(1) Name: MALETTA & COMPANYY

(2) EIN: 06-1209905

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		1000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Connecticut Institute For Communities, Inc. 403 (b) DC Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Connecticut Institute For Communities, Inc. 403 (b) DC Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Connecticut Institute For Communities, Inc. 403 (b) DC Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Connecticut Institute For Communities, Inc. 403 (b) DC Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Connecticut Institute For Communities, Inc. 403 (b) DC Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Connecticut Institute For Communities, Inc. 403 (b) DC Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

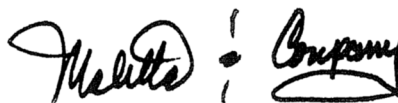

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H – Line 4I Schedule of Assets (Held at Year End), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CONNECTICUT INSTITUTE FOR COMMUNITIES, INC. 403 (B) DC PLAN
NOTES TO THE FINANCIAL STATEMENTS
AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Connecticut Institute For Communities, Inc. 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a 403(b) defined contribution plan covering all employees of Connecticut Institute For Communities, Inc. (CIFC), except for those ineligible employees, as defined in the Plan document. The Plan has an effective date of December 2, 2004 and was amended, effective January 1, 2020. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. CIFC is the Plan's sponsor and serves as the Plan administrator. The custodian of the Plan is Teachers Insurance and Annuity Association – College Retirement Equities Fund (TIAA-CREF).

Eligibility

An employee is eligible to participate in the Plan on the first day of employment unless they are a nonresident alien and received no income from within the United States of America. Eligible employees can make employee contributions to the Plan upon employment. Eligible employees are eligible to receive employer contributions at 18 years of age, after six months of service.

Contributions

Eligible employees can defer up to 100% of their eligible compensation into the Plan, up to the maximum allowed by the Internal Revenue Code (IRC). Participants are allowed to make additional age 50 catch-up contributions to the Plan if they are 50 years of age or older as of the end of the Plan year. Participants are also allowed to make special 403(b) catch-up contributions provided they have worked for CIFC for at least 15 years, subject to the specific rules set by the Internal Revenue Code (IRC). Additionally, participants are permitted to make rollover contributions to the Plan from a qualified retirement plan, 403 (b) plan, government 457 (b) plan, or traditional IRA. CIFC can make discretionary employer contributions and discretionary matching contributions to the Plan. During 2024 all employer contributions were suspended.

Participant Accounts

Each participant's account is credited with employee contributions, CIFC's contributions, and Plan earnings. Allocations are based on compensation or account balances, as defined by the Plan document. Participants may direct their account balances into a variety of investment options offered by TIAA-CREF. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The participant accounts are valued daily.

Vesting

Participants are immediately vested in their employee and employer contributions and earnings thereon. Rollover contributions are always 100 percent vested and are non-forfeitable.

NOTE 1 – DESCRIPTION OF THE PLAN (CONT'D)

Notes Receivable from Participants (Participant Loans)

Notes receivable from participants represent participant loans. Participant loans are issued directly from the participant's account, unlike plan loans that are issued directly from funds owned by TIAA. Loans are available to participants per the Plan and amounts are dependent on several factors. Generally, the minimum loan amount that a participant may take is \$1,000 and the maximum loan amount is \$50,000. The maximum amount a participant can borrow may be less, however, depending on two factors:

- The amount of the participant's accumulation under the Plan.
- Whether the participant has taken other loans from CIFIC's plans within the last year. If the participant has not had a plan loan in the previous year, the maximum loan cannot be greater than one-half of the vested account balance or \$50,000, whichever is less. If the participant has had another loan, the \$50,000 maximum will be reduced by the highest outstanding loan balance in the 12-month period prior to the new loan.

If a loan is being taken from a TIAA-CREF Annuity, the maximum loan amount is further limited, as described in further detail in the Plan document. Loan interest rates vary depending on how the participant's account balance is vested, as described in further detail in the Plan document. Participant loans meet the requirements from ERISA's prohibited transaction rules pursuant to the statutory exemption for loans under ERISA section 408(b)(1).

Plan Loans

Plan loans are issued directly from funds owned by TIAA and not directly from a participant's account. Adequate security is required, and a portion of the participant's account is reserved, or held in collateral, to cover 110% of the outstanding loan in case of default. The collateral is held in the TIAA Traditional Annuity as either part of a GSRA contract or as a separate Retirement Loan contract.

The loan interest rate for these plan loans may be fixed or variable and the initial rate is determined by the terms of the controlling contract as is the rate adjustment details and frequency. For loans having collateral held in a GSRA contract, principal repayments increase the amount of TIAA Traditional Annuity funds available for the participant's use. For retirement loan contracts, principal repayments are transferred to the CREF Money Market investment option in the participant's RA or GRA contract. For all plan loans, interest is paid directly to TIAA. Plan loans meet the requirements from ERISA's prohibited transaction rules pursuant to the statutory exemption for loans under ERISA section 408(b)(1). Additionally, plan loans are specifically permitted by section 401(f) of the Internal Revenue Code.

As of December 31, 2024 and 2023, there were outstanding Plan loan balances of \$6,945, and \$22,640, respectively. Effective January 1, 2022 TIAA no longer offers new Plan loans.

Payment of Benefits

Participants may always request a distribution of contributions they have received from CIFIC upon termination of employment after reaching age 65. Participants may request a distribution of their deferrals at the times listed below:

- Termination of Employment
- Becoming Disabled
- Attainment of Age 59½
- On Account of Hardship

CONNECTICUT INSTITUTE FOR COMMUNITIES, INC. 403 (B) DC PLAN
NOTES TO THE FINANCIAL STATEMENTS
AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE 1 – DESCRIPTION OF THE PLAN (CONT'D)

Payment of Benefits (Cont'd)

Participants may request a distribution of employer contributions at the times listed below, if they are invested in annuity contracts:

- Termination of Employment
- Becoming Disabled
- Attainment of Age 59½
- On Account of Hardship

In spite of the distribution events listed above, contributions received from CIFIC that are held in annuity contracts issued after 2008 will generally not be available to participants while they are still employed unless they have participated in the Plan for at least five years.

Participants may elect a distribution of their transfer contributions and/or rollover contributions at any time subject to the restrictions in the Individual Agreements.

Hardship Withdrawals

If a participant experiences a financial hardship, they may take a distribution from the deferrals they have contributed to the Plan, unless restricted under the terms of the individual agreements. The participant may also take a portion of the contributions they receive from CIFIC that are held in annuity contracts to satisfy a financial hardship if they have no other available resources.

The following events qualify as a hardship distribution under the Plan:

- Medical expenses for the participant, their spouse or dependents, or their beneficiary.
- Payment to purchase a principal residence.
- Tuition and education-related expenses for the participant, their spouse or dependents, or their beneficiary.
- Payments to prevent eviction from the participant's principal residence.
- Funeral expenses for the participant, their spouse or dependents, or their beneficiary.
- Payments to repair the participant's principal residence that would qualify for a casualty loss deduction.

Forfeited Accounts

Forfeited accounts will be used to reduce future employer Plan contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with generally accepted accounting principles (GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

CONNECTICUT INSTITUTE FOR COMMUNITIES, INC. 403 (B) DC PLAN
NOTES TO THE FINANCIAL STATEMENTS
AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's valuation policy utilizes information provided by the custodian. See note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded at the settlement date. Interest income is recorded on the accrual basis. Dividends are recorded on the record date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The fully benefit-responsive portion of the Plan's fixed rate annuity contract with TIAA, including the Supplemental Retirement Annuities ("SRA"), the Group Supplemental Retirement Annuities ("GSRA"), and the Retirement Choice Plus Annuities ("RCP") are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Notes Receivable from Participants (Participant Loans)

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. At December 31, 2024 and 2023, participants had outstanding participant loan balances of \$126,785 and \$103,333, respectively.

Payment of Benefits

Benefits are recorded when paid.

Expenses

CIFC pays certain administrative expenses of the Plan which are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Subsequent Events

CIFC has evaluated subsequent events with respect to the Plan through October 9, 2025, the date the financial statements were available for issuance.

NOTE 3 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB), Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. CIFC relies on the Plan custodian to provide valuation information.

Following is a description of the valuation methodologies used for assets measured at fair value, as provided by the Plan custodian. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual and Money Market Funds

The available options consist of fifteen investment funds and invest principally in equity securities, fixed-income instruments, and short-term investments in accordance with each fund's investment objectives. Fund investments are primarily valued using market quotations or prices obtained from independent pricing sources who may employ various pricing methods to value the investments including matrix pricing. CREF Money Market Account holdings are generally valued at amortized cost. Each Account determines its unit value each day.

Pooled Separate Accounts (TIAA Real Estate)

The TIAA Real Estate Account (REA) is an insurance company separate account of TIAA investing mainly in real estate and real estate-related investments. The REA, as an investment option available and permitted under the governing plan, funds variable annuity contracts issued by TIAA. The REA generally invests in real estate properties and real estate-related investments. The REA's value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. The REA sometimes holds securities as well. These are generally priced using values obtained from independent pricing sources. Unit values are published and are calculated each day.

AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE 3 – FAIR VALUE MEASUREMENTS (CONT'D)

TIAA Traditional Non-Benefit Responsive

These annuity contracts are reported at contract value, which approximates fair value. The contract value equals the accumulated cash contributions and any interest credited to the Plan's contracts, less any withdrawals. As these investments are contract-based, observable prices for identical or similar investments do not exist, and accordingly, these investments are valued using unobservable inputs and thus are classified within Level 3 of the fair value hierarchy. Liquidity restrictions apply to certain types of contracts that could impact the value realized upon exiting the contract.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Fair Value Measurements Using			Assets	2024
	Level 1	Level 2	Level 3	Valued at NAV (a)	Total

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

Pooled Separate Accounts	655,948	-	-	-	655,948
TIAA Traditional Non-Benefit Responsive	-	-	185,986	-	185,986
Total	\$11,943,883	\$ -	\$ 185,986	\$ -	\$12,129,869

- (a) Investments that are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of financial position.

Transfers Between Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in the economic conditions of the model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2024 and 2023 there were no such transfers.

NOTE 4 – INVESTMENT CONTRACT WITH INSURANCE COMPANY

TIAA Traditional Annuity

The TIAA Traditional Annuity is a traditional guaranteed fixed-rate annuity contract. Contributions buy a contractual or guaranteed amount of future benefits for the investing participant. It guarantees principal and a minimum interest rate and provides the opportunity for additional amounts in excess of the guaranteed rate. These additional amounts, when declared by the TIAA Board of Trustees, remain in effect for the “declaration year,” which begins each March 1.

The guaranteed annual interest rate during the accumulation phase is 3% for all premiums remitted since 1979 under all accumulating contracts with the exception of the Retirement Choice (RC) and Retirement Choice Plus (RCP) contracts. For the RC and RCP contracts, the guaranteed rate is between 1% and 3%. The Retirement Annuity (RA) contract does not allow lumpsum cash withdrawals, and transfers must be spread over a period of 10 annual installments. With a Group Retirement Annuity (GRA) contract, lump-sum withdrawals are available only within 120 days after termination of employment and are subject to a 2.50% surrender charge. All other withdrawals and transfers from the RA or GRA contracts must be spread over a period of 10 annual installments (or five annual installments for withdrawals after termination of employment through election of a five-year fixed-period annuity). Participant withdrawals and transfers from the TIAA Traditional Annuity in RC contracts must be taken in 84 monthly installments, except that a lump-sum distribution is available, if permitted under the plan, in the 120-day period following termination of employment, subject to a 2.50% surrender charge. Institutional withdrawals from the TIAA Traditional Annuity in RC or RCP contracts are allowed over a 60-month (five years) period with 30-day advance notice from the institution.

The TIAA Traditional Annuity within the Supplemental Retirement Annuity (SRA), Group Supplemental Retirement Annuity (GSRA), and RCP contracts have no liquidity restrictions and are benefit responsive as contemplated by FASB ASC 962-325-35-5. The TIAA Traditional Annuity holdings within RA, GRA and RC contracts have liquidity restrictions and are non-benefit responsive.

The Plan’s ability to receive amounts due in accordance with fully benefit responsive investment contracts is dependent on the third-party issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. Failure of the Plan to qualify for exemption from federal income taxes or any provisions of ERISA.
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan’s prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan’s normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan’s investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

CONNECTICUT INSTITUTE FOR COMMUNITIES, INC. 403 (B) DC PLAN
NOTES TO THE FINANCIAL STATEMENTS
AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

NOTE 5 – CERTIFIED INVESTMENTS

TIAA (the custodian of the Plan) has certified that the investment amounts reported in the Statement of Net Assets Available for Benefits, the investment activity reported in the Statement of Changes to Net Assets Available for Benefits and the amounts reported in supplemental Schedule H, Line 4I - Schedule of Assets (Held at End of Year), pursuant to 29 CFR 2520.103-5(d), are complete and accurate as of and for the years ended December 31, 2024 and 2023.

NOTE 6 – RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by TIAA. TIAA is the custodian as defined by the Plan, and therefore, these investments and investment transactions qualify as party-in-interest transactions. The Plan paid TIAA and bundled service providers at total of \$67,141 for investment fees and expense for the year ended December 31, 2024 and \$53,579 for the year ended December 31, 2023. Direct fees to TIAA, included in the total fee expense, were \$14,479 and \$8,465 for the years ended December 31, 2024 and 2023, respectively.

Additionally, the Plan sponsor, CIFC, is a party-in-interest to the Plan; however, there were no transactions with the Plan sponsor other than the funding of contributions to the Plan and absorption and payment of administrative expenses of the Plan.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, CIFC has the right under the Plan to discontinue its contributions and terminate the Plan subject to the provisions of ERISA.

NOTE 8 – TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the requirements of Section 403(b) of the IRC and, therefore, believes that the Plan is qualified and tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more than likely would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investments securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.
