Independent Auditor's Report

To the Plan Administrator of the
CISO Retirement Plan
Scottsdale, Arizona

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the CISO Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or are derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**CISO RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS**

**Note 1
Description of the Plan**

The following description of the CISO Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan documents for a complete description of the Plan's provisions.

General

CISO Global, Inc., formerly known as Cerberus Cyber Sentinel Corporation, (the “Company” or “Sponsor”) adopted the CISO Retirement Plan effective January 1, 2023. Prior to January 1, 2023, the Sponsor’s employees were treated as leased employees through Insperity, who maintained the Insperity 401(k) Plan on the employee’s behalf. The relationship with Insperity and the Company terminated as of December 31, 2022. Consequently, the funds under the Insperity plan in the amount of \$2,872,074 were transferred into the CISO Retirement Plan in January 2023. Further, on January 19, 2022, the Company acquired True Digital Security, Inc., and approved a merger of the True Digital Security 401(k) Plan A and True Digital Security 401(k) Plan B into the Plan effective November 1, 2023, with a transfer of \$1,961,667.

An aggregate of \$155,797 was rolled into the Plan during the year ended December 31, 2024, and is included in rollovers on the statement of changes in net assets available for benefits.

Eligibility

The Plan is a defined contribution plan (401(k) profit sharing) subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan covers substantially all full-time employees of the Company and part-time employees who have attained the age of twenty-one (21) and have completed at least 1,000 hours of service.

Contributions

Participants are permitted to make voluntary deferral contributions to the Plan under the provisions of Internal Revenue Code Section 401(k). The Plan has an automatic or passive enrollment feature with a 6% 401(k) pre-tax deferral for all eligible employees. Participants may contribute an amount of eligible pre-tax or after-tax Roth annual compensation up to 80% of their eligible compensation, not to exceed limits established by the Internal Revenue Code, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover).

Effective January 1, 2024, the Company eliminated the safe harbor matching contribution. Under the Plan, the Company may make discretionary nonelective (profit-sharing) contributions. The Plan permits a participant group allocation method under which the Company may designate allocation groups with the same allocation rate; amounts assigned to a group are then allocated among the “eligible” Participants in that group in proportion to each Participant’s eligible compensation for the Plan year. For the year ended December 31, 2024, each “eligible” Participant is considered his or her own allocation group, consistent with the Plan’s provisions. Any employer contributions, if made, are subject to applicable Internal Revenue Code nondiscrimination requirements.

Description of the Plan (Continued)**

Participant Accounts

Each participant's account is credited with the participant's deferral contributions, as well as allocations of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant's earnings or account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan.

Vesting

Participants are 100% vested in their own elective deferrals (pre-tax and designated Roth) and rollover contributions. Employer discretionary contributions, if any, are vested on a 5-year graded schedule. Unvested employer amounts are forfeited in accordance with the Plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is the prime rate, plus one percentage point. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service, death or retirement, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Rollover of the participant's vested interest into another qualified plan is also permitted.

Forfeitures

Currently, all contributions and earnings are immediately vested. Therefore, there are no forfeitures, and no discretionary employer contributions.

Basis of Accounting

The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP"), using the accrual method of accounting.

Note 2

Summary of Significant Accounting Policies and Use of Estimates

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions Receivable

Participant contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. As of December 31, 2024, the rate of interest on outstanding loans ranged between 4.25% - 9.50% with various maturities through May 2029. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024. Delinquent accounts are treated as a deemed distribution when a distributable event occurs (i.e. termination of employment).

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

**CISO RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS**

**Note 3
Plan Termination**

Although it has not expressed an intent to do so, the Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, participants would become 100% vested in their employer discretionary contributions.

**Note 4
Tax Status**

The Plan adopted a pre-approved plan offered by Fidelity Management Trust Company. The pre-approved plan received an IRS Opinion Letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**Note 5
Fair Value Measurements**

FASB Accounting Standards Codification, *Fair Value Measurements*, established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

- Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority.
- Level 2 inputs include quoted prices for similar assets or liabilities in active or non-active markets. These inputs may also include insignificant adjustments to market observable inputs.
- Level 3 inputs are based on unobservable inputs used for valuing the asset or liability. Unobservable inputs are developed based on the best information available in the circumstances, which might include the Plan's own data. Level 3 inputs have the lowest priority.

Following is a description of the valuation methodologies used for assets measured at fair value.

Registered Investment Companies (Mutual Funds): Shares of registered investment company funds (or mutual funds) are valued at the net asset value (NAV) of shares held by the Plan and are valued at the closing price reported on the active market on which the individual securities are traded, which are estimated to be level 1 measurements.

Common Collective Trusts: Units held in common/collective trusts are valued using the NAV practical expedient of the fund as determined by the fund managers. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The net asset value of a common/collective trust investment is calculated based on a compilation of primarily observable market information. These funds have no redemption restrictions or unfunded commitments.

Fair Value Measurements (Continued)**

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits as follows:

* In accordance with FASB Accounting Standards Codification Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**CISO RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS**

**Note 6
Certified Investment Information**

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation in fair value of investments, dividends and other income, and interest income on notes receivable from participants for the year ended December 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

**Note 7
Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**Note 8
Related Party and Party-In-Interest Transactions**

Certain Plan investments are in funds that are managed by Fidelity Management Trust Company. Therefore, the Plan's investments in these funds qualify as party-in-interest transactions under ERISA. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

**Note 9
Contributions Receivable**

As of December 31, 2024 and 2023, contributions receivable consists of \$35,261 and \$50,530 for payroll deductions withheld as of December 31, 2024 and 2023, that were not remitted to the Plan until the following January. In addition, the contributions receivable as of December 31, 2023, includes \$22,725 of employer matching contributions that were remitted to the Plan in January 2024.
