ABX Air, Inc. Profit Sharing Plan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of ABX Air, Inc. Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of ABX Air, Inc. Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of ABX Air, Inc. Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about ABX Air, Inc. Profit Sharing Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of ABX Air, Inc. Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about ABX Air, Inc. Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

ABX Air, Inc. Profit Sharing Plan Notes to Financial Statements

Note 1 – Description of Plan

The following description of ABX Air, Inc. Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General – The Plan was established August 15, 2003, as a trustee, noncontributory defined contribution profit sharing plan for employee retirement for eligible employees of ABX Air, Inc. (the Company). The Plan is subject to the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility – A crew member is eligible to participate in the Plan following twelve (12) months of employment, as defined in the Plan, provided that such employee is covered under a collective bargaining agreement between the Company and the International Brotherhood of Teamsters Local 1224.

In addition, employees who are not covered under the collective bargaining agreement but actively participated in the Airborne Express Profit Sharing Plan immediately prior to the effective date of this Plan and were employed on the effective date of the Plan are also eligible to participate in the Plan. However, these participants are not eligible to receive profit sharing contributions.

Contributions – Discretionary profit sharing contributions may be made to eligible employees who are in the service of the Company on the last day of the plan year. Such contributions are allocated to participant accounts based upon the ratio of the participant's compensation to total compensation of all eligible participants. No discretionary profit sharing contributions were made for the year ended December 31, 2024. Contributions are subject to regulatory limitations.

Benefits paid to participants – On termination of service, the value of a participant's individual account is payable, at each participant's or beneficiary's option, in a single lump sum payment equal to the value of the participant's vested account balance or in other forms of payment as allowed by the Plan.

Investments – The Plan provides that profit sharing contributions be invested for the benefit of the participants in a general account. The allocation of contributions and investments between investment categories is at the direction of the Advisory Committee.

Participants who have attained age 55, completed five years of service, and declared their intent to retire within 18 months may elect a one-time transfer of their account balance to the Special Retirement Fund (SRF). Amounts allocated to the SRF are invested in money market securities, certificates of deposit, or guaranteed investment contracts at the direction of the Advisory Committee.

Vesting – Participants vest in the Company's profit sharing contributions and related earnings after three years of service, at which time they are 100% vested.

Forfeitures – The nonvested portion of account balances of terminated employees is allocated to the participants with profit sharing account balances in the same manner in which the Company's profit-sharing contributions are allocated.

Participant accounts – Each participant's account is credited with allocations of the Company's contributions and earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined by the Plan.

Notes to Financial Statements

Termination of the plan – Although there is no current intention to do so, the Plan may be terminated at the option of the Board of Directors of the Company. In the event of Plan termination, all assets become fully vested and are paid directly to the participant or transferred into another qualified plan or account.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates – The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment valuation – Investments are reported at fair value. The Plan's trustee, Northern Trust Company (the Trustee), certifies the fair value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Plan interest in Master Trust investment income consists of an allocation of dividends, interest, and both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Payment of benefits – Benefits are recorded when paid. As of December 31, 2024 and 2023, benefit claims totaling \$435,424 and \$107,446, respectively, had been received from participants for payment during the following year.

Administrative expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements.

Subsequent events – The Plan has evaluated subsequent events through October 3, 2025, which is the date the financial statements were available to be issued.

Note 3 – Interplan Transfers

The assets transferred from the Plan and shown on the financial statements as interplan transfers are attributable to employees who have changed employment status and have transferred individual account balances to the ABX Air, Inc. Retirement Income Plan (RIP) or ABX Air, Inc. Pilots Minimum Monthly Retirement Income Plan (PMMRIP).

Note 4 – Tax Status

The Internal Revenue Service determined and informed the Company by a letter dated September 30, 2016, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC).

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 – ABX Air, Inc. Defined Benefit Master Trust

The ABX Air, Inc. Defined Benefit Master Trust (the Master Trust) holds the assets of the Plan, the PMMRIP and the RIP. The assets of the Master Trust are held by the Trustee.

The accompanying statements of net assets available for benefits reflect the Plan's apportioned share of the underlying plan assets and liabilities of the Master Trust. Allocations of net income (loss) from the Master Trust are based on the Plan's net assets at the beginning of the year with adjustments for contributions and benefit payments made during the year.

Note 7 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Master Trust has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following are descriptions of valuation methodologies used for the Master Trust's assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual funds – Shares of mutual funds (registered investment companies) are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trusts – Units held in collective trusts (CT) are valued using the net asset value practical expedient (NAV practical expedient) of the CT as reported by the CT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CT, minus its liabilities, and then divided by the number of units outstanding. The NAV practical expedient of a CT is calculated based on compilation of primarily observable market information. Units in the CTs can be redeemed daily, and there are no redemption restrictions or notice requirements.

Corporate and government obligations – Investments in U.S. Treasury obligations are valued at closing prices as quoted on active markets. Quoted market prices are generally not available for corporate, municipal, government agency, and mortgage-backed securities. These investments are valued using pricing models maximizing the use of observable inputs for similar securities which includes basing value on yields currently available on comparable securities of issuers with similar credit ratings. When quoted prices are not available for identical or similar bonds, those corporate bonds are valued under a discounted cash flow approach that maximizes observable inputs such as current yields or similar instruments but includes adjustments for certain risks that may not be observable, such as credit and liquidity risks.

Private equity limited liability company – Columbia Institutional High Yield Fixed Income Private Fund, LLC (Columbia LLC) is a limited liability company formed March 27, 2012 for the purpose of investing in high yield debt securities issued by domestic and international business entities, including corporate bonds, bank debts, and government bonds.

Units held in Columbia LLC are valued using the NAV practical expedient of the investment as reported by the fund’s managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The NAV practical expedient of the fund is calculated based on compilation of primarily observable market information. The investment in the Columbia LLC is allocated only to the Plan.

The Master Trust has no outstanding commitments to the Columbia LLC. A member may ordinarily withdraw all of part of its capital account at the end of any calendar month upon 30 days’ notice, subject to the managing members’ right to suspend withdrawals.

The following tables disclose the investment hierarchy of the Master Trust’s assets at fair value:

Note 8 – Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risk. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of investments in the near term could materially affect participants' account balances and the amounts reported in the financial statements.

Note 9 – Certified Investment Information

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The plan administrator has obtained a certification from the Trustee that the following information is complete and accurate:

- Plan interest in Master Trust in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Plan interest in Master Trust investment income included in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
