**Financial Statements
Together with Independent Auditors' Report**

**As of December 31, 2024 and 2023 and
For the Year Ended December 31, 2024**

INDEPENDENT AUDITORS' REPORT

To the Bellese Technologies, LLC 401(k)
Plan and its Participants:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Bellese Technologies, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Bellese Technologies, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Voya Institutional Trust Company and Voya Retirement Insurance and Annuity Company, excluding notes receivable from participants, as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined met the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Bellese Technologies, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Bellese Technologies, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Bellese Technologies, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Bellese Technologies, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BELLESE TECHNOLOGIES, LLC 401(k) PLAN

Notes to the Financial Statements As of December 31, 2024 and 2023 and For the Year Ended December 31, 2024

1. DESCRIPTION OF THE PLAN

The following description of the Bellese Technologies, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Bellese Technologies, LLC (the Company or Plan Sponsor) effective January 1, 2020. Substantially all employees are eligible to participate in the Plan immediately upon commencement of employment except for interns, leased employees and those covered by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and was most recently amended and restated effective January 1, 2022 to comply with tax law changes.

Participant Contributions

Participants may elect to defer up to 100% of eligible compensation on a pre-tax or Roth basis, as defined by the Plan, or a flat dollar amount, not to exceed the maximum allowable contributions under the Internal Revenue Code (the Code), which totaled \$23,000 for the year ended December 31, 2024. The participants' Roth elective contributions are allocated to a separate account maintained for such contributions. Roth elective contributions are treated as elective contributions for all purposes under the Plan. Participants who have attained age 50 before the end of the Plan year may make additional catch-up contributions, subject to limitations imposed by the Code, which totaled \$7,500 for the year ended December 31, 2024. Participants are also permitted to make rollover contributions from other qualified plans into the Plan. The Plan allows participants to make in-plan Roth rollover transfers from a participant's vested pre-tax deferral contributions. The minimum amount that may be transferred is \$1,000 and a participant cannot make more than two transfers in a Plan year.

Company Contributions

The Company makes a non-elective safe harbor contribution on a per payroll basis equal to 3% of participants eligible compensation, as defined by the Plan. During the year ended December 31, 2024, Company safe harbor contributions totaled \$522,505.

BELLESE TECHNOLOGIES, LLC 401(k) PLAN

Notes to the Financial Statements As of December 31, 2024 and 2023 and For the Year Ended December 31, 2024

1. DESCRIPTION OF THE PLAN – cont'd.

Company Contributions – cont'd.

The Company may make discretionary matching and profit sharing contributions to the Plan. The discretionary matching contribution will not exceed 4% of participant's compensation and there are no service requirements in order to be eligible to receive the discretionary matching contribution. In order to be eligible for the discretionary profit sharing contribution, participants must be employed on the last day of the Plan year and complete at least 500 hours of service. In the event of death, disability, or termination after normal retirement age (65), the participant will still remain eligible for the discretionary profit sharing contribution for that Plan year. During the year ended December 31, 2024, the Company did not elect to make a discretionary matching contribution to the Plan. During the year ended December 31, 2024, the Company elected to make a discretionary profit sharing contribution to the Plan totaling \$33,325.

Participant Accounts

Each participant's account is participant-directed and credited with the participant's contributions and distributions and allocations of: (a) Company contributions, (b) Plan earnings and losses and (c) administrative expenses. Allocations of earnings, losses, and administrative expenses are based on the proportion of each participant's account balance to the total of all account balances within the respective fund. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Notes Receivable from Participants

Participants may borrow up to 50% of their vested account balance, not to exceed \$50,000, without regard to the intended use of the funds. The minimum note amount is \$1,000 and a participant may have no more than one note outstanding at any given time. The notes are collateralized by the participant's vested account balance. Note repayments are to be made through payroll deductions with interest based on prime plus 1% at the time of note origination. The interest rate shall remain fixed throughout the duration of the loan. Notes are to be repaid within 5 years, unless for the purchase of a primary residence, which are to be repaid within a reasonable time to be determined at the time the note is initiated.

Payment of Benefits

Upon termination of service, death, disability, retirement, or attainment of age 59 ½, a participant (or their beneficiary in the event of death) may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Partial payments or installments are allowed in the event that a participant is required to take required minimum distributions upon retirement. Upon termination, if a participant's account balance is less than \$5,000, the Plan may automatically distribute the participant's vested balance in a lump sum distribution. Effective January 1, 2024, the Company adopted the SECURE 2.0 Act provision to increase the amount to \$7,000 and is currently in the process of formally amending the Plan for this provision.

BELLESE TECHNOLOGIES, LLC 401(k) PLAN

Notes to the Financial Statements As of December 31, 2024 and 2023 and For the Year Ended December 31, 2024

1. DESCRIPTION OF THE PLAN – cont'd.

Payment of Benefits – cont'd.

Upon proof, to the satisfaction of the Plan administrator, of an immediate and heavy financial need, vested amounts contributed may be withdrawn for a hardship purpose. In-service withdrawals may be requested by a participant upon attainment of age 59 ½. Distributions and withdrawals are subject to the applicable provisions of the Plan agreement. Certain income tax penalties may apply to withdrawals or distributions prior to age 59 ½. As of December 31, 2024 and 2023, there were no net assets of the Plan allocated to participants who had elected to withdraw from the Plan but had not received such distributions prior to year-end.

Vesting

Participants are 100% vested in their elective deferral contributions, rollover contributions, and Company safe harbor contributions plus actual earnings thereon. Participants vest in the Company's discretionary matching and profit sharing contributions according to the following vesting schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1	0%
1	50%
2	100%

Upon death, disability, or normal retirement age, a participant becomes 100% vested in the Company discretionary matching and profit sharing contributions.

Forfeitures

Forfeitures of non-vested portions of Company discretionary matching and profit sharing contributions shall be used to reduce administrative expenses or to offset future Company contributions. Forfeitures become available to the Plan as of the earlier of the last day of the Plan year in which the former participant incurs five consecutive one-year breaks in service or the distribution of the entire vested portion of the participant's account. There were forfeitures available totaling \$811 and \$374 as of December 31, 2024 and 2023, respectively. There were \$382 forfeitures used during the year ended December 31, 2024.

Plan Expenses

Administrative expenses are paid with assets of the Plan, unless paid by the Company, at its discretion. For the year ended December 31, 2024, the Company elected to pay a portion of the Plan's direct expenses. Expenses that are paid directly by the Company are excluded from the Plan's financial statements. Loan and distribution fees are paid by the Plan and its participants. Investment-related expenses are included in net appreciation in fair value of investments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to net assets available for benefits and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in assets that are exposed to risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities may occur that could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. Delinquent notes are treated as distributions based on the terms of the Plan agreement.

Fair Value Measurement

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, defines fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under ASC 820 are described below:

BELLESE TECHNOLOGIES, LLC 401(k) PLAN

Notes to the Financial Statements As of December 31, 2024 and 2023 and For the Year Ended December 31, 2024

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont’d.

Fair Value Measurement – cont’d.

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Interests in registered investment companies: Valued at the closing price reported in the active market in which the funds are traded.

Interest in guaranteed investment account: Valued by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer. Since participants may transact at contract value or surrender value, the fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, Plan management evaluated a variety of factors including existing contract provisions (crediting rate and minimum rate), economic conditions and contract value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used as of December 31, 2024 and 2023.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – cont’d.

Fair Value Measurement – cont’d.

The following table sets forth by level, within the fair value hierarchy, the Plan’s investments at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Interests in registered investment companies	\$ 7,484,901	\$ -	\$ -	\$ 7,484,901
Interest in guaranteed investment account	-	107,420	-	107,420
Total investments, at fair value	\$ 7,484,901	\$ 107,420	\$ -	\$ 7,592,321

The following table sets forth by level, within the fair value hierarchy, the Plan’s investments at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Interests in registered investment companies	\$ 5,351,183	\$ -	\$ -	\$ 5,351,183
Interest in guaranteed investment account	-	84,194	-	84,194
Total investments, at fair value	\$ 5,351,183	\$ 84,194	\$ -	\$ 5,435,377

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan evaluated for disclosure any subsequent events through October 2, 2025, the date the financial statements were available to be issued, and determined there were no material events that warrant disclosure.

3. INVESTMENTS

All investment information contained in the accompanying financial statements and supplemental schedule, excluding notes receivable from participants, and including assets held as of December 31, 2024 and 2023, and interest and dividend income and net realized and unrealized appreciation in fair value of investments for the year ended December 31, 2024 was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Voya Institutional Trust Company and Voya Retirement Insurance and Annuity Company, the Trustee and Custodian of the Plan, respectively.

Notes to the Financial Statements As of December 31, 2024 and 2023 and For the Year Ended December 31, 2024

4. PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in mutual funds and a guaranteed investment account managed by Voya Financial, which is a related entity to the Trustee and Custodian of the Plan. The Plan loans funds to its participants according to the applicable provisions of the Plan document. The Company provides the Plan with certain accounting and administrative services for which no fees are charged. All such transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, all contributions to the Plan would cease and all affected participants would become fully vested in their accounts.

6. INCOME TAX STATUS

The Plan adopted a non-standardized pre-approved profit sharing plan, which received a favorable opinion letter from the Internal Revenue Service (IRS) dated November 30, 2020. Although the Plan has been amended since the issuance of the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

ASC 740, *Income Taxes*, prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return as well as guidance on de-recognition, classification, interest and penalties, and financial statement reporting disclosures. For these benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. As the Plan is tax exempt and has no unrelated business income, the provisions of ASC 740 do not have an impact on the Plan's financial statements. The Plan recognizes interest and penalties accrued on any unrecognized tax exposures as a component of income tax expense. The Plan does not have any amounts accrued relating to interest and penalties as of December 31, 2024 and 2023.

The Plan is subject to routine audit by the Internal Revenue Service and Department of Labor; however, there are currently no audits for any periods in progress.
