## Independent Auditor's Report

Participants and Plan Investment Committee  
City Brewing Company Salaried 401(k) Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of City Brewing Company Salaried 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

**Other Matter—Supplemental Schedule Required by ERISA**

The supplemental schedule, schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

#### Note 1. Plan Description

The following brief description of City Brewing Company Salaried 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**General:** The Plan is a defined contribution plan covering employees of CBC Acquisition, LLC dba City Brewing Co., LLC (the Plan Sponsor and Plan Administrator) and its wholly owned subsidiaries, which include Blues City Brewery, LLC, CBC Latrobe Acquisition, LLC, IBY, LLC and City Management Co., LLC (collectively, the Company and Employer). Covered employees include employees in the La Crosse, Memphis, Latrobe and Irwindale facilities. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan Sponsor has appointed Fidelity Management Trust Company (Fidelity) as trustee of the Plan. The trustee is responsible for maintaining custody of the Plan's assets, processing contributions and distributions and executing transactions to appropriate investment options.

**Eligibility:** Employees are eligible to participate in the Plan upon date of hire. Excluded employees include employees covered by a collective bargaining agreement, unless the agreement requires the employees to be included under the Plan. Temporary employees and seasonal employees become eligible to participate in the Plan on the first entry date after they have reached age 21 and have completed at least 1,000 hours of service during the 12-consecutive-month period beginning on date of hire, or any 12-consecutive-month period beginning on an anniversary of the date of hire. Employees may enter the Plan on the first day of the month coinciding with or following the date they meet the eligibility requirements.

**Contributions:** Participants may contribute up to 60% of eligible compensation, as defined in the Plan, up to the maximum allowed by the Internal Revenue Code. Participants elect to defer a percentage of their compensation, and these elections may be changed at any time. Participants are permitted to make pretax elective deferrals to the Plan, or they are permitted to designate a portion of their salary deferrals as Roth after-tax contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Participants are eligible for matching contributions if they are making salary deferrals to the Plan. The Company has elected to make safe harbor matching contributions to eligible participants in an amount equal to 100% of the first 3% of eligible compensation, and 50% of the next 2% of eligible compensation, contributed to the Plan as deferral contributions, excluding catch-up contributions. Additional nonelective amounts may be contributed to the Plan by the Company at the discretion of the Company's board of directors. No such additional discretionary contributions were made for the year ended December 31, 2024. Participants must complete at least 501 hours of service during the plan year or be employed as of the last day of the plan year, except in the year of death, permanent disability, or retirement, to receive discretionary contributions.

**Participant accounts and investment options:** Individual accounts are maintained for each participant of the Plan. Each participant's account is credited or charged with the participant's contributions and the Company's safe harbor matching contributions, as well as allocations of the Company's discretionary contributions, if any, Plan investment results and administrative expenses that are paid by the Plan. Allocations are based on eligible participant compensation, participant account balances or specified participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the investment of their salary deferral contributions and Company contributions into various investment options offered by the Plan. Participants may elect to have all or part of their account balances and future contributions transferred from one investment option to another in any combination.

### Notes to Financial Statements

---

#### Note 1. Plan Description (Continued)

**Vesting:** Participants are immediately vested in their voluntary contributions and Company safe harbor matching contributions, including actual investment earnings and losses thereon. Vesting in the Company's discretionary nonelective contribution portion of their accounts is based on years of continuous service, as defined in the Plan document. Vesting of a participant's Company discretionary nonelective contribution account occurs as set forth based on the following schedule:

Years of Vesting Service	Percentage
Less than 1	0%
1 or more	100%

**Forfeited accounts:** Amounts not vested upon termination of employment are forfeited by participants and are used to fund future Company contributions to the Plan, or to pay Plan expenses. At December 31, 2024 and 2023, forfeited nonvested accounts totaled approximately \$10,000 and \$8,000, respectively.

**Payment of benefits:** On termination of service, a participant may elect distribution of the value of the participant's vested account balance under one, or any combination of, the following methods: (1) payment in a lump sum or (2) payment in installments over a period of time. Participant balances that are less than \$7,000 at the time of termination may be paid out in a lump sum without the need for participant consent. Balances between \$1,000 and \$7,000, which are paid out in a lump sum without participant consent, are rolled over into an individual retirement account designated by the Plan Administrator. Voluntary withdrawals of participant account balances while still employed with the Company are allowed with respect to rollovers, at any time, and for any reason. The Plan also allows for in-service distributions to a participant upon a participant's attainment of age 59½, or under certain circumstances, including financial hardship, as defined.

#### Note 2. Summary of Significant Accounting Policies

**Basis of accounting:** The Plan's financial statements are presented on the accrual basis of accounting.

**Use of estimates in the preparation of financial statements:** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Risks and uncertainties:** Participants are allowed to invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities have occurred since December 31, 2024, or will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the 2024 statement of net assets available for benefits.

**Investment valuation and income recognition:** The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the Plan's investment advisors, trustee and other third parties. See Note 5 for a discussion of fair value measurements.

#### Note 2. Summary of Significant Accounting Policies (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments purchased and sold, as well as held, during the year.

**Contributions:** Contributions from Plan participants and Company matching contributions are recorded in the year related to participants' compensation (even if participants' deferrals are not yet withheld).

**Payment of benefits:** Benefits are recorded when paid.

**Administrative expenses:** Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to general administration are charged directly to participants' accounts and are included in administrative expenses. Investment-related expenses reduce total investment results.

**Subsequent events:** The Plan Administrator has evaluated subsequent events through October 13, 2025, the date these financial statements were available to be issued.

#### Note 3. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to change or discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

#### Note 4. Information Certified or Provided by Fidelity

The following is a summary of the Plan's investment information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by Fidelity, the trustee. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following investments:

	2024	2023
Investments, at fair value:		
Mutual funds	\$ 32,454,709	\$ 25,678,678
Money market mutual fund	395,459	612,982
Collective fund	224,761	254,064
	<u>\$ 33,074,929</u>	<u>\$ 26,545,724</u>

Fidelity also certified to the completeness and accuracy of \$2,797,180 of net appreciation in fair value of investments, and \$1,232,285 of interest and dividends from the aforementioned investments for the year ended December 31, 2024.

#### Note 5. Fair Value Measurements

Accounting guidance establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

**Level 1:** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2:** Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3:** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

**Mutual funds and money market mutual fund:** Mutual funds and the money market mutual fund are valued at the unadjusted quoted market prices for identical assets in active markets for the shares of the funds held by the Plan at year-end.

**Collective fund:** The collective fund is valued at the net asset value (NAV) of the shares of the fund held by the Plan at year-end, as reported by the fund's investment managers. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less liabilities. The practical expedient would not be used if it is determined to be probable that the Plan will sell the fund for an amount different from the reported NAV. The underlying assets of the collective fund include fixed-income securities, corporate bonds, mortgage-backed securities, asset-backed securities, bond funds and money market funds.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain assets could result in a different fair value measurement at the reporting date.

#### Note 5. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2024 and 2023:

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy:				
Mutual funds	\$ 32,454,709	\$ -	\$ -	\$ 32,454,709
Money market mutual fund	395,459	-	-	395,459
Total investments in the fair value hierarchy	<u>\$ 32,850,168</u>	<u>\$ -</u>	<u>\$ -</u>	32,850,168
Investment measured at NAV (a)				224,761
Total investments at fair value				<u>\$ 33,074,929</u>

  

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy:				
Mutual funds	\$ 25,678,678	\$ -	\$ -	\$ 25,678,678
Money market mutual fund	612,982	-	-	612,982
Total investments in the fair value hierarchy	<u>\$ 26,291,660</u>	<u>\$ -</u>	<u>\$ -</u>	26,291,660
Investment measured at NAV (a)				254,064
Total investments at fair value				<u>\$ 26,545,724</u>

(a) Certain investments that are measured at NAV per share (or its equivalent as a practical expedient) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The Plan follows guidance on how entities should estimate fair value of certain alternative investments. The fair value of investments within the scope of this guidance can be determined using NAV per share as a practical expedient, when the fair value is not readily determinable, unless it is probable that the investment will be sold at something other than NAV.

**Investment measured using the NAV per share practical expedient:** The following table summarizes the investment for which fair value is measured using the NAV per share practical expedient as of December 31, 2024 and 2023:

Investment	2024	2023	Fair Value Estimated Using NAV Per Share			
			Redemption Frequency	Unfunded Commitment	Other Redemption Restrictions	Redemption Notice Period
Collective fund	<u>\$ 224,761</u>	<u>\$ 254,064</u>	Daily	None	None	None

The redemption notice period disclosed in the table above reflects the notice period required if the Plan withdraws from the investment. For individual participants who choose to withdraw from the investment, there is no redemption notice period required.

#### Note 6. Tax Status

The Plan has adopted a non-standardized pre-approved plan sponsored by FMR LLC. FMR LLC has received an opinion letter, dated June 30, 2020, from the Internal Revenue Service, as to the pre-approved plan's qualified status. The pre-approved plan opinion letter has been relied upon by this Plan. The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan. The Plan Administrator evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain income tax positions that require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### Note 7. Related-Party and Party-in-Interest Transactions and Administrative Expenses

The Plan has investments in mutual funds, a money market mutual fund and a collective fund, which are managed by affiliates of Fidelity. Fidelity is the trustee of the Plan's assets. Transactions with the aforementioned trustee qualify as party-in-interest transactions. Certain expenses paid by the Plan to the trustee, as well as other service providers, are included in administrative expenses in the accompanying statement of changes in net assets available for benefits.

Certain administrative functions are performed by employees of the Company. No such employees receive compensation from the Plan. Certain other administrative expenses are paid directly by the Company and are excluded from these financial statements.

#### Note 8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2024 and 2023:
