Independent Auditors' Report

To the Plan Administrator of
Emeriti Retiree Health Plan for Whitworth University

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Emeriti Retiree Health Plan for Whitworth University (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Emeriti Retiree Health Plan for Whitworth University

Notes to Financial Statements

December 31, 2024 and 2023

1. Description of Plan

The following description of the Emeriti Retiree Health Plan for Whitworth University (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan, effective June 1, 2011, provides post-retirement health benefits, covering the employees of Whitworth University (the University) and their covered dependents. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The University is the plan sponsor and plan administrator, and the University's retirement plan committee is responsible for oversight of the Plan. The Plan is a defined contribution health model plan that is funded through employer and participant contributions to Voluntary Employees' Beneficiary Association (VEBA) Trusts designed in part by Emeriti Retirement Health Solutions, a not-for-profit company. The retirement plan committee determines the appropriateness of the Plan's investment offerings and monitors investment performance. Emeriti Retirement Health Solutions appointed Teachers Insurance and Annuity Association of America (TIAA) as the insurance company (the Insurance Company) of the Plan. On December 17, 2024, the trusteeship of the Plan Sponsor Trusts transitioned to Alta Trust Company.

Benefits

The Plan makes available certain health benefits to retired participants of the Plan. Retirees age 59½ or older that have five years of continuous service may elect an Emeriti Health Insurance option upon attaining age 65. The majority of participants choose an AETNA plan. If a participant is a resident of Minnesota, they may choose a HealthPartners plan. Both plans have the option for prescription coverage. Participants must enroll within 90 days of attaining age 65. The spouse of a retiree may also enroll in health coverage. Monthly insurance premiums are incurred by the selection of a health insurance option and are deducted from the participants' VEBA account. If the participants' account is exhausted, participants may retain coverage under the Emeriti Health Insurance option by paying insurance premiums directly from a personal checking or savings account. Consolidated Omnibus Budget Reconciliation Act of 1986 coverage (COBRA) is available for dependents of retirees who lose eligibility.

A participant is eligible for reimbursement benefits payable from the nonforfeitable balance in their VEBA account upon the date the participant ceases to be employed, has five years of continuous service and attains age 55. Retirees who have a balance in their VEBA account are immediately eligible for reimbursement. In addition to insurance premiums, participants may also submit qualified medical expense claim forms along with the required documentation for reimbursement. In the event of a participant's death, the dependent named on the account may submit qualified medical expenses for reimbursement until the account is exhausted.

Contributions

Employees are eligible to participate in the Plan if they are regularly scheduled to work at least half-time and are 21 years of age. Students, adjuncts, lecturers and individuals working less than half-time, are not eligible for participation. Once an eligible participant attains the age of 35, the plan sponsor will begin to make a contribution for each payroll period during which the participant is credited with at least one hour of service. Certain retired participants receive contributions into their accounts based on their age at retirement, length of service, date of hire and year of retirement from the University.

Upon enrollment in the Plan, a participant may direct employer and participant contributions to any combination of available investment options.

Notes to Financial Statements

December 31, 2024 and 2023

Participants, including those no longer employed by the University may make after-tax contributions into an account, provided the account maintains a positive balance.

In April 2024, the Board of Trustees approved an amendment to the Plan that will suspend employer contributions from July 1, 2024 through June 30, 2027. The University will pay recurring monthly fees of active employees during the suspension period.

Vesting and Forfeitures

Participants are immediately vested in their individual after-tax contributions. A participant must complete five years of continuous service with the University to become vested in the employer contributions within their account. Participants terminating prior to the completion of the five years will have their employer contributions forfeited.

All employer assets in the Plan are forfeitable upon the last to die of the participant, spouse (or dependent domestic partner), dependent children and dependent relatives. The Insurance Company will transfer the forfeitable balance to the forfeiture account at the direction of the plan sponsor.

As of December 31, 2024 and 2023, forfeited nonvested accounts totaled \$7 and \$ 7,207, respectively. This account will be used to reduce future employer contributions or pay plan expenses. In 2024, the University's contributions were reduced by \$12,359 from forfeited nonvested accounts.

Notes Receivable from Participants

There are no participant loans allowed under the Plan.

Special Benefit Circumstances

If the participant ceases to be employed by the University prior to attaining age 55, has five years of continuous service, and the aggregate balance of the VEBA account is less than \$5,000 then the participant is immediately eligible to use the VEBA accounts for qualified medical expenses.

If the participant has a terminal illness, disability or injury expense, the participant is immediately eligible to use the VEBA account for qualified medical expenses.

If the participant and/or eligible dependents have incurred medical expenses during a single 12-month period which exceeds \$15,000, the participant is immediately eligible to use the VEBA accounts for qualified medical expenses for any amount greater than \$15,000.

Participant Accounts

Participant accounts are credited with contributions, an allocation of the Plan's earnings/losses and interest (net of administrative expenses), based on the participant's selected investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Expenses

General plan administrative expenses, such as legal fees and administrative costs, are paid directly by the University. Fees specific to the participant's investment selections and accounts are charged against that participant's account balance.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors and Insurance Company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recorded on the cash basis, which approximates U.S. GAAP. Net appreciation in fair value of investments includes the gains and losses on investments bought and sold as well as held during the year.

Recent Accounting Standards

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management adopted mandatory provisions effective for the year ended December 31, 2024, and continues to evaluate the impact of the adoption and implementation of this legislation on the Plan. The application of SECURE 2.0 Act did not have a material effect on the Plan's financial statements .

Subsequent Events

The Plan has evaluated subsequent events through October 13, 2025, which is the date the financial statements were available to be issued, for events requiring recording or disclosure in the Plan's financial statements.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Notes to Financial Statements

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Money market fund: Valued at the quoted net asset value (NAV) of shares held by the Plan at year end.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023:

Assets at Fair Value as of December 31, 2024	Level 1		Level 2		Level 3		Total
Money market fund	\$	184,847	\$	-	\$	-	\$ 184,847

Total investments at fair value	\$	2,708,493	\$	-	\$	-	\$ 2,708,494

Assets at Fair Value as of December 31, 2023	Level 1		Level 2		Level 3		Total

4. Concentrations

As of December 31, 2024 and 2023, the Plan had investments of \$1,960,783 and \$1,423,817 that were concentrated in five and four funds, respectively.

5. Information Certified by Insurance Company

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA for 2024 and 2023. Accordingly, Alta Trust Company, the current Insurance Company of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statement of Net Assets Available for Benefits and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2024, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the period from December 17, 2024 through December 31, 2024. TIAA, the previous Insurance Company of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statement of Net Assets Available for Benefits as of December 31, 2023, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the period from January 1, 2024 through December 16, 2024. Such information was obtained by management and agreed to or derived from information certified as complete and accurate by a qualified institution.

6. Related Party and Party-in-Interest Transactions

The Plan's investments were managed by TIAA, the Insurance Company for the majority of plan year 2024 and, therefore, those transactions qualified as party-in-interest transactions. With the change to OneBridge in December 2024 the investments changed. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

Certain administrative functions of the Plan are performed by officers or employees of the University. No such officer or employee receives compensation from the Plan.

7. Plan Termination

Although it has not expressed any intent to do so, the plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

8. Tax Status

The Internal Revenue Service (IRS) ruled in letters dated January 14, 2014 and April 27, 2014 that the trusts (employer and employee, respectively) established under the Plan qualify under Section 501(c)(9) of the Internal Revenue Code (IRC) and, therefore, the trusts are not subject to tax under present income tax law. The plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trusts were tax-exempt at the financial statement date.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market concentration and credit risks. Market risks include global events which could impact the value of the investment security such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
