## Independent Auditor's Report

Plan Administrator  
UPL NA Inc. 401(k) Plan  
Cary, North Carolina

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of UPL NA Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of UPL NA Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about UPL NA Inc. 401(k) Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of UPL NA Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about UPL NA Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Other Matter – Supplemental Schedule Required by ERISA***

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Note 1. Description of the Plan**

The following description of the UPL NA Inc. 401(k) Plan (the Plan), formerly the United Phosphorus, Inc. 401(k) Plan, provides only general information. The agreement establishing the Plan, or Plan Document, is the source of all of the Plan's provisions. Participants should refer to the Plan Document and any amendments thereto for more complete information regarding the terms of the Plan.

### ***General Plan Information***

Subject to the Employee Retirement Income Security Act of 1974, as amended (ERISA), the Plan covers all eligible employees of UPL NA Inc. (UPL) (formerly known as United Phosphorus Inc.) (Employer) locations in the United States. UPL has appointed an investment trustee, Fidelity Management Trust Company (Fidelity), to hold the Plan's assets, execute investment transactions and administer the participant accounts. The Plan is a volume submitter plan (Volume Submitter Plan) that was established and sponsored by an affiliate of Fidelity, Fidelity Management & Research Company (Volume Submitter Sponsor). Upon establishing the Plan, UPL and Fidelity entered into an adoption agreement, whereby UPL elected the use of the Volume Submitter Plan agreement to serve as the Plan document for the Plan and made specific elections with respect to the design and operations of the Plan. As discussed in Note 5, the Volume Submitter Plan is intended to qualify under Internal Revenue Code Section 401(a).

### ***Eligibility***

Substantially all employees of UPL, unless the employee is a resident of Puerto Rico, are covered by a collective bargaining agreement, is an independent contractor, is a nonresident alien who did not receive any earned income from the employer, is a seasonal/temporary employee, or is an ex-pat receiving non-US wages, are eligible to participate in the Plan on the first day of each month following employment.

### ***Contributions***

Participants may contribute the lesser of 90% of annual pretax compensation, as defined in the Plan, or the 401(k) contribution limit as prescribed by the Internal Revenue Code (\$23,000 in 2024). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions up to the Internal Revenue Code defined maximum (\$7,500 in 2024). Effective January 1, 2020, the plan was amended to allow Roth deferral contributions. Participants' contributions to the Plan are made via payroll deductions and are credited to their individual accounts. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Plan allows UPL to make both matching safe harbor contributions and profit-sharing contributions. Bi-weekly, concurrently with payroll, UPL makes matching safe harbor contributions of 100% of the first 4% of the active participant's compensation contributed to the Plan. At the end of the year, UPL, at its discretion, is eligible to make non-matching discretionary profit-sharing contributions to the Plan in any plan year in an amount determined by the UPL board of directors, if the participant is employed on the last day of the year and has worked at least 1,000 hours during the plan year. For the year ended December 31, 2024, the 6% discretionary profit-sharing contribution totaled \$2,222,803.

### ***Participant Accounts***

Each participant's individual account is credited with employee and employer contributions made on behalf of the participant and allocations of earnings thereon, which include investment income or losses attributable to each investment made with amounts in the participant's individual account reduced by administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the portion of the participant's account that is vested.

**UPL NA Inc. 401(k) Plan  
Notes to Financial Statements  
December 31, 2024 and 2023**

---

***Vesting***

Participants are immediately vested in all employee and safe harbor contributions plus actual earnings thereon. Profit-sharing contributions vest as follows:

<b>Years of Service</b>	<b>Vested Percentage</b>
Less than 1 years of service	None
1 year of service, but fewer than 2	20%
2 years of service, but fewer than 3	40%
3 years of service, but fewer than 4	60%
4 years of service, but fewer than 5	80%
5 years of service or more	100%

***Notes Receivable from Participants***

Generally, participants may borrow from their individual accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are secured by the balance in the participant's account and have a maximum term of either five years or, in the case of a loan that was used by the participant for the purchase of a primary residence, a maximum of ten years. A fixed rate of interest is charged on each loan based on the prevailing interest rate charged by commercial lending institutions for loans similar in nature. Principal and interest are paid ratably through payroll deductions. The interest rates charged on loans outstanding as of December 31, 2024 ranged from 4.25% to 9.50% per annum, and the loans mature on various dates through 2030. In the event of a default, death, disability, or termination of employment, the entire outstanding principal and accrued interest shall be immediately due and payable.

***Distributions of Benefits to Participants***

The Plan allows benefits to be paid in the form of lump-sum cash payments. Upon termination of employment due to death, disability or retirement, a plan participant (or beneficiary) may elect to receive the full value of his or her individual account. If a participant passes away, his account will become 100% vested and the designated beneficiary shall be entitled to receive the balance of the participant's account. If employment has terminated, the participant's beneficiary is entitled to the vested balance of a participant's individual account.

Hardship withdrawals of amounts previously contributed by plan participants as elective deferrals are allowed under the provisions of the Plan and cannot exceed the amount required to meet the immediate financial need created by the hardship. The minimum amount that a participant may withdraw because of hardship is \$500.

***Forfeited Accounts***

The portion of a participant's individual account balance that is nonvested is subject to forfeiture upon the employee's termination. Forfeitures are retained in the Plan within a forfeiture account and are first used to pay administrative expenses, if directed by the Employer, or shall be applied to reduce the contributions of the Employer. During the year ended December 31, 2024, the amount of forfeitures used to reduce the Company's contributions totaled \$462,063. Available forfeitures were \$417,748 and \$301,039 as of December 31, 2024 and 2023, respectively.

### ***Plan Investments***

The Plan's investments are held in various mutual funds and a stable value pooled fund held by Fidelity. Participants have the option to allocate their contributions and the Employer's contributions in their individual accounts among the various investment alternatives and to make transfers as specified in the Plan document.

### ***Revenue Sharing***

The Company shares in the investment related revenue, such as various processing, service, distribution, and all other fees that Fidelity receives attributable to the Plan assets. To the extent that this revenue exceeds the service-based fees charged for the services rendered to the Plan, the Plan receives a credit for this excess on a quarterly basis. In the event the stipulated revenue is not in excess of the service based fees, either the Company or the Plan must pay the deficiency.

### ***Plan Termination***

UPL reserves the right to terminate or amend the Plan at any time, subject to the provisions of ERISA. In the event of termination, the accounts of all participants shall become fully vested and Plan assets shall be distributed in accordance with the terms of the Plan.

## **Note 2. Summary of Significant Accounting Policies**

This summary of significant accounting policies of the Plan is presented to assist in understanding the Plan's financial statements. The financial statements and notes are representations of the Plan's management who is responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America (GAAP) and have been applied consistently in the preparation of the financial statements.

### ***Basis of Accounting***

The financial statements of the Plan are prepared under the accrual basis of accounting.

### ***Use of Estimates***

The preparation of financial statements in accordance with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

### ***Investment Valuation and Income Recognition***

As of the Plan's reporting date, the carrying amounts of all Plan investments are adjusted to fair value. The measurement of fair value is based on the price that would be received to sell the investment in an orderly transaction between market participants exclusive of any transaction costs and is determined by either the principal market or the most advantageous market. Valuation techniques used by the Plan to determine fair value are dependent upon assumptions that market participants would use in pricing the investment, referred to as inputs to the valuation technique. Inputs generally range from market data from independent sources (*i.e.*, observable inputs) to data based on assumptions about the assumptions market participants would use in pricing the asset developed by the Plan based on the best information available in the circumstances (*i.e.*, unobservable inputs). For each investment, the inputs to the valuation technique used to measure fair value are ranked by the Plan according to their market price observability as being one of the following levels:

**Level 1** Quoted prices in active markets for identical instruments

**UPL NA Inc. 401(k) Plan  
Notes to Financial Statements  
December 31, 2024 and 2023**

---

**Level 2** Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model derived valuations in which all significant inputs and significant value drivers are observable in active markets

**Level 3** Values derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable

The valuation techniques employed by the Plan to determine each investment's fair value use prices and other relevant information generated by market transactions involving identical or comparable assets. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of the shares held as of the reporting date. Self-directed brokerage accounts primarily consist of mutual funds, common stock, and money market funds that are valued on the basis of readily determinable market prices. Investments in stable value pooled funds are composed primarily of nonconvertible bonds and US government obligations and are valued at the net asset value of the underlying trust. The net asset value is used as a practical expedient to estimate the fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. There are no participant redemption restrictions for these investments and the redemption notice period of 12 months is applicable only at the Plan level.

There have been no changes in the methodologies used at December 31, 2024 and 2023. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on an accrual basis and dividends are recorded on the ex-dividend date. The net appreciation in the fair value of the Plan's investments consists of realized gains (losses) and unrealized appreciation (depreciation) on those investments bought and sold as well as held during the year.

***Plan Contributions and Distributions of Benefits to Participants***

Participant contributions and Employer matching safe harbor contributions are recorded in the period in which the participants' payroll deductions are made. At the end of the year, the employer is eligible to make non-matching discretionary profit-sharing contributions to the Plan. Distributions of benefits to participants are recorded when paid.

***Administrative Expenses***

Certain administrative expenses and fees of the Plan are paid by the employer. Certain participant transaction-based fees are paid to Fidelity and are included in administrative expenses.

***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions.

**December 31, 2024 and 2023**

**Note 3. Fair Value Measurements**

The Plan's measurements of the fair value of its investments are performed on a recurring basis. As of December 31, 2024 and 2023, the ranking of the inputs to the valuation techniques used to measure fair value according to their market price observability was as follows:

<u>2024</u>	<u>Level 1</u>	<u>Total</u>
Mutual funds	\$ 92,299,675	\$ 92,299,675
Self directed brokerage accounts	<u>1,216,882</u>	<u>1,216,882</u>
Total investments in the fair value hierarchy	<u>\$ 93,516,557</u>	93,516,557
Stable value pooled fund, measured at net asset value (a)		<u>1,019,306</u>
Total investments at fair value		<u>\$ 94,535,863</u>
<u>2023</u>	<u>Level 1</u>	<u>Total</u>
Mutual funds	\$ 84,759,407	\$ 84,759,407
Self directed brokerage accounts	<u>1,597,380</u>	<u>1,597,380</u>
Total investments in the fair value hierarchy	<u>\$ 86,356,787</u>	86,356,787
Stable value pooled fund, measured at net asset value (a)		<u>1,291,349</u>
Total investments at fair value		<u>\$ 87,648,136</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

**Note 4. Party-In-Interest Transactions**

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee (or custodian) as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

**UPL NA Inc. 401(k) Plan  
Notes to Financial Statements  
December 31, 2024 and 2023**

---

The Plan paid \$42,147 of recordkeeping fees to Fidelity during the year ended December 31, 2024. Individually nonmaterial expenses paid to parties in interest aggregated \$62,500 during the year ended December 31, 2024. The Company provides certain administrative services at no cost to the Plan.

**Note 5. Tax Status**

The Plan is a volume submitter plan sponsored by FMR LLC. FMR LLC has obtained an opinion letter on the volume submitter plan dated June 30, 2020 stating that the form of the Plan is acceptable under section 401 of the Internal Revenue Code (IRC). Generally, the Plan administrator and the Plan may rely on opinion letters received by the Plan as to the form of the Plan qualifying under the Code. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code.

**Note 6. Information Certified by the Trustee**

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 Code of Federal Regulations (CFR) 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, a qualified institution, has certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Investment income and interest income from notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2024.

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

**Note 7. Risks and Uncertainties**

The investments held by the Plan are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment options, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

## Independent Auditor's Report

Plan Administrator  
UPL NA Inc. 401(k) Plan  
Cary, North Carolina

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of UPL NA Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of UPL NA Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about UPL NA Inc. 401(k) Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of UPL NA Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about UPL NA Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Other Matter – Supplemental Schedule Required by ERISA***

The supplemental schedule listed in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Note 1. Description of the Plan**

The following description of the UPL NA Inc. 401(k) Plan (the Plan), formerly the United Phosphorus, Inc. 401(k) Plan, provides only general information. The agreement establishing the Plan, or Plan Document, is the source of all of the Plan's provisions. Participants should refer to the Plan Document and any amendments thereto for more complete information regarding the terms of the Plan.

### ***General Plan Information***

Subject to the Employee Retirement Income Security Act of 1974, as amended (ERISA), the Plan covers all eligible employees of UPL NA Inc. (UPL) (formerly known as United Phosphorus Inc.) (Employer) locations in the United States. UPL has appointed an investment trustee, Fidelity Management Trust Company (Fidelity), to hold the Plan's assets, execute investment transactions and administer the participant accounts. The Plan is a volume submitter plan (Volume Submitter Plan) that was established and sponsored by an affiliate of Fidelity, Fidelity Management & Research Company (Volume Submitter Sponsor). Upon establishing the Plan, UPL and Fidelity entered into an adoption agreement, whereby UPL elected the use of the Volume Submitter Plan agreement to serve as the Plan document for the Plan and made specific elections with respect to the design and operations of the Plan. As discussed in Note 5, the Volume Submitter Plan is intended to qualify under Internal Revenue Code Section 401(a).

### ***Eligibility***

Substantially all employees of UPL, unless the employee is a resident of Puerto Rico, are covered by a collective bargaining agreement, is an independent contractor, is a nonresident alien who did not receive any earned income from the employer, is a seasonal/temporary employee, or is an ex-pat receiving non-US wages, are eligible to participate in the Plan on the first day of each month following employment.

### ***Contributions***

Participants may contribute the lesser of 90% of annual pretax compensation, as defined in the Plan, or the 401(k) contribution limit as prescribed by the Internal Revenue Code (\$23,000 in 2024). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions up to the Internal Revenue Code defined maximum (\$7,500 in 2024). Effective January 1, 2020, the plan was amended to allow Roth deferral contributions. Participants' contributions to the Plan are made via payroll deductions and are credited to their individual accounts. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Plan allows UPL to make both matching safe harbor contributions and profit-sharing contributions. Bi-weekly, concurrently with payroll, UPL makes matching safe harbor contributions of 100% of the first 4% of the active participant's compensation contributed to the Plan. At the end of the year, UPL, at its discretion, is eligible to make non-matching discretionary profit-sharing contributions to the Plan in any plan year in an amount determined by the UPL board of directors, if the participant is employed on the last day of the year and has worked at least 1,000 hours during the plan year. For the year ended December 31, 2024, the 6% discretionary profit-sharing contribution totaled \$2,222,803.

### ***Participant Accounts***

Each participant's individual account is credited with employee and employer contributions made on behalf of the participant and allocations of earnings thereon, which include investment income or losses attributable to each investment made with amounts in the participant's individual account reduced by administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the portion of the participant's account that is vested.

**UPL NA Inc. 401(k) Plan  
Notes to Financial Statements  
December 31, 2024 and 2023**

---

***Vesting***

Participants are immediately vested in all employee and safe harbor contributions plus actual earnings thereon. Profit-sharing contributions vest as follows:

<b>Years of Service</b>	<b>Vested Percentage</b>
Less than 1 years of service	None
1 year of service, but fewer than 2	20%
2 years of service, but fewer than 3	40%
3 years of service, but fewer than 4	60%
4 years of service, but fewer than 5	80%
5 years of service or more	100%

***Notes Receivable from Participants***

Generally, participants may borrow from their individual accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are secured by the balance in the participant's account and have a maximum term of either five years or, in the case of a loan that was used by the participant for the purchase of a primary residence, a maximum of ten years. A fixed rate of interest is charged on each loan based on the prevailing interest rate charged by commercial lending institutions for loans similar in nature. Principal and interest are paid ratably through payroll deductions. The interest rates charged on loans outstanding as of December 31, 2024 ranged from 4.25% to 9.50% per annum, and the loans mature on various dates through 2030. In the event of a default, death, disability, or termination of employment, the entire outstanding principal and accrued interest shall be immediately due and payable.

***Distributions of Benefits to Participants***

The Plan allows benefits to be paid in the form of lump-sum cash payments. Upon termination of employment due to death, disability or retirement, a plan participant (or beneficiary) may elect to receive the full value of his or her individual account. If a participant passes away, his account will become 100% vested and the designated beneficiary shall be entitled to receive the balance of the participant's account. If employment has terminated, the participant's beneficiary is entitled to the vested balance of a participant's individual account.

Hardship withdrawals of amounts previously contributed by plan participants as elective deferrals are allowed under the provisions of the Plan and cannot exceed the amount required to meet the immediate financial need created by the hardship. The minimum amount that a participant may withdraw because of hardship is \$500.

***Forfeited Accounts***

The portion of a participant's individual account balance that is nonvested is subject to forfeiture upon the employee's termination. Forfeitures are retained in the Plan within a forfeiture account and are first used to pay administrative expenses, if directed by the Employer, or shall be applied to reduce the contributions of the Employer. During the year ended December 31, 2024, the amount of forfeitures used to reduce the Company's contributions totaled \$462,063. Available forfeitures were \$417,748 and \$301,039 as of December 31, 2024 and 2023, respectively.

### ***Plan Investments***

The Plan's investments are held in various mutual funds and a stable value pooled fund held by Fidelity. Participants have the option to allocate their contributions and the Employer's contributions in their individual accounts among the various investment alternatives and to make transfers as specified in the Plan document.

### ***Revenue Sharing***

The Company shares in the investment related revenue, such as various processing, service, distribution, and all other fees that Fidelity receives attributable to the Plan assets. To the extent that this revenue exceeds the service-based fees charged for the services rendered to the Plan, the Plan receives a credit for this excess on a quarterly basis. In the event the stipulated revenue is not in excess of the service based fees, either the Company or the Plan must pay the deficiency.

### ***Plan Termination***

UPL reserves the right to terminate or amend the Plan at any time, subject to the provisions of ERISA. In the event of termination, the accounts of all participants shall become fully vested and Plan assets shall be distributed in accordance with the terms of the Plan.

## **Note 2. Summary of Significant Accounting Policies**

This summary of significant accounting policies of the Plan is presented to assist in understanding the Plan's financial statements. The financial statements and notes are representations of the Plan's management who is responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America (GAAP) and have been applied consistently in the preparation of the financial statements.

### ***Basis of Accounting***

The financial statements of the Plan are prepared under the accrual basis of accounting.

### ***Use of Estimates***

The preparation of financial statements in accordance with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

### ***Investment Valuation and Income Recognition***

As of the Plan's reporting date, the carrying amounts of all Plan investments are adjusted to fair value. The measurement of fair value is based on the price that would be received to sell the investment in an orderly transaction between market participants exclusive of any transaction costs and is determined by either the principal market or the most advantageous market. Valuation techniques used by the Plan to determine fair value are dependent upon assumptions that market participants would use in pricing the investment, referred to as inputs to the valuation technique. Inputs generally range from market data from independent sources (*i.e.*, observable inputs) to data based on assumptions about the assumptions market participants would use in pricing the asset developed by the Plan based on the best information available in the circumstances (*i.e.*, unobservable inputs). For each investment, the inputs to the valuation technique used to measure fair value are ranked by the Plan according to their market price observability as being one of the following levels:

**Level 1** Quoted prices in active markets for identical instruments

**UPL NA Inc. 401(k) Plan  
Notes to Financial Statements  
December 31, 2024 and 2023**

---

**Level 2** Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model derived valuations in which all significant inputs and significant value drivers are observable in active markets

**Level 3** Values derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable

The valuation techniques employed by the Plan to determine each investment's fair value use prices and other relevant information generated by market transactions involving identical or comparable assets. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of the shares held as of the reporting date. Self-directed brokerage accounts primarily consist of mutual funds, common stock, and money market funds that are valued on the basis of readily determinable market prices. Investments in stable value pooled funds are composed primarily of nonconvertible bonds and US government obligations and are valued at the net asset value of the underlying trust. The net asset value is used as a practical expedient to estimate the fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. There are no participant redemption restrictions for these investments and the redemption notice period of 12 months is applicable only at the Plan level.

There have been no changes in the methodologies used at December 31, 2024 and 2023. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on an accrual basis and dividends are recorded on the ex-dividend date. The net appreciation in the fair value of the Plan's investments consists of realized gains (losses) and unrealized appreciation (depreciation) on those investments bought and sold as well as held during the year.

***Plan Contributions and Distributions of Benefits to Participants***

Participant contributions and Employer matching safe harbor contributions are recorded in the period in which the participants' payroll deductions are made. At the end of the year, the employer is eligible to make non-matching discretionary profit-sharing contributions to the Plan. Distributions of benefits to participants are recorded when paid.

***Administrative Expenses***

Certain administrative expenses and fees of the Plan are paid by the employer. Certain participant transaction-based fees are paid to Fidelity and are included in administrative expenses.

***Notes Receivable from Participants***

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions.

**December 31, 2024 and 2023**

**Note 3. Fair Value Measurements**

The Plan's measurements of the fair value of its investments are performed on a recurring basis. As of December 31, 2024 and 2023, the ranking of the inputs to the valuation techniques used to measure fair value according to their market price observability was as follows:

<u>2024</u>	<u>Level 1</u>	<u>Total</u>
Mutual funds	\$ 92,299,675	\$ 92,299,675
Self directed brokerage accounts	<u>1,216,882</u>	<u>1,216,882</u>
Total investments in the fair value hierarchy	<u>\$ 93,516,557</u>	93,516,557
Stable value pooled fund, measured at net asset value (a)		<u>1,019,306</u>
Total investments at fair value		<u>\$ 94,535,863</u>
<u>2023</u>	<u>Level 1</u>	<u>Total</u>
Mutual funds	\$ 84,759,407	\$ 84,759,407
Self directed brokerage accounts	<u>1,597,380</u>	<u>1,597,380</u>
Total investments in the fair value hierarchy	<u>\$ 86,356,787</u>	86,356,787
Stable value pooled fund, measured at net asset value (a)		<u>1,291,349</u>
Total investments at fair value		<u>\$ 87,648,136</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

**Note 4. Party-In-Interest Transactions**

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association or relatives of such persons.

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee (or custodian) as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

**UPL NA Inc. 401(k) Plan  
Notes to Financial Statements  
December 31, 2024 and 2023**

---

The Plan paid \$42,147 of recordkeeping fees to Fidelity during the year ended December 31, 2024. Individually nonmaterial expenses paid to parties in interest aggregated \$62,500 during the year ended December 31, 2024. The Company provides certain administrative services at no cost to the Plan.

**Note 5. Tax Status**

The Plan is a volume submitter plan sponsored by FMR LLC. FMR LLC has obtained an opinion letter on the volume submitter plan dated June 30, 2020 stating that the form of the Plan is acceptable under section 401 of the Internal Revenue Code (IRC). Generally, the Plan administrator and the Plan may rely on opinion letters received by the Plan as to the form of the Plan qualifying under the Code. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code.

**Note 6. Information Certified by the Trustee**

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 Code of Federal Regulations (CFR) 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, a qualified institution, has certified the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2024 and 2023.
- Investment income and interest income from notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2024.
- Investment information and notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2024.

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

**Note 7. Risks and Uncertainties**

The investments held by the Plan are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment options, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
