## INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of  
Haynes Management Services, Inc. 401(k) Plan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the accompanying financial statements of Haynes Management Services, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Haynes Management Services, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Haynes Management Services, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Haynes Management Services, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Haynes Management Services, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Haynes Management Services, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Supplemental Schedule Required by ERISA**

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Contributions**

Each year participants may elect to defer up to 100% of their compensation up to the maximum amount permissible by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investments of their contributions into various investments offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 5% of eligible compensation. The Company may make a matching contribution equal to a discretionary percentage to be determined by the Company. The Company did not make any matching contributions for the year ended December 31, 2024.

The Company may voluntarily contribute to the Plan. Contributions are allocated to participant accounts based on each participant's pro rata share of gross wages of all eligible employees. The Company did not make a contribution for the year ended December 31, 2024.

### **Participant Accounts**

Each participant's account is credited with the participant's contribution and allocation of (1) the Company's contribution (if any), and (2) Plan earnings, and is charged with an allocation of investment expenses. Allocations are based on participant salary or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### **Vesting**

Participants are 100% vested in their deferral contributions plus earnings thereon. Vesting in employer discretionary contributions is based on years of continuous service. A participant is 100% vested after six years of credited service.

**Notes Receivable from Participants**

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is lower. The notes are secured by the vested balance in the participant's account and bear interest at rates ranging from 4.25% to 10.50%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are payable ratably through payroll deductions over terms ranging up to five years.

**Payment of Benefits**

On termination of service due to death, disability, or retirement, a participant will receive a lump-sum distribution if the participant's vested interest in his or her account is less than \$5,000. If the participant's vested interest in his or her account exceeds \$5,000, the participant may elect to receive either a lump-sum amount, equal to the value of the vested interest in his or her account, or one of several annuity options. Participant rollover contributions are distributable as a lump-sum at any time. Participants age 59½ years or older may elect to receive a distribution of the vested portion of his or her account balance regardless of employment. The benefit to which a participant is entitled consists of his or her contributions and earnings thereon and his or her accumulated share of vested annual employer contributions and investment earnings that are allocated according to length of service and amount of annual compensation.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting**

The financial statements of the Plan are prepared using the accrual method of accounting.

**Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

**Investment Valuation and Income Recognition**

The Plan's investments are stated at fair value as discussed in Note 4. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Because of the inherent uncertainties in estimated market value, it is reasonably possible that the estimates used will change within the near term.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

**Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balances plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 or 2023. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

**Payment of Benefits**

Benefits to participants are recorded when paid.

**Administrative Expenses**

Certain administrative expenses of the Plan, including recordkeeping fees, auditing fees and custodial fees, have been paid by the Plan. Other administrative expenses of the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

**Subsequent Events**

The Plan has evaluated subsequent events through October 13, 2025, the date the financial statements were available to be issued.

**3. INFORMATION CERTIFIED BY THE CUSTODIAN**

All investment information and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2024 and 2023, and net appreciation in fair value of investments, interest income on notes receivable from participants and dividends for the year ended December 31, 2024, was obtained or derived from information provided to the Plan administrator and certified as complete and accurate by Newport Trust Company, the custodian.

#### **4. FAIR VALUE MEASUREMENTS**

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair values. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

Level 1            Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2            Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3            Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Mutual Funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Interest-bearing cash:* Because of the nature of these assets, carrying amounts approximate fair value.

Total investments at fair value	\$ 4,581,006	\$ -	\$ -	\$ 4,581,006

**5. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan investments are shares of registered investment companies made available by Newport Trust Company. Newport Trust Company is the custodian (see Note 3) as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through plan assets, rather than a direct payment. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. In 2024, the Plan made direct payments to the custodian and third-party administrator in the amount of \$25,971 for recordkeeping and administration services.

Buckingham Asset Management, Inc. is the Plan's investment manager and Jackson Thornton Asset Management, LLC provides the Plan certain investment advisory services. Fees paid during the year for these services were based on customary and reasonable rates for such services. These transactions qualify as party-in-interest transactions. Fees paid by the Plan for these services amounted to \$30,735.

**6. PLAN TERMINATION**

Although it has not expressed any intent to do so, Haynes Ambulance of Alabama, Inc. has the right to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, each participant's account balance shall become fully vested and nonforfeitable. Plan assets will be allocated to provide benefits to participants based on their individual account balances. As benefits are based on account balances, they are not insured by the Pension Benefit Guaranty Corporation.

**7. TAX STATUS**

The Company adopted a prototype non-standardized profit-sharing plan with a cash or deferral arrangement, which received a favorable opinion letter from the Internal Revenue Service (IRS) on June 30, 2020, which stated that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has not received a determination letter specific to the Plan itself. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing jurisdictions.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**8. RISK AND UNCERTAINTIES**

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.
