Independent Auditor's Report

Opinion

We have audited the financial statements of Webster ESOP Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2024 (in Liquidation), and the related statement of changes in net assets available for benefits for the year then ended (in Liquidation), and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2024 (in Liquidation), and the changes in its net assets available for benefits for the year then ended (in Liquidation), in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter – Basis of Accounting

As discussed in the Plan Termination Note to the financial statements, the Trustees of Webster ESOP Savings Plan approved a plan of liquidation on February 28, 2024, and management determined liquidation is imminent. As a result, the Plan is using the liquidation basis of accounting for the presentation of the financial statements. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

WEBSTER ESOP SAVINGS PLAN

Notes to Financial Statements

December 31, 2024

Plan Description

The following description of the Webster ESOP Savings Plan (the Plan) provides only general information. The Plan sponsor is Webster Industries, Inc. (the Company or the Employer). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a non-contributory plan covering all full-time employees of the Company who are not covered under a collective bargaining agreement. Employees who are age 21 or older, with 1,000 hours of service and employed as of the last day of the plan year are eligible. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2024, certain assets and liabilities of the Webster Savings Plan were spun off into the Plan. Amounts transferred to the Plan included Webster Industries, Inc. common stock of \$77,180,632 and loans payable of \$9,472,459 resulting in net transfers into the Plan of \$67,708,173.

Effective February 28, 2024, the Company adopted a resolution to terminate the Plan.

Participant Accounts

Prior to the Plan Termination, each participant's account was credited with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account and Plan earnings. Participant accounts were charged with an allocation of administrative expenses that are paid by the Plan. Allocations were based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their account balances.

Payment of Benefits

Upon termination of service due to death, disability, retirement or other reasons, a participant's vested account balance shall be distributed as a lump sum amount, in installments over a period of not more than their assumed life expectancy or a partial withdrawal.

Voting Rights

Prior to the Plan Termination, shares of Company stock held in the Trust were voted by the Trustee in most instances. In certain extraordinary situations, such as a corporate merger, Treasury Regulations may require pass-through of voting rights in Company stock which has been fully paid for to Plan participants and beneficiaries.

WEBSTER ESOP SAVINGS PLAN

Notes to Financial Statements

Plan Description (continued)

Put Option

Prior to the Plan Termination, under Federal income tax regulations, the employer stock that was held by the Plan and its participants and was not readily tradable on an established market or was subject to trading limitations included a put option. The put option was a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company could, at its discretion, pay for the purchase of the Company stock in a single sum or in installments with interest over a period not to exceed five years. The purpose of the put option was to ensure that the participant has the ability to ultimately obtain cash.

Diversification

Diversification was offered to participants close to retirement so that they had the opportunity to move part of the value of their investment in Company stock into investments that are more diversified. Participants who were at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification was offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25 percent of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. Participants who elect to diversify receive a cash distribution.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared under the accrual basis of accounting. Effective February 28, 2024, the Company adopted a resolution to terminate the Plan. As a result, the Plan's financial statements for the year ended December 31, 2024 have been prepared on the liquidation basis of accounting. This basis of accounting is considered appropriate when among other things, liquidation of an entity is probable and the net realizable value of assets are reasonably determinable. Under the liquidation basis of accounting, assets are stated at their estimated net realized cash value and liabilities are stated at their anticipated settlement amounts.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes to Financial Statements

Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The common stock of the Company was valued at its estimated fair value.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recognized on the ex-dividend date, and interest is recognized on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain trustee and administrative fees are paid by the Company.

Investment in Common Stock of the Company

Effective January 1, 2024, 17,702.2690 of allocated shares and 9,502.7374 of unallocated shares of the Company's no par value common stock with a fair value of \$2,837 per share were transferred into the Plan. During 2024 the Company declared a dividend for all outstanding shares of common stock and the Plan received \$7,988,766 in dividend income. On February 29, 2024 all shares of common stock held by the Plan were sold as part of the sale of the Company to a third party. The loan of \$9,472,459 plus interest was paid off on March 14, 2024 with the proceeds from the sale.

Fair Value Measurements

GAAP established a fair value hierarchy that prioritizes the inputs to measure the fair value of the assets or liabilities being measured. Fair value is defined as the exchange value that would be received on the measurement date to sell an asset or to value the amount paid to transfer a liability in the principal or most advantageous market available to the entity in an orderly transaction between market participants. The three levels of the fair value hierarchy are as follows:

- Level 1 Inputs are unadjusted quoted market prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date. Level 1 inputs provide the most reliable measure of fair value as of the measurement date.
- Level 2 Inputs are based on significant observable inputs, including unadjusted quoted market prices for similar assets or liabilities in active markets, unadjusted quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability.

WEBSTER ESOP SAVINGS PLAN

Notes to Financial Statements

December 31, 2024

Fair Value Measurements (continued)

Level 3 Inputs are significant unobservable inputs for the asset or liability.

The level of the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024.

Cash: Valued at the closing price as reported by the bank.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Cash held by the Plan is considered a level 1 investment as of December 31, 2024.

Parties-in-Interest Transactions

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan paid for legal fees and recordkeeping fees which amounted to \$39,413 during 2024.

Plan Termination

Under the Plan, the Company has the right to terminate the Plan at any time. As further disclosed, in the Plan Description footnote, the Company decided to terminate the Plan effective February 28, 2024. Upon termination of the Plan, the Trustee paid all liabilities and expenses of the trust fund and shares of the Company stock were sold.

Subsequent Events – Date of Management’s Evaluation

The Plan has evaluated subsequent events through the date of the Independent Auditor’s Report, the date on which the financial statements were available to be issued.
