Independent Auditors' Report

To the Plan Administrator
The First Bancshares, Inc. Employee Stock Ownership Plan
and Audit Committee of Renasant Corporation
Hattiesburg, Mississippi

Opinion on the Financial Statements

We have audited the financial statements of The First Bancshares, Inc. Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2024 (in liquidation) and 2023 (ongoing), and the related statement of changes in net assets available for benefits for the year then ended December 31, 2024 (in liquidation), and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of The First Bancshares, Inc. Employee Stock Ownership Plan as of December 31, 2024 (in liquidation) and 2023 (ongoing), and the changes in net assets available for benefit for the year ended December 31, 2024 (in liquidation) in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The First Bancshares, Inc. Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter – Terminating Plan and Liquidation Basis of Accounting

As further discussed in Note A and B to the financial statements, the Board of Directors of The First Bancshares, Inc., the plan's sponsor, approved on April 18, 2024, to terminate the plan. In accordance with accounting principles generally accepted in the United States of America, the plan has changed its basis of accounting from the ongoing plan basis used in presenting the 2023 financial statements to the liquidation basis used in presenting the 2024 financial statements. Our opinion is not modified with respect to this matter

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The First Bancshares, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The First Bancshares, Inc. Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The First Bancshares, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note A – Description of Plan

The following description of The First Bancshares, Inc. (Company) Employee Stock Ownership Plan (Plan), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering substantially all full-time employees of the Company who are age 21 or older and have provided one year of service. The Plan provides for retirement and disability benefits and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan termination – On April 18, 2024, the Board of Directors of the Company approved the termination of the Plan. The effective date of the Plan termination is May 31, 2024, and it is treated as the last day of the Plan year for all plan administration purposes but has no effect on the plan year for purposes of ERISA, including all ERISA reporting and disclosure purposes. Effective with the Plan's termination, all participants with an account balance remaining in the Plan became fully vested in all contribution sources, regardless of status or years of vested service. The Plan's termination also ceased employee and employer contributions to the Plan. The Plan's assets will be distributed as soon as administratively practicable after receipt of an IRS determination letter on the Plan's termination.

Contributions – Prior to the Plan's termination, each year, the Company may make a discretionary contribution as determined by the Company's Board of Directors. Contributions by participants are not allowed.

Participant accounts – Each participant's account is credited with an allocation of (a) the Company's contribution, (b) Plan earnings (losses), and (c) forfeitures of terminated participants' nonvested accounts. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Gradual vesting is based on years of continuous service with 100% vested after five years of credited service. However, participants become fully vested at any time if they should die, become disabled, reach their normal retirement date, or if the Plan is terminated.

Payment of benefits – A participant entitled to benefits under the Plan shall be provided with options for distributions of benefits according to the terms of the Plan document.

Note B – Summary of Accounting Policies

Basis of accounting – As a result of the decision to terminate the Plan effective May 31, 2024, and in accordance with U.S. generally accepted accounting principles (U.S. GAAP), the Plan's financial statements as of and for the year ended December 31, 2024, are presented using the liquidation basis of accounting.

The First Bancshares, Inc.
Employee Stock Ownership Plan
Notes to Financial Statements
December 31, 2024 and 2023
(Continued)

7

Under the liquidation basis of accounting, assets are stated at their estimated net realizable cash value and liabilities are stated at their anticipated settlement amounts. There are no material changes to the 2024 financial statements as a result of the change under the liquidation basis of accounting.

The financial statements of the Plan as of and for the year ended December 31, 2023, are prepared using the accrual basis of accounting, except for benefit payments that are recorded when paid.

Investment valuation and income recognition – The Company’s stock is not readily tradable on an established securities market, however, it is listed on the National Association of Securities Dealers of Automated Quotations (NASDAQ) and the value as of December 31, 2024, is the amount used to determine the fair value for the year ended December 31, 2024. The value of the Company’s stock at December 31, 2024 and 2023 was \$200,480 and \$168,002, respectively. The Company’s stock is a significant portion of the assets of the Plan. Therefore, fluctuations in the estimated fair value of the stock could have a material effect on the financial statements of the Plan. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of benefits – Benefits are recorded when paid.

Administrative expenses – Most expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Use of estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (“GAAP”) requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Note C – Investments

The Plan’s investments are held by a brokerage investment firm. The following table presents the fair value of investments as of December 31, 2024 and 2023:

	Fair Value of Investments			
	December 31,			
	2024		2023

During the year ended December 31, 2024, the Plan's investments (including investments bought, sold, and held during the year depreciated in value as follows:

The First Bancshares, Inc.	\$ 31,625
----------------------------	------------------

Note D – Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

Level 1 Fair Value Measurements

Cash and cash equivalents are public investment vehicles using \$1 for NAV (net asset value).

The value of the Company's securities was determined by using the quoted market value used by the National Association of Securities Dealers Automated Quotations (NASDAQ).

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024 and 2023:

	Assets at Fair Value	
	Total	Level 1
December 31, 2024		
Cash and cash equivalents	\$ 11,328	\$ 11,328
Employer securities	200,480	200,480
Total	\$ 211,808	\$ 211,808
 December 31, 2023		
Cash and cash equivalents	\$ 6,453	\$ 6,453
Employer securities	168,002	168,002
Total	\$ 174,455	\$ 174,455

Note E – Income Tax Status

The Internal Revenue Service has determined and informed the company by a letter dated November 26, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified, and the related trust is tax-exempt.

Note F – Related Parties

The Plan invests in Company common stock. The Plan sponsor is absorbing most of the administrative cost of the Plan. These are related party and party-in-interest transactions.

Note G – Plan Termination

The Bank reserves the right to terminate the Plan at any time, subject to Plan provisions. The Plan was terminated effective May 31, 2024. Upon termination of the Plan, the Employee Benefits Administration Committee directs the Trustee to pay all liabilities and expenses of the ESOP and to sell shares of financed common stock held as collateral to the extent it determines such sale to be necessary.

Subsequently, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC.

Note H – Risks and Uncertainties

The Plan investments consist primarily of the Company's common stock, which is exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in estimates and assumptions, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Note I – Put Option

Under federal income tax regulations, the employer stock is held by the Plan and its participants. The Plan stock is not readily tradable on an established market, nor is it subject to trading limitations. The Plan contains a put option, which is a right to demand that the Bank buy shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The Bank can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Note J – Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is allowed to vote any allocated share for which instructions have not been given by a participant and is required to vote any unallocated shares on behalf of the collective best interests of Plan participants and beneficiaries.

Note K – Subsequent Events

Management has evaluated subsequent events through October 10, 2025 the date on which the financial statements were available to be issued.
