INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrative Committee of
BGE, Inc. 401(k) Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of BGE, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of BGE, Inc. 401(k) Plan's (the Plan) financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General - The BGE, Inc. 401(k) Plan (the Plan) was adopted effective February 1, 1976 and restated January 1, 2019 to establish a savings and investment plan for the exclusive benefit of the employees of BGE, Inc. (the Company and Plan Administrator) and their beneficiaries. The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Basis of Presentation - The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States (GAAP), which is acceptable under the Department of Labor Rules and Regulations. Interest and dividend income are recognized when earned.

Estimates - The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan provides for various investment options which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

Valuation of Investments - Registered investment companies and common/collective trusts are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In accordance with the policy of stating such investments at fair value, net investment gain or loss is included in the carrying value of related investments in the statements of net assets available for plan benefits and the changes in the net investment gain or loss are reflected in the statement of changes in net assets available for plan benefits. (See Note D for fair value disclosures.)

Notes Receivable From Participants - Loans to participants are reported as notes receivable from participants at the unpaid principal balance plus any accrued but unpaid interest.

Federal Income Tax - Effective January 1, 2023, the Plan was formally amended and restated in relation to the transfer of all of the Plan assets from Reliance Trust Company to Empower Trust Company. The Company adopted a non-standardized pre-approved profit sharing plan with cash or deferral arrangement (the Non-Standardized Pre-Approved Plan), which did not change the significant provisions of the former Plan. The prototype Non-Standardized Pre-Approved Plan received a favorable opinion letter from the Internal Revenue Service on November 11, 2022, which stated that the Non-Standardized Pre-Approved Plan constituted a qualified plan under Section 401(a) of the Internal Revenue Code (Code) and was therefore exempt from federal income taxes.

NOTE A BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(CONTINUED)

The Plan believes that all significant tax positions utilized by the Plan will more likely than not be sustained upon examination. As of December 31, 2024, the tax years that remain subject to examination by the major tax jurisdictions under the statute of limitations are from the year 2021 forward (with limited exceptions). Tax penalties and interest, if any, would be accrued as incurred and would be classified as tax expense in the statement of changes in net assets available for plan benefits.

Subsequent Events - The Plan has evaluated subsequent events through October 14, 2025, the date the financial statements were available to be issued. No subsequent events occurred which require adjustment or disclosure to the financial statements at December 31, 2024.

NOTE B PLAN DESCRIPTION

The following description of the Plan provides only general information about the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Participation - An employee (excluding union, leased, and reclassified employees, residents of Puerto Rico, and certain nonresident aliens) is eligible to become a participant in the Plan immediately upon the completion of one month of service and having attained age 20. Part-time, temporary, or seasonal employees who work less than 1,000 hours during the Plan year are not eligible to participate in the Plan. A long-term part-time employee is eligible to become a participant in the Plan immediately following the completion of three consecutive years of service beginning after December 31, 2020, with at least 500 hours of service in each year, and attaining age 20.

Contributions - Participants can elect to contribute up to 100% of their eligible compensation. Contributions are made through authorized payroll reductions. These contributions by individual employees, including Roth contributions, were limited to \$23,000 (participants under 50 years of age) and \$30,500 (participants 50 years of age or older) in 2024. This limitation is periodically adjusted to reflect cost-of-living increases.

The Plan has an automatic deferral provision whereby eligible participants who do not have a salary reduction agreement in place will have 4% of eligible compensation withheld. This amount will increase 1% annually up to 10% unless the participant completes a salary reduction agreement.

For the 2024 Plan year, the Company made a safe harbor 401(k) contribution equal to 3% of each eligible employee's compensation. Eligible employees were not required to make a salary deferral contribution to receive the safe harbor 401(k) contribution (nonelective contribution).

NOTE B PLAN DESCRIPTION (CONTINUED)

The Company may also make a discretionary matching contribution. For the year ended December 31, 2024, the Company elected to make a discretionary matching contribution amounting to 100% of participant deferred compensation up to 4% of eligible compensation. The Company may also make an additional discretionary profit sharing contribution, in an amount determined solely at the discretion of the Directors. There were no discretionary profit sharing contributions for the 2024 Plan year.

Each participant account is credited with the participant's contribution, the Company's contribution, and a pro rata share of the earnings of each fund in which the participant has invested.

Vesting - A participant is immediately fully vested with respect to the portion of their account attributable to participant contributions and to the Company's safe harbor nonelective contributions and related earnings. Prior to January 1, 2023, a participant became fully vested in Company discretionary matching and profit sharing contributions and related earnings upon the earlier of: (1) five years of service, or (2) attainment of age 65. Vesting of 20% occurred upon two years of service, 40% upon three years of service, 70% upon four years of service and 100% upon five years of service. Participants terminated prior to January 1, 2023 remain under this vesting schedule. Effective January 1, 2023, the Plan was amended to provide immediate 100% vesting of all Plan accounts to participants employed on or hired after January 1, 2023.

Forfeitures - Forfeitures of account balances not fully vested can be reallocated as an additional discretionary nonelective or matching contribution to participants subsequent to year end, used to pay Plan expenses, or used to reduce any employer nonelective contribution or matching contribution. Forfeitures of \$146,200 were reallocated evenly to participants as additional discretionary and non-elective contributions during 2024. At December 31, 2024, forfeitures of \$162,469 are available for plan expenses and reallocation to participants, of which \$65,701 and \$22,900 will be reallocated in 2025 as employer discretionary match contributions and employer non-elective contributions, respectively.

Forms of Benefits - Benefits are recorded when paid. A participant whose employment is terminated may withdraw any portion of their vested interest in the Plan at any time. Upon termination, if the amount payable is \$5,000 or less, the participant's vested account balance, after notice to the participant, will be directly rolled over as soon as practical into an individual retirement account maintained by an entity selected by the Company. If the amount payable is greater than \$5,000, the participant must give written consent before the distribution can be made. Distributions in excess of \$5,000 can be paid in a lump sum, or annual installments at least equal to the required minimum distribution amount in the event that a participant reaches the normal retirement age or upon death. A participant may be eligible for in-service distributions if the participant has reached the age of 59 ½.

Participant Loans - Participants may borrow from their fund accounts a minimum of \$2,000 to a maximum equal to or lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer between the investment fund and participant loans receivable. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates. The interest rate on loans outstanding at December 31, 2024 ranged from 4.25% to 9.50%. Principal and interest is paid ratably through monthly payroll deductions.

NOTE B PLAN DESCRIPTION (CONTINUED)

Investments - Each participant directs the investment of their account into any of the investment options designated by the Plan Administrator.

Administration - The Company is the administrator for the Plan. The Company, as the Plan Administrator, may, at its discretion, pay the Plan's administrative expenses. Substantially all Plan expenses were paid by the Company for the year ended December 31, 2024.

Plan Termination - Although the Company has not made a determination to terminate the Plan, the Company has the right under the Plan to terminate the Plan subject to provisions set forth in ERISA. Upon termination, all participants would become fully vested in their accrued benefits as of the date of termination.

NOTE C INVESTMENTS AND CERTIFIED INFORMATION

Investments are recorded at fair value as certified by the trustee, Empower Trust Company (Empower) at December 31, 2024 and 2023. The following table summarizes the investments of the Plan as of December 31, 2024 and 2023:

	2024	2023
Investments at fair value:		
Registered investment companies	\$ 147,846,034	\$ 128,246,362
Common/collective trusts	12,413,915	4,820,559
	\$ 160,259,949	\$ 133,066,921

2024 income as certified by Empower is as follows:

Net investment gain from registered investment companies	\$ 12,211,552
Dividend income from registered investment companies	\$ 6,053,064
Net investment gain from common/collective trusts	\$ 421,532
Participant loan interest income	\$ 98,656

Empower also certified the loans to participants at December 31, 2024 and 2023 and the information contained in the supplemental schedule of assets (held at end of year).

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE D FAIR VALUE DISCLOSURES

GAAP provides a framework for measuring fair value using a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value based upon whether the inputs to those valuation techniques are observable or unobservable. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical financial instruments and the lowest priority to unobservable inputs. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The financial instrument's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. These inputs are summarized in the three broad levels listed below:

Level 1 - Unadjusted quoted prices for identical financial instruments in active markets that the Plan has the ability to access.

Level 2 - Other significant observable inputs (including quoted prices in active and inactive markets for similar financial instruments), or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the financial instruments.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the financial instruments. The fair value of Level 3 financial instruments is determined using pricing models, discounted cash flow methodologies, or similar techniques, including instruments for which the determination of fair value requires significant management judgment or estimation.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used during 2024 and 2023.

Registered investment companies are valued at the market value of shares held by the Plan at year end.

Investments in common/collective trusts are valued by the trustee of the funds based upon the net asset value of the underlying investments. These investments have been measured at fair value using net assets value per share (or its equivalent) practical expedient and have not been categorized in the fair value hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation techniques are appropriate and consistent with other market participants, the use of different techniques or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D FAIR VALUE DISCLOSURES (CONTINUED)

The fair value of the investments are categorized as follows at December 31, 2024 and 2023:

	2024			Total
	Level 1	Level 2	Level 3	
Registered Investment Companies	\$ 147,846,034	\$ -	\$ -	\$ 147,846,034
Common/Collective Trusts Measured at Net Asset Value				12,413,915
Total Investments				\$ 160,259,949
	2023			
	Level 1	Level 2	Level 3	Total
Registered Investment Companies	\$ 128,246,362	\$ -	\$ -	\$ 128,246,362
Common/Collective Trusts Measured at Net Asset Value				4,820,559
Total Investments				\$ 133,066,921

There were no significant transfers in and/or out of the fair value categories during 2024 and 2023.

The following table provides additional information for the common/collective trusts which are measured using net asset value.

Investment Class	Fair Value		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2024	2023			
Fixed income	\$ 4,538,307	\$ 4,429,168	None	Daily	None
Common stock	\$ 7,875,608	\$ 391,391	None	Daily	None

NOTE E PARTY-IN-INTEREST

The Plan invests in various funds offered by J.P. Morgan Investment Management, Inc. (an affiliate of Empower). These investments are considered party-in-interest transactions because Empower serves as trustee of the Plan. The Plan Sponsor has approved of these investment options.
