## INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of the  
Teamsters Joint Council No. 10  
Severance Plan

### Opinion

We have audited the financial statements of the Teamsters Joint Council No. 10 Severance Plan (the Plan), an employee benefit fund subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits and of benefit obligations as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits and of changes in benefit obligations for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits and benefit obligations of the Plan as of December 31, 2024 and 2023, and the changes in its net assets available for benefits and changes in its benefit obligations for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the funded scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

### **Report on Supplemental Information**

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets Held at End of Year and Schedule of Reportable Transactions, together referred to as “supplemental information,” are presented for the purpose of additional analysis and are not a required part of the financial statements. The supplemental Schedule of Assets Held at End of Year and Schedule of Reportable Transactions are supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

SEVERANCE PLAN**

**NOTES TO FINANCIAL STATEMENTS**

DECEMBER 31, 2024 and 2023

**NOTE 1. DESCRIPTION OF PLAN**

The Teamsters Joint Council No. 10 Severance Plan (the Plan) is a post-employment defined benefit program for elected officers, business agents, organizers, and other designated employees employed by the various local member unions of the Teamsters Joint Council No. 10 New England (the Joint Council). The following brief description of the Plan is provided for general information purposes only.

The Plan is funded by monthly contributions from the participating member unions to the Joint Council. Contributions from the participating member unions are based on a fixed formula applied to the number of union employees in each member union.

Eligible participants do not vest until the seventh year of service, upon which the member is 100% vested to the benefit schedule.

On termination of service, a participant may receive either a lump-sum or initial payment amount equal to the value of the participant's vested interest in his or her account, not to exceed \$50,000 followed by no more than four more equal annual installment payments not less than \$10,000 until the benefit is paid in full.

Participants should refer to the Summary Plan Description for more complete information.

**NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Method of Accounting** - The financial statements are prepared using the accrual basis of accounting.

**Investments and Income Recognition** - Investments in mutual funds and short term investments are carried at fair value, which generally represents quoted market value or net asset value of the mutual fund as of the last business day of the year. Investments in the real estate trust fund and the hedge fund are carried at net asset value as reported by the investment manager, general partner or trust.

Purchases and sales are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes gains and losses on investments bought and sold as well as held during the year.

**NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**

**Contributions Receivable** - Contributions due and not paid prior to year-end are recorded as contributions receivable. Allowance for uncollectible accounts is considered unnecessary and is not provided.

**Estimates** - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

**Benefit Obligations** - The Plan records the benefit accrual based on the participant's years of service applied against the benefit allocation table. Benefits are accrued when vested. The Plan recognizes the obligation if it is attributable to participant's services already rendered, rights to these benefits have vested, payment of the benefits are probable, and the amounts can be reasonably estimated.

Benefit obligations at December 31, 2024 and 2023 for severance payments have been estimated by the Trustees based on the accumulated service credits of the plan participants. Such estimated amounts are reported in the accompanying statements of benefit obligations.

Benefit obligations for service credits are based upon the expected cost of benefits per participant unit multiplied by the number of participants earning eligibility in the fiscal year less benefits paid. Currently, the Plan documents do not provide for forfeitures of participant's vested benefits. Forfeitures, should they occur, would remain in the funds available for distribution to other qualified participants.

The Plan classifies certain benefit obligations as participants currently receiving payments in the statements of benefit obligations once the required event; retirement, death or termination occurs. The Board of Trustees must approve a participant's claim before payments are disbursed. No benefits under the Plan provisions shall be paid to any participant unless he or she has at least seven years of credited service. An individual's benefit claim cannot exceed two times his/her annual compensation during the year immediately preceding the termination of service. If the amount of the severance benefit due to the participant at the time of his/her termination of employment is more than \$50,000, then payments of severance benefits shall be made in not more than five (5) annual payments consisting of an initial payment of not more than \$50,000 followed by annual equal payments of not less than \$10,000 each until the benefit has been paid in full. The second through fifth installment payments will be made each July 1.

**Payment of Benefits** - Benefits are recorded as a deduction in the statements of changes in net assets available for benefits when paid.

### **NOTE 3. FUNDING POLICY**

The Funding Policy, as established by the Trustees, is to monitor the expected ultimate level of contributions to ensure that the net assets available for benefits will be sufficient to cover accumulated benefit obligations. Monthly contributions to the Plan are the greater of \$0.75 per capita per month or \$375 for each covered employee. Employer contributions are accounted for as exchange transactions. The contributions are due on a monthly basis. It is the policy of the Trustees to pursue monies due.

### **NOTE 4. TAX STATUS**

The Plan's related Trust is exempt from Federal income taxes under the provisions of Section 501(a). The Plan has been amended since receiving the determination letter. The Plan's management and the Plan's counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the U.S. Federal, state, or local taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Typically, Plan tax years will remain open for three years; however, this may differ depending upon the circumstances of the Plan.

### **NOTE 5. FAIR VALUE MEASUREMENTS**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

#### **Basis of Fair Value Measurement:**

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

**NOTE 5. FAIR VALUE MEASUREMENTS (continued)**

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

	Assets at Fair Value as of December 31, 2024			
	Total	Level 1	Level 2	Level 3
Short term investments	\$ 307,476	\$ 307,476	\$ -	\$ -
Mutual funds	4,093,287	4,093,287	-	-
Total	4,400,763	\$ 4,400,763	\$ -	\$ -
Investments measured at NAV	1,842,224			
	<u>\$ 6,242,987</u>			

	Assets at Fair Value as of December 31, 2023			
	Total	Level 1	Level 2	Level 3
Short term investments	\$ 2,068	\$ 2,068	\$ -	\$ -
Mutual funds	3,781,221	3,781,221	-	-
Total	3,783,289	\$ 3,783,289	\$ -	\$ -
Investments measured at NAV	1,756,473			
	<u>\$ 5,539,762</u>			

In accordance with ASU 820-10, investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

For the years ended December 31, 2024 and 2023 there were no transfers between levels 1, 2, or 3.

**NOTE 5. FAIR VALUE MEASUREMENTS (continued)**

The unfunded commitments and redemption frequency and redemption notice periods for the investments measured at fair value using the Net Asset Value per Share (or Its Equivalent) practical expedient are as follows:

	<u>2024</u> Fair Value	<u>2023</u> Fair Value	<u>Unfunded</u> Commitments	<u>Redemption</u> Frequency	<u>Redemption</u> Notice Period
Real estate trust fund:					
U.S. Real Estate Investment Fund, LLC	\$ 794,264	\$ 836,992	\$ -	Quarterly	90 Days
Hedge fund:					
ABS Alpha Global Equity Fund	<u>1,047,960</u>	<u>919,481</u>	<u>-</u>	Quarterly	45 days
	<u>\$ 1,842,224</u>	<u>\$ 1,756,473</u>	<u>\$ -</u>		

The U.S. Real Estate Investment Fund (the Fund) is stated at estimated fair value, as reported by the Fund's management. The Fund's management has estimated the fair value based on the most recent appraisals of each owned property, less any mortgage obligations, to arrive at net asset value. The Plan's share of the net asset value of the Fund is based on the Plan's pro rata share of total contributed capital. The Fund utilizes interest rate swaps, which are derivative instruments, to effectively convert a portion of its variable debt to fixed rates and not for speculative purposes.

The objective of the ABS Alpha Global Equity Portfolio is to generate global equity market returns while maintaining a moderate level of risk, as measured by the standard deviation of monthly returns. The assets of the Global Equity Portfolio are allocated to investment funds targeting absolute returns through the use of a wide array of investment strategies throughout the global financial markets with an emphasis on developed markets.

**NOTE 6. RELATED PARTIES**

The Plan shares common officers and trustees with the Joint Council. During the year ended December 31, 2024, the Plan reimbursed \$580 to the Joint Council for office expenses.

**NOTE 7. PRIORITIES UPON TERMINATION**

In the event of termination of the Plan, the assets remaining in the Plan will be used to pay necessary administrative costs and remaining benefits, until all assets are depleted. If all assets are expended, no further benefits would be provided by the Plan. Upon termination of this Plan, participants and beneficiaries will have no further rights or vested interests in the Plan.

**NOTE 8. RISK AND UNCERTAINTIES**

The Plan invests in various investments. Investments are exposed to various risks such as economic, interest rate, market, and sector risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

**NOTE 9. SUBSEQUENT EVENTS**

The Plan has evaluated subsequent events through July 29, 2025, the date the financial statements were available to be issued, and they have been evaluated in accordance with relevant accounting standards.
