## **INDEPENDENT AUDITOR'S REPORT**

Plan Administrator  
Trumark Companies LLC 401(k) Plan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the financial statements of Trumark Companies LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(continued)

## **INDEPENDENT AUDITOR'S REPORT (continued)**

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the financial statements.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

(continued)

## **INDEPENDENT AUDITOR’S REPORT (continued)**

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Other Matter—Supplemental Schedules Required by ERISA**

The supplemental schedules, Schedule H, Line 4i, - Schedule of Assets (Held at End of Year) as of December 31, 2024 and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

(continued)

**INDEPENDENT AUDITOR'S REPORT (continued)**

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## TRUMARK COMPANIES LLC 401(k) PLAN

### NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

---

#### 1. DESCRIPTION OF PLAN AND SUMMARY OF ACCOUNTING POLICIES

The following description of Trumark Companies LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution 401(k) salary deferral and profit-sharing plan covering substantially all employees of Trumark Companies LLC (the “Company”), and other related entities. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and Section 401(a) of the Internal Revenue Code (“IRC”).

The Plan was adopted effective January 1, 2015 to provide benefits to eligible employees as defined in the Plan document. Employees of the Company who have completed at least 360 hours of service within a three-month period are eligible to participate in the Plan. Eligible employees may enter the Plan on the first day of each calendar quarter subsequent to satisfying the Plan’s eligibility requirements. The Plan was last restated effective October 13, 2023, and amended effective September 1, 2024 to conform to current tax laws.

***Basis of accounting*** – The Plan’s financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

***Use of estimates*** - The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

***Administration*** - The Company is the Plan Sponsor and Plan Administrator. The Company has contracted with Capital Bank and Trust Company (“Capital Trust”) to act as the Plan custodian and with an independent third-party administrator to perform certain administrative duties. Investment options offered under the Plan consist of mutual funds managed by American Funds. Certain officers of the Company serve as Plan trustees.

***Plan termination and modification*** - The Company intends to continue the Plan indefinitely for the benefit of its employees. However, it reserves the right to terminate or modify the Plan at any time by resolution of its Board of Directors and subject to the provisions of ERISA. In the event the Plan is terminated in the future, participants would become fully vested in their accounts.

## TRUMARK COMPANIES LLC 401(k) PLAN

### NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

---

**Participant contributions** - Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Effective August 1, 2020, participants may also make Roth after-tax contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. All participant contributions are subject to regulatory limitations.

**Employer contributions** - The Company makes safe-harbor matching contributions to the Plan equal to 100% of the salary deferral contributions, up to a maximum of 4% of eligible compensation. In addition, the Company may elect to make discretionary profit-sharing contributions to the Plan. In order to receive an allocation of Company profit-sharing contributions, Participants must generally complete a minimum of 1,000 hours of service during the Plan Year. Company profit-sharing contributions, if any, are allocated to participants using a new comparability formula that takes into consideration participant eligible compensation, employment classifications, ages, and years of service pursuant to relevant IRS regulations.

For the year ended December 31, 2024, the Company made safe harbor matching contributions totaling \$1,238,088 to the Plan but did not make any profit-sharing contributions to the Plan.

**Participant accounts** - A separate account is maintained for each participant. Each participant's account is credited with the participant's voluntary contributions, employer contributions and an allocation of Plan earnings, less withdrawals, distributions, and administrative expenses, if any. Participants direct the investment of their account balances into the various investment options offered by the Plan. Investment income allocations are made daily based on participant account balances. The benefit to which a participant is entitled is limited to the benefit that may be provided from the participant's vested account balance.

**Investment income** - Realized gains or losses on investment transactions are recorded as the difference between the proceeds received and the fair value of the investment at the beginning of the Plan year, or cost if acquired during the Plan year. In accordance with the Plan's policy of stating investments at fair value, net unrealized appreciation or depreciation consists of both realized and unrealized gains and losses and is included in the statement of changes in net assets in the period in which the market change occurs. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date.

**Vesting** - Participants are immediately vested in their voluntary contributions and the Company's safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's additional discretionary matching and profit-sharing contributions, if any, plus actual earnings thereon, is based on years of service. Participants do not become vested in the Company's additional discretionary matching or profit-sharing contributions until they have

---

completed at least one year of service during which they have contributed at least 1,000 hours each year. Participants vest in the Company's matching and profit-sharing contributions 25% after one year of service, 50% after two years of service and they become fully vested after three years of service. Participants also become fully vested in all accounts upon retirement, death, disability, or Plan termination.

***Forfeited accounts*** – Forfeited non-vested accounts may be used to pay administrative expenses of the Plan or reduce future employer contributions. During the year ended December 31, 2024, forfeitures totaling \$9,161 were used toward safe harbor matching contributions and \$1,469 were used to reduce expenses of the Plan. As of December 31, 2024 and 2023, unallocated forfeitures totaled \$24,779 and \$18,365, respectively.

***Notes receivable from participants*** - The Plan provides a provision that allows a participant to borrow a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance. Such loans shall bear interest at fixed rates equal to the published prime rate, plus one percent. The term of the loans cannot exceed five years, except if the loan proceeds are used to finance the purchase of a primary residence, in which case the loan term may not exceed fifteen years. The loans are secured by the participant's vested account balance. Principal and interest are paid ratably through payroll deductions. Notes receivable from participants are stated at their unpaid principal balances plus any accrued but unpaid interest. Any participant defaults are deemed taxable distributions to the participant.

***Payment of benefits*** – Benefits are recorded when paid. Participant account balances may be distributed prior to termination or retirement for hardship claims, death, or disability, or to participants reaching age 59 ½ as defined in the Plan agreement. Upon termination of service, a participant may elect to receive an amount equal to the value of the vested interest in their account as a lump-sum distribution. The Plan allows for automatic distribution of vested participant account balances that do not exceed \$5,000.

There were no participants that had chosen to withdraw from the Plan awaiting payment of benefits at December 31, 2024 or 2023.

***Administrative expenses*** – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from the Plan's financial statements. Fees related to the administration of notes receivable from participants, investment management and distributions may be charged directly to the participant's account and included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

***Transfer in from other qualified plan*** - In connection with the Plan Sponsor's acquisition of an unrelated company, assets representing participant account balances were transferred into the Plan from another qualified plan during the year ended December 31, 2024. The total amount transferred was \$1,025,354.

## TRUMARK COMPANIES LLC 401(k) PLAN

### NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

---

*Subsequent events* - The Plan evaluates events or transactions occurring after the statements of net assets available for benefits date but before the financial statements are available to be issued for potential recognition or disclosure. The financial statements include all subsequent events considered necessary for fair presentation. For the purposes of the accompanying financial statements, subsequent events have been evaluated through October 13, 2025, which represents the date the financial statements were available to be issued.

## 2. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement).

The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

*Mutual funds*: Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.

## TRUMARK COMPANIES LLC 401(k) PLAN

### NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

---

*Money market fund:* Valued based on redemption values on the last business day of the Plan Year.

The Plan's method of valuing investments may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth the Plan's investments at fair value as of December 31:

	<u>2024</u>	<u>2023</u>
Level 1:		
Mutual funds	\$ 19,287,046	\$ 13,043,670
Money market fund	526,219	516,048
Total investments, at fair value	<u>\$ 19,813,265</u>	<u>\$ 13,559,718</u>

### 3. CERTIFIED INFORMATION

In accordance with 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, Capital Trust certified the fair value of investments held at December 31, 2024 and 2023, and investment activities for the year ended December 31, 2024, that were used in preparation of the accompanying financial statements and ERISA-required supplemental schedule. The following information was obtained by management and agreed to or derived from information certified as complete and accurate by Capital Trust and was not audited by independent certified accountants:

	<u>2024</u>	<u>2023</u>
Investments, at fair value	<u>\$ 19,813,265</u>	<u>\$ 13,559,718</u>
Notes receivable from participants	<u>\$ 308,777</u>	<u>\$ 189,152</u>
Interest and dividend income	<u>\$ 1,101,516</u>	
Net appreciation in fair value of investments	<u>\$ 1,365,671</u>	

**TRUMARK COMPANIES LLC 401(k) PLAN**

**NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2024 AND 2023**

---

**4. INCOME TAX STATUS**

On June 30, 2020, the Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, qualifies under the Internal Revenue Code 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and believes that the Plan was qualified as of December 31, 2024 and 2023. Therefore, no provision for income taxes has been included in the Plan's financial statements.

**5. RISKS AND UNCERTAINTIES**

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Financial instruments, which potentially subject the Plan to concentrations of credit risk, consist of mutual funds and a money market fund offered by the Plan. As the portfolio is well diversified and issuers of the underlying securities are dispersed throughout many industries and geographies, the concentrations of credit risk are limited.

**6. PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan investments are managed by the Plan's custodian or their affiliates. Any purchases and sales of these investments are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

**7. NONEXEMPT TRANSACTIONS**

During 2024, employee salary deferral contributions totaling \$24,798 were not remitted to the Plan within the timeframe required by the U.S. Department of Labor. The Plan Sponsor intends to correct this issue by remitting lost earnings to the accounts of the affected participants in 2025.
