Statement by Enrolled Actuary
 To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **GBQ PARTNERS**

(2) EIN: **20-2122306**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
e Was this plan covered by a fidelity bond?	X		4000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	X		
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? Yes No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

Independent Auditor's Report

Opinion

We have audited the accompanying financial statements of the White Castle Pension Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan and Trust as of December 31, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024 and Schedule H, Line 4j – Schedule of Reportable Transactions for the year ended December 31, 2024 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. The supplemental Schedule of Investments as of December 31, 2024 is also presented for the purpose of additional analysis and is not a required part of the financial statements. Such information is the responsibility of the Plan’s management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

WHITE CASTLE PENSION PLAN AND TRUST

Notes to Financial Statements

December 31, 2024 and 2023

Plan Description

The following brief description of the White Castle Pension Plan and Trust (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for more complete information. Copies of this document are available from the plan administrator.

General

The Plan is a non-contributory defined benefit plan covering substantially all the employees of White Castle System, Inc. and Subsidiaries (the Corporation and Plan Sponsor) who meet certain eligibility requirements set forth in the plan agreement. The Plan provides for certain retirement, death and disability benefits to participants based on the participants' earnings and years of service. All contributions by the Corporation and Plan earnings are for the exclusive benefit of participants in the Plan and their beneficiaries, and no part of the Plan can be recovered by the Corporation until all promised benefits have first been paid.

Contributions

The contributions of the Corporation are made in cash, based upon actuarial projections, in amounts sufficient to fund the Plan's prior service costs within legal requirements. At December 31, 2024 and 2023 the minimum funding requirements, as set forth by the Employment Retirement Income Security Act of 1974, as amended (ERISA), have been met.

Pension Benefits

Participants are eligible for normal monthly retirement benefit payments upon reaching age 65 and are 100% vested in the normal monthly retirement benefit payments after five years of service. Effective January 1, 2016, the Plan implemented a soft freeze, such that employees hired on January 1, 2016 or after are not eligible to participate in the Plan.

The Plan provides retirees with monthly benefit payments based on average monthly compensation, as defined in the plan document, and years of credited service. In addition, deferred and immediate early retirement, disability, deferred withdrawal benefits and optional forms of benefit payments are available under certain circumstances. During 2016, the Plan was amended to permanently freeze the Plan, such that eligible participants would no longer accrue benefits under the Plan after December 31, 2016.

As defined in the plan document, a death benefit shall be paid to the beneficiary or surviving spouse of a participant who dies while employed.

SECURE Act 2.0

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. However, there was no material impact to the Plan's 2024 or 2023 financial statements.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect certain reported assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents include discounted notes purchased from United States government agencies with a remaining term of less than three months at the date of purchase. The Plan maintains its cash and cash equivalents at financial institutions, and at times, balances may exceed federally insured limits.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. For additional disclosure regarding fair value of investments, see the *Fair Value Measurements* footnote herein.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

All costs and expenses incurred with regard to the purchase, sale or transfer of investments and other assets in connection with the operation of the Plan and certain professional fees are borne by the Plan. Expenses such as those related to the creation and the continuing existence of the Plan, amending and revising the Plan and liability insurance premiums are borne by the Corporation.

WHITE CASTLE PENSION PLAN AND TRUST

Notes to Financial Statements December 31, 2024 and 2023

Summary of Significant Accounting Policies (continued)

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits represent the actual present value of the estimated future periodic payments, including lump-sum distributions, which are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries and (b) present employees or their beneficiaries. Benefits for retired or terminated employees or their beneficiaries and for active employees are based on employees' compensation during the five consecutive years having the highest total compensation during their last ten years of credited service.

The Plan's consulting actuary estimates the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

Accumulated Plan Benefits

Actuarial present value of accumulated plan benefits as of January 1, 2024 is as follows:

Vested benefits:	
Participants currently receiving benefits	\$ 57,054,449
Other participants	108,173,623
	<hr/>
	165,228,072
Non-vested benefits	9,059,002
	<hr/>
Total actuarial present value of accumulated plan benefits	<u><u>\$ 174,287,074</u></u>

The changes in accumulated plan benefits for the year ended January 1, 2024 are as follows:

Actuarial present value of accumulated plan benefits at beginning of year	\$ 177,716,410
Increase (decrease) during the year attributed to:	
Benefits paid	(12,607,381)
Assumption changes	(1,019,771)
Interest	9,981,408
Other changes	216,408
	<hr/>
Net decrease	(3,429,336)
	<hr/>
Actuarial present value of accumulated plan benefits at end of year	<u><u>\$ 174,287,074</u></u>

WHITE CASTLE PENSION PLAN AND TRUST

Notes to Financial Statements

December 31, 2024 and 2023

Accumulated Plan Benefits (continued)

Significant assumptions underlying the actuarial valuation are as follows:

Assumed discount rate	5.00%
Investment return	6.00%
Normal retirement date	Varying rates by age, service and employment status
Mortality table	PRI-2012 mortality table with improvement scale MP-2021

The assumed discount rate was changed from 5.25% at January 1, 2023 to 5.00% at January 1, 2024. The effect of the change has been included in the accumulated plan benefits shown above. These actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Fair Value Measurements

GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the entity has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.
- Level 2 Inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets and liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.
- Level 3 Inputs are significant unobservable inputs for the asset or liability.

The level of the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

WHITE CASTLE PENSION PLAN AND TRUST

Notes to Financial Statements

December 31, 2024 and 2023

Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Exchange Traded
Funds:*

Valued at quoted market prices for the number of shares held by the Plan at year-end.

Mutual Funds:

Valued at quoted market prices for the number of shares held by the Plan at year-end.

*Collective
Investment
Trusts:*

Valued at the net asset value (NAV) provided by the administrator of the fund. Issues and redemptions of units are recorded upon receipt of unit holder's instructions based on the determined NAV per unit, which is determined daily. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. For this fund, there are no unfunded commitments, redemption restrictions, and participants can transact daily.

*Money Market
Funds:*

Valued at the daily closing price as reported by the fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

WHITE CASTLE PENSION PLAN AND TRUST

Notes to Financial Statements

December 31, 2024 and 2023

Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's net assets at fair value as of December 31, 2024 and 2023. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2024				
	Level 1	Level 2	Level 3	Total
Money market funds	\$ 814,214	\$ -	\$ -	\$ 814,214
Investments measured at net asset value*	-	-	-	165,012,474
Total assets at fair value	\$ 814,214	\$ -	\$ -	\$ 165,826,688

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Exchange traded funds	\$ 24,290,275	\$ -	\$ -	\$ 24,290,275
Mutual funds	154,233,962	-	-	154,233,962
Total assets at fair value	\$ 178,524,237	\$ -	\$ -	\$ 178,524,237

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Plan Termination

Although it has not expressed any intent to do so, the Corporation has the right to terminate the Plan subject to the provisions of ERISA. All accrued benefits to the extent funded as of the date of termination shall become fully vested. The Plan's net assets available for benefits would be set aside to provide benefits in the following priority: participants and their beneficiaries already receiving retirement benefits, participants who are eligible to receive retirement or early retirement benefits, participants eligible for termination benefits, and lastly, to all remaining participants. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation (PBGC) at that time. Some benefits may be fully or partially provided for by the then-existing assets and the PBGC guarantee, while other benefits may not be provided for at all.

WHITE CASTLE PENSION PLAN AND TRUST

Notes to Financial Statements

December 31, 2024 and 2023

Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated September 19, 2016, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and, therefore, the related trust is exempt from taxation. The Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan has been amended since receiving the determination letter. However, the plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Party-in-Interest Transactions

Certain administrative expenses paid by the Plan to Aon Consulting, Inc. for actuarial services, to UBS Financial Services, Inc. and Vanguard Fiduciary Trust Company for investment advisory services, to Cozen O'Connor and Porter Wright Morris and Arthur, LLP for legal services, to White Castle Management Co. for plan administration and to GBQ Partners LLC for audit services, qualify as party-in-interest transactions. Fees paid by the Plan for these administrative expenses were \$458,094 and \$435,484 in 2024 and 2023, respectively.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the 2024 statement of net assets available for benefits.

Plan contributions are made and the actuarial present values of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

WHITE CASTLE PENSION PLAN AND TRUST

Notes to Financial Statements

December 31, 2024 and 2023

Concentration of Credit Risk

As of December 31, 2024, 73% of net assets available for benefits are made up of the AON Large Cap Equity Index Fund, the AON Long Credit Bond Class Fund, and the AON US Intermediate Government Bond Index Fund. As of December 31, 2023, 85% of net assets available for benefits are made up of the Vanguard Extended Duration Treasury ETF, the Vanguard Long-Term Investment Grade mutual fund and the Vanguard Total Stock Market Index Institutional Fund.

Subsequent Events – Date of Management’s Evaluation

The Plan has evaluated subsequent events through the date of the Independent Auditor’s Report, the date the financial statements were available to be issued.

Schedule SB, Part V — Summary of Plan Provisions

The following summary describes principal plan provisions assumed in calculating the cost of your pension plan.

General Information

Original Effective Date:	December 15, 1942
Effective Date of Last Amendment:	January 1, 2017
Plan Year:	January 1 to December 31
Employer Fiscal Year	January 1 to December 31
Employer ID Number:	31-4340520
Plan Administrator's ID Number:	31-4340520
Plan Number:	002
Plan Administrator:	White Castle System, Inc.

Eligibility

All eligible employees of the Employer are eligible to participate in the Plan upon the January 1 or July 1 coinciding with or next following the attainment of age 21 or the completion of one year of service, whichever is later. Independent contractors, consultants, union employees, and leased employees are not eligible to participate. Employees hired or rehired after December 31, 2015 will not enter the plan. Effective December 31, 2016, the plan is closed to new entrants.

White Castle Pension Plan and Trust
EIN: 31-4340520 PN: 002

Service

One year of service is granted for each year of employment. Prior to 2013, service was granted based on elapsed time, with partial service granted for complete months. Beginning in 2013, a year of service is granted for each year in which a participant works at least 1,000 hours. Part-time service prior to November 1, 1976 and service prior to age 18 is excluded. Partial service is granted for completed months. Service will not be interrupted by:

- (1) A leave of absence granted by the Employer.
- (2) A period of service in the Armed Forces of the United States under which employment rights are granted.
- (3) A period of disability during which the participant is being paid directly or indirectly by the Employer.
- (4) Periods of absence for less than a year prior to 2012.

An employee will be given credit for his pre-break service if either of the following occurs:

- (1) The employee had a vested interest in his Accrued Benefit at the time of his break in service, or
- (2) The employee's period of absence was less than his pre-break service or five years, whichever is greater.

Effective December 31, 2016, credited service and participation service is frozen.

Normal Retirement Date

Normal Retirement Date is the first day of the month coincident with or next following attainment of age 65 and the fifth anniversary of participation in the Plan.

Normal Retirement Benefit

The amount of monthly benefit to be paid in monthly installments for life, based on service to Normal Retirement Date, is:

- (1) 30.5% of Average Monthly Compensation multiplied by the service fraction with the numerator equal to the months of credited service if he had continued to work until his Normal Retirement Date and 300 months in the denominator (up to a maximum fractional value of 1).
- (2) The Integration Percentage of the amount of Average Monthly Compensation in excess of one-twelfth Covered Compensation multiplied by the service fraction with the numerator equal to the months of credited service if he had continued to work until his Normal Retirement Date and 420 months in the denominator (up to a maximum fractional value of 1).
- (3) The sum of part one and two rounded up to the next higher multiple of \$10.

Effective December 31, 2016, the normal retirement benefit for each participant is frozen.

Average Monthly Compensation

The highest monthly average of five consecutive calendar years of compensation out of the last ten years of employment. Compensation shall consist of total salary, wages, commissions, bonuses and all other cash remuneration actually paid during the plan year the service was performed, and any sums deducted from salary or wages on a pre-tax basis to cover a share of the cost of health and medical coverage under the White Castle Health Benefit Plan.

Schedule SB Attachment (Form 5500) — 2024 Plan Year
White Castle Pension Plan and Trust
EIN: 31-4340520 PN: 002

Integration Percentage

The percentage which corresponds to the participant's social security retirement age, based on participant's year of birth in the table below:

Year of Birth	Percentage
Prior to 1938	26.25%
1938–1954	24.50%
After 1954	22.75%

Accrued Benefit

The Accrued Benefit at any time prior to a participant's Normal Retirement Date shall be the normal retirement benefit, multiplied by a fraction with the numerator being years of participation service at termination and the denominator being years of participation service if he had continued to work until his Normal Retirement Date.

Early Retirement Benefit

Upon the completion of five years of service and the attainment of age 55, a participant may elect to retire. He may receive a monthly benefit for life beginning at his Normal Retirement Date equal to the Accrued Benefit at his early retirement date. Payments may begin immediately, with the benefit being reduced one-fifteenth for each of the first five years and one-thirtieth for each of the next five years by which the payment date precedes the Normal Retirement Date.

Delayed Retirement

A participant may continue in the employment of the Employer after his Normal Retirement Date. In such event he will receive at actual retirement the benefit he would have received on his Normal Retirement Date, actuarially increased to reflect delayed payment. However, the benefit will not be less than the benefit accrued at Delayed Retirement reflecting service and Average Monthly Compensation to such date.

40-Year Retirement

Upon the completion of 40 years of continuous service and the attainment of age 55, the participant may elect to retire and receive the entire portion of his Normal Retirement Benefit without the reductions described in Accrued Benefit or Early Retirement Benefit.

Death Benefit

In the event of a vested married participant's death after the completion of five years of service, but prior to meeting the requirements for early retirement, it will be assumed the participant had terminated employment the day prior to death, survived to his early retirement date, elected a joint and one-half survivor benefit, and died the following day.

In the event of a vested married participant's death after meeting the requirements for early retirement, his surviving spouse will receive one-half of the joint and one-half survivor benefit calculated on the day of his death.

Schedule SB Attachment (Form 5500) — 2024 Plan Year
White Castle Pension Plan and Trust
EIN: 31-4340520 PN: 002

Severance Benefit

Upon the termination of employment after 5 or more years of service, a participant shall be vested in his Accrued Benefit which will be payable at Normal Retirement Date. The percentage vested shall be:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 5 years	0%
5 or more	100%

In the event that the participant had met the service requirement for early retirement at the date of termination, he may elect to receive his vested interest as early as age 55.

Optional Methods of Settlement

All Optional Methods of Settlement are actuarially equivalent to the normal form of annuity. If a married participant does not elect the normal form of annuity or does not elect one of the Optional Methods of Settlement described below, then the participant's retirement benefit shall automatically be paid under option [1] below. The options are:

- (1) A benefit to be paid during the participant's lifetime with one-half, three-fourths, or the same reduced benefit to be continued to his spouse for her lifetime after his death.
- (2) A reduced benefit to be paid for 120, 180, or 240 months certain and thereafter for life.
- (3) A lump sum settlement.

Lump sums are based on the blended Applicable Mortality Table and the Applicable Interest Rates as of the January, April, July, or October previous to the quarter of the payment date. All other Optional Forms of Settlement are actuarially equivalent to the normal form of payment based on the 1983 Group Annuity Mortality Tables blended for 50% males and 50% females and an eight percent interest rate.

Amendment or Termination of Plan

The Employer reserves the right to amend or terminate the Plan at any time. Generally, the Pension Benefit Guaranty Corporation reserves the right to terminate the Plan if the Employer fails to meet the minimum funding standards, or is unable to pay benefits when due.

If the Plan is terminated, the plan assets will be distributed among the plan participants based upon a priority allocation procedure and the Employer shall be liable for any unfunded vested benefits to the extent required by law.

The above description is a summary only; for additional details, reference should be made to the formal plan document.

Plan Changes Since the Prior Year

The funding, financial accounting, and plan reporting valuations do not reflect any plan changes.

Schedule SB, Part V — Summary of Plan Provisions

The following summary describes principal plan provisions assumed in calculating the cost of your pension plan.

General Information

Original Effective Date:	December 15, 1942
Effective Date of Last Amendment:	January 1, 2017
Plan Year:	January 1 to December 31
Employer Fiscal Year	January 1 to December 31
Employer ID Number:	31-4340520
Plan Administrator's ID Number:	31-4340520
Plan Number:	002
Plan Administrator:	White Castle System, Inc.

Eligibility

All eligible employees of the Employer are eligible to participate in the Plan upon the January 1 or July 1 coinciding with or next following the attainment of age 21 or the completion of one year of service, whichever is later. Independent contractors, consultants, union employees, and leased employees are not eligible to participate. Employees hired or rehired after December 31, 2015 will not enter the plan. Effective December 31, 2016, the plan is closed to new entrants.

Service

One year of service is granted for each year of employment. Prior to 2013, service was granted based on elapsed time, with partial service granted for complete months. Beginning in 2013, a year of service is granted for each year in which a participant works at least 1,000 hours. Part-time service prior to November 1, 1976 and service prior to age 18 is excluded. Partial service is granted for completed months. Service will not be interrupted by:

- (1) A leave of absence granted by the Employer.
- (2) A period of service in the Armed Forces of the United States under which employment rights are granted.
- (3) A period of disability during which the participant is being paid directly or indirectly by the Employer.
- (4) Periods of absence for less than a year prior to 2012.

An employee will be given credit for his pre-break service if either of the following occurs:

- (1) The employee had a vested interest in his Accrued Benefit at the time of his break in service, or
- (2) The employee's period of absence was less than his pre-break service or five years, whichever is greater.

Effective December 31, 2016, credited service and participation service is frozen.

Normal Retirement Date

Normal Retirement Date is the first day of the month coincident with or next following attainment of age 65 and the fifth anniversary of participation in the Plan.

Normal Retirement Benefit

The amount of monthly benefit to be paid in monthly installments for life, based on service to Normal Retirement Date, is:

- (1) 30.5% of Average Monthly Compensation multiplied by the service fraction with the numerator equal to the months of credited service if he had continued to work until his Normal Retirement Date and 300 months in the denominator (up to a maximum fractional value of 1).
- (2) The Integration Percentage of the amount of Average Monthly Compensation in excess of one-twelfth Covered Compensation multiplied by the service fraction with the numerator equal to the months of credited service if he had continued to work until his Normal Retirement Date and 420 months in the denominator (up to a maximum fractional value of 1).
- (3) The sum of part one and two rounded up to the next higher multiple of \$10.

Effective December 31, 2016, the normal retirement benefit for each participant is frozen.

Average Monthly Compensation

The highest monthly average of five consecutive calendar years of compensation out of the last ten years of employment. Compensation shall consist of total salary, wages, commissions, bonuses and all other cash remuneration actually paid during the plan year the service was performed, and any sums deducted from salary or wages on a pre-tax basis to cover a share of the cost of health and medical coverage under the White Castle Health Benefit Plan.

EIN: 31-4340520 PN: 002

Integration Percentage

The percentage which corresponds to the participant's social security retirement age, based on participant's year of birth in the table below:

Year of Birth	Percentage
Prior to 1938	26.25%
1938–1954	24.50%
After 1954	22.75%

Accrued Benefit

The Accrued Benefit at any time prior to a participant's Normal Retirement Date shall be the normal retirement benefit, multiplied by a fraction with the numerator being years of participation service at termination and the denominator being years of participation service if he had continued to work until his Normal Retirement Date.

Early Retirement Benefit

Upon the completion of five years of service and the attainment of age 55, a participant may elect to retire. He may receive a monthly benefit for life beginning at his Normal Retirement Date equal to the Accrued Benefit at his early retirement date. Payments may begin immediately, with the benefit being reduced one-fifteenth for each of the first five years and one-thirtieth for each of the next five years by which the payment date precedes the Normal Retirement Date.

Delayed Retirement

A participant may continue in the employment of the Employer after his Normal Retirement Date. In such event he will receive at actual retirement the benefit he would have received on his Normal Retirement Date, actuarially increased to reflect delayed payment. However, the benefit will not be less than the benefit accrued at Delayed Retirement reflecting service and Average Monthly Compensation to such date.

40-Year Retirement

Upon the completion of 40 years of continuous service and the attainment of age 55, the participant may elect to retire and receive the entire portion of his Normal Retirement Benefit without the reductions described in Accrued Benefit or Early Retirement Benefit.

Death Benefit

In the event of a vested married participant's death after the completion of five years of service, but prior to meeting the requirements for early retirement, it will be assumed the participant had terminated employment the day prior to death, survived to his early retirement date, elected a joint and one-half survivor benefit, and died the following day.

In the event of a vested married participant's death after meeting the requirements for early retirement, his surviving spouse will receive one-half of the joint and one-half survivor benefit calculated on the day of his death.

Schedule SB Attachment (Form 5500) — 2024 Plan Year
White Castle Pension Plan and Trust
EIN: 31-4340520 PN: 002

Severance Benefit

Upon the termination of employment after 5 or more years of service, a participant shall be vested in his Accrued Benefit which will be payable at Normal Retirement Date. The percentage vested shall be:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 5 years	0%
5 or more	100%

In the event that the participant had met the service requirement for early retirement at the date of termination, he may elect to receive his vested interest as early as age 55.

Optional Methods of Settlement

All Optional Methods of Settlement are actuarially equivalent to the normal form of annuity. If a married participant does not elect the normal form of annuity or does not elect one of the Optional Methods of Settlement described below, then the participant's retirement benefit shall automatically be paid under option [1] below. The options are:

- (1) A benefit to be paid during the participant's lifetime with one-half, three-fourths, or the same reduced benefit to be continued to his spouse for her lifetime after his death.
- (2) A reduced benefit to be paid for 120, 180, or 240 months certain and thereafter for life.
- (3) A lump sum settlement.

Lump sums are based on the blended Applicable Mortality Table and the Applicable Interest Rates as of the January, April, July, or October previous to the quarter of the payment date. All other Optional Forms of Settlement are actuarially equivalent to the normal form of payment based on the 1983 Group Annuity Mortality Tables blended for 50% males and 50% females and an eight percent interest rate.

Amendment or Termination of Plan

The Employer reserves the right to amend or terminate the Plan at any time. Generally, the Pension Benefit Guaranty Corporation reserves the right to terminate the Plan if the Employer fails to meet the minimum funding standards, or is unable to pay benefits when due.

If the Plan is terminated, the plan assets will be distributed among the plan participants based upon a priority allocation procedure and the Employer shall be liable for any unfunded vested benefits to the extent required by law.

The above description is a summary only; for additional details, reference should be made to the formal plan document.

Plan Changes Since the Prior Year

The funding, financial accounting, and plan reporting valuations do not reflect any plan changes.
