INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
A-V Services, Incorporated
401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of A-V Services, Incorporated 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of A-V Services, Incorporated 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of A-V Services, Incorporated 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about A-V Services, Incorporated 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with General Accepted Auditing Standards ("GAAS") will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of A-V Services, Incorporated 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about A-V Services, Incorporated 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedules Required by ERISA

The supplemental schedule, Form 5500, Schedule H, Part IV, Line 4i Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

A-V SERVICES, INCORPORATED 401(K) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

1. DESCRIPTION OF PLAN

General --- The following description of the A-V Services, Incorporated 401(K) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering all employees who are 21 years of age or older of A-V Services, Incorporated (the "Company"). The Plan was established on January 1, 1995 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company serves as the administrator of the Plan. Fidelity Management Trust Company serves as the trustee and custodian for the Plan.

Eligibility --- All employees are eligible to make salary reduction contributions, including designated Roth contributions, except employees covered by a collective bargaining agreement and non-resident aliens with no U.S. source income. Employees enter the Plan on the first day of the month coinciding with or immediately following their date of hire. Effective January 1, 2023, the Plan was amended to exclude bonuses in the definition of eligible compensation

Contributions --- Each year, participants may contribute pre-tax and/or Roth contributions up to 100% of annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. At its sole discretion, the Company may contribute and allocate to each eligible Participant's account, a percentage of the Participant's elective deferrals. Employer matching contributions, if any, shall be determined as of the end of the Plan year. Contributions are subject to certain limitations. There were no employer contributions made for the years ended December 31, 2024 and 2023.

Participant accounts --- Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution and investment earnings and is charged with withdrawals and an allocation of investment losses and administrative expenses. The amount of investment income a participant's account earns is contingent upon the nature of the investments chosen by the participants. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting --- Participants are fully vested immediately in their own contributions made into the plan, plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service and follow the chart below. Moreover, participants are fully and automatically vested in their accounts after becoming eligible for retirement, incurring a disability prior to termination, or upon death. They will vest in their account balances based on total years of service with the Company as follows:

<u>Years of Service</u>	<u>Percentage Vested</u>
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023 (CONTINUED)

1. DESCRIPTION OF PLAN (CONT.)

Notes receivable from participants --- Participants may borrow from their fund accounts a minimum of \$1,000 up to the maximum amount that may be borrowed from a qualified profit sharing plan without being subject to income tax (currently, \$50,000 or, if less, 50% of the value of a participant's non-Roth vested account balance). This amount may be further limited by the provisions of the contract or if participants have other loans under this plan. The loans are secured by the balance in the participant's account and bear interest at rates between 1.00% and 5.25%, which is commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through bi-weekly payroll deductions.

Payment of benefits --- Normal retirement age to withdraw money is 65 years. However, participants may elect to receive a retirement benefit any time on or after the date he or she reaches age 59-1/2. On termination due to death, disability or retirement, a participant or his or her beneficiary will receive payment equal to the value of the participant's vested interest in his or her account. Upon becoming eligible to receive benefits, participants with a value in their vested accounts of greater than \$1,000 may elect to receive a lump-sum benefit. Participants with a vested value of less than \$1,000 will receive a lump-sum payment. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited accounts --- Forfeitures arising from the termination of participants who were not fully vested shall be reallocated to pay administrative expenses of the Plan or go towards the Company contributions. Non-vested portions of participant matching contribution accounts are considered to be forfeited after a participant has incurred five consecutive breaks in vesting service or distribution occurs. There were no forfeitures and earnings for 2024 and 2023.

Hardship withdrawals --- Upon proof, to the satisfaction of the Plan administrator of an immediate and heavy financial need, amounts contributed by the employee may be withdrawn for a hardship purpose. Any amounts distributed due to a hardship must be distributed in a lump-sum subject to a \$500 minimum amount. Distributions are subject to the applicable provisions of the Plan agreement.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting --- The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates --- The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results can differ from those estimates.

Notes receivable from participants --- Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when earned. Related fees are recorded as administrative expenses and are expensed when incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a deemed distribution is recorded. Deemed distributions recorded for the years ended December 31, 2024 and 2023 were \$8,291 and \$0, respectively.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023 (CONTINUED)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT.)

Investment valuation and income recognition --- Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits --- Benefit payments to participants are recorded when paid. There are no amounts payable to participants who elected to withdraw from the Plan at December 31, 2024 and 2023, respectively.

Expenses --- Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

3. FAIR VALUE MEASUREMENTS (CONT.)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value fund (common collective investments trusts): These inputs are “observable for the asset or liability, either directly or indirectly”, including quoted prices for similar securities, interest rates, credit risk, etc. that are determined for an asset based on independent market data.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2024 and 2023.

	December 31, 2024		
	Level 1	Level 2	Total
Mutual funds	\$ 12,433,028	\$ -	\$ 12,433,028
Stable value fund (common/ collective investment trusts)	-	488,505	488,505
Investments at fair value	<u>\$ 12,433,028</u>	<u>\$ 488,505</u>	<u>\$ 12,921,533</u>
	December 31, 2023		
	Level 1	Level 2	Total
Mutual funds	\$ 10,852,209	\$ -	\$ 10,852,209
Stable value fund (common/ collective investment trusts)	-	416,553	416,553
Investments at fair value	<u>\$ 10,852,209</u>	<u>\$ 416,553</u>	<u>\$ 11,268,762</u>

4. STABLE VALUE FUND (COMMON/COLLECTIVE INVESTMENT TRUSTS)

The Plan offers stable value funds, for which Fidelity Management Trust Company serves as trustee and custodian. The investments of the common/collective investment trust may consist of fully benefit-responsive investment contracts, fixed income securities, pooled separate accounts and other low risk securities. While the fund seeks to preserve the account holders principal investment, it is possible to lose money by investing in this fund, as the funds have net asset values that are considered published.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023 (CONTINUED)

4. STABLE VALUE FUND (COMMON/COLLECTIVE INVESTMENT TRUSTS) (CONT.)

Total amounts of stable value funds (common/collective investment trusts) were \$488,505 and \$416,553, respectively for the years ended December 31, 2024 and 2023.

5. RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Plan investments are managed by Fidelity Management Trust Company, a related entity of Fidelity Investments Institutional. Fidelity Management Trust Company is the trustee and custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Purchases and sales of these funds are open market transactions at fair market value. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA and applicable exemptions promulgated thereunder.

Participants have loans outstanding in the amount of \$244,972 and \$157,109 as of December 31, 2024 and 2023, respectively. Administrative fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

6. PLAN TERMINATION

Although it has not expressed intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, the rights of the participants under the Plan will become fully vested and non-forfeitable. Should the Plan terminate at some future time, the assets of the Plan are to be distributed to the participants, their beneficiaries, or estates, in accordance with the value of the accounts such participants hold as of the date of the termination of the Plan.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

The Plan may invest in securities with contractual cash flows, such as asset-backed securities, collateralized mortgage obligations and commercial mortgage-backed securities, including securities backed by subprime mortgage loans. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

8. TAX STATUS

The Internal Revenue Service has most recently determined and informed the Trustee as of June 30, 2020 that the Plan and related trust are designed and are currently being operated in compliance with applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since the Internal Revenue Service determination, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan is qualified and the related trust is tax-exempt.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023 (CONTINUED)

8. TAX STATUS (CONT.)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to income tax examinations for three years from its latest filing.

9. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE AND CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 as of and for the years ended December 31, 2024 and 2023. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investment information reported on the accompanying statement of net assets available for benefits as of December 31, 2024 and 2023 and the supplemental schedule as of December 31, 2024, and the related investment income reflected in the statements of changes in net asset available for benefits for the years ended December 31, 2024 and 2023.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
A-V Services, Incorporated
401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of A-V Services, Incorporated 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of A-V Services, Incorporated 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of A-V Services, Incorporated 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about A-V Services, Incorporated 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with General Accepted Auditing Standards ("GAAS") will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of A-V Services, Incorporated 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about A-V Services, Incorporated 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedules Required by ERISA

The supplemental schedule, Form 5500, Schedule H, Part IV, Line 4i Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

A-V SERVICES, INCORPORATED 401(K) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

1. DESCRIPTION OF PLAN

General --- The following description of the A-V Services, Incorporated 401(K) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering all employees who are 21 years of age or older of A-V Services, Incorporated (the "Company"). The Plan was established on January 1, 1995 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company serves as the administrator of the Plan. Fidelity Management Trust Company serves as the trustee and custodian for the Plan.

Eligibility --- All employees are eligible to make salary reduction contributions, including designated Roth contributions, except employees covered by a collective bargaining agreement and non-resident aliens with no U.S. source income. Employees enter the Plan on the first day of the month coinciding with or immediately following their date of hire. Effective January 1, 2023, the Plan was amended to exclude bonuses in the definition of eligible compensation

Contributions --- Each year, participants may contribute pre-tax and/or Roth contributions up to 100% of annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. At its sole discretion, the Company may contribute and allocate to each eligible Participant's account, a percentage of the Participant's elective deferrals. Employer matching contributions, if any, shall be determined as of the end of the Plan year. Contributions are subject to certain limitations. There were no employer contributions made for the years ended December 31, 2024 and 2023.

Participant accounts --- Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution and investment earnings and is charged with withdrawals and an allocation of investment losses and administrative expenses. The amount of investment income a participant's account earns is contingent upon the nature of the investments chosen by the participants. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting --- Participants are fully vested immediately in their own contributions made into the plan, plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service and follow the chart below. Moreover, participants are fully and automatically vested in their accounts after becoming eligible for retirement, incurring a disability prior to termination, or upon death. They will vest in their account balances based on total years of service with the Company as follows:

<u>Years of Service</u>	<u>Percentage Vested</u>
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023 (CONTINUED)

1. DESCRIPTION OF PLAN (CONT.)

Notes receivable from participants --- Participants may borrow from their fund accounts a minimum of \$1,000 up to the maximum amount that may be borrowed from a qualified profit sharing plan without being subject to income tax (currently, \$50,000 or, if less, 50% of the value of a participant's non-Roth vested account balance). This amount may be further limited by the provisions of the contract or if participants have other loans under this plan. The loans are secured by the balance in the participant's account and bear interest at rates between 1.00% and 5.25%, which is commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through bi-weekly payroll deductions.

Payment of benefits --- Normal retirement age to withdraw money is 65 years. However, participants may elect to receive a retirement benefit any time on or after the date he or she reaches age 59-1/2. On termination due to death, disability or retirement, a participant or his or her beneficiary will receive payment equal to the value of the participant's vested interest in his or her account. Upon becoming eligible to receive benefits, participants with a value in their vested accounts of greater than \$1,000 may elect to receive a lump-sum benefit. Participants with a vested value of less than \$1,000 will receive a lump-sum payment. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited accounts --- Forfeitures arising from the termination of participants who were not fully vested shall be reallocated to pay administrative expenses of the Plan or go towards the Company contributions. Non-vested portions of participant matching contribution accounts are considered to be forfeited after a participant has incurred five consecutive breaks in vesting service or distribution occurs. There were no forfeitures and earnings for 2024 and 2023.

Hardship withdrawals --- Upon proof, to the satisfaction of the Plan administrator of an immediate and heavy financial need, amounts contributed by the employee may be withdrawn for a hardship purpose. Any amounts distributed due to a hardship must be distributed in a lump-sum subject to a \$500 minimum amount. Distributions are subject to the applicable provisions of the Plan agreement.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting --- The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates --- The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results can differ from those estimates.

Notes receivable from participants --- Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when earned. Related fees are recorded as administrative expenses and are expensed when incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a deemed distribution is recorded. Deemed distributions recorded for the years ended December 31, 2024 and 2023 were \$8,291 and \$0, respectively.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023 (CONTINUED)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT.)

Investment valuation and income recognition --- Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits --- Benefit payments to participants are recorded when paid. There are no amounts payable to participants who elected to withdraw from the Plan at December 31, 2024 and 2023, respectively.

Expenses --- Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023 (CONTINUED)

3. FAIR VALUE MEASUREMENTS (CONT.)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value fund (common collective investments trusts): These inputs are “observable for the asset or liability, either directly or indirectly”, including quoted prices for similar securities, interest rates, credit risk, etc. that are determined for an asset based on independent market data.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2024 and 2023.

	December 31, 2024		
	Level 1	Level 2	Total
Mutual funds	\$ 12,433,028	\$ -	\$ 12,433,028
Stable value fund (common/ collective investment trusts)	-	488,505	488,505
Investments at fair value	<u>\$ 12,433,028</u>	<u>\$ 488,505</u>	<u>\$ 12,921,533</u>
	December 31, 2023		
	Level 1	Level 2	Total
Mutual funds	\$ 10,852,209	\$ -	\$ 10,852,209
Stable value fund (common/ collective investment trusts)	-	416,553	416,553
Investments at fair value	<u>\$ 10,852,209</u>	<u>\$ 416,553</u>	<u>\$ 11,268,762</u>

4. STABLE VALUE FUND (COMMON/COLLECTIVE INVESTMENT TRUSTS)

The Plan offers stable value funds, for which Fidelity Management Trust Company serves as trustee and custodian. The investments of the common/collective investment trust may consist of fully benefit-responsive investment contracts, fixed income securities, pooled separate accounts and other low risk securities. While the fund seeks to preserve the account holders principal investment, it is possible to lose money by investing in this fund, as the funds have net asset values that are considered published.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023 (CONTINUED)

4. STABLE VALUE FUND (COMMON/COLLECTIVE INVESTMENT TRUSTS) (CONT.)

Total amounts of stable value funds (common/collective investment trusts) were \$488,505 and \$416,553, respectively for the years ended December 31, 2024 and 2023.

5. RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Plan investments are managed by Fidelity Management Trust Company, a related entity of Fidelity Investments Institutional. Fidelity Management Trust Company is the trustee and custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Purchases and sales of these funds are open market transactions at fair market value. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA and applicable exemptions promulgated thereunder.

Participants have loans outstanding in the amount of \$244,972 and \$157,109 as of December 31, 2024 and 2023, respectively. Administrative fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

6. PLAN TERMINATION

Although it has not expressed intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, the rights of the participants under the Plan will become fully vested and non-forfeitable. Should the Plan terminate at some future time, the assets of the Plan are to be distributed to the participants, their beneficiaries, or estates, in accordance with the value of the accounts such participants hold as of the date of the termination of the Plan.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

The Plan may invest in securities with contractual cash flows, such as asset-backed securities, collateralized mortgage obligations and commercial mortgage-backed securities, including securities backed by subprime mortgage loans. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

8. TAX STATUS

The Internal Revenue Service has most recently determined and informed the Trustee as of June 30, 2020 that the Plan and related trust are designed and are currently being operated in compliance with applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since the Internal Revenue Service determination, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan is qualified and the related trust is tax-exempt.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023 (CONTINUED)

8. TAX STATUS (CONT.)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to income tax examinations for three years from its latest filing.

9. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE AND CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 as of and for the years ended December 31, 2024 and 2023. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investment information reported on the accompanying statement of net assets available for benefits as of December 31, 2024 and 2023 and the supplemental schedule as of December 31, 2024, and the related investment income reflected in the statements of changes in net asset available for benefits for the years ended December 31, 2024 and 2023.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
