## Independent Auditor's Report

The Plan Administrator  
Employers Mutual Casualty Company Voluntary Employees'  
Beneficiary Association Retiree Medical Benefit Master Trust  
Des Moines, Iowa

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of Employers Mutual Casualty Company Voluntary Employees' Beneficiary Association Retiree Medical Benefit Master Trust (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of benefit obligations and net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in benefit obligations and net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Other Matter – Supplemental Schedules Required by ERISA***

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

# Employers Mutual Casualty Company Voluntary Employees' Beneficiary Association Retiree Medical Benefit Master Trust

## Notes to Financial Statements

December 31, 2024 and 2023

### 1. DESCRIPTION OF PLAN

The following description of the Employers Mutual Casualty Company Voluntary Employees' Beneficiary Association Retiree Medical Benefit Master Trust (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

#### General

The Plan provides health care and life insurance benefits to eligible retired employees of Employers Mutual Casualty Company (EMCC) and EMC National Life Company (EMCNL) and their spouses, surviving spouses and eligible dependents.

The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended (ERISA), and is administered by EMCC. EMCC's Compensation and Benefits Committee is responsible for the general administration of the Plan.

#### Plan Benefits

A Health Reimbursement Arrangement (HRA) benefit is available for retirees and their spouse (if applicable) who meet eligibility and enrollment requirements. The HRA is an Internal Revenue Service (IRS) approved, employer funded, tax advantaged retiree health benefit that reimburses retirees for out-of-pocket medical expenses and individual health insurance premiums. The annual benefit amount is determined by the retiree's years of service as of their retirement date, as well as each participant's age and Medicare eligibility as of the start of their HRA benefit.

An HRA reimburses eligible retirees and their eligible dependents for healthcare expenses, to the extent there is a positive balance in the HRA account. Each calendar year, the Plan contributes a specified amount to each eligible participant's HRA account. To the extent a retiree has a balance in his or her HRA at the end of a calendar year, the balance is carried over to the following years to reimburse the retiree for healthcare expenses incurred during subsequent years. The funds in an HRA are not forfeited at the end of a calendar year. The accumulated carry over balance is \$585,366 as of December 31, 2024. Expenses include coverage premiums and qualified out-of-pocket expenses (e.g., deductibles, coinsurance and copays). Eligible retirees and spouses may work with a licensed benefit advisor to enroll in health coverage that best fits their health needs. Coverage can include medical, prescription drug, dental and vision.

The benefit provided to each eligible participant is dependent upon their age and the retiree's years of service. The retiree annual HRA benefit is shown in the following table:

Age of Employee or Dependent	Years of Service			
	10-14	15-19	20-24	25+
< 57	\$4,149.34	\$4,881.57	\$5,369.73	\$6,101.96
57-58	\$4,515.46	\$5,247.69	\$5,735.85	\$6,590.12
59-60	\$4,759.54	\$5,613.81	\$6,101.96	\$6,956.24
61-62	\$5,125.65	\$5,979.93	\$6,590.12	\$7,444.39
63-64	\$5,369.73	\$6,224.00	\$6,956.24	\$7,810.52
65 and over	\$1,086.97	\$1,264.44	\$1,419.73	\$1,575.00

The HRA benefit is frozen to new participants. Eligible employees who retired on or before July 1, 2022 are eligible for the retiree HRA subsidy.

## Notes to Financial Statements (continued)

Team members that retired prior to January 1, 2019 may also be eligible for company-paid life insurance. Retirees hired between April 1, 1987 and December 31, 2007, and retired with 10 or more years of service are eligible for \$15,000 of life insurance coverage, those with less than 10 years of service receive coverage equal to \$500 per year of service. Retirees hired on or before March 31, 1987, are eligible for \$15,000 of coverage or the grandfathered benefit (equal to their annual salary as of March 31, 1987), whichever is greater. Retirees hired on or after January 1, 2008 can no longer qualify for company-paid life insurance.

### **Administration**

The Trust's investments are managed by EMCC serving as the trustee. Bankers Trust Company serves as custodian of the investments excluding the life insurance policies. EMCC is custodian of the life insurance policies. Investment transactions are initiated, executed, and accounted for by EMCC in accordance with investment guidelines established by its management.

### **Administrative Expenses**

Custody, audit, and other fees and taxes related to the Trust are paid by the Trust. All administrative expenses of the Plan, other than those of the Trust, are paid by EMCC.

### **Plan Termination**

EMCC and EMCNL have the right under the Plan to modify the benefits provided to retired employees, to discontinue their contributions at any time, and to terminate the Plan subject to the provisions set forth in ERISA. Upon termination of the Plan, claims incurred prior to the termination date will be settled. EMCC and EMCNL would secure similar health care benefits for their participating retirees with any remaining funds.

## **2. SIGNIFICANT ACCOUNTING POLICIES**

### **Basis of Presentation**

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States (GAAP).

### **Investment Valuation and Income Recognition**

Investments held by the Plan are stated at fair value. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### **Postretirement Benefit Obligation**

The postretirement benefit obligation represents the present value of those estimated future insurance benefits that are attributed to employee service rendered to the actuarial valuation date for the Plan's December 31 year-end. Postretirement benefits include future benefits expected to be paid to or for eligible retired employees and their spouses and dependents.

Costs are determined using the Projected Unit Credit Actuarial Cost Method.

The weighted average discount rates used in the plan valuation were 5.54% and 5.11% as of December 31, 2024 and 2023, respectively. Mortality assumptions were made using the Pri-2012 White-Collar Mortality Table with scale MP-2021 for males and females with separate mortality rates for annuitants and non-annuitants translated.

**Employers Mutual Casualty Company Voluntary Employees'  
Beneficiary Association Retiree Medical Benefit Master Trust**

**Notes to Financial Statements (continued)**

**Use of Estimates**

The preparation of financial statements in conformity with GAAP requires the Plan's administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedules. Actual results could differ from those estimates.

**Subsequent Events**

Management evaluated subsequent events for the Plan through October 10, 2025, the date the financial statements were available to be issued.

**3. INVESTMENTS**

Other than the cash surrender value of insurance policies, all investment information disclosed in the accompanying financial statements and supplemental schedules was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Bankers Trust Company (the custodian for the assets). The following investment information was not certified by the custodian.

	December 31,	
	2024	2023
Life insurance policies	\$ 15,260,500	\$ 14,985,699

	Year ended December 31,	
	2024	2023
Increase in cash surrender value of life insurance contracts	\$ 274,801	\$ 288,788
Gain on life insurance death benefit	—	175,358
Settlement of life insurance death benefit	—	(478,000)
Net (decrease) increase in cash accumulation of life insurance policies	\$ 274,801	\$ (13,854)

**4. FAIR VALUE MEASUREMENTS**

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The following fair value hierarchy prioritizes inputs to valuation techniques used to measure fair value.

- Level 1 - Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; or valuations based on models where the significant inputs are observable (e.g., interest rates, yield curves, prepayment speeds, default rates, loss severities, etc.) or can be corroborated by observable market data.
- Level 3 - Prices or valuation techniques that require significant unobservable inputs because observable inputs are not available. The unobservable inputs may reflect the Plan's own judgments about the assumptions that market participants would use.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based upon the lowest level of input that is significant to the fair value measurement in its entirety.

Employers Mutual Casualty Company Voluntary Employees'  
Beneficiary Association Retiree Medical Benefit Master Trust

Notes to Financial Statements (continued)

Following is a description of the fair value pricing techniques used for the asset classes of the Plan.

- Money Market Fund: Valued at amortized cost, which approximates fair value. Under this method, investments purchased at a discount or premium are valued by accreting or amortizing the difference between the original purchase price and maturity value of the issue over the period to maturity. The net asset value of each share held by the Plan at year-end was \$1.00.
- Mutual Funds: Valued at the net asset value of shares held by the Plan at year-end. For purposes of calculating the net asset value, portfolio securities and other assets for which market quotes are readily available are valued at fair value. Fair value is generally determined on the basis of last reported sales prices, or if no sales are reported, based on quotes obtained from a quotation reporting system, established market makers, or independent pricing services.
- Life Insurance Contracts: Valued at the cash surrender value, which approximates fair value.

The following table sets forth by level, the Plan's assets at fair value as of December 31, 2024 and 2023:

Balance at end of year	\$ 15,260,500	\$ 14,985,699

**5. RELATED PARTY TRANSACTIONS**

Certain of the Trust's assets are invested in life insurance policies issued by EMCNL. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

**6. RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of benefit obligations and net assets available for benefits.

Plan contributions are made and the actuarial present value of benefit obligations are reported based on certain assumptions pertaining to interest rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

**7. INCOME TAXES**

The Trust has received an exemption letter from the IRS dated January 24, 2000, stating that the Trust is tax-exempt under the provisions of Section 501(c)(9) of the Internal Revenue Code (the Code) as a Voluntary Employees' Beneficiary Association. The Plan and the Trust are required to operate in conformity with the Code to maintain the tax-exempt status of the Trust. The Plan's administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and therefore believes the Trust is tax-exempt.

However, the Plan is subject to the Unrelated Business Income Tax (UBIT), and the deferred tax liability is comprised of UBIT amounts related to unrealized appreciation/depreciation of investments and accruals.

The components of federal income tax expense are as follows:

	Year ended December 31,	
	2024	2023
Current income tax expense	\$ 329,087	\$ 228,593
Deferred income tax expense	560,509	919,008
Total income tax expense	\$ 889,596	\$ 1,147,601

Employers Mutual Casualty Company Voluntary Employees'  
Beneficiary Association Retiree Medical Benefit Master Trust

Notes to Financial Statements (continued)

GAAP accounting requires the Plan's administrator to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Plan's administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken. It is the Plan's accounting policy to reflect UBIT penalties as administrative expenses. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
