## Independent Auditor's Report

To the Plan Administrator  
Retirees of Veyance Technologies, Inc.  
Health Care Plan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audits**

We have performed audits of the financial statements of Retirees of Veyance Technologies, Inc. Health Care Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits and plan benefit obligations as of December 31, 2024 and 2023 and the related statements of changes in net assets available for benefits and changes in plan benefit obligations for the year ended December 31, 2024 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024 stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

To the Plan Administrator  
Retirees of Veyance Technologies, Inc.  
Health Care Plan

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

### ***Auditor's Responsibilities for the Audits of the Financial Statements***

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that audits conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

To the Plan Administrator  
Retirees of Veyance Technologies, Inc.  
Health Care Plan

**Supplemental Schedules Required by ERISA**

The supplemental schedules of assets held at end of year as of December 31, 2024 and reportable transactions for the year ended December 31, 2024 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Note 1 - Plan Description

Retirees of Veyance Technologies, Inc. Health Care Plan (the "Plan") is an employee welfare benefit plan that is available to certain hourly retirees of Veyance Technologies, Inc. (Veyance Technologies), which was formerly the Engineered Products Division of The Goodyear Tire & Rubber Company (Goodyear). During 2015, Veyance Technologies was acquired by ContiTech USA, Inc. and, accordingly, became the employer of record and is hereinafter referred to as the "Company." Eligible participants generally include former hourly union employees of the Company who were hired before September 30, 2009 and retired on or after August 1, 2007 and otherwise meet the eligibility requirements of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

#### **General**

The Plan was established on October 29, 2007 and is funded by Retirees of Veyance Technologies, Inc. Health Care Plan Trust (the "Trust"), a voluntary employees' beneficiary association (VEBA) trust established in accordance with Section 501(c)(9) of the Internal Revenue Code (IRC). The Trust was established on or about November 24, 2008 pursuant to an October 29, 2007 settlement agreement (the "Settlement Agreement") that resolved the class action lawsuit titled Redington, et al. v. The Goodyear Tire & Rubber Company, which was before the United States District Court for the Northern District of Ohio. In an order entered on August 22, 2008, the court approved the Settlement Agreement. On December 4, 2008, Goodyear contributed \$27,402,980 to the Trust. That contribution was composed of \$19,902,980 per the Settlement Agreement and an additional \$7,500,000 per an October 17, 2007 letter agreement between Goodyear and the United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union (USW). Plan assets will be utilized for benefits and administrative expenses until fully expended.

Participants, retirees, and their spouses are entitled to postretirement health coverage, which includes pre-Medicare and supplemental Medicare medical and dental coverage and a special Medicare benefit upon (i) retirement if the retirement is on or after the attainment of age 65; (ii) the attainment of age 65 if retirement is before age 65; or (iii) if earlier, first becoming eligible to enroll in Medicare Part B with Medicare as primary coverage, provided the individual enrolls and continues to be enrolled in Medicare Part B. A participant must also be enrolled in the medical benefits in order to be eligible to receive the special Medicare benefit reimbursement. The special Medicare benefit reimbursement is a reimbursement to the participant that is equal to the lesser of (i) the standard monthly premium for Medicare Part B that is paid by persons who enroll in Medicare coverage or (ii) \$50 but shall not include any additional premiums, such as those charged for delinquent enrollment in Medicare. Under the terms of the Plan, participation is voluntary. Entitlement to benefits ceases at the time a participant chooses not to contribute to the Plan. Effective July 1, 2020, this Medicare Part B reimbursement was eliminated.

#### **Administration**

Under the trust agreement, four individuals (the "Committee") have been appointed to establish and manage the Trust, to sponsor and administer the Plan, and to serve as the "named fiduciary," as contemplated by ERISA guidelines.

#### **Contributions**

All contributions to the Plan are participant self-payments. Participants contribute specified amounts to the Plan on a monthly basis. The amount is based on the coverage elected, age, eligibility for Medicare, number of dependents, and service credit, as defined.

#### **Termination**

While it has not expressed any intent to do so, the Committee has the right under the Plan to modify the benefits provided to employees and to terminate the Plan, subject to the provisions set forth in ERISA.

**December 31, 2024 and 2023**

**Note 2 - Summary of Significant Accounting Policies**

***Investment Valuation and Income Recognition***

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date.

***Benefit Payments***

Benefit payments are recorded when paid.

***Administrative Expenses***

Various administrative costs are paid by the Plan.

***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

***Risks and Uncertainties***

The plan benefit obligations are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics. Due to the changing nature of these assumptions, it is at least reasonably possible that changes in these assumptions will occur in the near term and, due to the uncertainties inherent in setting assumptions, that the effect of such changes could be material to the financial statements. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. It is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the financial statements.

***Party-in-interest Transactions***

Certain plan assets are in investment funds managed by PNC Bank, National Association or its affiliates. PNC Bank, National Association is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

***Subsequent Events***

The financial statements and related disclosures include evaluation of events up through and including October 13, 2025, which is the date the financial statements were available to be issued.

**Note 3 - Tax Status**

The Trust established under the Plan to hold the Plan's assets is intended to qualify pursuant to Section 501(c)(9) of the IRC, and, accordingly, the Trust's net investment income is generally exempt from income taxes. The Trust has obtained a favorable tax exemption letter from the Internal Revenue Service dated April 19, 2011, and the Committee believes that the Trust continues to qualify and to operate in accordance with applicable provisions of the IRC.

# Notes to Financial Statements

December 31, 2024 and 2023

### Note 4 - Certified Information

PNC Bank, National Association (the "Trustee") holds the Plan's investments and executes all investment transactions. The investment balances and related investment income and losses included in the accompanying financial statements, supplemental schedule of assets held at end of year, and supplemental schedule of reportable transactions are based solely on information certified by the Trustee.

### Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

#### Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

#### Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

#### Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following valuation methodologies have been used to value the Plan's investments:

#### Mutual Funds

Mutual funds are valued at quoted prices reported in active markets.

The following tables present information about the Plan at December 31, 2024 and 2023:

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2024	
	Investments (at Fair Value)	Level 1
Mutual funds	\$ 13,817,715	\$ 13,817,715

  

	Assets Measured at Fair Value on a Recurring Basis at December 31, 2023	
	Investments (at Fair Value)	Level 1
Mutual funds	\$ 16,550,474	\$ 16,550,474

There were no unfunded commitments or redemption restrictions on the investments described above.

**Note 6 - Postretirement Benefit Obligation**

The Plan provides retired participants with an opportunity to continue medical and dental insurance coverage by self-paying contributions. Premium payments related to this coverage are expensed when paid, and contributions are recorded when received.

The postretirement benefit obligation represents the total actuarial present value of those estimated future benefits that are attributed to participant service rendered through year end. Postretirement benefits include future benefits expected to be paid to or for currently retired participants and their beneficiaries and dependents and active participants and their beneficiaries and dependents after retirement from service with the Company. Prior to an active participant’s full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributed to that participant’s service rendered to the valuation date. The postretirement benefit obligation represents the obligation net of amounts that will be funded by contributions from participants and from existing plan assets.

The actuarial present value of the expected postretirement benefit obligation is determined by an actuary and is the amount that results from applying actuarial assumptions to historical claims and premium costs and participant payment data to estimate future annual incurred claims cost per participant and to adjust such estimates for time value of money and the probability of payment between the valuation date and the expected date of payment.

For measurement purposes, the 2025 annual rate of increase in the per capita cost of covered health care benefits was 6.30 percent for pre-Medicare and 6.70 percent for Medicare costs; both rates are assumed to fluctuate to an ultimate rate of 3.70 percent in 2074 and thereafter.

The change in actuarial assumptions of \$(4,773,800) consists of a decrease in benefit obligations of \$5,466,758 related to discount rate assumption changes and an increase in the benefit obligation of \$692,958 related to medical trend rate assumption changes.

For measurement purposes, at both December 31, 2024 and 2023, termination rates were assumed to be 5.44 percent, 5.07 percent, 3.51 percent, and 0.41 percent at age 20, 30, 40, and 50, respectively.

The effect of a 1 percentage point increase in the assumed health care cost trend rates for future years on the postretirement benefit obligation is approximately \$8,023,000 and \$10,731,000 at December 31, 2024 and 2023, respectively.

The following were significant assumptions used in the valuation as of December 31:

	2024	2023
Discount rate	5.44 percent	4.77 percent
Average retirement age	61	61
Mortality table healthy participants	Pri-2012 Blue Collar Headcount weighted Mortality Tables projected generationally with Scale MP-2021	Pri-2012 Blue Collar Headcount weighted Mortality Tables projected generationally with Scale MP-2021
Mortality table disabled participants	Pri-2012 Disabled Headcount weighted Mortality Tables projected generationally with Scale MP-2021	Pri-2012 Disabled Headcount weighted Mortality Tables projected generationally with Scale MP-2021

The discount rate assumption is based on observation of estimates inherent in market data, specifically current yields on AA corporate bonds.

**December 31, 2024 and 2023**

**Note 6 - Postretirement Benefit Obligation (Continued)**

The above assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligation.
