employer contributions in the year of forfeiture. Each participant's account is credited with the participant's elective salary deferral, the Medical Center's contribution, and allocation of Plan earnings.

Generally, benefit payments commence at the employee's normal retirement age. On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's interest in his or her account, or installment payments. For termination of service due to other reasons, a participant may receive the value of his or her account as a lump-sum distribution. Loans are allowed under the Plan. The minimum amount of any loan is \$1,000 and a maximum of \$50,000 not to exceed 50% of the participant's individual account. A participant may have no more than one loan outstanding at a time. The length of the loan cannot exceed five years unless the loan is for the acquisition of the participant's principal residence in which case the maximum years allowed would be fifteen. The loans are secured by the balance in the participant's account and bear interest on each loan at prime rates plus one, ranging from 4.25% to 9.50%. Principal and interest is paid ratably through payroll deductions or electronic payments from the participant.

The Plan is administered by the Medical Center's Pension, Investment and Finance Committees, which are committees of selected board of directors and employees of the Medical Center. The committees have the overall responsibility for the operation and administration of the Plan.

**NOTE B - SIGNIFICANT ACCOUNTING POLICIES**

***Basis of Accounting***

The financial statements of the Plan are prepared under the accrual method of accounting under accounting principles generally accepted in the United States of America. Investments held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits presents the fair value of the investments as well as the fully benefit-responsive investment contracts at contract value. The statements of changes in net assets available for benefits is prepared on this basis.

***Notes Receivable from Participants***

Loans to participants are reported at their unpaid principal balances. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant's note receivable is recorded as a benefit payment based on the terms of the Plan document.

***Investment Valuation and Income Recognition***

The Plan's investments are stated at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the payment date. Dividends are recorded on the payment date. Participant loans are valued at their outstanding balance, which approximate fair value.

***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

***Administrative Costs***

Costs related to administrative fees charged by the custodian are paid from pension plan assets. Expenses for the Plan that are paid by the Medical Center are excluded from these financial statements.

***Forfeited Accounts***

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures are used to reduce the Medical Center's contribution to the Plan. At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$111,309 and \$47,450, respectively. These accounts may be used to reduce employer contributions and benefit payments.

**Beebe Medical Center Retirement Plus Plan**  
**NOTES TO FINANCIAL STATEMENTS - CONTINUED**  
**December 31, 2024 and 2023**

***Benefits Paid to Participants***

Benefits paid to participants are recorded upon their distribution.

***Plan Termination***

Although it has not expressed any intent to do so, the Medical Center has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

**NOTE C - FAIR VALUE MEASUREMENTS**

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurements authoritative literature establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable input be used when available. Observable inputs are inputs that the market participants would use in pricing the asset developed based on market data obtained from sources independent of the Plan. Unobservable inputs are inputs that reflect the Plan assumptions about the assumptions market participants would use in pricing the asset developed based on the best information available in the circumstances. The hierarchy is measured in three levels based on the reliability of inputs. The Plan does not hold any assets valued under Level 2 or 3.

Level 1 - Valuations based on quoted prices in active markets for identical assets that the Plan has the ability to access. Valuation adjustments and block discounts are not applied to Level 1 instruments.

In instances where the determination of the fair value measurement is based on inputs from different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

The following are the major categories of assets measured at fair value on a recurring basis during the years ended December 31, 2024 and 2023.

<u>Description</u>	Fair Value Measurement Using Quoted Prices in Active Markets for Identical Assets (Level 1)	Total at December 31, 2024
Mutual funds at fair value	<u>\$ 241,254,672</u>	<u>\$ 241,254,672</u>

**Beebe Medical Center Retirement Plus Plan**

**NOTES TO FINANCIAL STATEMENTS - CONTINUED**

**December 31, 2024 and 2023**

<u>Description</u>	<u>Fair Value Measurement Using Quoted Prices in Active Markets for Identical Assets (Level 1)</u>	<u>Total at December 31, 2023</u>
Mutual funds at fair value	<u>\$ 204,188,876</u>	<u>\$ 204,188,876</u>

The Plan entered into a benefit-responsive investment contract, Lincoln Stable Value Account, with The Lincoln National Life Insurance Company (Lincoln). Lincoln maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Lincoln. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value on a daily basis. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note A, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value.

There are reserves established to support the guarantees in annuity contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2024 and 2023, was \$19,894,426 and \$19,665,097, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 1.75%.

Certain events limit the Plan's ability to transact at contract value with Lincoln. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures) that cause a significant withdrawal from the Plan, or (c) failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with plan participants are probable of occurring. If the Plan decides to liquidate the contract, the payout may be restricted to a payment over a five-year period.

The guaranteed investment contract does not permit the insurance company to terminate the agreement.

**NOTE E - INVESTMENTS**

The December 31, 2024 and 2023, statements of net assets available for benefits, the investment activities included in the statements of changes in net assets available for benefits for the years ended December 31, 2024 and 2023, and the accompanying notes to the financial statements were prepared in part or entirely

### **NOTES TO FINANCIAL STATEMENTS - CONTINUED**

**December 31, 2024 and 2023**

from information certified by the custodians Lincoln Financial Group Trust Company, Inc. and Lincoln National Life Insurance Company, (collectively Lincoln) in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments and notes receivable from participants at December 31, 2024, and 2023, respectively, and the related net appreciation in fair value of investments, interest and dividends for the years ended December 31, 2024 and 2023. All investments are participant directed.

#### **NOTE F - PARTY-IN-INTEREST TRANSACTIONS**

Lincoln is the trustee, custodian and recordkeeper for the Plan, and executes investment transactions for participants and holds the Plan's assets. All plan investments are participant directed from a group of funds selected by the Medical Center. Lincoln receives revenue from some mutual fund service providers. This revenue is used to offset fees due from Plan assets. Net fees paid by the Plan for these services amounted to \$297,472 and \$278,168 for the years ended December 31, 2024 and 2023, respectively.

#### **NOTE G - INCOME TAX STATUS**

The Plan has been designed to qualify under section 403(b) of the IRC. The terms of the Plan have been prepared to conform to the sample language provided by the IRS in Revenue procedure 2007-71. The Plan has adopted a volume submitter 403(b) Plan document, which received a favorable opinion letter dated March 31, 2017, in which the Internal Revenue Service ("IRS) stated that the volume submitter was in compliance with the applicable requirements of the IRC. The volume submitter is effective for the Plan as of April 15, 2023.

The plan is required to operate in conformity with the IRC to maintain the tax-exempt status for the Plan participants under Section 403(b). The Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related accounts are tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### **NOTE H - RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Therefore, the value, liquidity, and related income of the securities are sensitive to changes in economic condition, delinquencies, or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**December 31, 2024 and 2023**

**NOTE I - DEPARTURE FROM ACCOUNTING PRINCIPLES GENERALLY ACCEPTED IN THE UNITED STATES OF AMERICA**

The Plan's financial statements do not present information regarding certain investments in annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. The Plan Administrator has elected to exclude those contracts and accounts and the related activity from the Plan's financial statements for purposes of the annual reporting requirements of the Employee Retirement Income Security Act of 1974 (ERISA) in accordance with the transition relief provided by Department of Labor Field Assistance Bulletin 2009-02, *Annual Reporting Requirements for 403(b) Plans*. Presentation of this information is required by accounting principles generally accepted in the United States of America. Only investments accounted for under the Lincoln Financial Group 403(b) Plan are presented in these financial statements. The effects of this departure from accounting principles generally accepted in the United States of America on these financial statements are not reasonably determinable.

**NOTE J - SUBSEQUENT EVENTS**

Management has evaluated subsequent events through October 13, 2025, the date the financial statements were available to be issued. The Plan Administrator is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
