Independent Auditors' Report

To the Participants and Plan Administrator of
PPL Bargaining Unit Retiree Group Life Insurance Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of PPL Bargaining Unit Retiree Group Life Insurance Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2024 and 2023, and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2024, and Schedule H, Line 4(j) - Schedule of Reportable Transactions for the year ended December 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. PLAN DESCRIPTION

The PPL Bargaining Unit Retiree Group Life Insurance Plan (the "Plan") is a welfare plan and was established on December 27, 1993. The Plan is currently sponsored and administered by PPL Services Corporation (the "Company"), an unregulated subsidiary of PPL Corporation ("PPL"). Contributions to the Plan by participating companies are invested in a Voluntary Employee Benefit Association ("VEBA") trust held by The Bank of New York Mellon Corporation (the "Trustee"), which is intended to qualify as a tax-exempt trust under section 501(c)(9) of the Internal Revenue Code (the "Code"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The following description of the Plan provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan provisions.

All retirees of participating companies who were covered by a collective bargaining agreement at the time of their retirement and were covered under a predecessor plan on December 26, 1993 became participants in the Plan on December 27, 1993. Employees of participating companies who are covered by a collective bargaining agreement and retire on or after December 27, 1993 become participants in the Plan upon retirement. The Plan is closed to newly hired bargaining unit employees hired on or after July 1, 2014. Bargaining unit employees are eligible to retire upon the attainment of age 55.

Life insurance benefits are provided to participants through an insurance contract with Metropolitan Life Insurance Company. The premiums payable for this insurance coverage are the basis for the obligations of the Plan. The Plan provides for the payment of life insurance coverage of two times the rate of pay up to age 65, reducing by six level steps to \$7,500 at age 70 through a contract with an insurance company. The ultimate level of life insurance at age 70 for bargaining unit employees who retire on or after July 1, 1998 increased from \$7,500 to \$15,000 (\$5,000 or \$7,500 if retired prior to 1998).

The funding policy for the Plan is based on the combined postretirement benefit expense for PPL, which includes the following plans:

- PPL Managers Compensation Plan Retiree Group Life Insurance Plan
- PPL Bargaining Unit Retiree Group Life Insurance Plan
- PPL Managers Compensation Plan Retiree Health Plan
- PPL Bargaining Unit Retiree Health Plan

The funding allocation for the above plans is evaluated each year based on their tax-effectiveness, their funded status and their respective deductible limits under the Code.

Although the Company intends to continue the Plan for an indefinite period, the Company has the right to amend or terminate the Plan subject to the provisions set forth in ERISA.

The Plan pays certain administrative expenses that consist primarily of administrative fees paid to third-party claims administrators, consultants, the plan auditor, trustee and actuary. Those expenses paid by the Plan are reported on the Statement of Changes in Net Assets Available for Benefits as

administrative expenses. Other administrative expenses not paid by the Plan are paid by the Company on behalf of the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

For the following note disclosures, dollar amounts are presented in thousands.

The accompanying financial statements have been prepared under the accrual basis of accounting.

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Postretirement benefit obligations (Note 4) represent the actuarial present value of those estimated future benefits that are attributable to employee service rendered to December 31. Postretirement benefits include future benefits expected to be paid to or for (1) currently retired participants and (2) active bargaining unit employees after retirement from service with a participating company. Prior to an active bargaining unit employee's full eligibility date, the postretirement benefit obligation is the portion of the expected postretirement benefit obligation that is attributed to that bargaining unit employee's service rendered to the valuation date.

The actuarial present value of the expected postretirement benefit obligations is determined by an actuary and is the amount that results from applying actuarial assumptions to the accumulated Plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as those for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

PPL BARGAINING UNIT RETIREE GROUP LIFE INSURANCE PLAN
 NOTES TO THE FINANCIAL STATEMENTS
 FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

Significant assumptions used in the valuation as of December 31 were as follows:

	2024	2023
Discount Rate	5.92%	5.57%
Average retirement age	61	61
Life expectancy of participants	Pri-2012 tables with a base year of 2012, with separate rates for annuitants (based on Retiree table, except that the Contingent Survivor table is used for all current beneficiary survivors and contingent survivors after the future death of the primary retiree) and non-annuitants (based on employee table) projected forward using Scale MP-2020 with generational projection.	Pri-2012 tables with a base year of 2012, with separate rates for annuitants (based on Retiree table, except that the Contingent Survivor table is used for all current beneficiary survivors and contingent survivors after the future death of the primary retiree) and non-annuitants (based on employee table) projected forward using Scale MP-2020 with generational projection.

The foregoing assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of the postretirement benefit obligation.

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management adopted mandatory provisions effective for the year ended December 31, 2024, and continues to evaluate the impact of the adoption and implementation of this legislation on the Plan. The application of SECURE 2.0 Act did not have a material effect on the Plan's financial statements.

Subsequent Events

The Plan has evaluated subsequent events through September xx, 2025, the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;

PPL BARGAINING UNIT RETIREE GROUP LIFE INSURANCE PLAN
 NOTES TO THE FINANCIAL STATEMENTS
 FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement. Management believes such inputs are predicated on the assumptions market participants would use to measure the asset or liability at fair value.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following table summarizes assets measured at fair value on a recurring basis for the Plan at December 31, 2024 and 2023:

	Fair Value Measurements at December 31, 2024			
	Total	Level 1	Level 2	Level 3
Money market fund	\$ 1,647	\$ 1,647	\$ —	\$ —
Commingled equity index fund (a)	14,141			
Commingled debt index funds (a)	15,636			
	<u>\$ 31,424</u>			

	Fair Value Measurements at December 31, 2023			
	Total	Level 1	Level 2	Level 3
Money market fund	\$ 1,499	\$ 1,499	\$ —	\$ —
Commingled equity index fund (a)	13,592			
Commingled debt index funds (a)	14,854			
	<u>\$ 29,945</u>			

(a) In accordance with accounting guidance certain investments that are measured at fair value using the Net Asset Value per share ("NAV") or its equivalent, practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

The commingled equity index and debt index funds are valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value.

PPL BARGAINING UNIT RETIREE GROUP LIFE INSURANCE PLAN
 NOTES TO THE FINANCIAL STATEMENTS
 FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Transactions (purchases and sales) may occur daily. There are no redemption restrictions for these commingled funds.

Investments in a money market fund represent investments in a fund that invests primarily in a diversified portfolio of investment grade money market instruments, including, but not limited to, commercial paper, repurchase agreements and other evidences of indebtedness with a maturity not exceeding 13 months from the date of purchase. The primary objective of the fund is a high level of current income consistent with stability of principal and liquidity. Valuation is based on quoted prices in an active market. Redemptions can be made daily on this fund.

4. BENEFIT OBLIGATIONS

The funding of the postretirement benefit obligations is not covered by the current bargaining agreement. Refer to Note 1 for the Plan funding policy.

It is the present intention of the Company and the Plan to continue obtaining insurance coverage for benefits. The premiums payable for this insurance coverage is the basis for the obligations of the Plan.

The amounts currently payable at December 31 are as follows:

	<u>2024</u>	<u>2023</u>
Insurance premiums payable	\$ 1,360	\$ 1,165

The changes in amounts currently payable for the year are as follows:

	<u>2024</u>
Balance at beginning of year	\$ 1,165
Insurance premiums incurred	1,360
Insurance premiums paid	(1,165)
Balance at end of year	<u>\$ 1,360</u>

The postretirement benefit obligation at December 31 relates to the following categories of participants:

	<u>2024</u>	<u>2023</u>
Current retirees	\$ 22,912	\$ 23,959
Bargaining unit employees fully eligible for benefits	1,991	2,518
Bargaining unit employees not yet fully eligible for benefits	1,710	1,963
	<u>\$ 26,613</u>	<u>\$ 28,440</u>

PPL BARGAINING UNIT RETIREE GROUP LIFE INSURANCE PLAN
 NOTES TO THE FINANCIAL STATEMENTS
 FOR THE YEARS ENDED DECEMBER 31, 2024 AND 2023

The changes in postretirement benefit obligation for the year are as follows:

	2024
Balance at beginning of year	\$ 28,440
Assumption changes (a)	(928)
Benefits earned and other changes, net	(899)
Balance at end of year	<u>\$ 26,613</u>

(a) Changes to the discount rate in 2024 resulted in an decrease in the benefit obligation. See Note 2 for additional information.

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of commingled funds managed by Mellon Capital Management, which is an affiliate of the Trustee. Transactions in these investments qualify as party-in-interest transactions which are exempt from the prohibited transactions rule.

6. INFORMATION CERTIFIED BY TRUSTEE

The Company has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA for 2024 and 2023. Accordingly, the Trustee of the Plan has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2024 and 2023, and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2024, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits and the supplemental Schedule H, Line 4(j) - Schedule of Reportable Transactions for the year ended December 31, 2024. Such information was obtained by management and agreed to or derived from information certified as complete and accurate by a qualified institution.

7. TAX STATUS

The trust established under the Plan to hold the Plan's assets is qualified pursuant to Section 501(c)(9) of the Code, and accordingly, the trust's net investment income is exempt from income taxes. The Plan has obtained a favorable tax ruling from the Internal Revenue Service (the "IRS"), and the Plan's internal legal counsel and the Company believe that the Plan, as amended, continues to be in compliance with the applicable requirements of the Code and the Company believes the Plan is currently being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. RISK AND UNCERTAINTIES

Contributions to the Plan and the actuarial present value of the expected postretirement benefit obligation are determined based upon certain assumptions pertaining to interest rates, inflation rates and employee compensation and demographics, all of which are subject to change. Due to the changing nature of these assumptions, it is at least reasonably possible that changes will occur in the near term and the effect of such changes could be material to the financial statements.

In addition, the Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2024 and 2023, the Plan had investments of \$29,777 and \$28,446, respectively, that were concentrated in three Mellon Capital Management commingled funds.

9. RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per the financial statements	\$ 31,491	\$ 29,999
Insurance premiums payable	(1,360)	(1,165)
Net assets available for benefits per the Form 5500	<u>\$ 30,131</u>	<u>\$ 28,834</u>

The following is a reconciliation of insurance premiums paid per the financial statements to the Form 5500 for the year ended December 31:

	<u>2024</u>
Insurance premiums paid per the financial statements	\$ 1,165
Insurance premiums payable at current year end	1,360
Insurance premiums payable at previous year end	(1,165)
Insurance premiums paid per the Form 5500	<u>\$ 1,360</u>
