Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements Me-N-Ed's Pizzeria 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Me-N-Ed's Pizzeria 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Me-N-Ed's Pizzeria 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Me-N-Ed's Pizzeria 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Me-N-Ed's Pizzeria 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Me-N-Ed's Pizzeria 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(K) RETIREMENT PLAN**

Notes to Financial Statements

December 31, 2024 and 2023

NOTE 1 - Description of Plan:

The following brief description of Me-N-Ed's Pizzeria 401(k) Retirement Plan is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Me-N-Ed's Pizzeria 401(k) Retirement Plan covers substantially all employees of Me-N-Ed's Pizzerias, Inc. and all employees of the following participating entities: Piazza del Pane, Inc., SienaCorp., Blast 825 Pizza, Inc., Milano Equipment Corp., Milano International Development Corp., and Milano Restaurants International Corp. (the "Companies"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Vesting

A participant's vested right in the employer contribution account is based on his number of years of service based on a graduated vesting schedule where, at two years of credited service, an employee is 20% vested with an additional 20% each year thereafter, and, after six years, an employee is 100% vested. Employees are 100% vested in employee contributions.

Participant loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at a rate of 4.25% - 9.50%, which is commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and included in administrative expenses when incurred. As of December 31, 2024 and 2023, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan is reduced, and the delinquent participant loan is recorded as a benefit payment based on the terms of the Plan document.

Payment of benefits

Upon the attainment of normal retirement age, or in the event of termination of an employee's participation by reason of his death or disability, the full value of his employer contribution account shall become vested and nonforfeitable.

The unvested portion of a participant's employer contribution account shall be forfeited and used to reduce future employer contributions.

Upon retirement or permanent disability, the participant shall receive their portion of the employer contribution account by payment in a lump sum.

Forfeited accounts

For the years ended December 31, 2024 and 2023, forfeited nonvested accounts totaled \$1,053 and \$695, respectively, with balances remaining of \$2,875 and \$1,807 respectively. These accounts will be used to reduce future employer contributions and/or expenses.

(continued)

Termination of Plan

The Companies shall have the right to amend the Plan by resolution of the Board of Directors and to amend or cancel any amendments, provided that no amendment shall attempt to cause any of the assets of the Plan to be used for or diverted to purposes other than for the exclusive benefit of participants or their beneficiaries.

In the event the Companies elect to terminate the Plan or discontinues operation of its business, the entire interest of the participants shall vest 100% immediately and be nonforfeitable.

Employer contributions

For each year the Companies participate in the 401(k) Retirement Plan, the Companies may, from their net profits or accumulated net profits, make a contribution of such amount as determined in accordance with a resolution of the Boards of Directors. The amount of the contribution may not obligate the Companies to contribute, for any year, any sums which are estimated to be in excess of the amount which the Companies would be permitted to deduct on their Federal income tax return for such year. In no event shall the annual addition to the account of each participant with respect to any given plan year exceed the lesser of \$69,000 and \$66,000 for 2024 and 2023 respectively, or 100% of each participant's compensation during such year. The dollar amount limitation shall be adjusted pursuant to Section 415(d) of the Internal Revenue Code as of January 1 of each year. For the years ended December 31, 2024 and 2023, the Companies declared contributions in the amount of \$24,463 and \$24,845, respectively.

Employee contributions

Employees eligible to participate in the Plan can contribute up to the maximum amount allowable under Internal Revenue Service codes. Additionally, each employee directs the ratio or fixed amount to be allocated to one of several investment options offered by the Companies. Contributions received from participants for December 31, 2024 and 2023 are net of accrued amounts to be transferred out of the Plan for participants who have moved to another plan offered by the Plan sponsor in the amount of \$-0- for December 31, 2024 and 2023.

Subsequent events

Management has evaluated subsequent events through October 13, 2025, the date on which the financial statements were available to be issued.

NOTE 2 - Summary of significant accounting policies:

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting and present the net assets available for plan benefits and changes in those net assets at current values. The difference between current value and the cost of the investments is reflected in the statement of changes in net assets available for plan benefits as appreciation (depreciation) of investments.

Management estimates

The preparation of financial statements in conformity with the accrual basis of accounting requires management and the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits and contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Federal income taxes

Me-N-Ed's Pizzeria 401(k) Retirement Plan files an annual informational return/report (Form 5500) with the Internal Revenue Service under the tax exempt status allowed under the provisions of the Internal Revenue Code Section 501(a).

(continued)

Information certified by the Plan's Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan's Trustee has certified that the following data included in the accompanying financial statements is complete and accurate: (a) investments as shown in the statements of net assets available for plan benefits as of December 31, 2024 and 2023, and (b) investment income as shown in the statement of changes in net assets available for plan benefits for the year ended December 31, 2024 and 2023. The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

Concentrations of risk

The Financial Accounting Standards Board requires disclosure in the financial statements relating to concentrations of risk and financial instruments with off-balance-sheet risk. Financial instruments that potentially subject the Plan to concentrations of risk consist of cash investments.

The Plan has significant amounts of investments which are uninsured and subject to market value fluctuations. The Plan had \$2,417,880 and \$2,107,200 invested with Transamerica Life Insurance and Annuity Company at December 31, 2024 and 2023, respectively.

Related party transactions

Certain Plan investments are shares of mutual funds managed by Transamerica Life Insurance and Annuity Company. Transamerica Life Insurance and Annuity Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Fair value of financial instruments

Unless otherwise indicated, the fair value of all reported assets and liabilities which represent financial instruments (none of which are held for trading purposes) approximates the carrying values of such amount.

Fair value measurements

The Financial Accounting Standards Board (FASB) has provided a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by Milano Plan correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Reclassifications

Certain reclassifications have been made to the prior year presentation in order for it to conform to the current year presentation

NOTE 3 - Investments:

The Plan's investments are reported at their fair value at the measurement date. The fair value of the investment in the pooled separate account is based on the fair value of the fund's net assets as determined by the trustee of the fund, primarily using quoted prices for similar assets in active markets. The Plan Administrator has obtained certification from the Plan Trustee, TransAmerica Life Insurance and Annuity Company (Transamerica), in 2024 and 2023, that the information summarized below is complete and accurate. The following tables present by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2024 and 2023, respectively:

2024	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,402,947	\$ 1,006,602	\$ -	\$ 2,409,549
2023	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,219,956	\$ 879,731	\$ -	\$ 2,099,687

Participants in the 401(k) plan can designate contributions to be invested in various funds offered through Transamerica Life Insurance and Annuity Company.

NOTE 4 – Investment contract with insurance company:

With respect to the Transamerica Stable Value Option, the Plan has entered into a fully benefit-responsive contract with Transamerica. Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Stable Value Option investment choices are not considered a guaranteed interest contract and there are no stated minimum or maximum interest rates. Contract charges may reduce this return.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is included on the statement of net assets available for benefits at contract value.

Contract value as reported by the Plan by TransAmerica, represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment at December 31, 2024 and 2023, was \$8,330 and \$7,513, respectively, and is considered Level 2. The average yield and crediting interest rates were approximately 1.08% and .70% for 2024 and 2023, respectively. The crediting interest rate is based on a formula taking into consideration a number of factors.

Certain events limit the Plan's ability to transact at contract value with the issuer. Such events include the following: (i) amendments to the plan documents (including complete or partial termination or merger with another plan), (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (iii) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

NOTE 5 - Allocating assets:

Net assets available in the amount of \$254,712 in 2024 and \$266,599 in 2023 have been allocated to the accounts of employees who have withdrawn from the Plan.

NOTE 6 - Tax status:

The Me-N-Ed's Pizzeria 401(k) Retirement Plan is based on a prototype plan as written by Nexus Administrators, Inc. (formerly All Valley Administrators, LLC). The Plan relies on the latest determination letter for the Nexus Administrators, Inc., prototype plan, dated June 30, 2020, in which the IRS stated that the Nexus Administrators, Inc. document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code, as amended (the Code). Although the Plan and related trust has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt as of December 31, 2024 and 2023.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by the tax authorities; however, there are currently no audits for any tax periods in progress.
