INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Sun America LLC 401(k) Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Sun America LLC 401(k) Profit Sharing Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section —

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Delinquent Participant Contributions and Schedule of Assets (Held at End of Year) as of December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion —

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SUN AMERICA LLC 401(K) PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2024 AND 2023

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Sun America LLC 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution profit-sharing plan adopted on January 1, 2003, covering substantially all full-time employees of Sun America, LLC and HVVG Holding II, LLC (collectively, the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan administrator oversees governance of the Plan. The Plan's Administrative Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan administrator.

On October 11, 2024, the Plan changed its trustee and investment custodian and recordkeeper from Mid-Atlantic Trust Company ("MATC") and Paychex Retirement Services ("PRS"), respectively, to Empower Trust Company, LLC and Empower Annuity Insurance Company of America (collectively, "Empower") at the discretion of Plan management. As a result of the change in trustee, the assets of the Plan were transferred from MATC to Empower. Prior to the change in trustee, a member of the Company served as a limited trustee of the Plan but, effective October 11, 2024, the Plan was amended and restated and Empower was appointed as the sole trustee.

Eligibility: Beginning in October 2024, to be eligible to participate in the Plan and receive Company matching contributions, an employee must be 18 years of age or older and have completed one month of service. After one year of service, participants are eligible to receive discretionary profit-sharing contributions. Employees whose employment is covered by a collective bargaining agreement, non-resident aliens, residents of Puerto Rico and part-time, temporary or seasonal employees, as defined in the agreement, are not eligible to participate in the Plan. Employees may enter the Plan immediately upon meeting the age and eligibility service requirements.

Prior to October 2024, to be eligible to participate in the Plan and receive Company matching contributions, an employee must have been 21 years of age or older and have completed thirty days of service. After one year of service, participants were eligible to receive discretionary profit-sharing contributions. Employees whose employment was covered by a collective bargaining agreement, non-resident aliens and acquired employees were not eligible to participate in the Plan. Employees were able to enter the Plan immediately upon meeting the age and eligibility service requirements.

Contributions: Participants may elect to make voluntary pre-tax or after-tax (Roth) contributions, by means of a salary deferral agreement, of up to 100% of their compensation, subject to IRS limitations for the Plan year. Beginning in October 2024, the Plan provides for automatic enrollment and, accordingly, employees are treated as having elected to contribute 3% of their earnings as pre-tax 401(k) contributions unless an election is made for a different amount, or an election is made not to participate. Plan participants over the age of 50 are also permitted to make additional pre-tax and Roth catch-up contributions up to a maximum of \$7,500 in 2024. The Plan also permits rollover contributions from other qualified retirement plans. Participants direct the investment of contributions into various investment options offered by the Plan.

The Company matches 100% of the first 4% of a participant's contributions. Additionally, the Company may elect to make discretionary profit-sharing contributions, which are allocated as a percentage of participant compensation to all eligible participants, as defined. Participants are initially eligible for the discretionary profit sharing contributions if they attain 500 hours of service and are employed on the last day of the Plan year. No discretionary profit sharing contributions were made in 2024.

Participant accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's matching and discretionary profit sharing contributions, (b) plan earnings, and (c) an allocation of plan administrative expense. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be drawn from the participant's vested account.

Vesting: Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. Vesting in employer matching and discretionary profit sharing contributions is based on years of continuous service with the Company. Participants are 100% vested after three years of credited service. Additionally, participants are immediately fully vested upon death or disability.

Excess contributions payable: Amounts payable to participants totaling \$4,186 and \$14,300 at December 31, 2024 and 2023, respectively, for contributions in excess of amounts allowed by the IRS are recorded as excess contributions payable with a corresponding reduction to 2024 and 2023 contributions, respectively. The Plan distributed 2024 and 2023 excess contributions prior to March 15, 2025 and 2024, respectively.

In addition, an ineligible employee improperly deferred \$4,823 during 2023. The Company expects to make a corrective distribution in 2025 related to these ineligible contributions.

Notes receivable from participants: The Plan allows participants to obtain loans from the Plan. These loans are subject to the following general provisions: the maximum amount of loans outstanding is equal to the lesser of \$50,000 or 50% of the participant's vested account balance with a minimum of \$1,000, the term of any loan may not exceed five years unless the purpose of the loan is to purchase the participant's primary residence, the loans are secured by the participant's account and bear interest at prime rate (7.50% and 8.50% at December 31, 2024 and 2023, respectively) plus one percent at the date the loan is requested. Principal and interest are paid ratably through payroll deductions.

If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of benefits: Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, payment in annual installments not to extend past the lives or life expectancies of the participant and spouse, or, prior to October 2024, payment applied to the purchase of an annuity contract. For termination of service due to other reasons, a participant can elect to receive the value of the vested interest in his or her account as a lump-sum distribution or in partial withdrawals. The Plan permits in-service withdrawals for participants who have attained age 59½ and for all participants that have rollover contributions in the Plan. In the case of hardship, a participant may apply for a distribution equal to the participant's pre-tax, Roth and employer matching contributions, as described in the Plan agreement. Involuntary distributions of amounts less than \$7,000 (\$5,000 prior to October 2024) are permitted under the Plan and are directly rolled over into an individual retirement account set up by the plan administrator for the benefit of the participant. Prior to October 2024, such distributions greater than \$1,000 are directly rolled over to an individual retirement account set up by the plan administrator for the benefit of the participant, while amounts of \$1,000 or less will be distributed as lump-sum payments.

Forfeited accounts: Forfeitures of nonvested accounts are to be used to reduce future employer contributions, pay administrative expenses of the Plan, or may be allocated as a percentage of participants compensation to all eligible participants. Any forfeitures derived from employer matching contributions can be used to reduce employer matching contributions or allocated to the remaining participants. At December 31, 2024 and 2023, forfeited nonvested accounts totaled \$5,179 and \$7,225, respectively. During 2024, amounts forfeited from accounts totaled \$10,805 and forfeitures used to pay administrative expenses totaled \$5,689. The Plan allocated \$7,162 of forfeitures to participants during 2024.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation: The financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Notes receivable from participants: Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest.

Investment valuation and income recognition: Other than the Plan's investment in a fully benefit-responsive investment contract, investments are reported at fair value using methodologies described in Note 3. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contract, because contract value is the amount Plan participants expect to receive when executing investment transactions under the terms of the contract and Plan provisions. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee of the Plan.

Purchases and sales of investments, including gains or losses, are recorded on a trade-date basis. Interest income is recorded when earned, and dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit payments: Benefit payments to participants are recorded when paid.

Administrative expenses: Certain administrative expenses of the Plan have been paid by the Company and are, therefore, not expenses of the Plan. Investment related expenses are included in net appreciation or depreciation of fair value of investments. Other Plan expenses not paid by the Company, including investment management, recordkeeping, and participant loan and distribution administrative fees, are either paid from forfeited non-vested accounts or are paid from other assets of the Plan and allocated to participant accounts.

Subsequent events: In preparing these financial statements, management has evaluated events and transactions for potential recognition or disclosure through October 13, 2025, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

1. Mutual funds (registered investment companies): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively-traded.
2. Investments measured at net asset value: The collective investment trusts are valued at the net asset value of units of the collective investment trust. The net asset value as provided by the trustee is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There were no unfunded commitments relating to this type of investment.

Pooled separate accounts are valued at the net asset value of shares of the underlying assets held by the Plan at year end. The pooled separate accounts do not have finite lives, unfunded commitments relating to this type of investment, or significant restrictions on redemption. The net asset value as provided by the trustee is used as a practical expedient to estimate fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024 and 2023. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 32,540	\$ -	\$ -	\$ 32,540
Total assets in the fair value hierarchy	32,540	-	-	32,540
Investments measured at net asset value ^(a)				1,961,047
Investments at fair value	<u>\$ 32,540</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,993,587</u>

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,511,386	\$ -	\$ -	\$ 1,511,386
Investments at fair value	<u>\$ 1,511,386</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,511,386</u>

(a) Certain investments that are measured at net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to amounts presented in the statements of net assets available for benefits.

There were no Level 3 assets and no transfers between Levels 1 and 2 in 2024 and 2023.

NOTE 4 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds traditional guaranteed investment contracts through its investment in the Guaranteed Income Fund, which meets the fully benefit-responsive contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because contract value is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. The contract value of the Plan's investment contract totals \$5,179 at December 31, 2024.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate, which may not be less than zero percent, is based on the earnings of the underlying assets in the entire portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly. The average yield earned by the Plan for the benefit-responsive fund, which can be derived by averaging the quarterly gross interest rates for the fund over the year, was approximately 4.00% during 2024. The contract can be terminated by either the Plan or the contract issuer with at least 60 days advance written notice.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under section 501(a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE 5 – INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has elected to restrict the scope of the auditor's examination with regards to statements or information prepared and certified by Empower as of December 31, 2024 and for the period from October 11, 2024 to December 31, 2024, and MATC as of December 31, 2023 and for the period from January 1, 2024 to October 10, 2024. The following information included in the accompanying financial statements and supplemental schedule of assets (held at end of year) was obtained from data that has been prepared and certified as complete and accurate by Empower and MATC, the trustees:

	2024	2023
Net assets available for benefits:		
Non-interest bearing cash	\$ 3,117	\$ -
Investments, at fair value	1,993,587	1,511,386
Investments, at contract value	5,179	-
Notes receivable from participants	53,431	66,309
	\$ 2,055,314	\$ 1,577,695

Additions to net assets:

Net appreciation in fair value of investments	\$	183,401
Interest and dividends		39,288
Interest income on notes receivable from participants		5,620

NOTE 6 – INCOME TAX STATUS

The trust established under the Plan, which holds the Plan’s assets, is qualified pursuant to the appropriate section of the Internal Revenue Code (“IRC”), and accordingly, the trust’s net investment income is exempt from income taxes. Effective October 11, 2024, the Plan adopted a non-standardized pre-approved plan document, which does not require an application for a determination letter from the Internal Revenue Service (“IRS”). The non-standardized pre-approved plan document has received a favorable opinion letter dated November 11, 2022. The Plan has not individually sought its own determination letter. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC, therefore no provision for income taxes has been included in the Plan's financial statements.

Prior to October 11, 2024, the Plan adopted a non-standardized pre-approved plan document on which the IRS has issued an opinion letter dated August 31, 2020, that stated that the non-standardized pre-approved plan document, as then designed, was in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date and no provision for income taxes has been included in the Plan's financial statements.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

The Plan issues loans to participants, which are secured by the balances in the participants’ accounts. These transactions qualify as party-in-interest transactions.

The Guaranteed Income Fund is managed by Empower Annuity Insurance Company of America, an affiliate of Empower Trust Company, LLC, the trustee of the Plan, therefore, these transactions qualify as party-in-interest transactions.

Certain administrative fees paid by the Plan such as recordkeeping and investment advisor fees also qualify as party-in-interest transactions.

NOTE 8 – RISKS AND UNCERTAINTIES

The participants direct the Plan to invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 9 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully-vested in their employer contributions.

NOTE 10 – PROHIBITED TRANSACTIONS

During 2023, the Company failed to timely remit certain participant contributions to the Plan on a timely basis, as defined by Department of Labor's Rule and Regulations under ERISA. Such contributions totaled \$1,531 for the plan year ended December 31, 2023, and are included in the schedule of delinquent participant contributions. The delinquent participant contributions were remitted to the Plan during 2023. Lost earnings related to the 2023 delinquent participant contribution were credited to participant accounts in 2024.

During 2024, the Company failed to timely remit certain participant contributions to the Plan on a timely basis, as defined by Department of Labor's Rule and Regulations under ERISA. Such contributions totaled \$10,663 for the plan year ended December 31, 2024, and are included in the schedule of delinquent participant contributions. The delinquent participant contributions were remitted to the Plan during 2024. Lost earnings related to the 2024 delinquent participant contribution will be calculated and credited to participant accounts in 2025.

NOTE 11 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

2023	\$ 1,531	\$ -	\$ 1,531	\$ -	\$ -
2024	10,663	10,663	-	-	-
	<u>\$ 12,194</u>	<u>\$ 10,663</u>	<u>\$ 1,531</u>	<u>\$ -</u>	<u>\$ -</u>

The late contributions listed on Schedule H, Line 4a represent the total participant contributions that were not remitted as soon as administratively possible, as required by the Department of Labor ("DOL").

The Plan Sponsor remitted the 2023 and 2024 late participant contributions totaling \$1,531 and \$10,663 to the Plan during their respective Plan years. Lost earnings related to 2023 late participant contributions were remitted to the Plan during 2024. The Plan Sponsor is working with its third party administrator to calculate lost earnings for the 2024 late participant contributions, which will be remitted to the Plan in 2025. The DOL views "full correction" as the payment of late contributions and reimbursement to the Plan for lost earnings or profits.
