## Independent Auditor's Report

RSM US LLP

Plan Participants  
CJK Group 401(k) Retirement Plan

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the CJK Group 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by a bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Emphasis of Matter—Plan Merger**

As discussed in Note 1 to the financial statements, the Plan's sponsor approved to merge Worzalla Associates Investment Trust into the Plan, effective February 1, 2024. All plan assets were transferred from the Worzalla Associates Investment Trust into the Plan on February 1, 2024. Our opinion was not modified with respect to this matter.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other Matter—Supplemental Schedule Required by ERISA**

The supplemental schedule, schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

#### Note 1. Description of the Plan

The following description of the CJK Group 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

**General:** The Plan is a defined contribution plan established to provide retirement benefits for employees of CJK Group, Inc. (the Company) and its subsidiaries. The Plan's Investment Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and was most recently amended effective February 9, 2024. The Plan includes a cash or deferred arrangement under section 401(k) of the Internal Revenue Code (the Code).

**Plan merger:** On September 1, 2023, the Company acquired 100% of the stock of Worzalla Holdings, Inc., the plan sponsor of Worzalla Associates Investment Trust. In connection with this acquisition, the Board of Directors of the Company approved on September 1, 2023, to merge the Worzalla Associates Investment Trust into the Plan, effective February 1, 2024. Total assets of \$35,145,260 were transferred from the Worzalla Associates Investment Trust into the Plan on February 1, 2024.

**Eligibility:** All employees are eligible to participate in the Plan except union employees, leased employees, temporary employees, independent contractors and nonresident aliens. Employees become eligible to participate in the Plan upon completing 30 days of service and attaining the age of 18. Employees may enter the Plan on the first of the month after meeting the eligibility requirements.

**Participant contributions:** Participants may contribute an amount up to 100% of their eligible compensation for the contribution period, as defined by the Plan. The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate in the Plan. In the absence of a deferral election, automatically enrolled participants have their deferral rate set at 4% of eligible compensation, and their contributions are invested in a designated age-based fund until changed by the participant. In addition, in the absence of a deferral election, all enrolled participants will have their deferral rate increased by 1% each year up to 10%. Participants may make Roth elective contributions to the Plan. Participants' Roth elective contributions are allocated to a separate account maintained for such contributions. Participant contributions are subject to limits imposed by the Code, which totaled \$23,000 for the year ended December 31, 2024. Participants who have attained age 50 before the end of the plan year may make additional catch-up contributions, subject to limitations imposed by the Code, which totaled \$7,500 for the year ended December 31, 2024. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

**Employer contributions:** The Company may make a discretionary matching contribution on behalf of each eligible participant who contributed to the Plan. During the year ended December 31, 2024, the Company elected to make a matching contribution of 50% of the first 3% of the participants' elective deferrals contributed to the Plan on a per payroll basis, up to a maximum of \$1,000 matching contributions per year. Company matching contributions totaled approximately \$2,408,000 for the year ended December 31, 2024. Effective January 1, 2025, the Company elected to make a matching contribution of 50% of the first 3% of the participants' elective deferrals contributed to the Plan on a per payroll basis, up to a maximum of \$1,500 matching contributions per year.

The Company may also elect to make a discretionary profit sharing contribution to the Plan. To be eligible, participants must work at least 1,000 hours and be employed as of the last day of the Plan year. During the year ended December 31, 2024, the Company did not elect to make a discretionary profit sharing contribution to the Plan.

#### Note 1. Description of the Plan (Continued)

**Participant accounts:** Each participant's account is participant-directed and credited with the participant's contributions, withdrawals, and Company contributions, if any. Any earnings, losses and administrative expenses are allocated to the participant's account based upon the balance in each account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting:** Participants are immediately vested in their contributions plus earnings thereon. Vesting in the Company's discretionary matching and profit sharing contributions, if any, plus earnings thereon is based on years of service. Participants vest in Company contributions and earnings thereon based on years of service according to the following schedule:

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

However, if an active participant dies or is permanently disabled prior to attaining the normal retirement age, or by reason of, and as a part of, a Plan termination, the participant's account becomes fully vested.

**Forfeitures:** All forfeitures resulting from the withdrawal of participant accounts prior to vesting are retained in the Plan and are used to fund Company contributions first, pay administrative expenses secondly, or be reallocated to continuing participants. Forfeitures become available to the Plan as of the earlier of the last day of the Plan year in which a former employee incurs five consecutive one-year breaks in service or a distribution of the participant's entire vested account balance occurs. At December 31, 2024 and 2023, forfeitures available for future use were approximately \$7,000 and \$185,000, respectively. Total forfeitures used in 2024 to fund Company matching contributions and pay administrative expenses were approximately \$243,000.

**Notes receivable from participants:** Participants may borrow up to 50% of their vested account balance, not to exceed \$50,000, without regard to the intended use of the funds. The minimum note amount is \$1,000 and a participant may hold only one outstanding note at any given time. The notes are collateralized by the participant's vested account balance. Note repayments are to be made each pay period through payroll deductions. The interest rate for all new notes is the prime rate as listed on the last business day of each month in *The Wall Street Journal* plus 1%. Notes for reasons other than the purchase of a primary residence are to be repaid within five years. Notes for a primary residence must be repaid within 15 years.

#### Note 1. Description of the Plan (Continued)

**Payment of benefits:** Upon termination of service, death, permanent disability, retirement, or attainment of age 59½, a participant, or their beneficiary, in the event of death, is entitled to a distribution of their vested account balance. Distributions may be made either in a lump sum or, in the case of required minimum distributions, on an installment basis. Upon termination of service, participants with vested account balances of less than \$1,000 will be cashed out, and balances between \$1,000 and \$5,000 will be distributed by either a lump-sum payment or into an individual retirement account. Upon proof, to the satisfaction of the Plan Administrator, of an immediate and heavy financial need, amounts contributed by the participant may be withdrawn for a hardship purpose. In all cases, certain income tax penalties may apply to withdrawals or distributions prior to age 59½. Distributions are subject to the applicable provisions of the Plan agreement.

**Plan expenses:** Significant administrative expenses are paid with the assets of the Plan, unless the Company elects to pay them. Expenses that are paid by the Company are excluded from the Plan's financial statements. Loan and distribution fees are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are charged against net appreciation in fair value of investments.

#### Note 2. Summary of Significant Accounting Policies

**Basis of accounting:** The financial statements of the Plan are prepared using the accrual basis of accounting.

**Use of estimates:** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment valuation and income recognition:** The Plan's investments are reported at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisors and trustee. See Note 4 for a discussion of fair value measurements.

Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date. Realized gains and losses related to sales of investments are recorded on a trade-date basis, and unrealized gains and losses are recorded based on investment values as of the end of the period being reported on.

**Contributions:** Contributions from Plan participants and the contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

**Notes receivable from participants:** Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. Interest income is recorded on the accrual basis. Delinquent notes are treated as distributions based upon the terms of the Plan document.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year).

#### Note 2. Summary of Significant Accounting Policies (Continued)

**Payment of benefits:** Benefits are recorded when paid.

**Subsequent events:** The Plan has evaluated subsequent events through October 14, 2025, the date the financial statements were available to be issued.

#### Note 3. Information Certified or Provided by Bank of America, N.A.

The following is a summary of the Plan's asset information as of December 31, 2024 and 2023, and for the year ended December 31, 2024, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified as complete and accurate by Bank of America, N.A., a qualified institution:

	December 31	
	2024	2023
Noninterest-bearing cash	\$ 2,895	\$ 1,965
Interest-bearing cash	80,172	257
Registered investment companies	240,434,114	167,180,545
Collective trust fund	12,695,985	10,872,148
Notes receivable from participants	3,704,486	2,385,469

The trustee also certified to the completeness and accuracy of \$17,258,927 of net appreciation in fair value of investments, \$12,085,980 of interest and dividends from the aforementioned investments, \$245,451 of interest income on notes receivable from participants, and \$97,320 of other income for the year ended December 31, 2024.

#### Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

**Level 1:** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2:** Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

## CJK Group 401(k) Retirement Plan

### Notes to Financial Statements

---

#### Note 4. Fair Value Measurements (Continued)

**Level 3:** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

**Registered investment companies:** The registered investment companies are valued at quoted prices for identical investments in active markets in which the funds are traded.

**Collective trust fund:** The collective trust fund is valued at the net asset value (NAV) as reported by the trustee at year-end based upon the fund's audited financial statements. The fund's underlying assets consist of investment contracts. The NAV, as provided by the trustee, is used as a practical expedient to estimate the fair value.

**Interest-bearing cash:** Interest-bearing cash is valued at the deposited amount, including accrued interest which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value at December 31, 2024 and 2023:

	2024			
	Level 1	Level 2	Level 3	Total
Investments at fair value:

#### Note 4. Fair Value Measurements (Continued)

(a) In accordance with the Fair Value Measurements topic, certain investments that are measured at NAV or its equivalent have not been classified in the fair value hierarchy. The fair value amounts in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The Plan follows guidance on how entities should estimate fair value of certain alternative investments. The fair value of investments within the scope of the guidance can be determined by NAV per share as a practical expedient, when fair value is not readily determinable, unless it is probable the investment will be sold at something other than NAV. The following table summarizes investments measured at fair value based on NAV per share as the practical expedient at December 31, 2024 and 2023:

Investment	Fair Value at December 31		Unfunded Commitments	Redemption Frequency	Redemption Notice Period
	2024	2023			
Collective trust fund:					
Invesco Stable Value Retirement Class 1 Fund	\$ 12,695,985	\$ 10,872,148	None	Daily	12 months

The redemption notice period disclosed in the table above reflects the notice period required if the Plan withdraws from the investment. There is no redemption notice period required for individual participants who choose to withdraw from the investment.

#### Note 5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that those changes could materially affect participants' account balances and the amounts reported in the 2024 statement of net assets available for benefits.

#### Note 6. Termination

Although it has not expressed any intent to do so, the Company reserves the right to partially or completely terminate the Plan, subject to Plan provisions. Upon a complete or partial termination of the Plan, all accrued benefits of affected employees shall become fully vested.

#### Note 7. Tax Status

The Plan adopted a nonstandardized pre-approved plan sponsored by Merrill Lynch Pierce Fenner & Smith Inc. Merrill Lynch Pierce Fenner & Smith Inc. has received an opinion letter from the Internal Revenue Service (IRS) as to the pre-approved plan's qualified status. The pre-approved plan opinion letter has been relied upon by the Plan. The Plan has been amended since the pre-approved plan received the opinion letter. The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

#### **Note 8. Related-Party Transactions and Party-in-Interest Transactions**

A portion of the administrative costs for the Plan is paid directly by the Company. The remainder of the administrative expenses become the responsibility of the Plan. Administrative costs and audit fees paid by the Plan were approximately \$358,000 for the year ended December 31, 2024.

Bank of America, N.A. may enter into agreements with nonproprietary funds or their service providers (including advisors, administrators or transfer agents, and underwriters) whereby Bank of America, N.A. or its affiliate provides shareholder services, subtransfer agency, custodial and other administrative support services and receives compensation for the services. This compensation may include fees paid under a plan of distribution under Securities and Exchange Commission (SEC) Rule 12b-1 (12b-1 fees). Generally, compensation received by Bank of America, N.A. or its affiliate directly or indirectly from each nonproprietary fund is based on the value of the Plan's investment in the fund (an asset-based fee) at rates that vary among the funds and share classes selected. Any excess of fund fees over advisory fees is credited to the Plan within 30 days of the end of the quarterly billing cycle. The excess revenue-sharing fees are charged against administrative expenses.
