Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **NCHENG LLP**

(2) EIN: **81-0926770**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) This form is filed for a CCT, PSA, DCG or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Independent Auditor's Report

To the Plan Administrator of
The Academy Charter School 401(k) Plan
Hempstead, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of The Academy Charter School 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Academy Charter School 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Academy Charter School 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Academy Charter School 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Academy Charter School 401(k) Plan’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Academy Charter School 401(k) Plan’s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Part IV, Line 4a: Schedule of Delinquent Participant Contributions for the year ended December 31, 2024 and Schedule H, Part IV, Line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE ACADEMY CHARTER SCHOOL 401(K) PLAN

Notes to the Financial Statements

December 31, 2024 and 2023

Note 1 Description of Plan

The following description of The Academy Charter School 401(k) Plan (the "Plan") is provided only for general information purposes. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of The Academy Charter School and of The Academy Charter School 2 (collectively, the plan "Sponsor") who are age twenty-one or older. The Plan, which was established in 2009, is a qualified defined contribution plan with a cash or deferred arrangement in accordance with the provisions of the Internal Revenue Code of 1986 (IRC). It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). Effective January 1, 2022, the Plan was amended to allow employees of a newly formed Plan sponsor's affiliate, The Academy Charter School 2, to participate in the Plan.

Eligibility

Employees must be 21 years old or older to participate in the Plan. The entry date will be the first day of the month coinciding with or next following the date the employee reaches the age of 21.

Contributions

Participants may elect to contribute up to 100% of their pretax annual compensation up to IRS limits for the year. Participants may increase or decrease the percentage of their compensation deferred to the Plan every payroll period. Participants who attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may elect to contribute after tax compensation as a Roth elective deferral. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Sponsor makes contributions according to the safe harbor method. In order to maintain safe harbor status, the Sponsor may make an enhanced safe harbor matching contribution equal to 100% of salary deferrals up to 4% of compensation. For the year ended December 31, 2024, the Sponsor made safe harbor matching contribution of \$986,939 to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollover, and allocation of (a) the plan Sponsor's safe harbor contribution, and (b) plan earnings and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and in the plan Sponsor's safe harbor matching contributions plus actual earnings thereon.

THE ACADEMY CHARTER SCHOOL 401(K) PLAN

Notes to the Financial Statements

December 31, 2024 and 2023

Note 1 Description of Plan – (continued)

Investment Options

The Plan trustees determine and approve the investment option set up for the Plan. Upon enrollment in the Plan, a participant can direct contributions into various offered investment options. The Plan's assets are held in trust at Principal Life Insurance Company (the "Trustee"). The Trustee invests monies according to participant directions. Currently, the Plan offers various pooled separate accounts and guaranteed investments contracts.

Notes Receivable from Participants

Participants may borrow from their accounts subject to certain further restrictions in the Plan. Loans must be for a minimum of \$1,000. Participants may be granted two loans during any one-year period. Only two loans may be outstanding at any given time. All loans to participants will be limited to the lesser of \$50,000 reduced by the highest outstanding loan balance in the participant's account during the prior 12-month period, or 50% of the participant's account balance. Loans, together with the interest required to be paid thereon, must be repaid by ratable payroll deductions within five years unless the loan is used to buy or build a principal residence, in which case the plan administrator may permit a longer repayment term not to exceed 30 years. The interest rate will be based on the rates available for similar loans from commercial lending institutions. Loans will bear a rate of interest determined by the plan administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances, which remain fixed for the duration of the loan (rates range from 4.25% to 9.50%).

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant is eligible to receive a single lump-sum amount equal to the value of his or her vested account balance, or installments only for required minimum distributions. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution, either in cash, as a direct rollover, or a combination of both.

Hardship Withdrawals

The Plan allows for distributions to participants for hardship from the participants vested account balance. Permissible circumstances for hardship withdrawals include education, purchase of principal residence, medical expenses, to prevent eviction or foreclosure of a principal residence, payments for burial or funeral expenses, and expenses for the repair of damage to a principal residence. Distributions cannot be in excess of amounts of immediate need, participant must have obtained all distribution and nontaxable loan available under the plan before obtaining a hardship withdrawal. The participant cannot make a salary deferral for at least 6 months after receipt of hardship withdrawal.

Forfeited Accounts

There are no forfeitures, as employees are 100% vested in employer safe harbor matching contributions.

THE ACADEMY CHARTER SCHOOL 401(K) PLAN

Notes to the Financial Statements

December 31, 2024 and 2023

Note 2 Summary of significant accounting policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (“GAAP”) requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2024 and 2023, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. The pooled separate accounts' fair value is estimated by using net asset value as a practical expedient. This is based on information reported by the trustee, using the audited financial statements of the pooled separate accounts at year-end. See Note 4 for discussion of fair value measurements.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the plan Sponsor and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

THE ACADEMY CHARTER SCHOOL 401(K) PLAN

Notes to the Financial Statements

December 31, 2024 and 2023

Note 3 Information Prepared and Certified by Trustee

No auditing procedures were performed by the independent auditor as permitted by ERISA Section 103(a)(3)(C) with respect to information certified as complete and accurate by Principal Life Insurance Company (“Principal”) (the “Trustee”), except for comparing such information with the information reported in the financial statements. Based on the information provided and certified by the trustee, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, as of December 31, 2024 and 2023. Accordingly, the Trustee of the Plan assets has certified the completeness and accuracy of:

- Investments, at fair value and at contract value, as shown in the accompanying statements of net assets available for benefits as of December 31, 2024 and 2023.
- Net appreciation in fair value of investments and interest income on investments reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Investments as listed in the accompanying Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2024.

Note 4 Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at measurement date.
- Level 2 – Inputs to the valuation methodology include:
 - (1) quoted prices for similar assets or liabilities in active markets;
 - (2) quoted prices for identical or similar assets or liabilities in inactive markets;
 - (3) inputs other than quoted prices that are observable for the asset or liability;
 - (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

THE ACADEMY CHARTER SCHOOL 401(K) PLAN

Notes to the Financial Statements

December 31, 2024 and 2023

Note 4 Fair Value Measurements – (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Pooled Separate Accounts – valued at the net asset value (NAV) or equivalent based on units of the pooled separate accounts. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the pooled separate account less its liabilities. This practical expedient is not used when it is determined to be probable that the pooled separate account will sell the investment for an amount different than the reported NAV.

The following table set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023.

<u>Fair Value as of December 31, 2024</u>	
	<u>Measured at NAV</u>
Pooled Separate Accounts	<u>\$ 12,761,644</u>

<u>Fair Value as of December 31, 2023</u>	
	<u>Measured at NAV</u>
Pooled Separate Accounts	<u>\$ 9,449,946</u>

In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the tables above are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5 Guaranteed Investment Contract with Insurance Company

The Plan holds a portfolio of investment contracts that comprises a traditional fully benefit-responsive guaranteed investment contract with Principal Life Insurance Company (“Principal”). Principal maintains the contributions in a general account. The account is credited with contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant benefits paid, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

THE ACADEMY CHARTER SCHOOL 401(K) PLAN

Notes to the Financial Statements

December 31, 2024 and 2023

Note 5 Guaranteed Investment Contract with Insurance Company – (continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract as of December 31, 2024 and 2023 was \$571,694 and \$461,891, respectively. The crediting interest rate is based on an agreed-upon formula with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Principal. These events may be different under each contract. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

The contract cannot be terminated before the scheduled maturity date.

Note 6 Tax Status

On June 30, 2020, the Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, qualified under Section 401(a) of the IRC. The Plan has not received a determination letter specific to the Plan itself; however, the Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 Risks and Uncertainties

The Plan invests in various investments securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 Party-in-Interest

The Plan invests in guaranteed interest contracts and pooled separate accounts managed by Principal Life Insurance Company. Principal Life Insurance Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for contract administrator fees amounted to \$87,664 for the year ended December 31, 2024.

All of these party-in-interest are exempt from prohibited transaction rules of ERISA.

Note 9 Plan Termination

Although it has not expressed any intent to do so, the plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, participants will become 100% vested in their accounts.

Note 10 Reconciliation of Financial Statements to FORM 5500

The following is a reconciliation of net assets available for benefits per financial statements to Schedule H of Form 5500:

December 31,	<u>2024</u>	<u>2023</u>
Net assets available for benefits per financial statements	\$ 14,092,170	\$ 10,573,097

Note:

In the prior year, the Plan reported certain 2023 participant contributions in the amount of \$2,000 as corrected under the Department of Labor’s Voluntary Fiduciary Correction Program (“VFCP”). Management subsequently determined that the contributions were instead corrected in 2024 outside of the VFCP process. The late remittances, including lost earnings, were fully deposited to the Plan in 2024. The above schedule has been updated accordingly. There were no late remittances identified for the 2024 Plan year.
