Gamma Technologies, LLC Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Gamma Technologies, LLC Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Gamma Technologies, LLC Retirement Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of Gamma Technologies, LLC Retirement Plan (the Plan) provides general information only. Participants should refer to the plan agreement for more complete information.

General: The Plan is a defined-contribution plan that provides retirement benefits for all eligible employees of Gamma Technologies, LLC (the Company), as defined. Employees are eligible to participate in the Plan in employee deferrals and employer safe harbor contributions upon attaining the age of 21. Employees are eligible to participate in employer profit sharing contributions upon completing one year of service and attaining the age of 21. Eligible employees can enter the Plan on the first day of the month coinciding with or following completion of eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The plan committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions: The Plan provides for the following contributions, which are to be maintained in separate accounts for each participant:

Participant-directed contributions: Participants may elect to make pre-tax and Roth post-tax contributions up to 90% of their eligible compensation not to exceed statutory limits of the Internal Revenue Code (IRC). The maximum amount was \$23,000 for the year ended December 31, 2024. Individuals who attain the age of 50 by the end of the plan year may make additional catch-up contributions of up to \$7,500 for 2024.

Discretionary Company profit sharing contributions: The Company makes discretionary profit sharing contributions based on a certain percentage of a participant's compensation. The Company funds this contribution subsequent to the Plan's year-end. For 2024, the Company's profit sharing contribution was \$275,417.

Nondiscretionary Company safe harbor nonelective contributions: The Company makes safe harbor nonelective contributions for eligible participants equal to 3% of a participant's compensation for the plan year. The Company funds this contribution subsequent to the Plan's year-end. For 2024, the Company's safe harbor nonelective contribution was \$666,511.

Rollover contributions: The Plan allows for rollover contributions to be made by the employee from amounts distributed or transferred from other qualified deferred compensation plans.

Participant accounts: Each participant's account is credited with participant-directed contributions, Company contributions, rollover contributions and allocations of plan gains and administrative expenses. Allocations are based on participant earnings or the participant's account balance, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

Vesting: Participants are immediately vested in their deferral contributions, their rollover contributions and the Company's nondiscretionary safe harbor nonelective contributions plus actual earnings thereon. Participants are 100% vested in the Company's profit sharing contributions after five years of credited service based on an annual 25% vesting schedule starting in the participant's second year of service.

Investment options: Upon enrollment in the Plan, participants may direct contributions in whole percent increments in a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment options at any time.

Note 1. Plan Description (Continued)

Payments of benefits: On termination of service, death, disability or retirement, participants may elect to receive the value of their accounts in the form of a lump sum equal to the value of the participant's vested amount in his or her account. Partial withdrawals and installment payments are also allowed under the Plan. Distributions may also be made from the Plan in cases of financial hardship as defined in the plan agreement. Participants over age 59½ may withdraw all or a portion of their vested account balance while still employed.

Notes receivable from participants: Participants may borrow from their fund accounts up to a maximum amount equal to the lesser of \$50,000 (reduced by the excess, if any, of the participant's highest outstanding balance of loans from the Plan during the one-year period ending on the date on which such loan is made, over the participant's outstanding balance of loans from the Plan as of the date such loan is made) or 50% of their vested account balance. Participants may have only one loan outstanding at any given time. Loan terms may not exceed five years unless used for the purchase of a primary residence, in which case the repayment period is up to the discretion of the Plan Administrator. The loans are collateralized by the balance in the participant's account and bear interest at one percentage point over the prime interest rate. Interest rates range from 4.25% to 9.50% on outstanding loans. Principal and interest are paid ratably through payroll deductions.

Forfeitures: Forfeited nonvested accounts totaled \$9 and \$643 as of December 31, 2024 and 2023, respectively. Forfeited nonvested accounts are used to pay plan expenses or reduce Company profit sharing contributions. Forfeitures of \$14,387 were used in 2024 to pay plan expenses. No forfeitures were used in 2024 to reduce Company profit sharing contributions.

Administrative expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's committee determines the Plan's valuation policies utilizing information provided by the custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2. Summary of Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document.

Payment of benefits: Benefits are recorded when paid.

Subsequent events: The plan administrator has evaluated subsequent events for recognition and/or disclosure through October 14, 2025, the date the financial statements were available to be issued.

Note 3. Information Certified by Charles Schwab Trust Bank, the Custodian

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023, and income information for the year ended December 31, 2024, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets and income.

The following was certified by Charles Schwab Trust Bank as of December 31, 2024 and 2023, and for the year ended December 31, 2024:

	2024	2023
Shares of registered investment companies	\$ 33,029,304	\$ 26,961,329
Units of common/collective trust	11,306,153	10,229,309

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Accounting Standards Codification 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. The mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Interest-bearing cash (money market): Valued at cost, which approximates fair value.

Units of common/collective trust: Valued based on the NAV of units of the common/collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2024 and 2023:

	2024			Total
	Level 1	Level 2	Level 3	
Shares of registered investment companies	\$ 33,029,304	\$ -	\$ -	\$ 33,029,304
Interest-bearing cash (money market)	1,830,000	-	-	1,830,000
Total assets in fair value hierarchy	<u>\$ 34,859,304</u>	<u>\$ -</u>	<u>\$ -</u>	34,859,304
Investment measured at NAV (a)				11,306,153
Investments at fair value				<u>\$ 46,165,457</u>

	2023			Total
	Level 1	Level 2	Level 3	
Shares of registered investment companies	\$ 26,961,329	\$ -	\$ -	\$ 26,961,329
Interest-bearing cash (money market)	1,124,115	-	-	1,124,115
Total assets in fair value hierarchy	<u>\$ 28,085,444</u>	<u>\$ -</u>	<u>\$ -</u>	28,085,444
Investment measured at NAV (a)				10,229,309
Investments at fair value				<u>\$ 38,314,753</u>

In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as of December 31, 2024 and 2023:

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2024	2023			
Units of common/collective trust	\$ 11,306,153	\$ 10,229,309	\$ -	Daily	None

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

Management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2024, there were no transfers in or out of Level 3.

Note 5. Related-Party and Parties-in-Interest Transactions

The Plan's investments are held and managed by Charles Schwab Trust Bank, the custodian. EPIC Retirement Plan Services provides recordkeeping and plan administration services. Steele Capital Management provides investment management advisory services. These transactions qualify as party-in-interest. Administrative expenses paid by the Plan to EPIC Retirement Plan Services and Steele Capital Management were \$97,672 for the year ended December 31, 2024.

Certain employees of the Company provide administrative services to the Plan. The employees are not compensated by the Plan for these services. Additionally, the Company pays certain other administrative expenses on behalf of the Plan.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 7. Income Tax Status

The Plan has adopted a preapproved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the preapproved plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since adopting the preapproved plan document; however, the Plan Administrator believes the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken on an uncertain position that more likely than not would not be sustained upon examination. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to outside audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and those changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31, 2024 and 2023:

	2024	2023
Net assets available for benefits per the financial statements	\$ 47,174,801	\$ 39,393,298
Participant contributions receivable	263	-
Participant loans	62,921	102,468

Net assets available for benefits per Form 5500	<u>\$ 47,170,569</u>	<u>\$ 39,393,298</u>

The following is a reconciliation of the changes in net assets available for benefits for the year ended December 31, 2024, per the financial statements to Form 5500:

Change in net assets available for benefits per the financial statements	\$ 7,781,503
Investment income	(7,925)
Other income	7,944
Participant contributions	263
Benefit payments	(10,930)
Administrative expenses	6,416
Change in net assets available for benefits per Form 5500	<u>\$ 7,777,271</u>

Note 10. Nonexempt Transactions

During 2024, the Plan Sponsor inadvertently failed to deposit approximately \$263 of participant contributions within the required time frame as stated by the United States Department of Labor (DOL) regulations. The Plan Sponsor deposited lost interest in the amount totaling approximately \$57 to correct this failure in 2025. The Plan Sponsor filed Form 5330 and paid the applicable excise tax to the IRS. The correction any excise taxes, if applicable will be made from the Plan Sponsor's assets and not from assets of the Plan.
