## INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of  
Lion Copolymer Geismar LLC Savings and Supplemental Plan:

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements

We have performed an audit of the financial statements of Lion Copolymer Geismar LLC Savings and Supplemental Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2024, and for the year then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

### Opinion on the 2024 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section:

- The amounts and disclosures in the accompanying 2024 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion on the 2024 Financial Statements**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2024 Financial Statements section of our report. We are required to be independent of Lion Copolymer Geismar LLC Savings and Supplemental Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2024 financial statements.

### **Responsibilities of Management for the 2024 Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Lion Copolymer Geismar LLC Savings and Supplemental Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the 2024 Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2024 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Lion Copolymer Geismar LLC Savings and Supplemental Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Lion Copolymer Geismar LLC Savings and Supplemental Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2024 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2024 financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Other Matters**

### **Supplemental Schedules Required by ERISA**

The supplemental schedules, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2024 and Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Notes to Financial Statements

### December 31, 2024 and 2023

---

#### 1. DESCRIPTION OF THE PLAN

The following description of the Lion Copolymer Geismar LLC Savings and Supplemental Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

##### **General**

The Plan was formed on November 1, 2005, and amended and restated effective August 26, 2021, by Lion Copolymer Geismar LLC (the "Company"). It is a defined contribution plan, covering substantially all employees, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

##### **Plan Administration**

Fidelity Management Trust Company ("Fidelity" or the "Trustee") is responsible for trusteeing the Plan's assets in its possession. Fidelity Workplace Services LLC is the recordkeeper for the Plan.

##### **Participant and Employer Contributions**

An employee who is 18 or older becomes a participant in the Plan in the month following their employment date. Leased employees and employees covered by a collective bargaining agreement are excluded from participating in the Plan.

Participants may contribute up to 75% of eligible compensation, as defined in the Plan, on a pre-tax or post-tax basis, subject to certain limitations set forth in the Internal Revenue Code ("IRC"). The Plan has an automatic enrollment feature for all newly eligible employees at 6% of eligible compensation.

The Plan provides for a discretionary contribution equal to 100% of the participant's deferrals for the first 4% of the participant's deferrals per pay period. The Company also makes a discretionary profit sharing contribution each pay period. The Company made \$618,126 in discretionary profit sharing contributions during 2024.

Participants who are eligible to make contributions under the Plan and who have attained age 50 before the close of the year may make catch-up contributions in accordance with, and subject to, the limitations imposed by the IRC. Participants may also rollover amounts representing distributions from other qualified plans.

##### **Vesting**

Participants are immediately vested in their contributions and all Company contributions plus actual earnings thereon.

##### **Forfeitures**

During 2022, the Plan made excess employer contributions to the Plan which were deposited to a forfeitures account and may be used to pay Plan expenses or to reduce employer contributions. For the years ended December 31, 2024 and 2023, \$0 and \$72,268, respectively, in forfeitures were used. The Plan had \$26,136 and \$24,860 of forfeitures available for utilization as of December 31, 2024 and 2023, respectively.

##### **Participant Accounts**

Each participant's account is credited with the participant's contributions, an allocation of the Company's contributions, Plan earnings and losses, and administrative expenses. Allocations are based on participant compensation and account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

**Investment Options**

Upon enrollment in the Plan, participants may direct their contributions into any of the investment options offered by the Plan. Participants can change their investment allocation among the various investment options either through direct transfer from one option to another or by changing the percentage allocation of future contributions.

**Notes Receivable from Participants**

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of the participant's vested account balance or \$50,000 reduced by the participant's highest outstanding note balance during the prior twelve-month period. Notes receivable from participants are secured by the participant's account balance and bear a reasonable rate of interest as determined by the Plan administrator. All notes require that repayment be amortized in level payments, not less than quarterly, over a period not extending beyond five years from the date of the note unless the note is for the purchase of a principal residence.

**Payment of Benefits**

On termination of service prior to retirement, death, or disability, the participant may elect to receive his or her vested account balance. A participant who has not separated from service and has attained the age of 59-1/2 may obtain a distribution of his or her vested account. A participant who attains the Plan's normal retirement age and who has not separated from service may receive a distribution of his or her vested account balance or delay it until retirement. Upon termination including death, disability, or retirement, a participant or beneficiary can elect to retain the benefits in the Plan or receive a distribution of benefits. Participants may also withdraw money for financial hardship if they satisfy certain conditions. Distributions are made in the form of a lump-sum payment or in installments.

If the value of the participant's account balance is less than \$1,000, the Company is allowed to cash out the entire vested balance. If the participant's account balance is between \$1,000 and \$5,000 and the participant does not affirmatively consent to receive a distribution, the balance will be rolled into an individual retirement account established on behalf of the participant. Any taxable distribution paid by the Trustee directly to the participant will be subject to mandatory federal tax withholding of 20% of the distribution.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Presentation**

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

**Use of Estimates**

The preparation of the financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment Valuation and Income Recognition**

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

**Lion Copolymer Geismar LLC Savings and Supplemental Plan**  
**Notes to Financial Statements**  
**December 31, 2024 and 2023**

---

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Unrealized appreciation in the fair value of investments held at year end is determined using the fair value at the beginning of the year or the purchase price if the investment is acquired during the year. The realized gain or loss on the sale of investments is determined using historical cost. Unrealized appreciation or depreciation and realized gains and losses are reported as net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

**Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions, based upon terms of the Plan document, upon liquidation of their account balance.

**Financial Instruments and Credit Risk**

The Plan provides for various investment options. These investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participant account balances. Plan participants bear the risk of any Plan investment losses.

**Benefit Payments**

Benefit payments to participants are recorded upon distribution.

**Administrative Expenses**

The Plan provides for administrative expenses to be paid either by the Company or by the Plan through reduction of assets. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net investment income and are not readily determinable.

**Subsequent Events**

The Plan has evaluated subsequent events through October 9, 2025, the date the financial statements were available to be issued.

**3. FAIR VALUE MEASUREMENTS**

The Plan uses a three level hierarchy for grouping assets and liabilities, based on the significance of inputs. The hierarchy of fair value measurements is described below:

*Level 1* - quoted prices in active markets for identical assets or liabilities;

*Level 2* - inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of these assets or liabilities; or

*Level 3* - unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

**Lion Copolymer Geismar LLC Savings and Supplemental Plan  
Notes to Financial Statements  
December 31, 2024 and 2023**

---

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

*Mutual Funds* – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (“SEC”). These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Money Market Fund* – Valued at the daily closing price as reported by the fund. The money market fund held by the Plan is an open-end mutual fund that is registered with the SEC. The fund is required to publish the daily net asset value and to transact at that price. The money market fund held by the Plan is deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the valuation methods are considered appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2024 and 2023:

	<b>Assets at Fair Value as of December 31, 2024</b>	
	<u>Level 1</u>	<u>Total</u>
Mutual funds	\$ 52,509,970	\$ 52,509,970
Money market fund	<u>2,739,327</u>	<u>2,739,327</u>
Investments at fair value	<u>\$ 55,249,297</u>	<u>\$ 55,249,297</u>

	<b>Assets at Fair Value as of December 31, 2023</b>	
	<u>Level 1</u>	<u>Total</u>
Mutual funds	\$ 47,550,375	\$ 47,550,375
Money market fund	<u>2,965,118</u>	<u>2,965,118</u>
Investments at fair value	<u>\$ 50,515,493</u>	<u>\$ 50,515,493</u>

**4. TAX STATUS**

The Company adopted a non-standardized pre-approved profit sharing/money purchase/ CODA plan which received a favorable opinion letter from the Internal Revenue Service (“IRS”) on June 30, 2020, which stated the pre-approved plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Company believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and was tax exempt as of December 31, 2024 and 2023.

**Lion Copolymer Geismar LLC Savings and Supplemental Plan  
Notes to Financial Statements  
December 31, 2024 and 2023**

---

GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**5. INFORMATION CERTIFIED BY TRUSTEE**

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held as of December 31, 2024 and 2023, and interest and dividend income on investments, interest income on notes receivable from participants, and net appreciation in fair value of investments for the year ended December 31, 2024, was obtained by the Company and agreed to or derived from information certified as complete and accurate by Fidelity.

**6. RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS**

Certain Plan investments are managed by Fidelity Investments. Fidelity Workplace Services LLC is the recordkeeper for the Plan and, therefore, these transactions qualify as party-in-interest transactions. In addition, the Plan provides for notes receivable from participants, which are party in interest transactions that are exempt from the prohibited transaction rules. Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

**7. PROHIBITED TRANSACTIONS**

Certain computational and operational errors were identified relating to the definition of compensation, employer contribution calculations, and delays in remitting contributions to the Plan during 2024 and 2023. The Company is outlining the foregoing operational issues and proposing resolution and corrective action. Corrective contributions to participant accounts, including lost earnings, are being identified and quantified by the Company. Corrective amounts will be remitted by the Company and credited to participants' accounts, and all corrective actions required by the IRS will be taken by the Company. No provision for income taxes has been included in the Plan's financial statements related to the foregoing matters because the Company believes that the Plan continues to be qualified, and the tax status of the Plan continues to be tax exempt.

**8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500**

The following is a reconciliation of the net assets available for benefits per the financial statements as of December 31, 2024 and 2023, to Form 5500:
