Report of Independent Auditors

The Plan Administrator
Roseman University of Health Sciences Defined Contribution Plan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of Roseman University of Health Sciences Defined Contribution Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Roseman University of Health Sciences Defined Contribution Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of Roseman University of Health Sciences Defined Contribution Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

Roseman University of Health Sciences Defined Contribution Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Roseman University of Health Sciences Defined Contribution Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of Roseman University of Health Sciences Defined Contribution Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of Roseman University of Health Sciences Defined Contribution Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule.

Roseman University of Health Sciences Defined Contribution Plan

Notes to Financial Statements

Note 1 – Description of Plan

The following description of the Roseman University of Health Sciences Defined Contribution Plan (the Plan) provides only general information. Participants should refer to the Plan agreement, as amended, for a more complete description of Plan provisions.

General and eligibility – The Plan is a defined contribution plan covering substantially all employees of Roseman University of Health Sciences (the “University” or “Plan Sponsor”). Employees are eligible to participate in the Plan immediately upon commencement of employment. Employees who normally work less than 20 hours per week, independent contractors, leased employees, or employees who are students enrolled and regularly attending classes at the University are not eligible to participate in the Plan.

The Plan utilizes Teachers Insurance and Annuity Association (TIAA) and College Retirement Equities Fund (CREF) (together, TIAA-CREF) and Transamerica Retirement Solutions, LLC (Transamerica), as the recordkeepers and TIAA-CREF and State Street Bank and Trust Company (State Street) as custodians for the Plan. The Plan was established effective December 17, 2003, in accordance with the provisions of Section 403(b) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The vice president for human resources of the University serves as the Plan administrator. An individual university executive is the designated trustee for the Plan.

Contributions – Eligible employees may elect to contribute a percentage of their eligible compensation, as defined in the Plan, up to the annual limit allowed by the IRC. The University’s matching contributions are equal to 125% of each participant’s salary reduction contributions of up to 6%, resulting in a maximum matching contribution of 7.5% of eligible compensation. The Plan also permits employees to make Roth deferral contributions. All employees who are eligible to make elective deferrals under this Plan and who have attained age 50 before the close of the calendar year shall be eligible to make catch-up contributions in accordance with, and subject to, the limitations of Section 414(v) of the IRC. All employees who have 15 years of service with a qualified organization may also make special catch-up contributions in accordance with, and subject to, the limitations of Section 402(g) of the IRC. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. All current Plan contributions are deposited to accounts held at State Street. Participants with accounts at TIAA-CREF can opt to leave their funds in those investments or request transfers to other investments held by State Street.

Contributions are subject to regulatory limitations.

Participant accounts – Each participant’s account is credited with (a) the participant’s contributions, (b) the University’s matching contribution, and (c) an allocation of Plan earnings (losses) and is charged with an allocation of Plan administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Roseman University of Health Sciences Defined Contribution Plan Notes to Financial Statements

Participants direct the investment of their account balance into various investment options offered by the Plan and may change their investment options at any time, subject to the terms of the funding vehicles. Plan earnings are credited to a participant's account according to the type of funding vehicle in which balances are invested.

Vesting – Participants are immediately 100% vested in their contributions, University matching contributions, and earnings thereon.

Notes receivable from participants – Participants can borrow funds at a minimum amount of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance in Transamerica. Effective October 1, 2020, participants can have up to two loans outstanding at a time. Prior to October 1, 2020, participants could have up to four loans outstanding. The loans are secured by the participant's account balance and bear interest at a reasonable rate based on the prevailing rates charged by persons in the business of lending money for loans that would be made in similar circumstances. The terms of the loan shall not exceed five years unless the purpose of the loan is for the purchase of the participant's primary residence, in which case the term of the loan shall not exceed 15 years. Principal and interest are paid ratably through at least quarterly payroll deductions or repaid directly to the Plan. Loans to participants are available only through Transamerica. Interest on these loans is paid directly to Transamerica with rates ranging from 3.25% to 9.50% and maturity dates through May 2038 as of December 31, 2024.

Plan loans – Participants may borrow directly against their TIAA Traditional Annuity using a portion of their Plan account as security for the loan from TIAA-CREF. These loans do not occur directly within a participant's account, nor are they assets of the Plan. Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their balance in the TIAA Traditional Annuity account. To secure Plan loans, participants are required to pledge as collateral TIAA Traditional Annuity account value equal to 110% of the outstanding loan balance in the event of default. Interest on these loans is paid directly to TIAA-CREF with rates ranging from 4.07% to 5.96% and maturity dates through August 2029 as of December 31, 2024.

Participants had outstanding Plan loan balances due to TIAA-CREF of \$56,584 and \$63,525 as of December 31, 2024 and 2023, respectively.

Benefits and withdrawals – Upon termination of service due to retirement, death, or total permanent disability, a participant may elect to receive a distribution of his or her entire accumulated Plan balance, subject to the terms of the funding vehicles. Distribution options include lump-sum payments, partial payments, fixed annuities, variable annuities, or installments. In addition, participants may elect in-service withdrawals of their elective deferral account balances after reaching age 59½ or for hardship purposes. Minimum required distributions for participants who have reached age 70½ also apply per Internal Revenue Service (IRS) regulations.

Transfers between accounts – Participants are permitted to transfer funds between their CREF pooled separate account, variable annuity contracts, and mutual funds, and into the TIAA annuity account at any time. However, transfers out of the TIAA annuity account into any CREF account held by an active participant can only be made through a Transfer Payout Annuity, which provides for the transfer of funds in substantially equal installments over a period of 10 years.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP), using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with U.S. GAAP requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation – The investments are reported at fair value and contract value. The Plan's custodians, State Street Bank and TIAA-CREF, certify the contract value of the guaranteed investment contract and the fair value of all other investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the exit price) in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation or depreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Contributions – Contributions from participants and corresponding matching contributions are recorded in the year in which the employee contributions are withheld from compensation.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance, plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan agreement.

Payment of benefits – Benefit payments to participants are recorded when paid.

Administrative expenses – Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and investment-related expenses are charged directly to the participants' accounts and administrative Plan fees. Investment-related expenses are included in net appreciation in fair value of investments.

Roseman University of Health Sciences Defined Contribution Plan Notes to Financial Statements

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through October 13, 2025, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2024 and 2023.

Registered investment companies (mutual funds) and money market mutual funds – Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.

Roseman University of Health Sciences Defined Contribution Plan Notes to Financial Statements

Pooled separate accounts – The TIAA Real Estate Account, which is a pooled separate account (PSA), is a single account that invests primarily in real estate holdings and is only available as an investment option in TIAA Variable Annuity Contracts. Participants redeeming units from the TIAA Real Estate Account may only do so once per calendar quarter. Units of the PSA are valued using the NAV of the shares held by the Plan and are valued at the closing price reported on the active market on which the individual securities are traded.

Variable annuities – TIAA-CREF variable annuities are valued at daily unit values that are published on recognized exchanges, but the funds are not traded on recognized exchanges. TIAA-CREF access variable annuities are valued at daily unit values that are published on the TIAA-CREF website. The value of the unitholder's investment rises and falls with the returns on the underlying assets in the funds.

Traditional fixed annuity contract – non-fully benefit-responsive – Valued at fair value determined by the sum of the accumulated cash contributed and interest credited to the Plan's contract, less any withdrawals. Fair value is determined and reported to the Plan by TIAA.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables disclose the fair value hierarchy of the Plan's assets by level as of December 31, 2024 and 2023:

	Fair Value Measurement at December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 75,408,080	\$ -	\$ -	\$ 75,408,080
Fixed annuity contracts, non-fully benefit-responsive	-	-	3,946,983	3,946,983

Total assets in the fair value hierarchy	\$ 65,094,045	\$ -	\$ 3,887,684	\$ 68,981,729

Roseman University of Health Sciences Defined Contribution Plan Notes to Financial Statements

The following table summarizes certain changes in the fair value of the Plan's Level 3 investments for the year ended December 31, 2024:

BALANCE, beginning of year	\$ 3,887,684
Realized gains	41,966
Unrealized gains	72,463
Purchases	53,980
Transfer	(69,132)
Sales	(39,978)
	(39,978)
 BALANCE, end of year	 \$ 3,946,983

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

The Plan administrator evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

Quantitative information about significant unobservable inputs used in Level 3 fair value

measurements – The following table presents the Plan's Level 3 investments, the valuation techniques used to measure the fair value of those instruments as of December 31, 2024 and 2023, and the significant unobservable inputs and ranges of values for those inputs:

Name	Fair Value 12/31/2024	Fair Value 12/31/2023	Valuation Technique	Unobservable Inputs	Range of Input Values/ (Weighted Average)
TIAA Traditional Annuities	\$ 3,946,983	\$ 3,887,684	Discounted cash flow; Theoretical transfer (exit value)	Risk-adjusted discount rate applied	5.25%–6.50%

Note 4 – TIAA Traditional Annuity

The TIAA Traditional Annuity is a guaranteed fixed annuity contract available as an investment option to Plan participants. Each contract is fully and unconditionally guaranteed by TIAA-CREF.

The Plan's TIAA Traditional Annuity investments are offered to the Plan through group retirement annuity (GRA) contracts. The TIAA Traditional Annuity holdings within the GRA contract have liquidity restrictions and are non-fully benefit-responsive. Distributions, withdrawals, and transfers out of these contracts can only be made in 10 annual installments through Transfer Payout Annuities.

Roseman University of Health Sciences Defined Contribution Plan Notes to Financial Statements

Contributions to the TIAA Traditional Annuities are used to purchase a guaranteed amount of future retirement benefits. TIAA provides participant annuities, which are considered unallocated contracts. The TIAA Traditional Annuities guarantee principal and a minimum interest crediting rate of 3%. Additional amounts above the guaranteed minimum interest crediting rate may be declared at the discretion of the TIAA Board of Trustees on an annual basis. When declared, the additional amounts remain in effect for the declaration year that begins each March 1 and are not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting rate in the accumulation phase. During 2024 and 2023, the average crediting rate for these annuities was 5.37% and 6.00%, respectively.

Note 5 – Benefit-Responsive Insurance Contract

The Plan has entered into a benefit-responsive insurance contract with The Standard Insurance Company (The Standard). The Standard maintains the participant-directed contributions in an account called The Standard Stable Asset Fund (the Fund). The Fund is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The insurance contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to Plan participants.

Because the insurance contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed insurance contract. Contract value, as reported to the Plan by The Standard, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. These contracts are included in the financial statements at contract value, as reported to the Plan by The Standard.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. There is no guaranteed crediting interest rate. Instead, the crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 1%. Such interest rates are reviewed on a quarterly basis for resetting.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 403(b) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options

Roseman University of Health Sciences Defined Contribution Plan Notes to Financial Statements

5. Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers or that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer

Note 6 – Tax Status

The plan document is a volume submitter defined contribution plan that received a favorable opinion letter from the IRS on March 31, 2017, which stated that the plan, as then designed, was in accordance with applicable sections of the IRC. Although the Plan has been amended since the date of the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

In accordance with guidance on accounting for uncertainty in income taxes, the Plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the statements of net assets available for benefits.

Note 8 – Certified Investment Information

The following information related to investments was obtained by management and agreed to or derived from information certified as complete and accurate by TIAA-CREF and State Street, qualified institutions:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023.
- Net appreciation in fair value of investments, dividends and interest, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Investments reflected on the schedule of assets (held at end of year).

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the custodians, State Street and TIAA-CREF, on behalf of TIAA.

	2024	2023

Investments at fair value	\$ 15,338,127	\$ 17,341,764
Net appreciation/(depreciation) in fair value of investments	2,640,080	2,709,076

Note 9 – Party-in-Interest Transactions

The Plan invests in annuities and a pooled separate account managed by TIAA-CREF and an interest-bearing cash account held by State Street. TIAA-CREF and State Street are custodians as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions.

Notes to Financial Statements

Note 10 – Net Assets Available for Benefits

In November 2007, the Department of Labor issued amended regulations eliminating an exemption granted to 403(b) plans from annual Form 5500 reporting, disclosure, and audit requirements under Title I of ERISA. The removal of this exemption subjected the Plan to audit and expanded Form 5500 reporting requirements for the first time beginning with the Plan year ended December 31, 2009. The Plan and TIAA-CREF have not maintained sufficiently detailed accounting records relating to the Plan's annuity and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, the completeness of the Plan's net assets available for benefits as of December 31, 2024 and 2023, and changes in net assets available for benefits for the year ended December 31, 2024, could not be verified.

Note 11 – Plan Termination

Although it has not expressed any intent to do so, the University has the right to terminate the Plan and discontinue its contributions at any time, subject to the provisions of ERISA.

Note 12 – Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits reported in the financial statements at December 31, 2024 and 2023, to the amounts in the Form 5500:

	2024	2023
Net assets available for benefits, per the financial statements	\$ 82,698,603	\$ 71,547,763
Less employer contributions receivable	(81,405)	-
