INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
BAY & BAY RETIREMENT PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of BAY & BAY RETIREMENT PLAN, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of BAY & BAY RETIREMENT PLAN's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2024 and 2023, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of BAY & BAY RETIREMENT PLAN and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about BAY & BAY RETIREMENT PLAN's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of BAY & BAY RETIREMENT PLAN's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about BAY & BAY RETIREMENT PLAN's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedules of assets held at end of year and delinquent participant contributions as of December 31, 2024 are presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BAY & BAY RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE A. DESCRIPTION OF THE PLAN

The following description of the BAY & BAY RETIREMENT PLAN (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit-sharing plan with 401(k) features. It is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Entities

The Plan consists of participants from Bay & Bay Transfer Co., Inc., Starr LTD, LLC, and Bay & Bay Transportation Services, Inc., employers under common control. During the year ended December 31, 2024, the Plan was amended to include participants from Q Carriers Logistics, Inc. to the employers under common control.

Eligibility

Eligible employees of the Plan Sponsor may participate after reaching the age of 21 and completing a minimum of six months of service. Employees will begin participation in the Plan on the first day of the next quarter following the date the eligibility requirements are met.

Contributions

Each year, participants may contribute up to 100% of pre-tax or after-tax (Roth) annual compensation, as defined in the Plan, subject to Internal Revenue Service (IRS) limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The employer may make matching contributions equal to a discretionary percentage to be determined by the employer.

For the years ended December 31, 2024 and 2023, the employer made matching contributions of \$192,526 and \$175,889, respectively.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, the employers' discretionary matching contributions, and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

BAY & BAY RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE A. DESCRIPTION OF THE PLAN (Continued)

Investments

Participants direct the investment of their contributions and the employer's matching contributions into any of the twenty-two different investment funds.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of vesting service. The Plan applies a five year graduated vesting schedule for employer discretionary matching contributions. Participants will be 100% vested in their non-safe harbor matching contributions five years from the date of their hire or at the time of death, disability, or retirement, provided the person has reached normal retirement age.

Payment of Benefits

If employment terminates for reasons other than death, disability or early or normal retirement, participants are entitled to receive only the vested percentage of their account balance. If the account balance does not exceed \$1,000, a distribution will be made regardless of whether the participant consents to receive it.

Forfeitures

Forfeited nonvested accounts are used to pay Plan expenses in accordance with the provisions of the Plan. The balance of the forfeited nonvested accounts for years ended December 31, 2024 and 2023 was \$44,067 and \$22,709, respectively. The balance of the forfeiture account is kept in the MetLife Stable Value Fund. In the Plan years ended December 31, 2024 and 2023, administrative expenses of \$0 each year, were paid with forfeitures.

Significant Costs

The employer has the option to absorb significant costs for the Plan audit fees.

BAY & BAY RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements and supplemental schedule of the Plan were prepared in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect amounts reported on the financial statements and accompanying notes. Accordingly, actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded as received.

Excess Contributions Payable

The Plan had excess contributions payable of \$17,331 and \$62,824 for the years ended December 31, 2024 and 2023, respectively. This was a result of contributions in excess of the Code's limits and excess employer contributions.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Some of the administration costs were paid through forfeited balances.

NOTE B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Tax Positions Interest and Penalty

Interest recognized on underpayment of income taxes is recorded to interest expense. Penalties recognized on tax positions are recorded to income tax expense. During the years ended December 31, 2024 and 2023, there were no underpayment interest or penalties to recognize.

NOTE C. INCOME TAX STATUS

The Plan Prototype obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan Prototype, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code.

The Plan has been amended since receiving the opinion letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

NOTE D. CERTIFICATION BY THE TRUSTEE

The Trustee has provided the plan administrator with certifications as to the completeness and accuracy of investment assets aggregating \$11,580,719 and \$9,862,051 as of December 31, 2024 and 2023, respectively, and the related net investment income, including the net appreciation (depreciation) in fair value of such assets, of \$1,251,979 and \$1,295,102 for the years ended December 31, 2024 and 2023, respectively. Such amounts and all related financial data are included in the accompanying financial statements and supplemental schedule of the Plan based on such certifications from the Trustee, Hand Benefits & Trust, as being complete and accurate. The certification by the trustee does not include the Met Life Stable Value Fund.

NOTE E. FAIR VALUE MEASUREMENTS

FASB ASC 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of fair value hierarchy under FASB ASC 820 are described below:

Basis of Fair Value Measurement

- | | |
|---------|--|
| Level 1 | Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities; |
| Level 2 | Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly; |
| Level 3 | Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable. |

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following tables present by level, within the fair value hierarchy, the Plan investment assets at fair value, as of December 31, 2024 and 2023, respectively. As required by FASB ASC 820, investment assets are classified in their entirety based upon the lowest level of input that is significant to the fair value measurement.

NOTE F. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The MetLife Stable Value Fund is a stable value fund that invests in a diversified portfolio of fully benefit-responsive investment contracts issued by insurance companies, banks and other financial institutions. The MetLife Stable Value Fund utilizes collateralized GIC contracts, which are high quality fixed income securities wrapped by an insurance company, bank or financial institution.

The wrap contract provides benefit-responsive withdrawals and book value accounting, while the underlying collateral provides improved credit quality to the fund and reduced exposure to any single industry.

BAY & BAY RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE F. INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals.

The MetLife Stable Value Fund is a synthetic GIC, also known as a wrap contract, which is a contract issued by an insurance company or other financial institution, designed to provide a contract value “wrapper” around a portfolio of bonds or other fixed income securities that are owned by the Fund. The assets underlying the wrap contracts are units of fixed income collective investment trusts. The wrap contracts are obligated to provide an interest rate not less than zero. These contracts provide that realized and unrealized gains and losses on the underlying assets are not reflected immediately in the net assets of the Fund, but rather are amortized, over the duration of the underlying assets, through adjustments to the future interest crediting rate. The issuer guarantees that all qualified participant withdrawals will occur at contract value.

Variables that Impact Future Crediting Rates

The key factors that influence future interest crediting rates for a synthetic GIC include:

- The level of market interest rates;
- The amount and timing of participant contributions, transfers, and withdrawals into/out of the synthetic GIC;
- The investment returns generated by the fixed-income securities underlying the synthetic GIC.
- The duration of the fixed-income securities underlying the synthetic GIC.

Events that impact the Plan’s Ability to Execute Transactions

Participants will receive the principal and accrued earnings credited to their accounts on withdrawal for allowed events. These events include transfers to other Plan investment options, and payment because of retirement, termination, disability, death, and in-service withdrawals as permitted by the Plan. Other events could limit the Plan’s ability to execute a transaction per the contract the Plan has with the MetLife Stable Value Fund.

Events that Could Adversely Impact the Contract Value

The MetLife Stable Value Fund cannot guarantee its ability to maintain its objective stable value as changes in current laws, regulations, or account practices could adversely impact the Fund.

NOTE G. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Company's contributions.

NOTE H. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 9, 2025, the date which the financial statements were available to be issued, and has determined that there were no material events requiring recognition or disclosure.
