(1) Name: **TRACHTENBERG & PAUKER, LLP**

(2) EIN: **11-2478841**

**d** The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1)  This form is filed for a CCT, PSA, DCG or MTIA. (2)  It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

**Part IV Compliance Questions**

**4** CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
<b>a</b> Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		X	
<b>b</b> Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		X	
<b>c</b> Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		X	
<b>d</b> Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		X	
<b>e</b> Was this plan covered by a fidelity bond?	X		1000000
<b>f</b> Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
<b>g</b> Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
<b>h</b> Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		X	
<b>i</b> Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
<b>j</b> Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		X	
<b>k</b> Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
<b>l</b> Has the plan failed to provide any benefit when due under the plan?	X		36
<b>m</b> If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
<b>n</b> If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.		X	

**5a** Has a resolution to terminate the plan been adopted during the plan year or any prior plan year?  Yes  No

## **INDEPENDENT AUDITORS' REPORT**

To the Participants and Administrator of  
Darby Dental Supply, LLC  
401(k) Savings and Profit Sharing Plan

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of Darby Dental Supply, LLC 401(k) Savings and Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in

accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### ***Other Matters - Supplemental Schedules Required by ERISA***

The supplemental Schedule of Assets as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and

Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

### NOTE A - DESCRIPTION OF PLAN

The following description of the Darby Dental Supply, Inc. (the “Company”) 401(k) Savings and Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

#### General

The Plan is a defined contribution plan covering all full-time employees of the Company who are age 18 or older, except for 1) employees whose retirement benefits have been collectively bargained, 2) any leased employees, and 3) non-resident alien employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act (“ERISA”). The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance and reports to the Plan’s Board of Trustees.

#### Plan Amendments and Other Plan Changes

In February 2024, the Plan was amended to no longer require the Company to separately approve hardship withdrawals requested by participants, unless the hardship withdrawal is subject to spousal consent.

In February 2025, the Plan was amended to expand rollover eligibility to include eligible employees who have not yet satisfied the age and eligibility service requirements and to also allow for in-Plan ROTH rollover contributions and in-Plan ROTH conversions.

#### Contributions

Each year, participants may contribute between 1 percent and 100 percent of annual compensation, as defined in the Plan, as either tax-deferred contributions or as after-tax ROTH contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified benefit or defined contribution plans (rollover). Participants direct the investment of both their contributions and Company contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Participants may increase or decrease their contributions on a quarterly basis. Participants may stop contributing at any time.

## NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

### NOTE A - DESCRIPTION OF PLAN (CONTINUED)

#### Contributions - continued

The Company may make an annual matching contribution in a discretionary amount equal to a uniform percentage of the amount contributed by each participant. For the year ended December 31, 2024, the Company contributed 50 percent of the first 6 percent of eligible compensation that a participant contributes to the Plan. For the year ended December 31, 2023, the total matching contribution was \$943,680.

#### Participant Accounts

Each participant's account is credited with the participant's contribution, as well as allocations of the Company's profit sharing contribution (if any) and Plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The Company's contributions to the Plan are allocated among all of the participants who have completed a year of service based on a specified formula as defined within the Plan document and are actively employed on the last day of the Plan year.

#### Vesting

Participants are vested immediately in their salary reduction contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is vested evenly at 20 percent increments over a five-year period, beginning after two years of employment.

One hundred percent of the amount credited to participants who are presently employed or on a leave of absence shall become fully vested in their account balance upon: (1) death; or (2) the effective date of termination of employment by reason of disability.

#### Notes Receivable From Participants

A participant may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The maximum number of outstanding loans at any time is two per participant. The loans are secured by the balance in the participant's account. Loans are generally repaid within five years of the date on which the loan's funds are disbursed. If the loan is for the purchase of a primary residence, the repayment

can be longer than five years. The loan interest rate is determined at the time of the loan application. Principal and interest is paid ratably through monthly payroll deductions. For the year ended December 31, 2024, loan interest rates ranged from 4.25% to 9.50%.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, a different form of annuity or in installments over a period of time not more than the participant's or beneficiary's life expectancy determined at time of distribution. The normal retirement date under the Plan is 65. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Prior to termination of service, participants who have attained age 59-1/2 may withdraw all or any portion of the value of salary reduction contributions and vested Company contributions made on their behalf.

Participants' benefits are included in deductions from net assets during the period when vested members reach the normal retirement date and are paid, unless the participants continue in service after reaching the normal retirement date and postpone payment of accrued benefits until the deferred retirement date or otherwise terminate employment. The payment occurs no later than 60 days after the Plan year following the Plan year in which the participants separate themselves from service.

Hardship Withdrawals

Hardship withdrawals by Plan participants are permitted with self-certification of financial hardship by the participant in accordance with the Secure 2.0 Act. The distribution can be made out of the elective deferral, Roth elective deferral and rollover contribution accounts of the participant and shall be limited to the amount of the contributions to such account. No amount of income on such contributions may be withdrawn. All requests must be made in writing. Salary deferral contributions of participants who obtain a hardship withdrawal will be suspended for six months after the hardship withdrawal.

## NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

### NOTE A - DESCRIPTION OF PLAN (CONTINUED)

#### Forfeitures

The forfeiture account is comprised of amounts formerly allocated to individual accounts of participants who have separated from service. The forfeited amount is the nonvested portion of the employer contribution. The forfeited nonvested accounts totaled \$7,186 and \$17,033 for the years ended December 31, 2024 and 2023, respectively. These amounts are used to reduce contributions made by the Company.

### NOTE B – SIGNIFICANT ACCOUNTING POLICIES

#### Basis of Accounting

The financial statements of the Plan have been prepared on an accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

#### Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make significant estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

#### Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies using information provided by the investment advisers, custodians and insurance company. See Note C for discussion of fair value measurements.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE B - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition - continued

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative fees. Investment-related expenses are included in the net change in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 10, 2025, the date the financial statements were available to be issued. Management determined that there were no reportable subsequent events to be disclosed.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE C– FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Mutual funds* - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE C - FAIR VALUE MEASUREMENTS (CONTINUED)

*Collective trust fund* – Valued at the NAV at the practical expedient of underlying investments of participant units held by the Plan as of the last trading day of the period as reported by the managers of the trust. Investments that use NAV as a practical expedient to measure fair value have not been classified in the fair value hierarchy in accordance with Accounting Standards Codification (“ASC”) Subtopic 820-10.

The following tables set forth by level, within the fair value hierarchy, the Plan’s investments at fair value at December 31, 2024 and 2023:

	Investments at Fair Value as of December 31, 2024		
	Level 1	Investment at NAV	Total

NOTE D - INVESTMENT IN COMMON COLLECTIVE TRUST

The Plan offers participants a common collective trust fund investment option which represents fully benefit-responsive contracts through the Galliard Stable Return Fund M (the "Fund"). The Fund is primarily comprised of investment contracts including traditional guaranteed investment contracts ("GICs") and security-backed contracts issued by insurance companies and other financial institutions. GICs are issued by insurance companies which guarantee the return of principal and stated rate of return for a specific period of time.

The Fund's contracts are carried at contract value in the participants' account. The contract value is generally equal to the principal amounts invested in the underlying investments, plus interest accrued at a crediting rate established under the contract, less any adjustments for withdrawals. The crediting interest rate is based upon a formula agreed upon with the issuer and can be influenced by the current market value, contract value, yield to maturity, and duration of the underlying assets but will not be less than zero percent. Such crediting rates are reset on a quarterly basis.

Under the contracts, certain events could limit the ability of the Plan to transact at contract value. Such events can include premature termination of the contracts by the Plan or Plan termination. The Company does not believe that the occurrence of any such events is probable.

NOTE E - INFORMATION CERTIFIED BY THE TRUSTEE

Other than the fair value of the guaranteed investment contract and the related adjustment from fair value to contract value for fully benefit-responsive investment contracts, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation/depreciation in fair value

### NOTE E - INFORMATION CERTIFIED BY THE TRUSTEE (CONTINUED)

of investments, interest and dividends for the year ended December 31, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan). The contract value of the guaranteed investment contract was certified by the trustee.

### NOTE F – TAX STATUS

The Plan operates under a non-standardized pre-approved plan document sponsored by FMR LLC that has received an opinion letter dated June 30, 2020 from the Internal Revenue Service (IRS) as to the plan's qualified status. The opinion letter has been relied upon by this Plan. The Plan has been amended since receiving the opinion letter; however, the Plan Administrator believes the Plan is designed and is operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to tax examinations for years prior to 2021.

### NOTE G – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee and recordkeeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions.

The Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party-in-interest transactions.

The Company performs certain administrative functions on behalf of the Plan, for which no fees are charged.

NOTES TO FINANCIAL STATEMENTS

NOTE H – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE I – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE J – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

## **INDEPENDENT AUDITORS' REPORT**

To the Participants and Administrator of  
Darby Dental Supply, LLC  
401(k) Savings and Profit Sharing Plan

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed audits of the financial statements of Darby Dental Supply, LLC 401(k) Savings and Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in

accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### ***Other Matters - Supplemental Schedules Required by ERISA***

The supplemental Schedule of Assets as of December 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and

Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DECEMBER 31, 2024 AND 2023

### NOTE A - DESCRIPTION OF PLAN

The following description of the Darby Dental Supply, Inc. (the “Company”) 401(k) Savings and Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

#### General

The Plan is a defined contribution plan covering all full-time employees of the Company who are age 18 or older, except for 1) employees whose retirement benefits have been collectively bargained, 2) any leased employees, and 3) non-resident alien employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act (“ERISA”). The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance and reports to the Plan’s Board of Trustees.

#### Plan Amendments and Other Plan Changes

In February 2024, the Plan was amended to no longer require the Company to separately approve hardship withdrawals requested by participants, unless the hardship withdrawal is subject to spousal consent.

In February 2025, the Plan was amended to expand rollover eligibility to include eligible employees who have not yet satisfied the age and eligibility service requirements and to also allow for in-Plan ROTH rollover contributions and in-Plan ROTH conversions.

#### Contributions

Each year, participants may contribute between 1 percent and 100 percent of annual compensation, as defined in the Plan, as either tax-deferred contributions or as after-tax ROTH contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified benefit or defined contribution plans (rollover). Participants direct the investment of both their contributions and Company contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Participants may increase or decrease their contributions on a quarterly basis. Participants may stop contributing at any time.

## NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

### NOTE A - DESCRIPTION OF PLAN (CONTINUED)

#### Contributions - continued

The Company may make an annual matching contribution in a discretionary amount equal to a uniform percentage of the amount contributed by each participant. For the year ended December 31, 2024, the Company contributed 50 percent of the first 6 percent of eligible compensation that a participant contributes to the Plan. For the year ended December 31, 2023, the total matching contribution was \$943,680.

#### Participant Accounts

Each participant's account is credited with the participant's contribution, as well as allocations of the Company's profit sharing contribution (if any) and Plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The Company's contributions to the Plan are allocated among all of the participants who have completed a year of service based on a specified formula as defined within the Plan document and are actively employed on the last day of the Plan year.

#### Vesting

Participants are vested immediately in their salary reduction contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is vested evenly at 20 percent increments over a five-year period, beginning after two years of employment.

One hundred percent of the amount credited to participants who are presently employed or on a leave of absence shall become fully vested in their account balance upon: (1) death; or (2) the effective date of termination of employment by reason of disability.

#### Notes Receivable From Participants

A participant may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The maximum number of outstanding loans at any time is two per participant. The loans are secured by the balance in the participant's account. Loans are generally repaid within five years of the date on which the loan's funds are disbursed. If the loan is for the purchase of a primary residence, the repayment

can be longer than five years. The loan interest rate is determined at the time of the loan application. Principal and interest is paid ratably through monthly payroll deductions. For the year ended December 31, 2024, loan interest rates ranged from 4.25% to 9.50%.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, a different form of annuity or in installments over a period of time not more than the participant's or beneficiary's life expectancy determined at time of distribution. The normal retirement date under the Plan is 65. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Prior to termination of service, participants who have attained age 59-1/2 may withdraw all or any portion of the value of salary reduction contributions and vested Company contributions made on their behalf.

Participants' benefits are included in deductions from net assets during the period when vested members reach the normal retirement date and are paid, unless the participants continue in service after reaching the normal retirement date and postpone payment of accrued benefits until the deferred retirement date or otherwise terminate employment. The payment occurs no later than 60 days after the Plan year following the Plan year in which the participants separate themselves from service.

Hardship Withdrawals

Hardship withdrawals by Plan participants are permitted with self-certification of financial hardship by the participant in accordance with the Secure 2.0 Act. The distribution can be made out of the elective deferral, Roth elective deferral and rollover contribution accounts of the participant and shall be limited to the amount of the contributions to such account. No amount of income on such contributions may be withdrawn. All requests must be made in writing. Salary deferral contributions of participants who obtain a hardship withdrawal will be suspended for six months after the hardship withdrawal.

DECEMBER 31, 2024 AND 2023

### NOTE A - DESCRIPTION OF PLAN (CONTINUED)

#### Forfeitures

The forfeiture account is comprised of amounts formerly allocated to individual accounts of participants who have separated from service. The forfeited amount is the nonvested portion of the employer contribution. The forfeited nonvested accounts totaled \$7,186 and \$17,033 for the years ended December 31, 2024 and 2023, respectively. These amounts are used to reduce contributions made by the Company.

### NOTE B – SIGNIFICANT ACCOUNTING POLICIES

#### Basis of Accounting

The financial statements of the Plan have been prepared on an accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using the contract value basis for fully benefit-responsive investment contracts.

#### Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make significant estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

#### Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies using information provided by the investment advisers, custodians and insurance company. See Note C for discussion of fair value measurements.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition - continued

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2024 and 2023.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative fees. Investment-related expenses are included in the net change in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 10, 2025, the date the financial statements were available to be issued. Management determined that there were no reportable subsequent events to be disclosed.

NOTE C– FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

*Mutual funds* - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE C - FAIR VALUE MEASUREMENTS (CONTINUED)

*Collective trust fund* – Valued at the NAV at the practical expedient of underlying investments of participant units held by the Plan as of the last trading day of the period as reported by the managers of the trust. Investments that use NAV as a practical expedient to measure fair value have not been classified in the fair value hierarchy in accordance with Accounting Standards Codification (“ASC”) Subtopic 820-10.

The following tables set forth by level, within the fair value hierarchy, the Plan’s investments at fair value at December 31, 2024 and 2023:

	Investments at Fair Value as of December 31, 2024		
	Level 1	Investment at NAV	Total
Mutual Funds	\$ 60,908,159	\$ -	\$ 60,908,159

NOTE D - INVESTMENT IN COMMON COLLECTIVE TRUST

The Plan offers participants a common collective trust fund investment option which represents fully benefit-responsive contracts through the Galliard Stable Return Fund M (the "Fund"). The Fund is primarily comprised of investment contracts including traditional guaranteed investment contracts ("GICs") and security-backed contracts issued by insurance companies and other financial institutions. GICs are issued by insurance companies which guarantee the return of principal and stated rate of return for a specific period of time.

The Fund's contracts are carried at contract value in the participants' account. The contract value is generally equal to the principal amounts invested in the underlying investments, plus interest accrued at a crediting rate established under the contract, less any adjustments for withdrawals. The crediting interest rate is based upon a formula agreed upon with the issuer and can be influenced by the current market value, contract value, yield to maturity, and duration of the underlying assets but will not be less than zero percent. Such crediting rates are reset on a quarterly basis.

Under the contracts, certain events could limit the ability of the Plan to transact at contract value. Such events can include premature termination of the contracts by the Plan or Plan termination. The Company does not believe that the occurrence of any such events is probable.

NOTE E - INFORMATION CERTIFIED BY THE TRUSTEE

Other than the fair value of the guaranteed investment contract and the related adjustment from fair value to contract value for fully benefit-responsive investment contracts, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2024 and 2023, and net appreciation/depreciation in fair value

of investments, interest and dividends for the year ended December 31, 2024, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan). The contract value of the guaranteed investment contract was certified by the trustee.

### NOTE F – TAX STATUS

The Plan operates under a non-standardized pre-approved plan document sponsored by FMR LLC that has received an opinion letter dated June 30, 2020 from the Internal Revenue Service (IRS) as to the plan's qualified status. The opinion letter has been relied upon by this Plan. The Plan has been amended since receiving the opinion letter; however, the Plan Administrator believes the Plan is designed and is operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to tax examinations for years prior to 2021.

### NOTE G – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee and recordkeeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions.

The Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party-in-interest transactions.

The Company performs certain administrative functions on behalf of the Plan, for which no fees are charged.

NOTE H – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE I – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE J – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to the Plan's tax return, Form 5500 for the year ended December 31, 2024:

	<u>2024</u>
Changes in Net Assets Available for Benefits per Form 5500	\$ 7,903,041
Change in Employer Contributions Receivable	<u>93,453</u>
