INDEPENDENT AUDITOR'S REPORT

Plan Administrative Committee
Dialysis Employees' Profit Sharing 401(k) Salary Reduction Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the **Dialysis Employees' Profit Sharing 401(k) Salary Reduction Plan and Trust**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Dialysis Employees' Profit Sharing 401(k) Salary Reduction Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Dialysis Employees' Profit Sharing 401(k) Salary Reduction Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Dialysis Employees' Profit Sharing 401(k) Salary Reduction Plan and Trust's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Dialysis Employees' Profit Sharing 401(k) Salary Reduction Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Dialysis Employees' Profit Sharing 401(k) Salary Reduction Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SALARY REDUCTION PLAN AND TRUST**

NOTES TO FINANCIAL STATEMENTS

(1) Description of Plan

The following description of the Dialysis Employees' Profit Sharing 401(k) Salary Reduction Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan has adopted a volume submitter pre-approved plan sponsored by Lincoln Retirement Services Company, LLC ("LRSC"). The Plan is a defined contribution plan covering all entitled/eligible employees of Health Systems Management, Inc.; HSMNC, Inc.; HSMGA, Inc.; Kemp Farm, LLC; Alpha-K-Co, LLC; and CKA Properties Management, LLC, (the "Company", "Sponsor", "Employer", or "Plan Administrator"). Employees become eligible at age 21 and completion of 30 days of service. The Plan is subject to the provisions of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's management is responsible for the oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Each year, participants may contribute up to 80 percent of the annual compensation. Participant contributions may be traditional elective deferrals (pre-tax) or Roth elective deferrals (after-tax). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollover). The Employers may elect to make a discretionary matching contribution to the Plan as determined annually by the Board of Directors. The discretionary matching contribution amount will be applied in a uniform manner for all eligible participants for the plan year. An employee must be credited with at least 500 hours of service to be eligible for the discretionary matching contribution. For the year ended December 31, 2024, the Company made a discretionary matching contribution of \$663,350. Contributions are subject to certain IRS limitations.

Participant Accounts

Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contributions, the Company's contributions, and qualified rollover contributions, and adjusted for gains and losses based on the investment performance of a participant's account, less any withdrawals, distributions, and allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(1) Description of Plan (Continued)

Vesting

Participants are immediately vested in their contributions and the investment earnings thereon. Vesting in the Company's discretionary matching contribution plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested in the Company's discretionary matching contributions after five years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance, as adjusted for outstanding loans. The loans are secured by the balance in the participant's account and bear interest which is commensurate with local prevailing rates as determined by the Plan administrator. Interest rates ranged from 4.25 percent to 9.50 percent as of December 31, 2024. Principal and interest are paid through payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reason, a participant or beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in their account. A participant who is still employed by the Company and has attained age 59½ may make an election to withdraw all or a portion of their entire account balance. No such withdrawal shall be made more than twice during any calendar year.

Hardship Withdrawals

In the event funds are needed because of extreme financial hardship, as defined by the law, the participant may be allowed to make a withdrawal from their vested account balance from eligible accounts, as defined by the Plan. In accordance with the Internal Revenue Code (IRC), benefits withdrawn prior to age 59½ may be subject to additional taxes.

Forfeited Accounts

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits from employer contributions under the Plan. These forfeited amounts will be held in a fixed account fund and may be used to reduce employer contributions or to pay administrative expenses. As of December 31, 2024 and 2023, forfeited nonvested amounts totaled \$47,515 and \$26,984, respectively. Forfeited amounts totaling \$17,602 were used to reduce employer contributions or pay plan administrative expenses during the year ended December 31, 2024.

Investment Options and Investments

Participants direct the investment of all contributions into various investment options offered by the Plan. Participants may change their investment options at any time. Employees who do not make an investment selection from the available options are automatically enrolled in a guaranteed investment.

(2) Summary of Significant Accounting Policies

The accounting policies of the Plan are maintained in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Financial Accounting Standards Board (FASB) provides authoritative guidance regarding U.S. GAAP through the *Accounting Standards Codification (ASC)* and related Accounting Standards Updates (ASUs). The following describes the more significant of those policies.

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of Plan assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian, and recordkeeper. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when they are incurred. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

(2) Summary of Significant Accounting Policies (Continued)

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions, when applicable. The Plan distributes the excess contributions to the applicable participants prior to March 15 of the subsequent year.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to administration of notes receivable from participants are charged directly to the participants' account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

(3) Information Prepared and Certified by the Custodian (Unaudited)

Certain information in the accompanying financial statements and ERISA-required supplemental schedules, related to investments and notes receivable from participants held as of December 31, 2024 and 2023, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Lincoln Financial Group Trust Company, Inc. (Lincoln), a qualified institution.

(4) Guaranteed Interest Account with Lincoln National Life Insurance Company

Fully benefit-responsive investment contracts are required to be reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents the cost-plus contributions made under the contract, plus interest at the contract rates less withdrawals and administrative expenses. This specifically affects the presentation of the amounts related to the Plan's participation in the guaranteed interest account. The statements of net assets available for benefits present the contract value of the guaranteed interest account.

The Plan holds investments in a fully benefit-responsive guaranteed interest account with Lincoln National Life Insurance Company. Lincoln maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value, as reported to the Plan by Lincoln, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The interest crediting rate is determined for each individual Plan contract based on anticipated market returns. The guaranteed rate is reset periodically, typically quarterly, and in no instance will the interest rate fall below zero percent.

The average yield earned by the Plan, calculated by dividing the annual interest credited to the Plan during the year by the average annual fair value, was 3.00 percent and 2.50 percent as of December 31, 2024 and 2023.

(4) Guaranteed Interest Account with Lincoln National Life Insurance Company (Continued)

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuer. Based on ongoing credit evaluations of the investments, the Company does not expect payment defaults or delinquencies and has not recorded an allowance for credit losses for the investments as of December 31, 2024 and 2023. There are no unfunded commitments associated with the contract.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

The guaranteed interest account does not permit Lincoln National Life Insurance Company to terminate the agreement prior to the scheduled maturity date. In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

(5) Fair Value Measurements

The FASB issued a statement that defines fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

(5) Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2024 and 2023.

Mutual Funds: Valued at the daily closing price as reported by the funds. The funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values.

Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
2024				
Mutual Funds	<u>\$ 27,662,669</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 27,662,669</u>
2023				
Mutual Funds	<u>\$ 23,921,105</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 23,921,105</u>

(6) Income Tax Status

The Company adopted the LRSC (the prototype sponsor) Non-Standardized Pre-Approved Profit Sharing Plan with CODA. The prototype sponsor has received a favorable opinion letter from the Internal Revenue Service (IRS), dated June 30, 2020, which states that its prototype plan, in form, meets the requirements of Section 401(a) of the Code and, therefore, is tax-exempt under the provisions of Section 401(a). The plan document has been amended since receiving the determination letter and the Plan has not received a determination letter specific to the Plan itself; however, the Benefits Committee believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. The Benefits Committee also maintains that the Plan has been administered in accordance with all applicable laws and, accordingly, no provision has been made for income taxes in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and concluded that, as of December 31, 2024, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Related Party and Party-in-Interest Transactions

Certain Plan assets are investment options offered through the Plan trustee or affiliates; therefore, these transactions qualify as party-in-interest transactions. Administrative expenses on the statement of changes in net assets available for benefits include amounts paid by the Plan for administrative services, investment management, and recordkeeping.

Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempted from the prohibition of party-in-interest transactions under ERISA.

(8) Plan Termination

Although it has not expressed an intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions.

(9) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate risk, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

(10) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31 to Form 5500:

	<u>2024</u>	<u>2023</u>
