Independent Auditor's Report

To the Plan Administrator
International Literacy Association DC Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of International Literacy Association DC Retirement Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of International Literacy Association DC Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from TIAA, CREF, and Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company, the insurance companies and custodians of the Plans, as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section -

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

To the Plan Administrator
International Literacy Association DC Retirement Plan

- The information in the financial statements referred to above related to assets held and certified by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of International Literacy Association DC Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about International Literacy Association DC Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

To the Plan Administrator
International Literacy Association DC Retirement Plan

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of International Literacy Association DC Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about International Literacy Association DC Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

To the Plan Administrator
International Literacy Association DC Retirement Plan

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2024, is presented for purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held and certified by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024

NOTE 1: DESCRIPTION OF PLAN

The following description of the International Literacy Association DC Retirement Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General - The Plan is a 403(b) defined contribution plan covering all eligible employees of International Literacy Association (the “Organization”), an Internal Revenue Code (“IRC”) Section 501(c)(3) tax-exempt organization. The Plan was established and originally effective July 1, 1963, to provide eligible employees of the Organization the opportunity to accumulate savings that provide benefits in the event of retirement, disability, or death. The Plan is structured to comply with the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

The Organization retains the Teachers Insurance and Annuity Association (“TIAA”) and Principal Financial Group, which includes Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (“Principal”) as the recordkeepers, insurance companies, and custodians of the Plan, respectively, and Atlantic Pension Services as the third-party administrator.

Eligibility - Any employee of the Organization is eligible to participate in the Plan, aside from those who normally work less than 20 hours a week. Effective January 1, 2025, employees excluded based on hours of service will become eligible to defer in the plan if they work 500 hours for two consecutive years starting with the 2023 plan year. Eligible employees will be allowed to immediately make elective deferrals into the Plan and may share in discretionary employer contributions after completing at least 500 hours of service during the first six months of service. Participants may enter the Plan immediately for elective deferrals and on the first day of each month for employer contribution purposes.

Contributions - Every year, participants may contribute up to 100% of pretax annual compensation, as defined in the plan document. Participants may also designate all, or a portion of, their elective deferral as after-tax Roth contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catchup contributions. Participants may contribute amounts representing distributions from other qualified plans (rollover). For eligible employees who make salary deferrals, the Organization may contribute a discretionary employer matching contribution. For the years ended December 31, 2024 and 2023, the Organization made a matching contribution of 100% of every 1% of compensation that was deferred, limited to 3% of compensation. Contributions are subject to certain Internal Revenue Service (“IRS”) limitations. Upon enrollment, participants may direct contributions to various investments offered under the Plan. Participants may change their investment options at any time.

NOTE 1: DESCRIPTION OF PLAN - CONTINUED

Participant Accounts - Each participant's account is credited with the participant's contribution, an allocation of the Organization's discretionary contribution, and investment results. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are fully vested in their contributions, employer discretionary contributions, and actual earnings thereon.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested interest of the participant in the Plan, reduced by the participant's highest outstanding loan balance in the previous 12 months and the existing loan balance, even if all or a portion of this amount has been repaid. The loans are secured by the balance in the participant's account. The loan interest rate will be based on the prime rate of interest published by the *Wall Street Journal* as of the date the loan is processed, plus 1%. Principal and interest are paid through payroll deductions. Loans will be repaid through level payments over a period not to exceed five years, or 15 years for a loan made primarily to purchase a principal residence.

Payment of Benefits - Upon retirement (age 65 or early retirement at age 55 with 10 years of service), disability, or termination, a participant may elect to receive either a lump-sum amount equal to the value of the vested interest in his or her account, partial payments, installment payments, an annuity, or delay withdrawal until a future date, if the account balance is at least \$5,000. Account balances of \$1,000 or less will be paid in the form of a lump-sum distribution. If the account balance is between \$1,001 and \$5,000, absent a distribution election from the participant or beneficiary, the Organization will automatically roll the account balance into an individual retirement account. For distributions from TIAA, unless the annuity form of payment is waived, a married participant will receive a distribution in a form of a joint and 50% survivor annuity. An unmarried participant will receive a life annuity. For a married participant to waive the joint and survivor annuity payment, the participant's spouse must consent in writing. Other forms of payments available include a single lump-sum payment, installment payments for the duration of no more than a participant's life expectancy, or another form of payment under the group annuity contract. Upon the death of a participant, the participant's beneficiary shall be entitled to the balance of the participant's account.

A participant who has reached age 59½ may elect to withdraw all or a portion of his or her entire account while still employed by the Organization. As required under Section 401(a)(9) of the IRC, a participant must begin receiving required minimum distributions from the Plan by April 1 of the calendar year following the later of (i) the calendar year following the year in which the participant reaches age 73, or (ii) the calendar year in which the participant retires.

NOTE 1: DESCRIPTION OF PLAN - CONTINUED

Hardship Withdrawals - Participants may withdraw their pretax elective deferrals and rollover contributions along with employer contributions, if applicable, in the form of a hardship withdrawal to satisfy an immediate and heavy financial need as defined by the Plan. The participant must first exhaust all other assets reasonably available prior to obtaining a hardship withdrawal. The hardship distribution cannot be in excess of the need plus a gross-up for taxes.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value, except for fully benefit-responsive contracts which are reported at contract value. Fair value is the price that would be received for the sale of an asset or paid for the transfer of a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2024 and 2023. Delinquent loans are recorded as distributions on the basis of the terms of the plan agreement.

Payment of Benefits - Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2024

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Organization. Expenses paid by the Organization are excluded from these financial statements. Costs associated with participant-initiated transactions are paid by the respective participants' accounts. The Organization, at its discretion, may pay any or all expenses. As of December 31, 2024 and 2023, administrative expenses of the Plan charged directly to participant accounts totaled \$20,398 and \$17,411, respectively. Some administrative expenses are paid from the annual operating expenses of the Plan's designated investment alternatives, which are amounts netted against the investment earnings for the participant-directed investments. Plan services expenses netted against investment earnings by TIAA and Principal for 2023 amounted to .29% and .32%, respectively.

Subsequent Events - The Organization's policy is to evaluate events and transactions subsequent to its year end for potential recognition in the financial statements or disclosure in the notes to the financial statements. The Organization has evaluated events and transactions through the date of the independent auditor's report, which is the date the financial statements were available to be issued.

NOTE 3: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) 820, *Fair Value Measurements*, are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; or
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

INTERNATIONAL LITERACY ASSOCIATION DC RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2024

NOTE 3: FAIR VALUE MEASUREMENTS - CONTINUED

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2024 and 2023:

Registered Investment Companies (Mutual Funds) - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Variable Annuities - The Real Estate Accounts are insurance company separate accounts investing mainly in real estate and real estate related investments. The value is principally derived from the market value of the underlying real estate holdings or other real estate related investments. These funds are required to publish their daily NAV and to transact at that price. Since the investments have a readily determinable value, the NAV is not used as a practical expedient. Although the underlying assets of the fund cannot be quickly sold and converted to liquid assets, the TIAA General Account and Principal provide the fund with a liquidity guarantee. The fair value measurement of the TIAA and Principal Real Estate Accounts was \$576,160 and \$575,524 as of December 31, 2024 and 2023, respectively.

Guaranteed Annuity Contracts - The TIAA Traditional Annuity is reported at contract value and segregated into non-benefit-responsive and fully benefit-responsive categories. Fair value approximates contract value for non-benefit-responsive versions of TIAA Traditional Annuity. Contract value is the relevant measurement attribute for that portion of net assets that are considered to be fully benefit-responsive. Contract value equals the accumulated cash contributions, interest credited to the Plan's contracts, and transfers, if any, less any withdrawals. The plan administrator believes contract value approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(a) In accordance with *Subtopic 820-10, Fair Value Measurements*, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient - The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2024 and 2023:

	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
2024				
Guaranteed Annuity Contract	\$ 3,879,521	N/A	Daily	None
2023				
Guaranteed Annuity Contract	\$ 4,128,343	N/A	Daily	None

NOTE 4: INVESTMENTS

Guaranteed Annuity Contract - The TIAA Traditional Annuity is a fixed-rate annuity contract. Contributions buy a contractual or guaranteed amount of future benefits for the investing participant. The guarantee is based on TIAA's claims-paying ability. The guaranteed annual interest rate is 3% for all premiums remitted since 1979 under all accumulating contracts with the exception of the Retirement Choice (RC) and Retirement Choice Plus (RCP) contracts. For the RC and RCP contracts, the guaranteed rate is between 1% and 3%. The Retirement Annuity (RA) contract does not allow lump-sum cash withdrawals, and transfers must be spread over a period of 10 annual installments. With a Group Retirement Annuity (GRA) contract, lump sum withdrawals are available only within 120 days after termination of employment and are subject to a surrender charge. All other withdrawals and transfers from the RA or GRA must be spread over a period of 10 annual installments (or five annual installments for withdrawals after termination of employment). The TIAA Traditional Annuity within the Supplemental Retirement Annuity (SRA), Group Supplemental Retirement Annuity (GSRA), and RCP contracts, as well as holdings held as defaulted loan collateral, contain no liquidity restrictions and are benefit-responsive. The TIAA Traditional Annuity holdings within the RA, GRA, and RC contracts have liquidity restrictions and are non-benefit-responsive. As of December 31, 2024 and 2023, \$565,101 and \$575,459, respectively, of the TIAA Traditional Annuity were benefit-responsive and \$3,879,521 and \$4,128,343, respectively, were non-benefit-responsive. The Guaranteed Annuity Contracts are traditional investment contracts that meet the fully benefit-responsive investment contract criteria and, therefore, are reported at contract value. Due to the nature of these contracts, they do not have specific underlying assets assigned. The key difference between a synthetic investment contract and a traditional investment contract is that the Plan owns the underlying assets of the synthetic investment contract. A synthetic investment contract includes a wrapper contract, which is an agreement for the wrap issuer, such as a bank or insurance company, to make payments to the Plan in certain circumstances. The wrapper contract typically includes certain conditions and limitations on the underlying assets owned by the Plan. With traditional investment contracts, the Plan owns only the contract itself. Synthetic and traditional investment contracts are designed to accrue interest based on crediting rates established by the contract issuers.

INTERNATIONAL LITERACY ASSOCIATION DC RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2024

NOTE 4: INVESTMENTS - CONTINUED

Contract value is the relevant measure for fully benefit-responsive investment contracts, because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses.

Certain events limit the Plan's ability to transact at contract value with the issuer. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with plan participants or the issuer are probable.

The TIAA Traditional Annuity does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Market value events may limit the ability of the funds to transact at a contract value with the issuer. Market value events are events or conditions that occur which are outside of the normal operation of the funds and lead to any disbursements which have or will have a material adverse effect on the operations of the funds and a financial effect on the investment contract or wrap issuer's interest hereunder.

Such events may include, but are not limited to: fund administration amended or changed, merger or consolidation of investors, group terminations or layoffs, implementation of an early retirement program, termination or partial termination of the funds, failure to meet certain tax qualifications, participant communication that is designed to influence participants not to invest in the funds, transfers to competing options without meeting the equity provisions of the fund, and plan sponsor withdrawals without the appropriate notice to the funds and/or issuer.

CREF Accounts - The College Retirement Equities Funds (CREF) consist of eight investment portfolios including the Stock, Global Equities, Growth, Equity Index, Bond Market, Inflation-Linked Bond, Social Choice, and Money Market Accounts. In accordance with each portfolio's investment objectives, the accounts invest principally in equity securities, fixed income investments, and short-term investments.

CREF Accounts - Continued

Accumulation units in CREF Accounts are available for transactions at the closing accumulation unit value on any day the New York Stock Exchange (NYSE) is open for business. In an effort to reduce market timing and excessive trading, shareholders will not be permitted to make electronic transfers (i.e., transfers over the Internet, by telephone, or by fax) back into that same account through a purchase or exchange for 90 calendar days if a purchase, sale, and repurchase within that account is made within a 60-day period, other than the CREF Money Market Accounts.

TIAA Real Estate Variable Annuities - The TIAA Real Estate Account (REA) is an insurance company separate account of TIAA investing mainly in real estate and real estate related investments. Accumulation units in the REA are available for transactions at the closing accumulation unit value on any day the NYSE is open for business. Transfers out of the REA are limited to one per calendar quarter.

Although the underlying assets of the REA cannot be quickly sold and converted to liquid assets, the TIAA-CREF General Account provides the REA with a liquidity guarantee, i.e., TIAA ensures that the REA has funds available to meet participant redemption, transfer, or cash withdrawal requests executed at quoted unit values.

NOTE 5: INFORMATION CERTIFIED BY INSURANCE COMPANIES AND CUSTODIANS

The Plan's investments as of December 31, 2024 and 2023, were held by TIAA and Principal. The plan administrator elected the method of annual reporting compliance permitted by Section 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA, CREF, and Principal have certified the following data included in the accompanying financial statements and supplemental schedule as complete and accurate.

	2024

Net Appreciation in Registered Investment Companies	\$ 1,869,933
Net Appreciation in Variable Annuities	2,673

TIAA Funds - TIAA Funds include domestic, international equities, fixed income, real estate securities, asset allocation, and money market funds. In accordance with each fund's investment objectives, the funds invest principally in equity securities, fixed income investments, other mutual funds, and short-term investments.

Principal Funds - Principal Funds include domestic, international equities, fixed income, real estate securities, and asset allocation funds. In accordance with each fund's investment objectives, the funds invest principally in equity securities, fixed income investments, other mutual funds, and short-term investments.

NOTE 6: RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The Organization has not considered normal plan operations such as participant and employer contributions or benefits paid to participants as party-in-interest transactions that require separate disclosure. Certain plan investments are shares/units of registered investment companies (mutual funds), variable annuities, and a guaranteed annuity contract managed by TIAA and Principal. These transactions qualify as party-in-interest transactions that are exempt from the prohibited transaction rules. Fees paid during the year for certain professional services rendered by parties in interest were absorbed by the Organization.

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Organization may determine.

INTERNATIONAL LITERACY ASSOCIATION DC RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2024

NOTE 8: TAX STATUS

The Organization uses the Atlantic Pension Services Volume Submitter 403(b) plan document, which has received an advisory letter dated March 31, 2017, which indicated that the design of the Plan at that time was in compliance with the IRC. The Plan is required to operate in conformity with the IRC to maintain the Plan's tax-exempt status for plan participants. The plan administrator believes the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. No provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or DOL. The Organization has analyzed the tax positions taken by the Plan, and has concluded as of December 31, 2024 and 2023, that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan's federal Form 5500 is subject to examination by the IRS and the DOL, generally for the three years after it is filed.

NOTE 9: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

NOTE 10: COMMITMENTS AND CONTINGENCIES

In the normal course of business, there may be various commitments and contingencies outstanding, which are not reflected in these financial statements. In the opinion of the Organization, the outcome of such events, if any, would not have a material effect on the Plan's financial position or operations.
