INDEPENDENT AUDITORS' REPORT

To the Employee Benefits Committee, Plan Administrator, and Participants of Long Island Electric Utility ServCo LLC Incentive Thrift Plan II:

Opinion

We have audited the financial statements of Long Island Electric Utility ServCo LLC Incentive Thrift Plan II (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2024, and the related notes to the financial statements.

In our opinion, the financial statements present fairly, in all material respects, the net assets available for benefits (modified cash basis) of the Plan as of December 31, 2024 and 2023, and the changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2024 in accordance with modified cash basis of accounting described in Note 2.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter - Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, Line 4i - schedule of assets (held at end of year) (modified cash basis) as of December 31, 2024, is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedure, applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, Line 4i - schedule of assets (held at end of year) (modified cash basis) as of December 31, 2024, is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedure, applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS (MODIFIED CASH BASIS)

1. DESCRIPTION OF THE PLAN

General

The following description of the Long Island Electric Utility ServCo LLC Incentive Thrift Plan II ("Plan") is provided for general information purposes only. Participants should refer to the Summary Plan Description for more information.

The Plan is a defined contribution retirement plan covering substantially all bargaining unit employees of Long Island Electric Utility ServCo LLC ("ServCo") and ServCo is an indirect subsidiary of Public Service Enterprise Group Incorporated ("PSEG"). The ServCo Employee Benefits Committee ("Benefits Committee") is the Named Fiduciary of the Plan responsible for controlling and managing its operation and administration ("Plan Administrator"). The ServCo Pension Investment Committee is the Named Fiduciary of the Plan responsible for management of the Plan investments and the selection and monitoring of the funds offered under the Plan. The Vanguard Group Inc. ("Trustee") is responsible for the custody of the Plan's assets. Vanguard Participant Services is the recordkeeper of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

The Plan's assets are held in a trust account by the Trustee and consist of a divided interest in an investment account of the Master Employee Benefit Plan Trust ("Master Trust"), a Master Trust established by ServCo and administered by the Trustee.

Contributions and Investment Options

Each Participant enters into a contribution agreement in order to make pre-tax contributions and/or Roth 401(k) contributions (together "Elective Contributions") and/or after-tax contributions, subject to certain Internal Revenue Code ("IRC") limitations. A Participant may elect to make after-tax contributions from 1% to 15% of their annual eligible compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan. Automatically enrolled participants have their before tax contribution deferral rate set to 6% of eligible compensation after approximately 45 days of hire if they do not affirmatively elect otherwise. Until changed by the participant, their contributions are invested in the Plan's default investment option. The combined limit for Elective Contributions and after-tax contributions cannot exceed 50% of the Participant's annual eligible compensation. Participants may also rollover to the Plan eligible rollover distributions from other qualified plans and certain Individual Retirement Accounts. The employer may also make a qualified non-elective contribution ("QNEC") to the Plan. All Participant and employer contributions are 100% vested in the Plan.

Participants may direct the investment of their accounts into various investment options offered by the Plan through the Master Trust. The Plan offers investment options in the Common Stock of PSEG ("PSEG Share Fund"), which has been designated as an Employee Stock Ownership Plan under section 4975(e) of the Code, and mutual funds consisting of various target-date funds, commingled bonds, and other collective investment funds.

Participant Accounts

Individual accounts are maintained for each Participant. Each Participant's account consists of (a) Participant's contributions, (b) applicable QNEC contribution, (c) earnings and or losses, and (d) specific Participant transactions. The Participant's account is reduced for certain administrative expenses. The benefit to which a Participant is entitled upon disability, retirement or termination of service, as applicable, or beneficiary upon the death of a Participant is the benefit that can be provided from the Participant's vested account.

NOTES TO FINANCIAL STATEMENTS (MODIFIED CASH BASIS)

Dividends on PSEG Common Stock held in the accounts of Participants who have elected to participate in the PSEG Share Fund will be reinvested in the PSEG Share Fund.

Notes Receivable from Participants

Except as discussed in the following paragraph, Participants may borrow from their Plan accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance at the time the loan is originated. The loans are secured by the balance in the Participant's account and existing loans bear interest at rates that at December 31, 2024, ranged from 3.25% to 8.50% which were commensurate with local prevailing rates at the time that the loan was originated, as determined, at such time by the Benefits Committee. Principal and interest is paid ratably through payroll deductions.

Participants may have no more than two loans outstanding at any one time.

These notes receivable are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. Delinquent loans are reclassified as distributions based upon terms of the Plan document.

Payment of Benefits

Upon disability, retirement, or termination of service, a Participant may elect to receive an amount equal to the value of the interest in their account in either a total or partial lump-sum payment, or through various periodic installment methods (not less frequently than annually). If a Participant's account balance is less than \$1,000 at the time of termination or anytime thereafter, the Participant will receive an automatic lump-sum payment for the entire account balance. For termination due to death, the Participant's beneficiary will receive a lump-sum distribution equal to the value of the Participant's interest in their account. If a Participant is no longer working for ServCo or any member of the controlled group of corporations and has a balance in the Plan, they must begin to receive distributions from their account no later than April 1 following the calendar year in which they reach age 73.

A Participant who is an employee and who has attained age 59½, may withdraw all or a part of their vested account. A Participant who is currently an employee and who has not attained age 59½ may withdraw all or part of their after-tax contributions that have been in the Plan for more than two years. Elective Contributions may not be withdrawn during employment prior to age 59½ except for reasons of extraordinary financial hardship and to the extent permitted by the IRC ("hardship withdrawals"). Hardship withdrawals are subject to taxes and penalties.

Vesting

All Participant contributions are always 100% vested in the Plan.

Plan Amendments

The Plan was amended as of September 30, 2024 to (i) memorialize that beneficiaries can delay distribution until the tenth anniversary of the Participant's death, and (ii) for purposes of required minimum distributions, beginning with the 2024 Plan Year, spousal beneficiaries are treated as if they were the deceased Participant and the Roth 401(k) Contribution account is excluded from the required minimum distribution calculation.

NOTES TO FINANCIAL STATEMENTS (MODIFIED CASH BASIS)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than generally accepted accounting principles in the United States ("GAAP"). The modified cash basis of accounting utilizes the cash basis of accounting while carrying investments at fair value and recording investment income or loss on the accrual basis.

Use of Estimates

The preparation of financial statements requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan permits Participants to select from among various investment options. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect Participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition

The Plan's investment is in the Master Trust. The investments maintained in the Master Trust are stated *at* fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market Participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by its investment advisers, trust, and insurance company. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from the Plan participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits

Benefit payments to Participants are recorded when paid.

Administrative Expenses of the Plan

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by ServCo. Expenses that are paid by ServCo are excluded from these financial statements. Fees related to the administration of notes receivable from Participants are charged directly to the Participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. Certain expenses incurred with the general administration of the Plan, including taxes and brokerage costs, are recorded in the accompanying Statement of Changes in Net Assets Available for Benefits. Certain administrative functions performed by the officers and employees of ServCo are paid by the Employers (Note 6).

NOTES TO FINANCIAL STATEMENTS (MODIFIED CASH BASIS)

SECURE Act 2.0

On December 29, 2022, President Biden signed the Consolidated Appropriations Act (CAA) of 2023, which included the SECURE 2.0 Act of 2022 ("Secure 2.0"), into law. SECURE 2.0 builds on the SECURE Act of 2019 and implemented a number of changes regarding retirement plans and plan sponsors. The Plan document has been amended for provisions required to be effective in 2024 and will be amended in accordance with the required timeline of the act to ensure compliance with the applicable provisions effective after December 31, 2024.

Subsequent Events

The Plan has evaluated subsequent events through June 26, 2025, the date which the financial statements were available to be issued.

3. INVESTMENT OF THE PLAN AND THE LONG ISLAND ELECTRIC UTILITY SERVCO LLC INCENTIVE THRIFT PLAN I (THRIFT PLAN I) IN THE MASTER TRUST

Use of the Master Trust permits the commingling of trust assets with the assets of the Thrift Plan I for investment and administrative purposes. The Thrift Plan I is a defined contribution retirement plan available to non-represented employees of ServCo. Although assets of both plans are commingled in the Master Trust, the Trustee maintains supporting records for the purpose of allocating the net assets and net income or loss of the investment account to the respective participating plans. The net assets and the net investment income or loss of the investment assets is allocated by the Trustee to each participating plan based on the relationship of the interest of each plan to the total of the interests of the participating plans. Assets and investment income of the Master Trust consist of:

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadju:-ted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB Accounting Standard Codification 820 are described as follows:

- Level 1-Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2-Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principalv from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability
- Level 3-Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use ofrelevant observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS (MODIFIED CASH BASIS)

The following tables present information about the Master Trust's investments measured at fair value on a recurring basis as of December 31, 2024 and 2023, including the fair value measurements and the levels of inputs used in determining those fair values.

Total Investment in Master Trust at Fair Value	\$ 643,913	\$ 643,913	\$=====	\$=====

(A) The Plan's policy is to recognize transfers of investments into or out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2024, there were no transfers of investments into or out of Level 3. There are no Plan assets requiring the use of Level 3 inputs for the periods presented.

* Permitted party-in-interest transactions.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission; these funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Trusts: Have a NAV published daily. The Funds are redeemable daily without restrictions on purchases or redemptions.

Commingled bonds: Have a readily determinable fair value as the funds' NAV is priced and published daily. The funds are redeemable daily, without restriction, and are, therefore, considered Level 1.

NOTES TO FINANCIAL STATEMENTS (MODIFIED CASH BASIS)

Common Stock of PSEG: Valued at the closing price reported on the active market on which the individual security is traded.

5. TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed ServCo by a letter dated March 16, 2015, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter to adopt IRS required amendments in connection with issuing the determination letter, the Plan Administrator and the Benefits Committee believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

The Plan Administrator is currently performing an internal audit of the Plan. The Plan Administrator will correct the errors, if any, that are discovered during the audit in accordance with the IRS correction program. If appropriate under the IRS correction program, the Plan Administrator will file a Voluntary Correction Program submission with the IRS.

The Plan is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress. The Plan Administrator evaluates tax positions taken by the Plan and recognizes a tax liability for any uncertain position that more likely than not would be sustained upon examination by the IRS.

6. RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are in the Common Stock of PSEG. Since PSEG is the parent of ServCo, the Plan Sponsor, these transactions qualify as party-in-interest transactions. Certain administrative functions are performed by the officers and employees of ServCo (who may also be Participants in the Plan) at no cost to the Plan.

As of December 31, 2024 and 2023, the Master Trust held approximately 157,068 and 158,339 shares, respectively, of PSEG Common Stock, with a market value per share of \$84.49 and \$61.15, respectively.

For the year ended December 31, 2024, the Master Trust recorded dividend income of approximately \$377,013 from PSEG Common Stock.

These transactions are not deemed prohibited party-in-interest transactions, because they are covered by statutory or administrative exemptions from ERISA's rules on prohibited transactions.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, ServCo has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, Participants will become 100% vested in their employer contributions.
