INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator, Participants, and Beneficiaries
of the Day Pitney Profit Sharing and 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Day Pitney Profit Sharing and 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of Plan

The following description of the Day Pitney Profit Sharing and 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan for the benefit of eligible partners and employees of Day Pitney LLP (Firm).

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

The Plan covers partners, staff, senior counsel, associates, staff attorneys, counsel and of counsel (collectively, participants). Eligible participants can begin making voluntary contributions on the first of the month, coincident with or following their completion of 30 days of service, except for rollovers, which can be made immediately. Certain participants are eligible for Firm contributions after one year of service.

Participant Contributions

Participants are eligible to make voluntary contributions (pre-tax, Roth 401(k) after-tax, after-tax and rollover contributions) to the Plan.

In no event shall the sum of all participant contributions (excluding rollover contributions) be greater than seventy-five percent (75%) of compensation.

Pre-tax contributions, after-tax contributions and Roth 401(k) after-tax contributions may be limited by certain discrimination tests. In accordance with Internal Revenue Service ("IRS") restrictions, the aggregate amount that could be contributed to a participant's account during 2024 was limited to the lesser of \$69,000, plus catch-up contributions or 100% of eligible compensation. For the 2024 calendar year, eligible compensation was limited to \$345,000.

Participant pre-tax contributions

Participants may elect to make pre-tax contributions of between one percent (1%) and seventy-five percent (75%) of compensation up to \$23,000 in 2024. New participants are automatically enrolled at the 5% level for pre-tax contributions, unless they elect otherwise. In addition, participants who have attained age 50 (or greater) during the calendar year are permitted to make a catch-up contribution of \$7,500 in 2024, as permitted under Section 414(v) of the Internal Revenue Code of 1986, as amended (the "Code").

Participants who are automatically enrolled in the Plan shall have their contribution rate automatically increased by one percentage point each year, on the anniversary of the participant's date of hire, until the contribution rate reaches a maximum contribution rate of 10%.

Participant Roth 401(k) after-tax contributions

Participants may elect to make Roth 401(k) after-tax contributions in lieu of any or all of their pre-tax contributions and pre-tax catch-up contributions.

Notes to Financial Statements

1. Description of Plan (continued)

Participant after-tax contributions

Participants, other than those classified as partner, may also elect to make after-tax contributions of between one percent (1%) and seventy-five percent (75%) of compensation.

Firm Contributions

Firm contributions for eligible participants employed on the last day of the plan year are determined on the following basis:

Senior Counsel and Income Partners – For participants who are income partners and those who were classified as Senior Counsel as of December 31, 2020, the Firm contributes an amount equal to three percent (3%) of their eligible compensation.

Equity Partners – Effective January 1, 2024, participants who are equity partners shall contribute an amount equal to 13.3333% (13.1818% for 2023) of their compensation ("maximum equity contribution level") if they graduated from law school 20 or more years prior to the last day of the current plan year, or 5% of their compensation if they graduated from law school less than 20 years prior to the last day of the current plan year. The maximum equity contribution level shall be adjusted annually without amendment to allow for annual additions up to the Section 415(c) limit, subject to applicable nondiscrimination rules.

Those who became Equity Partners as of January 1, 2016 in connection with the acquisition of Chapin, Ballerano & Cheslack PL ("CBC") will be treated as having graduated from law school 20 or more years prior to the last day of the plan year.

If an equity partner is assigned to one of the Firm's two lowest partnership budgeted share percentage tiers for a plan year, he or she contributes an amount equal to five percent (5%) of his or her compensation. Any equity partner who retires and becomes of counsel will not receive a Firm contribution, and any equity partner who retires and becomes an income partner will receive a three percent (3%) Firm contribution.

Associates, Senior Associates, Staff Attorneys, Senior Partner, Counsel and of Counsel – there are no Firm contributions.

For all other participants employed not addressed above, the Firm contributes an amount equal to five percent (5%) of their eligible compensation.

Day Pitney Profit Sharing and 401(k) Plan

Notes to Financial Statements

1. Description of Plan (continued)

Participant accounts

Participants may elect to have contributions invested in any or all of the investment options, subject to certain limitations. Each participant's account is credited with the participant's contributions, Firm contributions and an allocation of the Plan's earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options

The Plan currently offers various levels of investment options with various objectives and degrees of financial risk. The Plan provides an array of mutual funds and a common collective trust selected by the Pension and Welfare Committee to offer the participants the ability to invest in a variety of asset classes with different risk and return characteristics. Information regarding the risks is available by prospectus made available online with Charles Schwab Trust Bank (Schwab or Trustee). The Plan also offers self-directed brokerage accounts, which permit an individual participant to make investments that are not otherwise offered by the Plan. All investments are held in trust by Schwab.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Firm contribution portion of their accounts is based on years of continuous service. A participant is 20 percent (20%) vested after 2 years of credited service and continues to vest in increments of 20 percent (20%) until 100 percent (100%) vested after 6 years of credited service.

If employment is terminated before six years, the portion of these contributions that have not vested will be forfeited. However, a participant will become 100 percent (100%) vested in Firm contributions if his or her employment terminates as a result of the outsourcing of his or her position to another organization, as outlined in the Plan document. Participants are also fully vested upon reaching their normal retirement age of 65, death, disability, or meeting the early retirement requirements of attainment of age 55 and completion of five years of service while actively employed. Effective for any employee hired on or after January 1, 2009, there shall be no early retirement date.

Effective for any employee hired between January 1, 2009 and December 31, 2014, normal retirement shall mean the later of the date the participant attains the age of 65 or the fifth anniversary of the participant's Plan entry date for the participant contributions. For participants who terminate employment on or after January 1, 2015, normal retirement date is the date on which such participant attains the age of 65.

Day Pitney Profit Sharing and 401(k) Plan

Notes to Financial Statements

1. Description of Plan (continued)

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding balance of loans during the preceding twelve months or one-half of such account balance reduced by outstanding loans. Loan terms range from one to five years; except for the purpose of acquiring a primary residence. The loans are secured by the vested balance in the participant's account and bear interest at a rate which professional lenders would charge, as determined by the Pension and Welfare Committee. The notes currently bear interest from 4.25% to 9.50%. Participants may have no more than five loans outstanding at any given time. Principal and interest are paid ratably in payments made not less frequently than quarterly. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits

Upon normal retirement, death, disability, or termination of employment, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or installment payments as provided in the plan document. In addition, the Plan allows for hardship distributions if certain criteria are met.

Forfeited accounts

At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$5,996 and \$39,806, respectively. These accounts will be used to reduce future employer contributions or to pay plan administrative expenses. During 2024, employer contributions were reduced by \$85,000, from forfeited nonvested accounts, in accordance with plan provisions.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Day Pitney Profit Sharing and 401(k) Plan

Notes to Financial Statements

2. Summary of Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Firm. Expenses that are paid by the Firm are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events

Subsequent events were evaluated through October 13, 2025, the date the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;

Day Pitney Profit Sharing and 401(k) Plan

Notes to Financial Statements

3. Fair Value Measurements (continued)

- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds: Valued at one dollar per share held by the Plan at year end. Money market funds held by the Plan are mutual funds invested in highly liquid, near-term instruments and are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The money market funds held by the Plan are deemed to be actively traded.

Investments measured at net asset value: Consisting of common-collective trusts, valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Participant transfers to competing funds are subject to an equity wash provision. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds, ETFs, and common stocks that are valued on the basis of readily determinable market prices and are shown as level 1. Certain investments are corporate obligations that are valued using observable inputs and are shown as level 2. Certain investments held through the self-directed brokerage investment option may be subject to redemption fees and short-term trading restrictions.

3. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Assets at Fair Value as of December 31, 2024	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 155,222,151	\$ -	\$ -	\$ 155,222,151

Total investments at fair value	\$ 205,120,714	\$ 1,143,062	\$ -	\$ 370,613,504

Assets at Fair Value as of December 31, 2023	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 137,346,012	\$ -	\$ -	\$ 137,346,012
Self-directed brokerage accounts	44,341,378	605,038	-	44,946,416
Total assets in the fair value hierarchy	181,687,390	605,038	-	182,292,428
Investments measured at net asset value (a)	-	-	-	157,382,694
Total investments at fair value	\$ 181,687,390	\$ 605,038	\$ -	\$ 339,675,122

(a) In accordance with FASB ASC 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

3. Fair Value Measurements (continued)

Fair Value of Investments that Calculate Net Asset Value

The following table summarizes investments measured at fair value based on NAVs per share as of December 31, 2024 and 2023. There are no unfunded commitments or participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investment	2024	2023	Redemption	
			Frequency	Redemption Notice
Morley Stable Value Fund Net 20	\$ 18,982,286	\$ 23,888,151	Daily, up to 30 days notice period	12 months
T. Rowe Price Retirement Funds	\$145,367,442	\$133,494,543	Daily, up to 90 days notice period	Up to 90 days

4. Information Certified by Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2024 and 2023. Accordingly, Charles Schwab Trust Bank, the Trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023, and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2024, and the related investment activity and interest income on notes receivable from participants reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2024.

5. Related-Party and Party In Interest Transactions

Certain Plan investments are managed by the Trustee, and therefore, these transactions qualify as party in interest transactions.

Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

6. Plan Termination

Although it has not expressed any intent to do so, the Firm has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

Notes to Financial Statements

7. Tax Status

The IRS has determined and informed the Firm by a letter dated April 27, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving this letter, the Pension and Welfare Committee believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2024 may not necessarily be indicative of amounts that could be realized in a current market exchange.
