INDEPENDENT AUDITOR'S REPORT

October 13, 2025

To the Plan Administrator of
Villa Maria College of Buffalo Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2024 Financial Statements

We have performed an audit of the financial statements of the Villa Maria College of Buffalo Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section:

- The amounts and disclosures in the 2024 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the 2024 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

(Continued)

Basis for Opinion on the 2024 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2024 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2024 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements Section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

(Continued)

INDEPENDENT AUDITOR'S REPORT

(Continued)

Auditor's Responsibilities for the Audit of the 2024 Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2024 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter – 2024 Supplemental Schedule Required by ERISA (Continued)

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Auditor's Report on the 2023 Financial Statements

The 2023 financial statements of the Plan were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 14, 2024 indicated that in their opinion (a) the amounts and disclosures in the 2023 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2023 supplemental schedules, other than the information in the 2023 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2023 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

VILLA MARIA COLLEGE OF BUFFALO RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2024 AND 2023

1. DESCRIPTION OF PLAN

The following description of Villa Maria College of Buffalo Retirement Plan (the Plan) provides general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 403(b) plan sponsored by Villa Maria College of Buffalo (the College) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Villa Maria Retirement Plan Committee (the Committee) is responsible for oversight of the Plan and monitoring investment performance. The Plan is administered by the College (Plan Administrator). Teachers Insurance and Annuity Association (TIAA) is the recordkeeper of the Plan's assets and an insurance company of the Plan. College Retirement Equities Fund (CREF) is also an insurance company of the Plan. TIAA, FSB (through July 2023) and TIAA Trust, N.A. (from July 2023 through December 31, 2024) is the directed custodian of certain assets of the Plan record kept by TIAA. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees of the College may begin participation in the Plan immediately upon employment. Participants are eligible to receive employer contributions upon reaching age 21 as defined in the Plan document.

Contributions

Participants may elect to contribute up to 100% of pretax annual compensation, provided total additions to the account of participating employees for any calendar year shall not exceed the amount permitted by Internal Revenue Service regulations. Additionally, participants age 50 or older may elect to make catch-up contributions. The College provides a discretionary matching contribution of 150% of a participant's elected deferral, up to a max contribution of 4.5%.

Participant Accounts

Each participant's account is credited with the participant's contributions, the College's contributions, and an allocation of Plan earnings. Allocation of Plan earnings is based on the investment balances held in the participant's account. Participants direct the investment of their contributions into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Investments

Participant elective deferral contributions and employer contributions are invested as directed by plan participants in a variety of registered investment companies, fixed annuity contracts, or a pooled separate account offered by TIAA and CREF. Participants may change their investment allocation on a daily basis.

1. DESCRIPTION OF PLAN (Continued)

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant or beneficiary may elect to receive a lump-sum amount, annual installments, or annuity equal to the participant's vested account balance. The normal retirement date is the date upon which a participant reaches age 65. Hardship withdrawals are available from participant elective deferrals only.

Hardship Withdrawals

Hardship withdrawals from the Plan are permitted from a participant's account. All hardship withdrawals must comply with the rules relating to hardships, which are uniformly applicable to all participants.

Vesting

Participants are immediately vested in their elective deferral contributions, the College's contributions, and actual earnings thereon.

Plan Termination

Although it has not expressed any intent to do so, the College has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investments

The Plan invests in registered investment companies, fixed annuity contracts, and a pooled separate account. Registered investment companies, non-benefit responsive fixed annuity contracts, and the pooled separate account are reported at fair value. Fully benefit responsive fixed annuity contracts are stated at contract value as this is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Purchases and sales of securities are reflected on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the College and are excluded from these financial statements. Investment related expenses are included in net appreciation in the fair value of investments.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Reclassification

Certain reclassifications have been made to the 2023 financial statements in order to conform to the current year presentation.

3. CERTIFIED INVESTMENT INFORMATION

The following information was certified as accurate and complete by TIAA and CREF and is included in the financial statements and accompanying schedule:

	<u>2024</u>	<u>2023</u>

4. FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are as follows:

- Level 1 - Valuations are based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access. Valuation adjustments are not applied to Level 1 instruments. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these products does not entail a significant degree of judgment.
- Level 2 - Valuations are based on quoted prices in markets that are not active or for which all significant inputs are observable, directly or indirectly.
- Level 3 - Valuations are based on inputs that are unobservable and significant to the overall fair value measurement.

4. FAIR VALUE MEASUREMENTS (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The pooled separate account and registered investment companies accounts are valued using closing quoted prices in active markets. Non-benefit responsive fixed annuity contracts are valued at accumulated cash contributions and interest credited to the Plan's contracts, less any withdrawals. There were no changes in the valuation methodologies used during 2024 and 2023.

The Plan's assets at fair value, within the fair value hierarchy, were as follows at December 31, 2024:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered investment company accounts	\$ 7,254,601	\$ -	\$ -	\$ 7,254,601
Non-benefit responsive fixed annuity contracts	-	-	1,647,255	1,647,255
Pooled separate account	<u>108,804</u>	<u>-</u>	<u>-</u>	<u>108,804</u>
	<u>\$ 7,363,405</u>	<u>\$ -</u>	<u>\$ 1,647,255</u>	<u>\$ 9,010,660</u>

The Plan's assets at fair value, within the fair value hierarchy, were as follows at December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered investment company accounts	\$ 6,980,873	\$ -	\$ -	\$ 6,980,873
Non-benefit responsive fixed annuity contracts	-	-	1,927,630	1,927,630
Pooled separate account	<u>142,945</u>	<u>-</u>	<u>-</u>	<u>142,945</u>
	<u>\$ 7,123,818</u>	<u>\$ -</u>	<u>\$ 1,927,630</u>	<u>\$ 9,051,448</u>

During the years ended December 31, 2024 and 2023, investments classified as Level 3 within the fair value hierarchy totaling \$340,250 and \$100,161, respectively, were sold. There were no purchases of investments classified as Level 3 within the fair value hierarchy in December 31, 2024 and 2023.

5. FIXED ANNUITY CONTRACTS

The TIAA Traditional Annuity is a fixed-rate annuity contract. Plan contributions are used to buy a contractual or guaranteed amount of future benefits for the investing participant. The contracts guarantee principal and a minimum interest rate and provide the opportunity for additional amounts in excess of the guaranteed rate. TIAA maintains Plan contributions in separate accounts.

The Plan utilizes Retirement Annuity (RA) and Retirement Choice (RC) contracts, which are included as the non-benefit responsive fixed annuity contracts in the statements of net assets available for benefits. Under RA contracts, withdrawals and transfers must be spread over a period of 10 annual installments. Under RC contracts, participant withdrawals and transfers must be taken in 84 monthly installments, except that a lump-sum distribution is available, if permitted under the Plan, in the 120-day period following termination of employment, subject to a 2.50% surrender charge.

The Plan also has fully benefit-responsive fixed annuity contracts with TIAA. The accounts are credited with contributions and earnings on the underlying investments and are charged for Plan withdrawals. Earnings on the underlying investments are guaranteed by TIAA at a rate between 1-3%.

For non-benefit responsive fixed annuity contracts, TIAA determines contract value, which approximates fair value, using two different methods; a discounted cash flow model and a theoretical transfer value. The discounted cash flow method is calculated using a risk-adjusted market discount rate which correlates closely with Plan's fixed annuity interest rate. The interest rate associated with the Plan's Fixed Annuity Contract can range from 3% to 5% based on the current market environment. The theoretical transfer value method presumes that contributions into the annuity represent transactions between a willing buyer and seller, and therefore, establish a market.

The non-benefit responsive fixed annuity contracts guaranteed minimum returns are supported by the TIAA General Account portfolio, which invests primarily in U.S. debt instruments and investment grade corporate bonds; however, is also permitted to invest in higher risk securities, including but not limited to, sub-investment grade corporate bonds, common stock and real estate. The assets and earnings from this portfolio are used to pay the guaranteed interest rate associated with the annuity contracts, as well as future annuity payments.

The Plan Administrator assesses the fair value measurements applied by TIAA, including those for level 3 measurements, on a continuing basis. Periodically, the plan administrator, together with TIAA, determines if the current valuation techniques used in the fair value measurements are still appropriate.

The following table describes the valuation techniques used for recurring fair value measurements for assets in Level 3 of the fair value hierarchy:

Quantitative Information about Level 3 Fair Value Measurements

	<u>Fair Value at</u> 12/31/24	<u>Valuation</u> <u>Techniques</u>	<u>Unobservable</u> <u>Inputs</u>	<u>Range</u>
Non-benefit responsive fixed annuity contracts	\$ 1,647,255	Discounted cash flow and theoretical transfer (exit value)	Risk adjusted discount rate applied	RA: 3.65% - 6.50% RC: 3.90% - 6.75%

5. FIXED ANNUITY CONTRACTS (Continued)

Quantitative Information about Level 3 Fair Value Measurements

	<u>Fair Value at</u> <u>12/31/23</u>	<u>Valuation</u> <u>Techniques</u>	<u>Unobservable</u> <u>Inputs</u>	<u>Range</u>
Non-benefit responsive fixed annuity contracts	\$ 1,927,630	Discounted cash flow and theoretical transfer (exit value)	Risk adjusted discount rate applied	RA: 4.00% - 6.75% RC: 4.25% - 7.00%

6. TAX STATUS

The College has adopted a volume submitter plan document that has received an opinion letter from the IRS dated August 7, 2017, stating that the form of the pre-approved plan document was in compliance with applicable requirements of the IRC. Although, the Plan has been amended since adopting the volume submitter plan document, the College believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified and no provision for income tax has been included in the Plan's financial statements.

7. PARTY-IN-INTEREST TRANSACTIONS

TIAA and CREF are the insurance companies and issuers of the annuity contracts of the Plan. TIAA, FSB (through July 2023) and TIAA Trust, N.A. (from July 2023 through December 31, 2024) is a directed custodian of certain assets of the Plan. As such, transactions between TIAA, CREF, TIAA, FSB, TIAA Trust, N.A., and the Plan qualify as party-in-interest transactions.

8. RECONCILIATION TO FORM 5500

Certain items have been classified differently between the financial statements and Form 5500. The Plan's net assets available for benefits and its change in net assets available for benefits per the financial statements agreed to the Form 5500 in total as of and for the years ended December 31, 2024, and 2023.

9. SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 13, 2025, which is the date the financial statements were available to be issued.
