Part I	Asset and Liability Statement
---------------	--------------------------------------

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

INDEPENDENT AUDITOR'S REPORT

To the Retirement Committee and Participants of
Genesis HealthCare System TDA Thrift Plan
Zanesville, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of Genesis HealthCare System TDA Thrift Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion on the Financial Statements

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 10 to the financial statements, the Plan has excluded from investments in the accompanying statement of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America (U.S. GAAP) requires that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule as outlined on the Table of Contents is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule.

GENESIS HEALTHCARE SYSTEM TDA THRIFT PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN

The following description of the Genesis HealthCare System TDA Thrift Plan (the Plan) provides only general information. Participants should refer to the Plan agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with a deferral provision subject to Section 403(b) of the Internal Revenue Code. The Plan is sponsored by Genesis HealthCare System (the Company), an exempt organization under Section 501(c)(3) and has been adopted by the following related non-profit organizations: Genesis HealthCare System, Genesis CareGivers, CareServe, Inc., CAS-Tech, LLC, and Community Ambulance Service, as of July 1, 2020. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan. The Retirement Committee determines the appropriateness of the Plan's investment offerings and monitors the Plan's investment performance and reports to the Plan's Board of Trustees.

The Securing a Strong Retirement Act (SECURE 2.0 Act) was signed into law on December 29, 2022. This legislation includes a vast array of both mandatory and optional provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management adopted mandatory provisions effective for the plan years ended December 31, 2024 and 2023. In accordance with applicable laws and regulations, any required plan amendment made pursuant to the SECURE 2.0 Act provisions will be made by the December 31, 2026, deadline.

Contributions

Effective January 1, 2023, the Plan suspended contributions to and ceased any new participation in the Plan, thus essentially freezing the Plan.

Participants can continue to contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transaction, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant-Directed Investment Options

A participant may direct the investment of their contributions into any of several investment options with varying degrees of risk and volatility, allowing participants to allocate their investments in accordance with their own risk tolerances and time horizons. Participants may change their investment options at any time.

GENESIS HEALTHCARE SYSTEM TDA THRIFT PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in all contributions, plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined at inception, is set at 1% above the Prime interest rate (with a prime rate of 7.50% and 8.50% at December 31, 2024 and 2023, respectively), as defined in accordance with the Plan's loan policy. Principal and interest is paid ratably directly from the participants to the Plan. Effective January 1, 2023, terminated employees may not draw new notes receivables from the Plan.

Plan Loans

Participants may also borrow directly from Omaha Life Insurance Company and Brighthouse Life Insurance Company, custodians of the Plan, a minimum of \$1,000 up to maximum of the \$50,000 or 50% of their vested interest in their account, whichever is less. Loan transactions are recorded outside the Plan since they are not borrowing from their own accounts. Loan terms shall be no greater than 5 years except in the case of a loan to acquire a personal residence of the participant. The participant must pledge 100% on the loan's value as collateral; using their investment accounts. The loan bears interest at the rates comparable to local prevailing rates for loans made under similar circumstances. Principal and interest are paid ratably by the participants. As of December 31, 2024 and 2023, the participants have Plan loans totaling \$103,996 and \$100,850, respectively.

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive either a lump sum amount equal to the value of the participant's interest in his or her account, or installments over a future period. A participant may also withdraw all or part of his or her account once they reach age 59 ½, due to hardship, or due to deemed severance. Upon termination or retirement, if a participant's vested account balance is \$1,000 or less, it will be automatically paid as a lump-sum.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

GENESIS HEALTHCARE SYSTEM TDA THRIFT PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that may affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Committee determines the Plan's valuation policies utilizing information provided by the investment advisor, custodians, and insurance companies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Certain fees related to distributions and the administration of notes receivable from participants are charged directly to the participants account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

Subsequent events have been evaluated by Plan management through October 9, 2025, which is the date the financial statements were available to be issued.

NOTE 4: FAIR VALUE MEASUREMENTS

The framework for measuring fair value, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2024 and 2023.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

General insurance accounts: Valued at fair value by the insurance companies by discounting the related cash flows on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. Because the participants transact at contract value, fair value is determined annually for financial statement purposes only.

GENESIS HEALTHCARE SYSTEM TDA THRIFT PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

Variable annuities: Valued at unit price as determined daily by the annuity provider according to the methods described in the annuity contract. A unit value is determined based on the value of the subaccount units in each investment option at the close of the New York Stock Exchange on each business day. This unit value is then adjusted for any contract-based charges, fees, or deductions to arrive at the unit price.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value by level, within the fair value hierarchy, are comprised of the following as of December 31, 2024 and 2023:

	Assets at Fair Value at December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 88,914,053	\$ -	\$ -	\$ 88,914,053
General insurance accounts:

Variable annuities (a)	-	11,615,689	-	11,615,689
Investments at fair value	<u>\$ 80,323,621</u>	<u>\$ 11,615,689</u>	<u>\$ 2,175,727</u>	<u>\$ 94,115,037</u>

- (a) This category includes individual variable annuities issued by insurance companies. Individual participants can elect to contribute to various investment options within the subaccount of the variable annuities. Variable annuities, by their nature, are exposed to market risk and offer no guaranteed rate of return or preservation of principal. The investment options aim to provide high total return (including income and capital gains) consistent with preservation of capital over the long term. There are no unfunded commitments or redemption restrictions associated with these investments.

For the years ended December 31, 2024 and 2023, there were no purchases, issuances, or transfers related to the Plan's level 3 assets.

Quantitative information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following tables represent the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs at December 31, 2024 and 2023.

December 31, 2024

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values
General insurance account with United of Omaha Life Insurance Company	\$ 1,994,518	Stated Interest Rate in Contract	Interest at Guaranteed Crediting Rate	Interest grows at a rate that is greater than or equal to contractual minimum crediting rate
General insurance account with American United Life Insurance Company	\$ 99	Stated Interest Rate in Contract	Interest at Guaranteed Crediting Rate	Interest grows at a rate that is greater than or equal to contractual minimum crediting rate

December 31, 2023

Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values
General insurance account with United of Omaha Life Insurance Company	\$ 2,114,019	Stated Interest Rate in Contract	Interest at Guaranteed Crediting Rate	Interest grows at a rate that is greater than or equal to contractual minimum crediting rate
General insurance account with American United Life Insurance Company	\$ 61,708	Stated Interest Rate in Contract	Interest at Guaranteed Crediting Rate	Interest grows at a rate that is greater than or equal to contractual minimum crediting rate

NOTE 5: GUARANTEED INVESTMENT CONTRACTS WITH INSURANCE COMPANIES

The Plan has entered into a fully benefit-responsive investment contract with EAIC. The plan has also entered into fully benefit-responsive investment contracts with Brighthouse Life Insurance Company, Nationwide Life Insurance Company, and RiverSource Life Insurance Company. Collectively, these contracts totaled \$54,691,185 and \$62,921,507 as of December 31, 2024 and 2023, respectively. Each of the contracts maintains the contributions in a general account. The accounts are credited with earnings and losses on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

GENESIS HEALTHCARE SYSTEM TDA THRIFT PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 5: GUARANTEED INVESTMENT CONTRACTS WITH INSURANCE COMPANIES (Continued)

These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under terms of the Plan. Contract value, as reported to the Plan by EAIC, Brighthouse Life Insurance Company, Nationwide Life Insurance Company, and RiverSource Life Insurance Company, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. There are no limitations of the ability of the Plan to transact at contract value with the issuer as the guaranteed investment contract is a general account backed by group annuity products with no maturity date.

NOTE 6: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

A related party is any party who can control or significantly influence Plan management or operating policies. Parties-in-interest are defined under DOL regulations as any employees of the Plan, fiduciaries of the Plan, service providers to the Plan, the employer whose employees are covered by the Plan, and certain significant owners of the employer and their relatives. Service providers may include, but are not limited to, the custodian, trustee, third-party administrator (TPA), investment managers, investment advisors, legal counsel, and Plan auditor.

During the years ended December 31, 2024 and 2023, the Plan made direct payments of \$622,702 and \$631,695, respectively, to certain parties-in-interest for administration and investment advisory fees, as allowed by ERISA. The Plan sponsor pays directly any other fees related to the operation of the Plan.

Fees incurred by the Plan for the investment management services are included in the net appreciation in fair value of the related investment, as they are paid using investment earnings rather than a direct payment.

NOTE 7: PLAN TERMINATION

During September 2022, the Retirement Committee made the decision to suspend contributions to and cease any new participation in the Plan, thus essentially freezing the Plan, effective January 1, 2023. There are currently no plans to terminate the Plan.

GENESIS HEALTHCARE SYSTEM TDA THRIFT PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 8: TAX STATUS

The Prudential Insurance Company of America, sponsor of the Volume Submitter 403(b) Plan, has obtained an opinion letter dated August 7, 2017, in which the IRS stated that the restated volume submitter plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan was most recently amended December 20, 2022, effective January 1, 2023. The volume submitter opinion letter has been relied upon by this Plan.

The plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

In accordance with GAAP, Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2024 statements of net assets available for benefits.

NOTE 10: EXCLUDED INVESTMENT ACCOUNTS

It has been determined by management that investments may be understated by those participants not identified as part of the Plan. As a result, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity and custodial accounts issued to current or former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403b Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statements of changes in net assets available for benefits. Under accounting principles generally accepted in the United States of America, these accounts and the related income and distributions should have been included in the accompanying financial statements. The amounts of these excluded annuity and custodial accounts and the related income and distributions are not determinable.

NOTE 11: RECLASSIFICATION

Certain amounts in the prior year financial statements have been reclassified to conform to the current year presentation. Specifically, investment income has been reclassified between interest, dividends, and net appreciation in fair value of investments. These reclassifications had no effect on net assets available for benefits or on the change in net assets available for benefits.
