Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **BDO USA, P.C.**

(2) EIN: **13-5381590**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		1000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	☒		
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.		☒	

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

Independent Auditor's Report

The Plan Administrator
Hecla Mining Company Restated Retirement Plan and Participants
Coeur d'Alene, Idaho

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Hecla Mining Company Restated Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits and of accumulated plan benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits and of changes in accumulated plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 and Schedule H, Line 4j - Schedule of Reportable Transactions for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to are derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agree to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Hecla Mining Company Restated Retirement Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Hecla Mining Company Restated Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a non-contributory, defined benefit pension plan covering substantially all U.S. employees of Hecla Mining Company (the Company) except for the hourly employees of the Lucky Friday Mine (who are covered by a separate collectively negotiated pension plan) that was established on January 1, 1947 and was most recently amended July 19, 2024. Effective July 19, 2024, the Plan was frozen to new entrants. The Plan is subject to the provisions of Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Trustee and Administration of the Plan

The Trustee of the Plan is U.S. Bank National Association (Trustee). The Administrator of the Plan is the Company. The Trustee holds all assets of the Plan in accordance with the service provider contract with the Company. The Retirement and Pension Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Board of Directors.

Pension Benefits

Effective January 1, 1987, employees with five or more years of service were entitled to annual benefits beginning at normal retirement age, or 65 years, equal to the sum of past and future service benefits as specified in the Plan Agreement. These sums were based on a benefit formula which includes the employee's highest 36 consecutive months of earnings during their final 120 months of service, with a minimum annual benefit of \$160. The Plan permits early retirement with an actuarially reduced benefit at ages 55-64 for employees with at least ten years of service. The Plan also provides for retirement at any time after age 60 with no reduction of benefits if the employee has at least 30 years of service. Employees may elect to receive their pension benefits in the form of a joint and survivor annuity or a life annuity. If employees terminate before rendering five years of service, they forfeit their right to receive their accumulated plan benefits. The Plan requires distribution of benefits to commence on April 1 of the calendar year following the later of the calendar year in which the Participant retires or the calendar year in which such Participant attains age 70½ if born before July 1, 1949 or after attains age 72 if born after July 1, 1949 or 73 if the participant reaches 72 after December 31, 2022.

Effective April 15, 2008, the Plan was amended to add a cash balance formula to certain participants. The cash balance formula is designed to cover (i) any employee who first entered the Plan on April 16, 2008 as a result of the Greens Creek acquisition and was a participant in the previous partnership plan prior to the acquisition, and (ii) all other employees at the Greens Creek Mine who enter the Plan after April 16, 2008. The Retirement Credit Balance Benefit requires the plan to set up a hypothetical account for each eligible participant within the Plan. The Plan then allocates 6% of the participant's eligible earnings up to their Social Security Base Wage (SSBW) and 11.7% of their eligible earnings in excess of their SSBW to each participant's hypothetical accounts. The accounts are credited with interest at the Consumer Price Index (CPI) plus 0.75% on a quarterly

Hecla Mining Company Restated Retirement Plan

Notes to Financial Statements

basis. Participants receiving this benefit vest ratably over three years of qualifying service as defined by the Plan agreement.

Effective July 1, 2013, the Plan was amended to change the pension benefit formula and other plan provisions. The amendment resulted in the following changes:

- The definition of pensionable compensation was changed to exclude one-half of any performance-based or annual incentive bonus, fringe benefits, reimbursements or other expense allowances, moving expenses, health and welfare benefits, stock awards, income realized from stock options or restricted stock, income from certain property arrangements, long term incentive awards, premium pay rates for overtime, contributions to or distributions from a nonqualified deferred compensation plan, and shift or location differentials. Under the terms of the amended plan, pensionable compensation includes an employee's base salary and other payments of compensation for services performed during the course of employment, elective deferrals not includable in the gross income of the employee under the Internal Revenue Service Code Sections 125, 132(f)(4), 402(e)(3), 402(h), 403(b) and 457, one-half of any performance-based or annual incentive bonus, one-half of any cash safety incentive award, paid time off other than for disability leave, and compensation for overtime at the employee's regular hourly rate of pay for each hour worked.
- For new employees hired after June 30, 2013, pension benefits will be calculated based on the highest average of any five consecutive years (60 months) of pensionable compensation during the final ten years of service instead of three consecutive years during the final ten years of service for employees hired before July 1, 2013.
- Prior to July 1, 2013, each participant's account was credited annually with an amount equal to 6.0% of pensionable compensation, plus an additional 5.7% of the participant's pensionable compensation in excess of the Social Security taxable wage base (the cash balance pay credit). Beginning July 1, 2013, the cash balance pay credit will consist of the 6.0% of pensionable compensation without the 5.7% additional credit.
- Access to cash balance accounts following a termination of employment prior to early or normal retirement age has been limited. Prior to the amendment, a cash balance participant could elect to receive a distribution of the vested portion of his or her account at any age following a termination of employment. This change applies only to amounts credited to a cash balance account after June 30, 2013.
- For new employees hired after June 30, 2013, the cash balance pay credit will be earned based on years of plan participation: 3% for one through five years; 4.5% for six through ten years; 6% after ten years.

ERISA regulations allow lump sum distributions of pension benefits to inactive vested participants with accumulated present value of benefits below a specified limit as established by ERISA.

Death and Disability Benefits

The Plan will provide benefits to a surviving spouse if death occurs before retirement and after five years of service, computed on the basis of the retirement benefits earned up to the date of death of the employee. Active employees with over ten years of service who become totally disabled will receive benefits equal to the normal retirement benefits that have been earned up to the date of disability.

Hecla Mining Company Restated Retirement Plan

Notes to Financial Statements

Funding Policy

The Company's funding policy is to make annual contributions to the Plan in amounts that are determined by the Plan's actuaries and are based on amounts required to be funded under the terms of the Plan. The Plan has met its actuarially determined funding requirement for the years ended December 31, 2024 and 2023, respectively. The Company generally makes contributions to the Plan in the form of Company common stock.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits as of the date of the financial statements, and changes therein. Actual results could differ from those estimates and could be material to the Plan's financial statements.

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received when selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 8 for further discussion and disclosure related to fair value measurements.

Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation/(depreciation) in fair value of investments includes the Plan's gains and losses on the investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, market and credit risks. Plan contributions and the actuarial present value of accumulated plan benefits are determined based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to the level of risk associated with the uncertainty related to changes in the value of investment securities and uncertainties inherent in the estimation and assumption process for accumulated Plan benefits, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would be material to the financial statements. At December 31, 2024 and 2023, the Plan held three investments, respectively, totaling 34% of total investments in each year, respectively.

Hecla Mining Company Restated Retirement Plan

Notes to Financial Statements

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan and the Pension Benefit Guaranty Corporation (PBGC) premiums are recorded as deductions in the accompanying statements of changes in net assets available for benefits.

3. Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those expected future periodic payments, including lump-sum distributions, under the Plan's provisions that are attributable to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to present employees or their beneficiaries. The accumulated plan benefits for active employees are based on their credited service during the period of employment ending on the date as of which the benefit information is presented (the valuation date). Benefits payable under all circumstances (retirement, death, disability and termination of employment) are included to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided via annuity contracts from Plan assets are excluded from accumulated plan benefits.

The actuarial present value of accumulated plan benefits is determined by an independent enrolled actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawals, or retirement) between the valuation date and expected date of payment. The Plan's actuary is NWPS.

The significant actuarial assumptions used in the valuations are as follows:

<i>December 31,</i>	2024	2023
Interest, per year	6.50%	6.50%
Mortality	IRS 2024 Generational Mortality Table	IRS 2024 Static Mortality Table
Average Retirement Date	65-69	65-69

The foregoing actuarial assumptions are used on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2025 and 2024. Had the valuations been performed as of December 31, 2024 and 2023 there would have been no material differences.

4. Information Certified by U.S. Bank National Association

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, U.S. Bank National Association, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedules is complete and accurate:

- Investments in money market funds in the amount of \$471,839 and \$484,825, respectively, mutual funds in the amount of \$56,300,526 and \$55,917,254, respectively, and employer common stocks in the amount of \$12,982,403 and \$12,717,996, respectively, as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Total interest income of \$10,024 and \$11,886, respectively, dividend income of \$1,632,441 and \$1,520,440, respectively, and net appreciation in fair value of investments related to money market funds, mutual funds, and employer common stocks as shown in the statements changes in net assets available for benefits as of December 31, 2024 and 2023 in the amount of \$3,383,292 and \$4,641,634, respectively.
- All information related to money market funds, mutual funds, and employer common stock included in the Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2024, as shown in the ERISA-required supplemental schedule.
- All information included in the Schedule H, Line 4j - Schedule of Reportable Transactions for the year ended December 31, 2024, as shown in the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedules.

5. Related Party and Party-in-Interest Transactions

Hecla Mining Company common stock is a Plan investment. As Hecla Mining Company is the Plan Sponsor, these transactions qualify as party-in-interest transactions. At December 31, 2024 and 2023, respectively, the Plan held shares of the Company's stock valued at \$12,982,403 and \$12,717,996. There was no common stock contributed by the Company during 2024. During the year ended December 31, 2023, the Company contributed 45,000 shares of Company's common stock with a fair market value of \$186,750. During the years ended December 31, 2024 and 2023, dividends of \$103,963 and \$48,102 were paid to the Plan. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

The Trustee and Actuary are parties in interest, as defined by ERISA. The Plan paid certain expenses to U.S. Bank amounting to \$75,552 and \$91,773, respectively, and to NWPS amounting to \$270,431 and \$236,386, respectively, for the years ended December 31, 2024 and 2023, related to Plan operations. Such transactions are exempt from the prohibition of party-in-interest transactions under ERISA.

6. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated April 25, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter, however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirement of the IRC. Therefore, no provision for income taxes is reflected in the accompanying statements of changes in net assets available for benefits.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Plan Termination

While the Company has not expressed any intent to terminate the Plan, it is free to do so at any time, subject to the provisions set forth in ERISA. In the event the Plan terminates, the net assets of the Plan will be allocated as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- a) Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
- b) Other vested benefits insured by the PBGC, a U.S. government agency, up to the applicable limitations (discussed below).
- c) All other vested benefits (that is, vested benefits not insured by the PBGC).
- d) All non-vested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits and certain disability and survivors' pensions. The PBGC does not guarantee all types of benefits under the Plan and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits and may also depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by the PBGC.

Notes to Financial Statements

The Plan provides that following a “change in control” of the Company the assets of the Plan shall be applied in accordance with the provisions of the Plan agreement to satisfy all liabilities to participants and beneficiaries, and any remaining assets shall be applied on a pro rata basis to increase the benefits of the participants and beneficiaries.

8. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2024 or 2023. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds - These funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open ended mutual funds that are registered with the Securities and Exchange Commission. The funds are required to publish their daily NAV and to transact at the price. The mutual funds held by the Plan are deemed to be actively traded.

Employer Common Stock - This asset is valued at the closing price reported on the active market on which the securities are traded on the last business day of the Plan year.

Money Market Fund - This asset consists of investments in an institutions money market fund that permits daily redemption, the fair value of which is based upon the quoted price in active markets provided by the financial institution managing this fund.

Hecla Mining Company Restated Retirement Plan

Notes to Financial Statements

Real Estate Funds - These funds are valued at the NAV of units of the real estate funds. The NAV, as provided by the fund manager, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Hedge Fund - This fund is valued at the NAV of units of the hedge fund. The NAV, as provided by the fund manager, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Common Collective Funds - These funds are valued at the NAV of units of the common collective funds. The NAV, as provided by the fund manager, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present the Plan investments that are measured at fair value on a recurring basis, and the levels of inputs used to measure fair value:

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items present in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2024 and 2023, respectively. There are no unfunded commitments related to these investments. There are no restrictions on redemptions of these funds as of December 31, 2024 and 2023, except as limited by the redemption terms discussed below.

Description	Investment Strategy	Redemption Terms
Real estate funds	Invest in real estate properties among the four major property types (office, industrial, retail and multi-family).	Allowed quarterly with notice of between 45 and 60 days.
Hedge fund	Invest in a variety of asset classes which aim to diversify sources of returns.	Allowed quarterly with notice of 90 days.
Common/collective funds	Invest in U.S. large cap or small/medium cap public equities in actively traded managed equity portfolios.	Allowed daily or with notice of 30 days.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

The *Minimum Funding* interest rates are prescribed under the Pension Protection Act of 2006 (PPA) and are adjusted under the American Rescue Plan Act of 2021 (ARPA).

The *Minimum Funding* Effective Rate is the single effective rate that produces the same liability as the required three segment rates used for funding purposes.

The *Maximum Deductible Contribution* rates are prescribed under the Pension Protection Act of 2006 (PPA) and are unadjusted under ARPA.

Investment Return: 6.50% long term rate used for Actuarial Value of Assets calculation for plan year ending December 31, 2023 (capped at the 3rd segment rate, if less). 4.75% (1st segment rate from prior year valuation) used for investment gain/loss.

Cash Balance Interest Crediting Rate: 1.50% per quarter prior to retirement.

Salary Scale: Greater of 3.00% per annum applied to the prior-year compensation or the January 1 salary rate provided by Hecla.

Operational Expense: \$1,000,000 payable on the first day of the year.

Final Average Salary vested inactive participants are assumed to retire at age 65.
Cash Balance vested inactive participants are assumed to retire at age 55.

Marital Status: 80% of participants are assumed to be married. Female spouse is assumed to be 3 years younger than the male spouse.

Form of Payment: Final Average Salary Formula: All active married participants are assumed to elect a 50% Joint & Survivor benefit. All active single participants are assumed to elect a Single Life Annuity.

Cash Balance Formula: All active participants originally hired before July 1, 2013 are assumed to take their pre-July 1, 2013 cash balance account as an immediate lump sum, and the post-July 1, 2013 cash balance account as a lump sum payable at age 55. All active participants originally hired on or after July 1, 2013 are assumed to take their cash balance account as a lump sum payable at age 55.

Actuarial Method and Assumptions (continued)

Vested Inactive Participants: Final Average Salary Formula participants are assumed to take a Single Life Annuity at age 65. Cash Balance participants are assumed to take a lump sum of their cash balance account at age 55.

Asset Valuation: Under the smoothing approach provided by PPA as amended by the Worker, Retiree and Employer Recovery Act of 2008, asset returns are smoothed over a two year period. The resulting value may not be less than 90% nor more than 110% of market value.

Funding Relief: Hecla elected to apply the funding shortfall relief beginning with the January 1, 2019 plan year as well as the segment rate relief beginning with the January 1, 2020 plan year as permissible under the American Rescue Plan Act of 2021.

Changes Since Prior Valuation: As required under PPA, the mortality table was updated from the 2023 IRS Static Mortality Table to the 2024 IRS Generational Mortality Table and the interest discount rates were updated.

Summary of Plan Provisions

Plan Type: Qualified defined benefit plan.

Plan Effective Date: January 1, 1947

Plan Year: January 1 - December 31

Latest Amendment Date: November 1, 2021

Eligibility: All employees of the Hecla Mining Company and its subsidiaries, except those whose employment is subject to collective bargaining or receiving current credits under another non-government retirement plan for which Hecla is currently contributing.

Participation: Eligible employees enter the plan on the first day of the month coincident with or next following the completion of the first 12-month period in which they work 1,000 hours. Employees at Greens Creek who were employed by Rio Tinto America on April 15, 2008 and were employed by Hecla on April 16, 2008 entered the plan on the later of (i) April 16, 2008, or (ii) the date they would have entered the plan had they been hired originally by Hecla. Eligible employees hired at Greens Creek after July 1, 2013, enter the plan the first of the calendar quarter following completion of the first 12-month period in which they work 1,000 hours.

Credited Service: For employees hired before July 1, 2013, credited service is the total elapsed period of employment. For employees hired after June 30, 2013, credited service is the total elapsed period of employment beginning as of their Participation Date.

Normal Retirement Age: Age 65 with one year of service.

Vesting Service: A year of vesting service is earned for each plan year in which an employee works 1,000 hours. Employees for whom hours records are not kept are credited with 95 hours for each semi-monthly pay period in which they work at least one hour.

Benefits: The plan has two primary benefit formulas: a cash balance formula and a traditional formula. Each participant is eligible for only one of the two benefit formulas. Eligibility and benefit provisions for each of these are described below. There are certain additional benefits that only apply to smaller sub-groups of employees.

Cash Balance Benefit Formula

Eligibility: (i) Any employee who first entered the plan on April 16, 2008 as a result of the Greens Creek acquisition, and who was a participant in the Rio Tinto Investment Partnership Plan prior to the acquisition. (ii) Any other employee at Greens Creek who first enters the plan after April 16, 2008.

Plan Compensation: Prior to July 1, 2013, all compensation paid or payable for personal services, plus qualified deferrals. Effective July 1, 2013, plan compensation excludes long term incentive awards, premium pay rates for overtime, and one-half of any performance-based or annual incentive bonus.

Summary of Plan Provisions (continued)

Contribution Credits: For employees hired before July 1, 2013, credits begin at the later of hire or April 16, 2008 and the cash balance account is credited with 6% of plan compensation earned in each quarter. For employees hired on or after July 1, 2013, credits begin on the first of the calendar quarter following satisfaction of the participation requirements. The cash balance account is credited as follows: 3.0% of pay for the first 5 years of credited service, 4.5% of pay for 5 to 10 years of credited service and 6.0% of pay thereafter.

Interest Credits: As of the end of each quarter, the cash balance account is credited with interest on the balance in the account as of the end of the previous quarter. The interest credited is the percentage change in the CPI-U index for the last month in the two quarters plus 0.75%, but not less than 0.

Vesting: The cash balance account is one-third vested for each full year of service with full vesting after three service years.

Forms of Benefit: The normal form of benefit payment for an unmarried participant is a single life annuity that is actuarially equivalent to the vested account balance on the basis of mortality and interest factors under IRC Section 417(e). The normal form for a married participant is a joint and 50% survivor annuity that is actuarially equivalent, on the basis of UP84 and 7%, to the benefit that would be payable to an unmarried participant. The participant may instead elect to have the vested account balance paid as a lump sum at termination of employment for any reason. Optional annuity forms include single life annuity and joint and survivor annuities with and without pop-up provisions, all actuarially equivalent to the normal form on the basis of UP84

and 7%. Effective July 1, 2013, only the portion of the vested account balance earned as of June 30, 2013 may be paid as an immediate lump sum. The portion of the cash balance accrued after June 30, 2013 is payable as a lump sum once the participant becomes retirement eligible.

Traditional Final Average Salary Benefit Formula

Eligibility: All eligible employees other than those participating in the Cash Balance benefit formula.

Plan Compensation: Prior to July 1, 2013, all compensation paid or payable for personal services, plus qualified deferrals. Effective July 1, 2013, plan compensation excludes long term incentive awards, premium pay rates for overtime, and one-half of any performance-based or annual incentive bonus.

Normal Retirement Benefit: Sum of (i) and (ii) multiplied by the number of years of Credited Service, but not less than (iii).

- (i) 1.00% of participant's Average Compensation.
- (ii) 0.75% of participant's Excess Compensation.
- (iii) \$160.

Average Compensation: For employees hired before July 1, 2013, three consecutive years selected from the last ten years which produce the highest average Plan Compensation, but not less than the average as of June 30, 2013. For employees hired on or after July 1, 2013, five consecutive years selected from the last ten years which produce the highest average Plan compensation.

Summary of Plan Provisions (continued)

Excess Compensation: The amount by which Participant's Average Compensation exceeds Covered Compensation for the plan year.

Covered Compensation: Thirty-five year average of the Social Security Taxable Wage Base prior to participant's Social Security Retirement Age.

Vesting: 100% vested after 5 years of vesting service.

Forms of Benefit: The normal form of benefit payment for an unmarried participant is a single life annuity equal to the normal retirement benefit. The normal form for a married participant is a joint and 50% survivor annuity that is actuarially equivalent, on the basis of UP84 and 7%, to the benefit that would be payable to an unmarried participant. Optional annuity forms include single life annuity and joint and survivor annuities with and without pop-up provisions, all actuarially equivalent to the normal form on the basis of UP84 and 7%.

Early Retirement Eligibility: Age 55 with 10 years of service.

Early Retirement Benefit: For participants with less than 30 years of service or under age 60 at commencement of benefits, the Normal Retirement Benefit is reduced 1/2% for each month before Normal Retirement. For participants who have 30 or more years of service, and are age 60 or over at commencement, the benefit is unreduced.

Disability Retirement: 10 years of service, totally and permanently disabled while under employment.

Disability Retirement Benefit: Normal Retirement Benefit payable as a life annuity or until disability ceases.

Pre-Retirement Death Benefit Eligibility: Vested and married for at least one year.

Pre-Retirement Death Benefit: Active employees: 100% of Normal Retirement Benefit payable as a life annuity to the spouse. Inactive vested employees: The amount the spouse would have received had the participant survived to early retirement age and died on the following day having elected the 100% joint and survivor annuity.

Post-Retirement Death Benefit: If the annuity start date was prior to July 1, 1986, the lesser of \$75.00 or the participant's monthly benefit, payable to the surviving spouse for 36 months.

Medicare Supplement: For participants retired prior to October 1, 1982, a benefit of \$33.00 per quarter with the purchase of Medicare Part B coverage, plus \$48.00 per quarter with the purchase of a supplement to Medicare.

Summary of Plan Provisions

Plan Type: Qualified defined benefit plan.

Plan Effective Date: January 1, 1947

Plan Year: January 1 - December 31

Latest Amendment Date: November 1, 2021

Eligibility: All employees of the Hecla Mining Company and its subsidiaries, except those whose employment is subject to collective bargaining or receiving current credits under another non-government retirement plan for which Hecla is currently contributing.

Participation: Eligible employees enter the plan on the first day of the month coincident with or next following the completion of the first 12-month period in which they work 1,000 hours. Employees at Greens Creek who were employed by Rio Tinto America on April 15, 2008 and were employed by Hecla on April 16, 2008 entered the plan on the later of (i) April 16, 2008, or (ii) the date they would have entered the plan had they been hired originally by Hecla. Eligible employees hired at Greens Creek after July 1, 2013, enter the plan the first of the calendar quarter following completion of the first 12-month period in which they work 1,000 hours.

Credited Service: For employees hired before July 1, 2013, credited service is the total elapsed period of employment. For employees hired after June 30, 2013, credited service is the total elapsed period of employment beginning as of their Participation Date.

Normal Retirement Age: Age 65 with one year of service.

Vesting Service: A year of vesting service is earned for each plan year in which an employee works 1,000 hours. Employees for whom hours records are not kept are credited with 95 hours for each semi-monthly pay period in which they work at least one hour.

Benefits: The plan has two primary benefit formulas: a cash balance formula and a traditional formula. Each participant is eligible for only one of the two benefit formulas. Eligibility and benefit provisions for each of these are described below. There are certain additional benefits that only apply to smaller sub-groups of employees.

Cash Balance Benefit Formula

Eligibility: (i) Any employee who first entered the plan on April 16, 2008 as a result of the Greens Creek acquisition, and who was a participant in the Rio Tinto Investment Partnership Plan prior to the acquisition. (ii) Any other employee at Greens Creek who first enters the plan after April 16, 2008.

Plan Compensation: Prior to July 1, 2013, all compensation paid or payable for personal services, plus qualified deferrals. Effective July 1, 2013, plan compensation excludes long term incentive awards, premium pay rates for overtime, and one-half of any performance-based or annual incentive bonus.

Summary of Plan Provisions (continued)

Contribution Credits: For employees hired before July 1, 2013, credits begin at the later of hire or April 16, 2008 and the cash balance account is credited with 6% of plan compensation earned in each quarter. For employees hired on or after July 1, 2013, credits begin on the first of the calendar quarter following satisfaction of the participation requirements. The cash balance account is credited as follows: 3.0% of pay for the first 5 years of credited service, 4.5% of pay for 5 to 10 years of credited service and 6.0% of pay thereafter.

Interest Credits: As of the end of each quarter, the cash balance account is credited with interest on the balance in the account as of the end of the previous quarter. The interest credited is the percentage change in the CPI-U index for the last month in the two quarters plus 0.75%, but not less than 0.

Vesting: The cash balance account is one-third vested for each full year of service with full vesting after three service years.

Forms of Benefit: The normal form of benefit payment for an unmarried participant is a single life annuity that is actuarially equivalent to the vested account balance on the basis of mortality and interest factors under IRC Section 417(e). The normal form for a married participant is a joint and 50% survivor annuity that is actuarially equivalent, on the basis of UP84 and 7%, to the benefit that would be payable to an unmarried participant. The participant may instead elect to have the vested account balance paid as a lump sum at termination of employment for any reason. Optional annuity forms include single life annuity and joint and survivor annuities with and without pop-up provisions, all actuarially equivalent to the normal form on the basis of UP84

and 7%. Effective July 1, 2013, only the portion of the vested account balance earned as of June 30, 2013 may be paid as an immediate lump sum. The portion of the cash balance accrued after June 30, 2013 is payable as a lump sum once the participant becomes retirement eligible.

Traditional Final Average Salary Benefit Formula

Eligibility: All eligible employees other than those participating in the Cash Balance benefit formula.

Plan Compensation: Prior to July 1, 2013, all compensation paid or payable for personal services, plus qualified deferrals. Effective July 1, 2013, plan compensation excludes long term incentive awards, premium pay rates for overtime, and one-half of any performance-based or annual incentive bonus.

Normal Retirement Benefit: Sum of (i) and (ii) multiplied by the number of years of Credited Service, but not less than (iii).

- (i) 1.00% of participant's Average Compensation.
- (ii) 0.75% of participant's Excess Compensation.
- (iii) \$160.

Average Compensation: For employees hired before July 1, 2013, three consecutive years selected from the last ten years which produce the highest average Plan Compensation, but not less than the average as of June 30, 2013. For employees hired on or after July 1, 2013, five consecutive years selected from the last ten years which produce the highest average Plan compensation.
