Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of HHI Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023 and the related statement of changes in net assets available for benefits for the year ended December 31, 2024 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023 and for the year ended December 31, 2024 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

To the Plan Administrator
HHI Retirement Savings Plan

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that audits conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

To the Plan Administrator
HHI Retirement Savings Plan

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2024 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Plan Description

The following description of HHI Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Hegira Health, Inc. (the "Company") who are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective April 23, 2018, the Plan added a new record-keeping and custodial platform within Lincoln Financial Group Trust Company, Inc. At that time, the Plan was amended to allow participants to initiate participant notes receivable against their outstanding account balances. Participants have the option to transfer their account balances from the predecessor platform to the new platform at any time; however, on a go-forward basis from the effective date, all contributions will be remitted to the new platform only.

Contributions

The Plan provides for employee salary deferral contributions up to a maximum of 100 percent of annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. The Plan allows participants to contribute up to 100 percent of their compensation on an after-tax basis. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Plan provides for employer discretionary contributions of 5 percent of eligible compensation. In order to be eligible for the discretionary contribution, participants must meet initial eligibility requirement of completing 12 months of service. Plan entry is on the first day of the payroll period following the satisfaction of the above requirements.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Participant Notes Receivable

Participants with balances held at Lincoln Financial Group Trust Company, Inc., a custodian of the Plan, may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balances. The notes receivable are secured by the balance in the participant's account and bear interest at a market rate.

Plan Loans

Participants may borrow from Lincoln National Life Insurance Company (Lincoln), a custodian of the Plan, using the vested portion of their Lincoln Fixed Account investment balances as collateral for the loan. Collateral is required in an amount equal to 110 percent of the outstanding loan balance. Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balances subject to annuity contract and plan provisions. Loan terms range from 1 to 5 years or up to 10 years for the purchase of the participant's primary residence. Loans bear interest at market rates. Principal and interest are paid ratably by the participant to Lincoln, and each payment reduces amounts collateralized by the participant's Lincoln Fixed Account investment. The principal amount of these outstanding loans was \$42,947 and \$71,703 at December 31, 2024 and 2023, respectively. At December 31, 2024 and 2023, \$8,314 and \$30,678, respectively, of the plan loan balances were in default.

December 31, 2024 and 2023

Note 1 - Plan Description (Continued)

Vesting

Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. For employees who terminated employment before January 1, 2024 vesting in the Company's discretionary contribution portion of their accounts, plus actual earnings thereon, is based on years of service. These participants vest in contributions made by the Company 10 percent after one year of service, an additional 20 percent after the second year of service, and another 30 percent after the third year of service and become fully vested after the fourth year of service. Participants received credit for a year of service for each plan year during which they completed 1,000 hours of service. Effective January 1, 2024, vesting of discretionary contributions is immediate for current employees and employees hired on or after January 1, 2024.

Benefit Payments

On termination of service due to death, disability, or retirement, a participant (or the participant's beneficiary in the case of death) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or various installment annuities. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Participants may request that all or a portion of their accounts be distributed in the case of financial hardship, as defined in the plan document.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions or to pay administrative expenses of the Plan.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by Lincoln National Life Insurance Company; Lincoln Financial Group Trust Company, Inc.; MassMutual Ascend Life Insurance Company; Capital Group, Inc.; Invesco Trust Company; or their affiliates (collectively, the "Custodians"). Lincoln National Life Insurance Company; Lincoln Financial Group Trust Company, Inc.; MassMutual Ascend Life Insurance Company; Capital Group, Inc.; and Invesco Trust Company are the Custodians of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value except as noted below. The unallocated contract is not considered benefit responsive and is presented at fair value.

The fair value of the unallocated contract is based on contract value adjusted for certain contractual provisions and surrender charges. Contract value represents investments at cost, plus accrued interest income, less amounts withdrawn to pay benefits.

December 31, 2024 and 2023

Note 2 - Summary of Significant Accounting Policies (Continued)

The Lincoln Fixed Account and Lincoln Stable Value Account are benefit-responsive group annuity contracts held by Lincoln that invest in the general assets of the issuer. The issuer considers these contracts to be benefit responsive; however, since there are no specific securities in the issuer's general accounts related to these contracts, contract value is the best estimate of fair value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. See Note 5 for additional information.

The registered investment companies are valued at net asset value per share (NAV) (or its equivalent) of the funds, which is based on the fair value of the funds' underlying net assets. There are no redemption restrictions or unfunded commitments on these investments.

All other investments are valued based on quoted market prices reported in active markets. See Note 4 for additional information.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 14, 2025, which is the date the financial statements were available to be issued.

December 31, 2024 and 2023

Note 3 - Certified Information

Lincoln National Life Insurance Company; Lincoln Financial Group Trust Company, Inc.; MassMutual Ascend Life Insurance Company; Capital Group, Inc.; and Invesco Trust Company hold the Plan's investments and participant notes receivable and execute all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year, other than noted below, are based solely on information certified by Lincoln National Life Insurance Company; Lincoln Financial Group Trust Company, Inc.; Invesco Trust Company; and MassMutual Ascend Life Insurance Company.

As of December 31, 2024 and 2023, \$39,512 and \$288,282, respectively, in assets were not certified. Net investment income of \$2,468 for the year ended December 31, 2024 was not certified.

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

December 31, 2024 and 2023

Note 4 - Fair Value Measurements (Continued)

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2024 and 2023:

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2024

- (2) This class represents investments in actively managed registered investment companies that invest in a variety of fixed-income investments, which may include corporate bonds, both U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures.
- (3) This class represents investments in actively managed registered investment companies with investments in both equity and debt securities. The investments may include common stock, corporate bonds, U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures.

December 31, 2024 and 2023

Note 5 - Group Annuity Contracts

The Plan has three benefit-responsive group annuity contracts with the Custodians as follows:

- The Lincoln Multifund contract and the Lincoln Multifund Select contract; together, balances in these contracts are housed within the Lincoln Fixed Account, which is held by Lincoln National Life Insurance Company.
- The Lincoln Stable Value contract, for which balances are housed within the Lincoln Stable Value Account, which is held by Lincoln Financial Group Trust Company, Inc.

The Custodians maintain the Plan's contributions in separate general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group annuity contract issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Interest is credited on contract balances using a single portfolio rate approach. Under this methodology, a single interest rate is applied to all contributions made to the product, regardless of the timing of those contributions. Interest crediting rates are reviewed on a quarterly basis for resetting. When establishing interest crediting rates for this product, the Custodians consider many factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer's general account. Based on the year in which participants enter the contracts, the participants have different products, which are subject to different minimum interest rate guarantees, as disclosed below:

- The Lincoln Multifund contract has a guaranteed minimum interest rate of 4.5 percent for years 1-5, 4 percent for years 6-10, and 3.5 percent for years 11 and beyond.
- The Lincoln Multifund Select contract has a guaranteed minimum interest rate of 1.75 percent for years 1-10 and 3 percent for years 11 and beyond.
- The Lincoln Stable Value contract has a guaranteed minimum interest rate of 1 percent for all contract years.

Generally, there are no events that could limit the ability of the Plan to transact at contract value paid within 90 days or, in rare circumstances, contract value paid over time. There are no events that allow the issuer to terminate the contract and that require the plan sponsor to settle an amount different than contract value paid either within 90 days or over time.

Specifically, within the Lincoln Multifund and Lincoln Multifund Select contracts, transfers from the fixed portion of the account to the variable portion of the account are limited to 20 percent of the fixed account value in any 12-month period.

As described in Note 2, because these contracts are fully benefit responsive, contract value is the relevant measurement for that portion of net assets attributable to the investment contracts. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

Note 6 - Tax Status

The Plan, as adopted, is a volume submitter plan, which does not require an application for a determination letter from the Internal Revenue Service (IRS). The volume submitter plan has received a favorable notification letter from the IRS. The Plan has not individually sought its own determination letter.
