## INDEPENDENT AUDITORS' REPORT

To the Plan Administrator  
Zywave 401(k) Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Zywave 401(k) Plan ("the plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL")'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's elections of ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audits of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audits is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings and certain internal control related matters that we identified during the audits.

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

Notes to Financial Statements

**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Method of accounting** - The Zywave 401(k) Plan ("the plan") follows the accrual method of accounting wherein additions and deductions are reflected in the period earned or incurred.

**Accounting estimates** - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

**Subsequent events** - The financial statements include management's evaluation of the events and transactions occurring subsequent to December 31, 2024 through October 14, 2025, which is the date the financial statements were available to be issued.

**Risks and uncertainties** - The plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

**Key parties of the plan** - Zywave, Inc. is the plan sponsor, employer and plan administrator. Empower Trust Company, LLC is the trustee that holds custody of the plan's investments. Empower Retirement, LLC is the third party administrator that maintains investment and participant records, performs various compliance tests as tax counsel and is the brand name which refers to the products and services provided by Empower Trust Company, LLC. Collectively, both entities are referred to as "Empower". Spectrum Investment Advisors, Inc. is the plan's investment advisor.

**Investments** - The plan sponsor determines the investments available to plan participants. The participants allocate their contributions and transfer existing balances among the available investment options. The net appreciation (depreciation) in fair value of the investments bought, sold and held during the years is reflected in the statements of changes in net assets available for benefits. Participants should refer to the prospectuses and annual reports of the investments for more information.

**Fair value measurements** - GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical investments (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 - Valuation is based upon quoted prices in active markets for identical investments.
- Level 2 - Valuation is based upon other significant observable inputs (including quoted prices for similar investments).
- Level 3 - Valuation is based upon significant unobservable inputs (including the plan's assumptions in determining the fair value of investments).

Following is a description of the valuation methodologies used for investments measured at fair value.

*Common/collective trust* - The plan invests in the MetLife Stable Value Fund Series 25053, which is a bank collective trust fund managed by Reliance Trust Company. The objective of the fund is to preserve principal while generating earnings at rates competitive with short-term high quality fixed income investments. The fund is a direct filing entity valued at net asset value ("NAV") based on the underlying unit value as reported by the fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

**Zywave 401(k) Plan**  
Notes to Financial Statements  
December 31, 2024 and 2023

*Mutual funds* - Valued at the daily closing price as reported by the funds. Mutual funds held by the plan are registered with the U.S. Securities and Exchange Commission, are required to publish their daily NAV and are deemed to be actively traded.

The plan administrator determines by level, within the fair value hierarchy, the plan's investments at fair value as set forth below.

**Investments at fair value as of December 31, 2024**

	Level 1	Level 2	Level 3	Total
Mutual funds	\$64,062,664	\$ -	\$ -	\$64,062,664
Total investments in the fair value hierarchy	\$64,062,664	\$ -	\$ -	64,062,664
Investments measured at NAV (a)				1,120,954
Total investments at fair value				\$65,183,618

**Investments at fair value as of December 31, 2023**

	Level 1	Level 2	Level 3	Total
Mutual funds	\$55,657,488	\$ -	\$ -	\$55,657,488
Total investments in the fair value hierarchy	\$55,657,488	\$ -	\$ -	55,657,488
Investments measured at NAV (a)				885,071
Total investments at fair value				\$56,542,559

(a) In accordance with GAAP, certain investments that are measured at NAV have not been classified in the fair value hierarchy. The fair value amounts presented in the above table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using NAV as a practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the plan.

December 31, 2024	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period

December 31, 2023	Fair value	Unfunded commitments	Redemption frequency	Redemption notice period

## 2. DESCRIPTION OF PLAN

The following brief description of the plan is provided for general information purposes only. Participants should refer to the plan agreement for more complete information.

**General** - The plan was established on November 25, 2013 as a defined contribution plan and has a 401(k) salary deferral arrangement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent amendments.

**Eligibility** - Employees that have reached 20 years of age are eligible to make elective deferral contributions and receive employer matching contributions. An employee will be allowed to enter the plan on the January 1, April 1, July 1, or October 1 immediately following the employee meeting the eligibility requirements. Employees are eligible for discretionary nonelective contributions if they have reached 20 years of age, are employed as of the last day of the plan year and have completed 1,000 hours of service during the plan year. The last day of the plan year and hours of service conditions are waived if a participant dies, becomes disabled or reaches normal retirement age (defined as age 65) during the plan year to which the contribution relates.

**Contributions** - Contributions are recorded in the year in which the eligible compensation is paid. Contributions to the plan can be made in the following ways:

- a. Participants may contribute a percentage of their annual wages subject to certain limitations (elective deferral contributions). The plan allows Roth elective deferral contributions.
- b. Participants may make rollover contributions to the plan from other qualified plans.
- c. The employer may make matching contributions equal to a discretionary percentage of the elective deferral contributions. Employer matching contributions were equal to 50% of the first 6% of the employee compensation contributed as elective deferral contributions in 2024 and 2023. These contributions are funded coinciding with each payroll with an annual true-up contribution.
- d. The employer may also make discretionary nonelective contributions to the plan. Such contributions would be allocated to participants in the ratio that each participant's compensation bears to the compensation of all eligible participants. There were no discretionary nonelective contributions made in 2024 or 2023.

**Vesting** - Participants are always 100% vested in their elective deferral and rollover contributions and related earnings. Participants become 20% vested in their employer contributions and related earnings after completion of their second year of service. Prior to April 1, 2021, the participant's vesting then increased at the rate of 20% per year thereafter. Effective April 1, 2021, participants become 40% vested in year three and 100% vested in year four. Upon death, disability or attainment normal retirement age while employed, a participant becomes 100% vested.

**Participant accounts** - Earnings, including the fair value appreciation or depreciation, are allocated to participant accounts on a daily basis based upon the performance of the investment options selected. Each participant's account is credited with the participant's elective deferral contributions, rollover contributions and an allocation of the employer contributions. Participants are allowed to transfer funds between the various investment options daily and change their deferral percentage at any time.

**Payment of benefits** - Benefit payments are recorded when paid. Benefit payments may commence upon death, disability, attainment of normal retirement age or termination of employment. Participants may receive the distribution of their accrued benefits in the form of a single lump sum payment or in installments. In-services withdrawals can commence upon reaching age 59½. In addition, hardship withdrawals are permitted under certain circumstances.

**Forfeitures** - Forfeitures may be used to pay administrative fees of the plan or to reduce employer contributions. Forfeitures used to reduce employer contributions were \$313,000 and \$406,000 in 2024 and 2023. Forfeitures used to pay administrative fees were \$13,000 in 2024. There were no forfeitures used to pay administrative fees in 2023. Unapplied forfeitures were \$437,000 and \$22,000 as of December 31, 2024 and 2023.

**Zywave 401(k) Plan**  
Notes to Financial Statements

---

**Administrative fees** - Certain administrative fees of the plan are paid by the employer. Certain other administrative fees are paid by the plan from plan assets and recorded as administrative fees in the accompanying financial statements. Such expenses include participant directed charges for distribution and loan origination fees and non-participant directed charges for service, administrative and advisory fees. Non-participant directed charges are allocated to participants on an account value basis.

**Notes receivable from participants** - Participants may obtain loans from their accounts with approval of the plan administrator. Each participant may only have one loan outstanding at any time. The minimum loan amount is \$1,000 and the loan cannot exceed the lesser of 50% of the participant's vested account balance or \$50,000. Loans must generally be paid back over a period not to exceed five years, unless used to purchase a primary residence. As of December 31, 2024, loans outstanding had various repayment schedules through August 2038 with interest rates ranging from 4.25% to 9.50%. The notes receivable from participants are valued at their unpaid principal balances plus any accrued but unpaid interest, which approximates fair value.

### **3. TERMINATION OF PLAN**

Although it has not expressed any intent to do so, the plan sponsor has the right to terminate the plan at any time subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions and related earnings.

### **4. INCOME TAX STATUS**

The plan has adopted an Empower Retirement LLC pre-approved plan that received a favorable opinion letter dated November 14, 2022. The opinion letter from the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The plan administrator has not obtained a separate Internal Revenue Service opinion or determination letter for the plan. However, the plan administrator and tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and, therefore, believes the plan is qualified, and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize tax liabilities (or assets) for any uncertain tax positions taken that more likely than not would not be sustained upon examination by the applicable authorities. Plan management analyzed the requirements for accounting for such uncertain tax positions taken and determined the plan was not required to recognize any tax liabilities (or assets) related to uncertain tax positions taken as of December 31, 2024 and 2023. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

### **5. PARTY-IN-INTEREST TRANSACTIONS**

Empower is the custodian of plan assets and plan trustee and, therefore, transactions between Empower and the plan qualify as party-in-interest transactions.

In addition, the plan entered into an administrative service agreement with Empower in which Empower provides certain administrative services to the plan. Direct fees paid to Empower, recorded as a component of administrative fees, were \$102,000 in 2024 and \$104,000 in 2023. In addition, Empower receives revenue, in the form of indirect compensation, from mutual fund service providers for services Empower provides to the funds. Under the administrative service agreement, this indirect compensation is used to reduce fees that would otherwise be owed by the plan to Empower for its administrative services. Such indirect compensation was recorded as a reduction of administrative fees in these financial statements and totaled \$23,000 in 2024 and \$30,000 in 2023. Direct fees for services provided by the investment advisor, recorded as a component of administrative fees, were \$25,000 in 2024 and 2023.

Notes receivable from participants also qualify as party-in-interest transactions.

All of the above party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

- a. Investments held for the plan and the fair values of such and the notes receivable from participants as of December 31, 2024 and 2023;
- b. Dividends on investments, net appreciation (depreciation) in fair value of investments and interest income on notes receivable from participants for the years ended December 31, 2024 and 2023;
