Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **NATHAN WECHSLER & COMPANY, P.A.**

(2) EIN: **02-0327524**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
EMAC 401(k) Plan
Effingham, Illinois 62401

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audit of the financial statements of EMAC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for plan benefits – modified cash basis as of December 31, 2023 and the related statement of changes in net assets available for plan benefits – modified cash basis for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of EMAC 401(k) Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023 stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financials are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements for the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, on the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) and the schedule of delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (the "Trustee"), agrees to, or is derived from, in all material respects, the information prepared and certified by the Trustee that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan

The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan was originally a part of the Waupaca Foundry, Inc. Consolidated Retirement Plan ("Waupaca"), and was spun out effective January 1, 2023. Waupaca was adopted on November 1, 1957 with the new Plan being restated effective January 1, 2023. See Note 10 for details of the assets transferred. The Plan covers all employees of Effingham Machining & Assembly Components, Inc. (the "Plan Sponsor") who meet the service requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Age and service requirements: For salary deferral contributions, participant's become eligible to enter the Plan upon hire. For all other contributions, employees must have complete 6 months of service, with a yearly entry date of January 1. The Plan recognizes service with the predecessor employers (see Plan document for the full listing of predecessor employers).

Contributions: Under the Plan, participants may elect to make pre-tax 401(k) contributions ("deferrals") to their employee accounts in amounts up to maximum amount of 75% and minimum of 1% allowed under Sections 415(c), 402(g) and 401(k) of the Internal Revenue Code. Participants may also elect to make after-tax Roth elective deferrals and rollover contributions. Additionally, the Plan Sponsor may make an annual contribution on a discretionary basis to employees meeting certain eligibility requirements. For the plan year ended December 31, 2023, the Plan Sponsor made a \$403,266 discretionary contribution to the Plan.

Participant accounts: Each participant's account is credited with the participant's salary deferral and allocations of (a) the Plan Sponsor's profit-sharing contribution, if any, and (b) plan earnings and charged with an allocation of administrative expenses, if any. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Income taxes: The Plan adopted a restated pre-approved plan document, and the IRS has determined and informed the sponsor of the pre-approved plan document by a letter dated June 30, 2020, that the pre-approved plan document is designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the opinion letter. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

The Plan adopted the provisions of FASB ASC 740, Accounting for Uncertainty in Income Taxes. Accordingly, management has evaluated the Plan's tax positions and concluded the Plan had maintained its tax-exempt status, does not have any significant unrelated business income and had taken no uncertain tax positions that require adjustment or disclosure in the financial statements.

EMAC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Vesting: Participants in the Plan are 100% vested in the current value of their pre-tax 401(k) deferrals, Roth elective deferrals, and Rollover contributions plus earnings thereon. Vesting in employer contributions is based on hours of service with 1,000 hours of service per year requirement. A participant is 100% vested after six years of credited service according to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
0 years	0%
1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6+ years	100%

Forfeitures: If upon termination of employment a participant is not fully vested in their employer contribution, all non-vested amounts shall be retained by the Plan. Per the Plan Document, the Plan Administrator may elect to use forfeitures to reduce employer contributions. Total unallocated forfeitures at December 31, 2023 totaled \$111,021. For the year ended December 31, 2023, no forfeitures were used to reduce employer contributions. Forfeitures were \$111,021 at December 31, 2023.

Unallocated assets: As a result of the Plan transfer, the Plan held assets in an unallocated account which received a deposit related to the spinoff as a result of a transition holding agreement with Delaware Charter Guarantee & Trust d/b/a Principal Trust Company. During the year ended December 31, 2023, deposits of the account totaled \$94,360, which is included in the transfer in amount in the statement of changes in net assets available for plan benefits. Funds in the account are allocated to participants. During the year ended December 31, 2023, \$94,082 was allocated to participants. Unallocated assets were \$378 at December 31, 2023.

Investment options: Upon enrollment in the Plan, a participant may direct all contributions into various registered investments, pooled separate accounts, and fixed accounts with varying amounts of investment risks. Participants may change their investment options and transfer funds between investment options daily.

Payment of benefits: The Plan permits participants to withdraw funds at any time after age 59 ½. The Plan also provides for withdrawals in the event of death, disability, hardship and termination. Benefit payments can be in the form of a lump-sum amount equal to the value of the participant's vested interest in his or her account, as provided in the Plan document.

Notes receivable from participants: As permitted under the terms of the Plan's participant loan policy, participants may borrow from the fund accounts a minimum of \$1,000 to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Note terms range from one to five years. Participants may not have more than one loan outstanding at any time. The loans are collateralized by the balance in the participant's account and bear interest at a reasonable rate that is commensurate with the prime rate plus 1% (9.50% at December 31, 2023). Principal and interest is paid ratably through payroll deductions.

NOTES TO FINANCIAL STATEMENTS

Funding policy: Deferrals are withheld from eligible participants' wages and are remitted bi-weekly or monthly (dependent upon eligible participant's position) to the Plan Trustee. Discretionary employer contributions are remitted annually. Employee and employer contributions are invested based on the instructions provided by the participant.

Note 2. Significant Accounting Policies

Valuation of investments: The Plan invests in registered investment companies and a pooled separate account that are reported at fair value. See Note 3 for discussion of fair value measurements. Additionally, the Plan holds a guaranteed investment contract held at contract value as described in Note 4.

The changes in the difference between the value and cost of investments and realized gains and losses are reflected in the statement of changes in net assets available for plan benefits - modified cash basis, as an increase or decrease in net realized and unrealized appreciation or depreciation in the value of investments.

Accounting method: The Plan prepares its financial statements on a modified cash basis of accounting, which is a basis of accounting other than U.S. generally accepted accounting principles. This basis is an acceptable method of reporting under the Department of Labor regulations. Under this method, contributions, interest and dividends and other amounts are recognized only when actually received by the Plan. Investments are stated at fair value and contract value.

Payment of benefits: Benefits are recorded when paid.

Estimates and assumptions: Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Accordingly, actual results may differ from these estimates.

Note 3. Fair Value Measurements

The Fair-Value Measurements topic of the FASB ASC 820-10 defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles and expands disclosures about fair-value measurements. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTES TO FINANCIAL STATEMENTS

Level 2: Inputs are other than quoted prices that are observable for the asset or liability. Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Registered investment companies and money market funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Pooled separate accounts: The pooled separate accounts are stated at fair value and represent the number of participation units owned by the Plan. Quoted market prices of the underlying investments are used to value each fund and are based on the net asset value of the shares held at the end of the year.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of the reporting date.

December 31, 2023	Level 1		Level 2		Total
Registered investment companies	\$	12,355,412	\$	-	\$ 12,355,412
Pooled separate accounts (NAV practical expedient)*					5,289
<i>Total investments at fair value</i>	\$	12,355,412	\$	-	\$ 12,360,701

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available of benefits.

NOTES TO FINANCIAL STATEMENTS

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of:

<u>December 31, 2023</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Pooled separate accounts	\$ 5,289	n/a	Daily	None

Note 4. Investments at Contract Value

The Plan holds investment contracts issued by Principal Life Insurance Company (“the contract issuer”). The contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. At December 31, 2023, the total contract value of this investment amounted to \$5,505.

The investment contracts held by the Plan are guaranteed investment contracts. These contracts are designed to accrue interest based on crediting rates established by the contract issuers. The contract issuers are contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1% for the contract with Principal Life Insurance Company. Such interest rates are reviewed on an annual basis and quarterly basis, respectively, for resetting. The contracts do not have a maturity date.

The Plan must provide 90 day written notice to redeem its interest in the investment at contract value. Withdrawals from the contract may be subject to a surrender charge and a 6-month notice period.

The Plan’s ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan’s prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act at 1974.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that would also limit the ability of the Plan to transact at contract value with the participants.

Note 5. Costs and Expenses

Certain costs and expenses associated with the operations of the Plan for the year ended December 31, 2023 were paid by the Plan Sponsor.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7. Transactions with Parties-In-Interest

Effingham Machining & Assembly Components, Inc. provides to the Plan certain accounting and administrative services for which no fees are charged. The employees that provide these services, such as trustees and other employees, are also contributing participants in the Plan. These transactions qualify as party-in-interest transactions. Notes receivable from participants are also considered party-in-interest transactions. However, under the provisions of ERISA these transactions meet the criteria for exemption, are not considered prohibited transactions, and do not need to be reported in the supplementary schedules of Form 5500.

The Plan invests in shares of registered investment companies and the common collective trust are managed by an affiliate of Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company ("Principal"). Principal acts as trustee for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

Note 8. Risk and Uncertainties

The Plan provides for any combination of various investment options. Investments are exposed to various risks, such as interest rate, credit and market risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amount reported in the statements of net assets available for benefits – modified cash basis and the statement of changes in net assets available for benefits – modified cash basis.

Note 9. Information Certified by the Plan's Trustee

The Plan Administrator has elected the methods of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal as of and for the years ended December 31, 2023 has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

Note 10. Transfer of Assets

As discussed in Note 1, the Plan is a spin off from Waupaca effective January 1, 2023. On January 9, 2023, assets totaling \$11,110,124 were transferred out of Waupaca and into the Plan.

Note 11. Prohibited Transactions

For the Plan year ended December 31, 2023, the Plan Sponsor failed to deposit certain contributions and loan repayments within a timely manner. Because of this, \$41,222 in contributions and loan repayments were deemed late. Of those contributions, \$4,247 were caught by the Plan Sponsor and have been corrected through the self correction program as of December 31, 2023.

Note 12. Subsequent Events

The Plan has evaluated subsequent events through February 19, 2025, the date which the financial statements were available to be issued and has not evaluated subsequent events after that date. Effective January 1, 2024, the Plan was amended to remove all service and entry requirements to allow participants to be eligible for all contribution types upon hire and to add a discretionary pay period match.

Internal Revenue Service:

RE: EMAC 401(k) Plan – Audited Financial Statements

Dear Internal Revenue Service,

This is being written to supplement the filing of Form 5500 for the retirement plan referenced above with the following information:

- EIN: OPEN
- Plan ID: OPEN

As a result of staffing shortages and delays in coordinating adequate scheduling, a complete audit was not achievable by the time of the filing by our audit firm, Nathan Wechsler & Company. Therefore, additional time is needed to file complete, audited financial statements for the EMAC 401(k) Plan.

Sincerely,

Heather Rauch
Sr. HR Manager
