INDEPENDENT AUDITOR'S REPORT

To the Participants, Plan Administrator, and Benefits Committee
Chesapeake Energy Corporation Savings and Incentive Stock Bonus Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Chesapeake Energy Corporation Savings and Incentive Stock Bonus Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution, as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Information Required by ERISA

The supplemental information, schedule of delinquent participant contributions and schedule of assets (held at end of year) as of or for the year ended December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SAVINGS AND INCENTIVE STOCK BONUS PLAN**

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

Note 1 – Description of the Plan

Expand Energy Corporation (formerly Chesapeake Energy Corporation) (the Company) sponsors the Chesapeake Energy Corporation Savings and Incentive Stock Bonus Plan (the Plan). Effective October 1, 2024, Chesapeake Energy Corporation and Southwestern Energy merged and rebranded as Expand Energy Corporation (Expand). The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established for the benefit of all employees of Expand and participating employers (collectively, the Employer), except for employees covered by a collective bargaining agreement, leased employees, nonresident aliens, residents of Puerto Rico, and, except as otherwise stated in this Note, interns, student mechanics, temporary employees, and employees who became employed by the Company due to Internal Revenue Code (Code) Section 410(b)(6)(C) transaction during the transition period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan is administered by a committee of Expand employees appointed by and serving at the direction of Expand (the Benefits Committee). The Benefits Committee is responsible for administration of the Plan, except for duties related to selecting and monitoring the investment options provided under the Plan. The selection and monitoring of investment options, and related functions, is the responsibility of a separate committee of Expand employees who are appointed by and serve at the direction of Expand (the Investment Committee). Fidelity Management Trust Company (the Trustee) serves as the trustee of the Plan and holds the Plan assets. Fidelity Workplace Services LLC processes and maintains the records of the participant data.

Eligibility

Temporary employees, student mechanics, and interns who have reached 21 years of age and have completed at least 1,000 hours of service are eligible to participate in the Plan. Effective January 1, 2024, long-term, part-time employees who have reached 21 years of age and have completed at least 500 hours of service within three consecutive years are eligible to participate in the Plan for elective deferrals. Other nonexcluded employees are eligible to participate in the Plan upon first day of employment. Participants are automatically enrolled in the Plan 30 days after satisfying eligibility requirements.

Contributions

Each year, participants may contribute up to 75% of pre-tax, Roth, or after-tax annual salary compensation, as defined in the Plan document, and up to 75% of performance-related bonus compensation. Participants who are age 50 and above may elect to make additional catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

Eligible employees are automatically enrolled in the Plan with a 4% deferral rate. On the first day of each Plan year, deferral percentages are automatically increased by 1% up to a maximum of 10%, unless elected

otherwise by the participant. Eligible employees who do not wish to participate in the Plan may affirmatively elect to opt out, or they may elect a different deferral percentage.

The Company matches 100% of participant contributions up to 6% of participant eligible compensation. Employer matching contributions totaled \$8,787,326, net of \$404,702 of forfeitures used, for the year ended December 31, 2024.

Additional amounts may be contributed by the Employer under the Plan's nonelective provisions at the discretion of Expand. Unless termination is due to death, disability, or retirement, participants must be employed on the last day of each Plan quarter to receive an allocation of the respective Employer nonelective contributions. Allocations of Employer nonelective contributions are a flat dollar amount and are the same for all eligible employees. The Company made nonelective contributions of \$404,495, net of \$79,895 of forfeitures used, for the year ended December 31, 2024.

Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may also utilize self-directed brokerage accounts. Contributions are subject to certain limitations of the Code.

Participant accounts

Each participant's account is credited with participant contributions, Employer matching contributions and allocations of Employer nonelective contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting of the Employer matching and nonelective contributions plus actual earnings thereon is based on years of credited service or retirement (attainment of age 65). A participant becomes 100% vested after five years of credited service under a graded vesting schedule of 20% each year. Participants automatically become 100% vested upon normal retirement, disability, or death. Participants who terminate for any other reason are entitled to the vested amount of their accounts.

Notes receivable from participants

Participants may borrow from their vested accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000, reduced by the excess of the highest outstanding loan balance during the preceding 12-month period over the loan balance on the date of the loan, or 50% of their vested account balance. Participants may only have one loan outstanding at any given time. Loan terms range from one to five years or up to ten years for the purchase of a primary residence. The loans are collateralized by the balance in the participant's account and bear interest at a rate of prime plus 1% at the time of loan origination. Interest rates on loans outstanding as of December 31, 2024, ranged from 3.25% to 9.50%. Principal and interest is paid ratably through payroll deductions.

Upon termination, participants may choose to pay their outstanding loan balance in full within 60 days, continue repaying their loan outside of payroll deductions, or default on the loan. If a participant defaults on the loan, the participant's loan balance is reduced, and a benefit payment is recorded as a deemed distribution.

Payment of benefits

Upon retirement, termination, disability, or death, a participant, or his or her beneficiary in the event of death, may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his

or her account, installment payments, partial withdrawals or have the value rolled over to another qualified plan or individual retirement account. Additionally, participants may take in-service distributions upon reaching age 59½. Upon termination, automatic distributions are required for balances of less than \$7,000. Automatic distributions above \$1,000, made without the participant's consent, are rolled into an individual retirement account designated by the Trustee. The Plan allows hardship withdrawals, subject to account balance limits and applicable laws.

Forfeitures

Forfeited nonvested amounts are generally used to pay administrative expenses of the Plan or to reduce Employer contributions into the Plan. Unallocated forfeited nonvested accounts totaled \$625,152 and \$37,995 as of December 31, 2024 and 2023, respectively. For the year ended December 31, 2024, forfeitures in the amount of \$1,904 and \$484,597 were used to pay Plan administrative expenses and to reduce Employer contributions, respectively.

Administrative expenses

Trustee and recordkeeper fees are paid by the participants through a fixed per-participant based fee structure excluding participants that have balances under \$2,000. For participants with balances under \$2,000, the fees are paid by Expand. Certain administrative expenses, such as annual audit fees, are paid by Expand and are not included in these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

The Plan allows certain administrative expenses to be paid from Plan assets. Investment expenses netted against investment income represent amounts associated with the net expense ratios of the investments in the Plan's investment fund lineup. The Plan participates in an agreement with the Trustee, where excess revenue may be returned and deposited into an unallocated revenue credit account. The amounts in the unallocated revenue credit account may be used to pay reasonable and necessary Plan expenses or may be allocated to participants. As of December 31, 2024 and 2023, there were \$31,868 and \$33,357 of unallocated funds in the revenue credit account, respectively. For the year ended December 31, 2024, the Plan used \$2,999 from the unallocated revenue credit account to pay certain Plan expenses.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates

The preparation of the financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the valuation policies utilizing information provided by the Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. An allowance for delinquent notes receivable from participants of \$114,639 and \$156,895 has been recorded as of December 31, 2024 and 2023, respectively. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Contributions

Participant contributions, and the related Employer matching contributions, are recorded in the year in which the participant deferrals are withheld from compensation. Employer nonelective contributions are recorded as contributions once approved by Expand for the respective Plan year.

Payment of benefits

Benefit payments are recorded when paid. There were no benefits requested before year-end that were not paid.

Subsequent events

The Plan administrator has evaluated subsequent events through October 13, 2025, the date the financial statements were available to be issued.

Effective January 1, 2025, the Plan was amended to change the Plan name to Expand Energy Corporation 401(k) Plan and allow participants to be vested immediately in Employer contributions and vesting in Employer contributions changed to 100% for all participants.

Additionally, effective January 1, 2025, long-term, part-time employees who have reached 21 years of age and have completed at least 500 hours within two consecutive years are eligible to participate in the Plan for elective deferrals.

Note 3 – Information Certified by the Plan's Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule of assets (held at end of year) is complete and accurate:

- Investments and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2024 and 2023;
- Net investment activity and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024;
- Investment information included in the footnotes and on the supplemental schedule of assets (held at end of year) as of December 31, 2024.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used as of December 31, 2024 and 2023. During the year ended December 31, 2024, there were no transfers of financial instruments into or out of Level 3. Following is a description of the valuation methodologies used for assets measured at fair value:

Collective trust funds – Stated at fair value as determined by the issuer of the collective trust funds based on the fair market value of the underlying investments, which is valued at the net asset value (NAV) of units of the collective trust funds. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

Mutual funds, including those held in self-directed brokerage accounts – Valued at quoted market prices, which represent the NAV of shares held by the Plan at year-end.

Self-directed brokerage accounts – Assets held in self-directed brokerage accounts consist of mutual funds, cash equivalents, and common stocks. Cash equivalents are valued at amortized cost, which approximates fair value. Common stocks are valued at the closing price reported on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31:

	Fair value measurements as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 173,471,324	\$ -	\$ -	\$ 173,471,324
Self-directed brokerage accounts	16,082,391	-	-	16,082,391
Total assets in the fair value hierarchy	<u>\$ 189,553,715</u>	<u>\$ -</u>	<u>\$ -</u>	189,553,715
Investments measured at NAV*				<u>444,744,429</u>
Total investments at fair value				<u>\$ 634,298,144</u>

	Fair value measurements as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 149,281,541	\$ -	\$ -	\$ 149,281,541
Self-directed brokerage accounts	13,839,827	-	-	13,839,827
Total assets in the fair value hierarchy	<u>\$ 163,121,368</u>	<u>\$ -</u>	<u>\$ -</u>	163,121,368
Investments measured at NAV*				<u>404,156,274</u>
Total investments at fair value				<u>\$ 567,277,642</u>

* In accordance with ASC subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 5 – Investments Measured Using the NAV per Share as a Practical Expedient

The following table summarizes investments for which fair value is measured using the NAV per share as a practical expedient as of December 31, 2024 and 2023:

Investments	Fair value as of December 31,		Unfunded commitments	Redemption frequency (if currently eligible)	Redemption notice period
	2024	2023			
Collective trust funds	<u>\$ 444,744,429</u>	<u>\$ 404,156,274</u>	n/a	Daily	n/a

Note 6 – Related Party and Party-in-Interest Transactions

Certain administrative functions are performed by officers and employees of the Company. No officer or employee receives compensation from the Plan for these services. Certain administrative expenses, totaling approximately \$33,900, were paid by the Company on behalf of the Plan for the year ended December 31, 2024. The Company does not expect reimbursement from the Plan for these expenses.

The Plan holds notes receivable from participants and self-directed brokerage accounts. These transactions constitute party-in-interest transactions.

Certain fees incurred by the Plan are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Plan also made direct payments to the Trustee, which were not covered by revenue sharing. Because the Plan pays certain fees to the Trustee, these transactions qualify as party-in-interest transactions.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Employer contribution portion of their accounts.

Note 8 – Tax Status

The Company adopted a preapproved defined contribution plan (the Preapproved Plan) sponsored by FMR LLC. The Internal Revenue Service has determined and informed the Preapproved Plan sponsor by a favorable opinion letter dated June 30, 2020, that the Preapproved Plan is designed in accordance with the applicable sections of the Code. The Preapproved Plan's opinion letter is being relied on by the Plan. Although the Plan has been amended since receiving the opinion letter, Plan management believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported on the statements of net assets available for benefits.

Note 10 – Prohibited Transaction

During the year ended December 31, 2024, the Company inadvertently failed to deposit \$2,918 of participant contributions within the required timeframe as stated by the DOL. The DOL considers late deposits to be nonexempt prohibited transactions.
