Independent Auditor's Report

To the Trustees of the
Spec's Family Partners Retirement Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Spec's Family Partners Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report.

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SPEC'S FAMILY PARTNERS RETIREMENT PLAN

Notes to Financial Statements

1. Description of Plan

The following description of the Spec's Family Partners Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Spec's Family Partners, Ltd. (the "Company" or "Plan Administrator") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), and its amendments.

Eligibility

Participants are eligible following the completion of 90 days of service. Excluded from the class of eligible employees are leased employees, certain collectively bargained employees, seasonal employees (as defined in the Plan Agreement) and non-resident aliens with non-U.S. source income.

Administration of the Plan

Merrill Lynch and T. Rowe Price (collectively, the "Custodians") are the custodians for the Plan's non-participant directed assets. John Hancock Retirement Plan Services, LLC (the "Trustee" or "JHRPS") is the Plan's trustee and recordkeeper for participant directed investments.

Contributions

Upon becoming eligible to participate in the Plan, participants may elect to defer up to 100% of their compensation during any plan year on a pre-tax basis or after-tax Roth contributions, subject to a maximum imposed by the Internal Revenue Code of 1986 (the "IRC") and amendments. Rollover contributions may also be accepted by the Plan on behalf of participants from other plans qualified under the IRC. In accordance with the Plan Agreement, employer matching contributions to the Plan are made at the discretion of the Company. For the year ended December 31, 2023, the Company elected to make employer matching contributions equal to 50% of the first 6% of eligible compensation deferred by the participant, as defined in the Plan Agreement.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of (a) employer discretionary profit-sharing contributions, if any, (b) employer discretionary matching contributions, (c) plan earnings (losses), (d) forfeitures of terminated participants' non-vested accounts, and (e) administrative expenses. Allocations are based on participant compensation or account balances, as defined in the plan agreement. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account.

Vesting

Participants are fully vested in their contributions and the allocated earnings or losses thereon. In connection with the employer's contributions, participants are vested based on years of vesting service during which the participant completes 1,000 or more hours of service each year. A participant is 0% vested until they have completed 2 years of vesting service at which time they become 20% vested. Thereafter, vesting increases at the rate of 20% for each successive year of vesting service until full (100%) vesting is attained upon completion of 6 years of vesting service. Participants become fully vested upon death or total and permanent disability as defined in the Plan Agreement.

SPEC'S FAMILY PARTNERS RETIREMENT PLAN

Notes to Financial Statements

Payment of Benefits

On termination of service, normal retirement, death or disability, a participant may elect to receive a lump-sum amount equal to the value of their vested account balance as soon as administratively feasible. Upon termination of service, a participant is entitled to receive their vested account balance. Upon normal retirement, death, or full and permanent disability, a participant is entitled to receive 100% of their account balance. In-service withdrawals are also permitted under the Plan Agreement at age 65, or after participating in the Plan for at least 10 years.

Forfeitures

Forfeitures occur when a participant terminates employment before becoming 100% vested with respect to their account balance. At the Employer's discretion, forfeitures may be reallocated to eligible participants, used to reduce Employer contributions or used to pay administrative expenses. At December 31, 2022 and 2021, unallocated forfeitures totaled \$140,300 and \$12,156, respectively. For the year ended December 31, 2023, no forfeitures were used to reduce Employer contributions or used to pay administrative expenses and no forfeitures were reallocated to eligible participants.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Notes Receivable from Participants

Participants may borrow from their account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance and may only have 1 note outstanding at a time. Note terms range from 1 year to 5 years maximum, unless the note is for the purchase of a primary residence in which the term is up to 15 years. The notes are secured by the vested balance in the participant's account and bears interest at a rate commensurate with local prevailing rates. Principal and interest is paid ratably through payroll deductions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with the accounting principles generally accepted in the United States of America ("U.S. GAAP"), as codified in the Financial Accounting Standards Board in its Accounting Standards Codification ("ASC").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are recorded as distributions and are recorded as a reduction to net assets available for benefits. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

SPEC'S FAMILY PARTNERS RETIREMENT PLAN

Notes to Financial Statements

Investment Valuation and Income Recognition

Investments in money market funds and mutual funds are stated at fair value, based on the market value of the underlying investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risk and Uncertainties

The Plan provides for various investment options in a variety of investment securities. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Plan's financial statements and participants' account balances.

Payment of Benefits

Benefits paid to participants are recorded upon distribution and are recorded as a reduction to net assets available for benefits.

Fair Value Measurements

The Plan follows ASC 820, *Fair Value Measurements and Disclosures*, for its financial assets and liabilities carried at fair value on a recurring basis in the financial statements. As defined by this guidance, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). The transaction is based on a hypothetical transaction in the principal or most advantageous market considered from the perspective of the market participant that holds the asset or owes the liability.

The Plan utilizes market data or assumptions that market participants who are independent, knowledgeable and willing and able to transact would use in pricing the asset or liability, including assumptions about risk and the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated or generally unobservable. The Plan attempts to utilize valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. The Plan is able to classify fair value balances based on the observability of those inputs. This guidance establishes a formal fair value hierarchy based on the inputs used to measure fair value. The hierarchy gives the highest priority to level 1 measurements and the lowest priority to level 3 measurements, and accordingly, level 1 measurements should be used whenever possible.

The three levels of the fair value hierarchy are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets,
- quoted prices for identical or similar assets or liabilities in inactive markets,
- inputs other than quoted prices that are observable for the asset or liability, and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

SPEC'S FAMILY PARTNERS RETIREMENT PLAN

Notes to Financial Statements

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

In some cases, certain inputs used to measure fair value may be categorized into different levels of the fair value hierarchy. For disclosure purposes, the lowest level that contains significant inputs used in valuation should be chosen. The Plan has classified its investments into these levels depending upon the data relied on to determine fair values.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

- *Money market funds:* Valued at cost which approximates fair value due to their liquid nature.
- *Mutual funds:* Valued based on quoted market prices ("fair value") on the last business day of the plan year.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date.

3. Investments Certified by the Trustees

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustees have certified that the following data related to participant-directed investments included in the accompanying financial statements and supplemental schedules are complete and accurate:

<i>December 31,</i>	2023	2022
Mutual funds	\$ 12,389,790	\$ 6,462,630
Notes receivable from participants	198,336	26,155

<i>Year Ended December 31,</i>	2023
Net appreciation in fair value of mutual funds	\$ 1,173,208
Interest and dividends	252,552
Interest income on notes receivable from participants	7,277

Except for the nonparticipant-directed accounts, the Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with related information included in the financial statements and supplemental schedules.

The Plan's investments in nonparticipant-directed accounts, which totaled \$438,864 and \$327,187 as of December 31, 2023 and 2022, respectively, and net investment income of \$111,575 on the nonparticipant-directed accounts for the year ended December 31, 2023, were not covered by a DOL permitted certification.

Notes to Financial Statements

Cash balances are primarily deposited in money market funds that invest in short-term government securities at variable rates of interest. All cash remains fully invested in these money market accounts until disbursement requests are received by either of the Custodians. At the time of a request, funds are liquidated from the account to the extent required to cover the amount of the disbursement.

The Plan's nonparticipant-directed investments, excluding the money market funds, are held by a brokerage administered trust fund and are presented at fair value based on quoted market prices as determined by the brokerage administered trust fund. The Plan Administrator manages the investments, diversifying the investment portfolio between fixed income and between both short-term and long-term investments to help realize a consistent return. The Plan invests in mutual funds that are offered by registered investment companies regulated under the Investment Company Act of 1940, and in securities.

4. Fair Value Measurements

The assets measured at fair value on a recurring basis subject to disclosure requirements of the fair value hierarchy levels described in Note 2 are as follows:

	Assets at Fair Value at December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 12,818,748	\$ -	\$ -	\$ 12,818,748
Money market	9,906	-	-	9,906
Total investments measured at fair value	\$ 12,828,654	\$ -	\$ -	\$ 12,828,654

	Assets at Fair Value at December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 6,727,260	\$ -	\$ -	\$ 6,727,260
Money market	8,653	-	-	8,653
Total investments measured at fair value	\$ 6,735,913	\$ -	\$ -	\$ 6,735,913

5. Income Tax Status

The Company has received a favorable determination letter from the Internal Revenue Service ("IRS") dated June 30, 2020 regarding the tax-qualified status of the Plan under the IRC. Since the receipt of the determination letter, the Plan has been further amended; however, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; the IRS completed an examination of the 2020 5500 with no findings. Years 2021 and later remain open.

6. Parties-in-Interest

The Plan investments include accounts managed by Merrill Lynch and T. Rowe Price, the Custodians, and John Hancock, the trustee therefore, these transactions qualify as parties-in-interest transactions. Fees paid to the Custodians and trustee from plan assets totaled approximately \$328,505 during 2023. Notes receivable from participants qualify as parties-in-interest transactions. Additionally, the Plan's remaining expenses include fees for various services such as audit and Form 5500 preparation fees which were paid to its auditor and tax professionals. These transactions also qualify as parties-in-interest transactions.

7. Subsequent Events

The Plan evaluated such events and transactions through December 20, 2024, the date the financial statements were available for issuance.
